1. The nature of the work to be performed, and particularly the fact that a substantial portion of it has to be done daily before or after members of the library staff in the branch libraries are on duty, makes it desirable to continue if possible without the necessity of training new drivers into its routine.

2. Public advertising for bids in 1939 resulted in the submission of two bids; in 1940, one bid; in 1941, two bids; in 1942, two bids; in 1943, one bid; in 1944, one bid; in 1945, two bids. In 1942 the low bidder died in the course of the life of the contract and, there being no one left to continue his business, the contract was breached. In 1943 it was necessary to take action against the contractor doing the work, inasmuch as the rates being charged the library for the work were in excess of those filed by him with the Department of Public Utilities of Massachusetts. In 1945 it was necessary to terminate the contract with the low bidder for inability to provide the proper type of equipment as set forth in our contract.

3. In September, 1943, when the then holder of the contract had to be relieved because of breach of contract on his part, the H. B. Church Truck Service Company had to be brought in, upon 24 hours' notice, to take over the work on a substitute basis for the rest of the year until December 31, 1943. In 1944 the H. B. Church Truck Service Company was the sole bidder in response to public advertising for bids, and per-

formed the work most satisfactorily in succession to the several years of difficulties which the library had experienced with previous contract holders. For the year 1945, in response to public advertising, a second bidder in addition to the H. B. Church Truck Service Company turned out to be the lower bidder, and the contract was awarded to it. On June 3, 1945, that bidder breached his contract, and once again a substitute contractor had to be brought in on 24 hours' notice. The library turned on this occasion to the H. B. Church Truck Service Company in view of its satisfactory service in the past. The H. B. Church Truck Service Company has performed most satisfactorily the work ever since.

4. The H. B. Church Truck Service Company has a thorough familiarity with the work to be performed, is a reliable organization, and has given satisfactory service on its preceding contracts. The rates to be charged in 1950 for the transportation work are identical with those rates charged during the year 1949.

For these reasons it is believed that it will be to the best interests of the City and of the Library to award this contract for 1950 without public advertising for bids. The Trustees have, therefore,

Voted, That there be awarded, without public advertising, to the H. B. Church Truck Service Company, 26 Reading street, Roxbury, Mass., a contract for the transportation of books and other materials between the central library and the branch libraries for the period January 1 through December 31, 1950, at the rate of one hundred dollars (\$100) per truck for two (2) trucks; plus an over-all charge of ten dollars (\$10) per week for handling cash; plus two dollars and forty-five cents (\$2.45) per hour per truck for all hours trucks are used beyond eight (8) hours in any working day; and for a third, or more, additional trucks as required, at the rate of two dollars and eighty-five cents (\$2.85) per hour per truck, with a minimum charge of four (4) hours per truck, and at the rate of three dollars and forty-five cents (\$3.45) for use of such third or more trucks beyond eight hours in any working day.

Your permission to proceed along these lines is respectfully requested.

Respectfully,

TRUSTEES OF THE PUBLIC LIBRARY OF THE
 CITY OF BOSTON,

by FRANK W. BUXTON,
President.

PUBLIC BUILDINGS DEPARTMENT.

Boston, March 1, 1950.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. MAYOR:

On January 16, 1950, an emergency order, No. 29, was given to the Otis Elevator Company, 130 Clarendon street, Boston, to do work on elevators No. 4 and No. 5 in City Hall Annex, in the sum of \$925.

During the progress of work, other important work of an emergency nature was found imperative; an additional order, No. 63, was written in the sum of \$115 for this extra work.

Further along during the progress of this work additional emergency work

was discovered, totaling \$153.65, on Order No. 169.

The amount of these three (3) orders total \$1,193.65, which amount is excessive for my authority to issue an order without advertising or receiving your Honor's permission.

I am enclosing copy of letter sent to me by Mr. Otis Rogers, chief engineer, which is self-explanatory.

In view of the foregoing and in consideration of the emergency nature of this work, I respectfully request, that your Honor grant me authority to dispense with advertising and award the contract consisting of above three (3) orders to the Otis Elevator Company, 130 Clarendon street, Boston, Mass., in the sum of \$1,193.65.

Respectfully yours,

GEORGE P. DONOVAN,
Superintendent of Public Buildings.

PUBLIC WORKS DEPARTMENT.

Boston, February 24, 1950.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. MAYOR:

Your approval is requested to amend the contract for sewerage works in Cricket Lane and private land, West Roxbury, approved by the Mayor December 30, 1949, to increase the estimated cost of the work from \$7,490 to \$10,368.75.

This amendment is necessary due to the necessity of constructing an additional 367 linear feet of 10-inch pipe sanitary sewer and 366 linear feet of 10-inch pipe surface drain to furnish drainage facilities to two houses beyond the limit of the present contract with Joseph Capone & Son.

The additional work to be constructed will be based on the unit prices as set forth in the original contract with Joseph Capone & Son.

Respectfully yours,

GEORGE G. HYLAND,
Commissioner of Public Works.

Boston, March 3, 1950.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. MAYOR:

Under date of January 31 of the current year, you authorized the awarding of contracts for the collection of garbage and refuse from all sections of the city for a three-month period terminating on March 31.

This action was necessary because, in the opinion of the Corporation Counsel, the 1950 contracts awarded by the previous administration were invalid and conflicted with the provisions of chapter 3A of the City Charter governing the incurring of liabilities before the adoption of the budget.

As the present contracts, as stated, expire on March 31, it was necessary for me to negotiate with the current contractors preparatory to the execution of contracts that will be in effect from April 1 to December 31 of this year. As a result of my negotiations, all the present contractors, with the exception of the contractor who has the contract in District 9, the South End, have agreed to reduce their prices 2½ per cent. The contractor in the South End district has agreed to a flat reduction in price of

\$2,000 a month, which represents a decrease of 14.1 per cent in his contract price.

The net saving to the city as a result of my negotiations with the contractors will amount to \$56,497.59. This amount, coupled with the saving of \$10,908.90 that has been made as a result of negotiating with the Coleman Disposal Company on the disposal contract, effects a total saving to the city on garbage and refuse collection and disposal contracts of \$67,406.49. This saving is for the period from April 1 to December 31, and in the case of the garbage and refuse collection contracts, it represents an actual saving over the unit prices that were submitted by these contractors as the result of publicly advertising for bids by the previous administration.

I wish to state that I found the contractors most cooperative in the negotiations, and they were all willing to be of assistance to the present administration in helping to reduce costs of municipal operation. As a matter of fact, on many occasions during my previous term, I held consultations with most of these contractors, negotiated contracts with them, and on all occasions I found them to be reasonable and understanding. It is not the fault of the contractors if some of them have a virtual monopoly on the work due to their controlling the dumps. This situation should have been remedied previously by the department, and it must be acted upon this year if we are to obtain competitive bids for next year's work. A study is now being conducted concerning this subject matter, but sufficient time has not elapsed since the study started in January to bring about the changes that will be necessary in order to provide for the controlling of the dumping areas by the department, thereby insuring competitive bidding on the part of garbage and refuse collection contractors.

There would be absolutely no advantage, in my opinion, in publicly advertising for bids for this work, because the prices obtained are the lowest that could be obtained at this time, taking into consideration the quality of service rendered by these contractors. The only contract that I considered readvertising was the one involving District 9 in the South End. However, in view of the substantial reduction of \$2,000 a month that the contractor has agreed to take, I felt that it was not advisable to publicly advertise for proposals for that district.

I respectfully request, therefore, that you approve the awarding of contracts, without publicly advertising for bids, for the collecting and removing of garbage and refuse in the districts hereinafter specified, and to the contractors named, at the amounts designated, for the period from April 1 to December 31 of the current year.

District 1. South Boston.

Respectfully yours,

GEORGE G. HYLAND,
Commissioner of Public Works.

BOSTON, March 3, 1950.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. MAYOR:

Under date of February 13 a contract was awarded to the Coleman Disposal Company for the period from January 1 to March 31, for the disposal of garbage and refuse collected in certain sections of the city.

As in the case of the garbage and refuse collection contracts, the Corporation Counsel questioned the validity of the contract that was awarded by the previous administration for the current year of 1950, and it was necessary, therefore, to award a short term contract.

As the present contract expires March 31, I have negotiated with the present contractor, the Coleman Disposal Company, preparatory to the execution of a contract which will provide for the disposal of garbage and refuse for the period from April 1 to December 31 of the current year. The contractor has agreed to reduce his price 2½ per cent, which will effect a saving to the city for the nine-month period of \$10,908.90. Adding this to the saving of \$56,497.59 made in the negotiating of the garbage and refuse collection contracts, results in a total saving of \$67,406.49.

No advantage would be gained by publicly advertising for bids for this work, because the present contractor is the only one who has the necessary equipment and plant to do the required work. I respectfully request, therefore, that you approve the awarding of a contract, without publicly advertising for bids, to the Coleman Disposal Company of 40 Central street, Boston, for the disposal of garbage and refuse, for the period beginning April 1, 1950, and ending December 31, 1950, at a cost of \$47,271.81 a month. The work will be done under the provisions of the existing contract that said contractor has with this department.

Respectfully yours,

GEORGE G. HYLAND,
Commissioner of Public Works.

SUPPLY DEPARTMENT.

BOSTON, March 6, 1950.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. MAYOR:

This department is in receipt of two requisitions from the Fire Department for 300, only, all service gas mask canisters and 300, only, Chemox canisters.

It is respectfully requested that I be granted authority to award a contract, without public advertisement, to American-La France-Foamite Corporation. Since prices on the above equipment are regulated by the manufacturer, all suppliers would bid identical prices and, therefore, no advantage will be gained by publicly advertising for bids.

Total amount of contract will be \$3,600, less 2 per cent cash discount for payment within thirty days.

Respectfully yours,

JOHN V. MORAN,
Superintendent of Supplies.

BOSTON, March 7, 1950.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. MAYOR:

On March 3, 1950, your Honor approved awards for drugs with permission to reject certain items including No. 373 calling for streptomycin.

Permission is now respectfully requested to award a contract, without further advertising, to Merck & Company, Inc., who was the lowest bidder on streptomycin acceptable to the Boston City Hospital.

In my opinion, the best interests of the city will be served by buying directly from the manufacturer, Merck & Company, Inc.

Total amount of contract will be \$9,400.

Respectfully yours,

JOHN V. MORAN,
Superintendent of Supplies.

BOSTON, March 7, 1950.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. MAYOR:

On December 16, 1949, Order No. 29514 for 400 cartons of Tripads was issued to Thomas W. Reed Company for immediate delivery to the Boston City Hospital, on a contract expiring December 31, 1949.

Delivery was not made until January 10, 1950, which was after the expiration date of the contract; therefore, no contract was in force for this item with any company at time of delivery.

Permission is respectfully requested to issue a contract to Thomas W. Reed Company in the amount of \$5,000 for 400 cartons of Tripads at \$12.50 per carton, which were delivered on January 10, 1950.

Execution of this contract is necessary before the City Auditor can make payment to Thomas W. Reed Company.

Respectfully yours,

JOHN V. MORAN,
Superintendent of Supplies.

BOSTON, March 7, 1950.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. MAYOR:

On February 20, 1950, your Honor approved a letter to award a contract to S. M. Levin Company in the amount of \$2,137.55 and orders to Boston Desk Company in the amount of \$1,845.45 for furnishing furniture to Long Island Hospital.

It will not be necessary to execute a contract with S. M. Levin Company owing to the fact that the correct amount of the award is \$1,961.56, instead of \$2,137.55.

Permission is therefore requested to issue orders to the following companies at the amounts listed below:

S. M. Levin Company, Inc., \$1,961.56;
Boston Desk Company, \$1,845.45.

Respectfully yours,

JOHN V. MORAN,
Superintendent of Supplies.

SUFFOLK COUNTY.

REGISTRY OF DEEDS.

BOSTON, February 28, 1950.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. MAYOR:

In accordance with the provisions of chapter 156 of the Acts of 1939, I hereby respectfully request from your Honor written authority to dispense with advertising for proposals for the furnishing of supplies for the Registry of Deeds, particularly with respect to Item D-16.

Item D-16 covers the purchase of all photocopy paper which, according to my estimate, will amount to about \$7,500 for the year 1950; also Item D-16 covers the purchase of our microfilm for 1950, and I estimate this amount will not exceed \$3,500.

These articles are furnished by the Haloid Company from whom I purchased two photocopying machines and from the Recordak Corporation whose microfilm machine I purchased.

Respectfully yours,

LEO J. SULLIVAN, *Register.*

Severally referred to Committee on Confirmations.

ENLARGING PROVISIONS FOR NAMING OF SQUARES IN HONOR OF VETERANS.

The following was received:

City of Boston,
Office of the Mayor, March 6, 1950.
To the City Council.

Gentlemen:
I transmit herewith communication from the secretary of the Committee to Memorialize Veterans relative to your order of February 27, 1950, concerning the allowance of squares to be named in honor of veterans whether there are two corners or four corners.

Respectfully,

J. B. HYNES, Mayor.

City of Boston,
Board of Street Commissioners,
March 2, 1950.

Mr. Thomas G. J. Shannon,
Chief Clerk, Mayor's Office.

Dear Sir:

I acknowledge for the Committee to Memorialize Veterans receipt of your communication of March 1, enclosing copy of order introduced in the Council by Councilor Wenzler requesting that squares be named in honor of veterans whether there are two or four corners.

The above matter will be taken up at the next meeting of the committee which will be held during the month of April.

Very truly yours,

L. W. COSTELLO, Secretary.

PARKING ON ISLAND AREA OF COLUMBIA ROAD.

The following was received:

City of Boston,
Office of the Mayor, March 6, 1950.
To the City Council.

Gentlemen:

I transmit herewith communication from the Public Works Commissioner relative to your order of February 20, 1950, concerning the utilizing of the island area on Columbia road, Dorchester, for the parking of automobiles by residents.

Respectfully,

J. B. HYNES, Mayor.

City of Boston,
Public Works Department,
February 28, 1950.

Mr. Thomas G. J. Shannon,
Chief Clerk, Mayor's Office.

Dear Mr. Shannon:

This is in reference to the following order that was passed in the City Council under date of February 20:

Ordered, That the Commissioner of Public Works be requested, through his Honor the Mayor, to utilize the island area on Columbia road, Dorchester, for the parking of automobiles by residents.

At the present time, the roadway area on one side of Columbia road is 33 feet wide, the other side is 29 feet wide, and the center reservation is constructed to a width of 25 feet, making a total in all of 87 feet.

The present plans of the department provide for the reduction in width of the existing 25-foot island to a center divisional island, 7 feet wide, and for the construction of two 40-foot roadway areas on both sides of the center island.

While it would be desirable to create additional parking areas in Columbia road, it would be most inadvisable to utilize the existing center island for parking purposes, because parking in the center of a high-speed, heavily-traveled, double-barreled highway is contrary to accepted safety standards, and unquestionably an increase in accidents would result on Columbia road if parking were permitted.

It would be equally dangerous if parking were permitted alongside the 7-foot divisional island that we intend to install in connection with the proposed reconstruction that is to be done this year. In general, no parking should ever be permitted in the center of a double-barreled highway where the volume of traffic would be comparable to that using Columbia road subsequent to the completion of the reconstruction work.

Respectfully yours,

GEORGE G. HYLAND,
Commissioner of Public Works.

Placed on file.

SELECTION OF QUEEN FOR GOLDEN JUBILEE.

The following was received:

City of Boston,
Office of the Mayor, March 6, 1950.
To the City Council.

Gentlemen:

I transmit herewith communication from the general secretary of the Boston Jubilee relative to your order of February 20, 1950, concerning the selection of a Queen during the conduct of the colorful pageant which is to be held in conjunction with the Golden Jubilee in our city in May.

Respectfully,

J. B. HYNES, Mayor.

Boston Chamber of Commerce,
March 1, 1950.

Mr. Thomas G. J. Shannon,
Chief Clerk, Mayor's Office.

Dear Mr. Shannon:

In regard to your memorandum of February 23 concerning the proposal by the City Council that the Jubilee committee consider the naming of a Queen, you will be interested to know that this project has been very much in the forefront of the thinking of the publicity group.

As a matter of fact, we expect to have complete plans ready for publication in the newspapers before the end of the week.

Cordially yours,

I. D. CHAMBERLIN,
General Secretary, Boston Jubilee.

REIMBURSEMENT OF CERTAIN LIBRARY EMPLOYEES FOR LOSSES BY THEFT.

The following was received:

City of Boston,
Office of the Mayor, March 2, 1950.
To the City Council.
Gentlemen:

I transmit herewith communication from the Director of the Public Library of the City of Boston relative to reimbursement to certain members of the Library staff for the monetary loss sustained by them on December 22, 1949, when a safe containing their salaries was removed from the Central Library building by thieves.

Pending before the Committee on Rules of the House of Representatives is a petition to authorize the City of Boston to reimburse these employees for the loss sustained. Under Joint Rule 7B the preliminary approval of the Mayor and City Council is required before this petition can be released to the appropriate committee.

Accordingly, I recommend the adoption of the accompanying resolution by your Honorable Body.

Respectfully,
J. B. HYNES, Mayor.

Public Library of the City of Boston,
February 24, 1950.

Hon. John B. Hynes,
Mayor of Boston.

Dear Mr. Mayor:

On Thursday evening December 22, 1949, shortly after 10 P.M., three unidentified men entered the Central Library building, attacked and trussed up the watchman, and removed a small safe from the premises. In the safe there were envelopes containing the sum of \$1,155.21, representing salaries of members of the staff who were absent when the paymaster had come that day and who had asked to have the money collected for them in their absence and held until they should be on duty next time. I am sending herewith on separate sheets itemized lists of the individuals who sustained loss in the theft of the safe. Exploration of the possibility of reimbursement has indicated that the city is without power to make a second payment to those individuals who lost their salaries unless authorization to do so is given by the Legislature.

Through the efforts of the Boston Public Library Professional Staff Association a bill has been filed with the Clerk of the House of Representatives relative to the reimbursement of those individuals who sustained loss. However, as a prerequisite to legislative action in the current session, it is necessary that a suspension of House Rule 7B be effected by the approval of the bill by the Mayor and the City Council of the City of Boston.

Mr. William Kerr of the Law Department has advised the representatives of the Boston Public Library Professional Staff Association in the handling of this matter and has prepared for them the bill which has been filed in the House of Representatives and the approval order for presentation to the City Council. Copies of these items are being sent to you herewith.

In order that the members of the Library staff may be reimbursed for the loss which they sustained in the safe robbery, we respectfully request that action be taken along the lines mentioned above in order that the bill may be brought before the current session of the Legislature.

Respectfully,
MILTON E. LORD, Director.

INCREASED FEES FOR USE OF MUNICIPAL GOLF COURSES.

The following was received:

City of Boston,
Office of the Mayor, March 6, 1950.
To the City Council.
Gentlemen:

I transmit herewith a communication from the Chairman of the Board of Park Commissioners relative to an increase of fees for the use of the Franklin Park and George Wright municipal golf courses, with the intention of placing these courses on a self-sustaining basis.

Accordingly, I respectfully recommend the passage by your Honorable Body of the accompanying ordinance to effectuate this purpose.

Respectfully,
J. B. HYNES, Mayor.

City of Boston,
Park Department, March 1, 1950.
Hon. John B. Hynes,
Mayor of Boston.

Dear Sir:

About two weeks ago at your request we forwarded to you for your information and study a report on the financial status of the George Wright and Franklin Park municipal golf courses, and we recommended therein a scale of golf fees as follows:

Franklin Park course.—Annual membership fee, \$20; Saturday, Sunday, and holiday fees, \$2; Monday through Friday fees, \$1; twilight fee (after 5 P.M.), 50 cents.

George Wright course.—Annual membership fee, \$30; locker fee, \$3; Saturday, Sunday, and holiday fees, \$2; Monday through Friday fees, \$1.

This is an increase of \$5 on annual memberships and \$1 on Saturday, Sunday, and holiday fees at Franklin Park; and an increase of \$5 on annual memberships, or \$3 with locker included, at the George Wright course.

The increased revenue, based on the same membership as last year, would put both courses on a more nearly self-sustaining basis. The fees suggested are the same as those charged by the Metropolitan District Commission on its two comparable courses, one at Riverside and the other at Ponkapog.

The fees now in existence were originally established under the provisions of chapter 571 of the Acts of 1910, which authorized department heads, with the approval of the Mayor, to establish certain fees and charges. Under the provisions of chapter 222 of the Acts of 1949, the 1910 Act was repealed, and the city was given general authority to establish by ordinance fees and charges for the various special privileges and services it renders.

I, therefore, submit for your approval and subsequent recommendation to the City Council the establishment of a schedule of fees at Franklin Park and George Wright golf courses as listed above.

Respectfully yours,
FRANK R. KELLEY, Chairman.

City of Boston,
In the Year Nineteen Hundred and Fifty.
An Ordinance Concerning Fees for Use of Municipal Golf Courses.

Be it ordained by the City Council of Boston, as follows:

Section 1. Section 22 of chapter 41 of the Revised Ordinances of 1947, as most recently

amended by chapter 7 of the Ordinances of 1949, is hereby further amended by inserting the following new clause:

26. The fees for the playing of golf on the municipal golf courses shall be as follows:
Franklin Park course.—Annual membership fee, \$20; Saturday, Sunday, and holiday fees, \$2; Monday through Friday fees, \$1; twilight fee (after 5 P.M.), 50 cents.

George Wright course.—Annual membership fee, \$30; locker fee, \$3; Saturday, Sunday, and holiday fees, \$2; Monday through Friday fees, \$1.

Referred to the Committee on Ordinances.

Ordered, That the School Committee be requested, through his Honor the Mayor, to study the advisability of turning over the portable buildings now used by the Old Age section of the Public Welfare Department, at the corner of Glenway street and Blue Hill avenue, to the Veterans' Allied Council of the Dorchester-Roxbury-Mattapan area to be used on a schedule for meetings of veterans' organizations that are, at present, in dire need of quarters. Said buildings will become vacant upon completion of the health unit center at the corner of Harvard street and Blue Hill avenue.

Passed under suspension of the rule.

HEIGHT REQUIREMENTS FOR APPLICANTS TO POLICE DEPARTMENT.

Coun. P. A. TRACY offered the following:

Whereas, According to the civil service manual, the police manual, or the blue book, so called, for many years past, an applicant for the Boston Police Department civil service entrance examination was required to be 5 feet 7 inches in height; and

Whereas, In reliance thereon, a great number of men of that height have expended great amounts of time and large sums of money in preparation for the mental examination, which is scheduled to be held in March, 1950, and have otherwise been put to great inconvenience and expense in the reasonable and honest belief that they would be allowed to take said examination; and

Whereas, The Civil Service Commission of the Commonwealth of Massachusetts, with but very little advance notice, has arbitrarily raised the minimum height requirement to 5 feet 8 inches, thus making it impossible for men below that standard, but within the previously existing standard, to qualify; therefore be it

Ordered, That His Honor the Mayor be requested to confer with the Civil Service Commission of the Commonwealth of Massachusetts with a view to restoring the 5-foot, 7-inch requirement for applicants taking the Boston Police Department examination to be held in 1950; and be it further

Ordered, That copies of this order be forwarded to His Excellency the Governor of Massachusetts and to the Civil Service Committees of both the Senate and House of Representatives.

Passed under suspension of the rule.

CITY OF BOSTON.

INSTITUTIONS DEPARTMENT.

INVITATION FOR PROPOSALS FOR CONSTRUCTION OF LONG ISLAND VIADUCT OVER BOSTON HARBOR.

The Commissioner of Institutions of the City of Boston, hereinafter designated as Commissioner, Room 1109, City Hall Annex, invites sealed proposals from citizens of the United States and corporations or other legal associations wherein the controlling interest to the extent of at least over one half thereof is owned by a citizen or citizens of the United States for building substructure and approaches for Long Island Viaduct over Boston Harbor, building superstructure for Long Island Viaduct over Boston Harbor, and building Long Island Viaduct over Boston Harbor.

Proposals will be received until 12 o'clock noon, Tuesday, April 11, 1950, at the office of the Commissioner of Institutions, 1109 City Hall Annex, Boston, Mass., at which time and place they will be publicly opened and read aloud.

Proposals shall be submitted in duplicate on forms obtained from the Commissioner. Each copy of the proposal shall be properly filled out and signed and inclosed in a sealed envelope, plainly marked with the name of the bidder and the description of the work bid upon. One copy shall be filed at the office of the Commissioner, designated above, and the other copy shall be filed at the office of the City Auditor, City Hall, Boston, Mass. Both copies shall be filed before the time stated above for the opening of the proposals.

The information for bidders, form of proposal, form of contract, form of performance bond, plans and specifications may be obtained at the office of the Commissioner upon payment of \$50 for the first set and \$25 for each additional set. Any bidder upon the return of such set or sets, promptly and in good condition, will be refunded his entire payment.

Bidders will not be required to bid upon all of the proposals, but may submit bids on any or all of them.

A bid deposit in the form of a certified check on, or a certificate of deposit issued by, a responsible bank or trust company, payable to the City of Boston, in the following sums, shall be submitted with the proposal to the Commissioner of Institutions:

Building substructure and approaches for Long Island Viaduct over Boston Harbor, \$50,000.

Building superstructure for Long Island Viaduct over Boston Harbor, \$50,000.

Building Long Island Viaduct over Boston Harbor, \$100,000.

Bid deposit shall be in a separate envelope, properly marked. Bid bonds will not be accepted.

No bidder may withdraw his bid within thirty days after the actual date of the opening thereof.

The rate per hour of the wages to be paid to mechanics, teamsters chauffeurs and laborers in the work to be performed shall not be less than the rate of wages determined for this work by the Commissioner of Labor and Industries of the Commonwealth of Massachusetts under the provisions of General Laws (Ter. Ed.), chapter 149, section 26, a schedule of which appears in the specifications.

The successful bidder will be required to provide for insurance for the payment of compensation and the furnishing of other benefits under the Workmen's Compensation Law, General Laws (Ter. Ed.), chapter 152, to all persons to be employed under the contract, and sufficient proof of compliance with the foregoing stipulation will be required prior to the award of a contract.

A performance bond, issued by a surety company satisfactory to the Commissioner, in the full amount of the contract will be required of the successful general contractor.

The Commissioner reserves the right to waive any informalities and to reject any and all bids if it be in the public interest so to do.

JOHN R. MCGILLIVRAY,
Commissioner of Institutions.

(Mar. 11-18.)

Passing Requirements: Applicants must obtain at least 70 per cent in each subject in order to become eligible.

Physical fitness to be determined by physical examination.

PUBLIC WORKS DEPARTMENT.

PROPOSALS FOR SEWERAGE WORKS IN ANDRIA ROAD, HYDE PARK, AND RUTHERFORD AVENUE, CHARLESTOWN.

The Commissioner of Public Works of the City of Boston, office 508 City Hall Annex, invites proposals from citizens of the United States and corporations or other legal associations wherein the controlling interest to the extent of at least over one half thereof is owned by a citizen or citizens of the United States, for sewerage works in Andria road, Hyde Park, and Rutherford avenue, Charlestown. A bond will be required for doing the work of a surety company approved by the Commissioner in the sum of 100 per cent of the amount of the contract, to secure the due performance of the contract and the full protection of the city. Forms of proposals may be obtained at Room 508, City Hall Annex. Each proposal should be inclosed in an envelope, sealed, marked "Proposal for Sewerage Works in Andria Road, Hyde Park, and Rutherford Avenue, Charlestown," and left at Room 508, fifth floor, City Hall Annex, before 12 M. of WEDNESDAY, MARCH 29, 1950, with a certified check for TWO HUNDRED (200) DOLLARS, payable to and to become the property of the city if the proposal after acceptance is not carried out. The proposals will then be publicly opened and read in Room 401, hearing room, Board of Street Commissioners.

Proposals must be made in duplicate, the sealed duplicate, without check, to be deposited by the bidder with the City Auditor previous to the time named for opening the bids. All proposals must be from bidders of record on file at Room 508, City Hall Annex. There will be a charge of two dollars (\$2) for each set of plans and specifications taken out. If the price of any item appears to the Commissioner to be abnormally high or low, or the bidder neglects to bid on each and every item, it may lead to the rejection of the proposal containing such price. The rate per hour of the wages to be paid to mechanics, teamsters, chauffeurs and laborers in the work to be performed under the contract shall not be less than the rate of wages in the schedule determined by the Commissioner of Labor and Industries of the Commonwealth, a copy of which schedule is annexed to the form of contract referred to herein. Copies of said schedule may be obtained, without cost, upon application therefor at the office of the Commissioner of Public Works. Before commencing performance of this contract, the Contractor shall provide for insurance for the payment of compensation and the furnishing of other benefits under chapter 152 of the General Laws (the Workmen's Compensation Law so called) to all persons to be employed under this contract and shall continue such insurance in full force and effect during the term of this contract. The undersigned reserves the right to reject any or all proposals or to award the contract as he deems best.

MAYOR JOINS WITH BOSTON'S SONS OF ERIN TO PAY TRIBUTE TO ANCESTORS WHO HELPED TO MAKE BOSTON AND NATION GREAT AND TO KEEP IT IN THE VANGUARD OF PROGRESS—NOTES THE ENVIABLE PLACES IN LEADERSHIP ACHIEVED BY THOSE WHO BROUGHT FROM IRELAND THE VIRTUES OF FAITH, HOPE, AND CHARITY.

Responding to the toast, "The City of Boston," at the dinner of the Charitable Irish Society, Mayor Hynes spoke as follows:

Called by the first settlers "Trimountain" for the three hills which have all but fallen away before the march of progress.

The city of the three hills—built with its face to the open sea—with its back to the undeveloped west—and with its heart nestled among the three peaks reaching to the heavens.

Came to Trimountain, to St. Botolphstown, to Boston, the Pilgrim, the Puritan, the Papist.

Came the traditions, the customs, the habits of the old world.

REPORT OF JOHN B. CASEY, PRESIDENT OF THE HEAD MASTERS' ASSOCIATION, ON ATTENDANCE AT CONFERENCE ON "WHY DO BOYS AND GIRLS DROP OUT OF SCHOOL AND WHAT CAN WE DO ABOUT IT," IN CHICAGO, JANUARY 23 TO 27.

The following is the report of John B. Casey on conference of representatives from cities of more than 200,000 population held in Congress Hotel, Chicago, January 23 to 27, on "Why Do Boys and Girls Drop Out of School and What Can We Do About It":

The opening session of the conference was devoted to a discussion of the prodigious waste of human resources which is caused by the failure of so many children to complete a high school education. It was pointed out that secondary education today constitutes an essential minimum of training, which should be the common heritage of all citizens, and that this democracy cannot be

NATION MUST PRESERVE AND PROTECT ITS MORAL CHARACTER IF WE ARE TO CONTINUE TO ADVANCE IN GREATNESS AND PRESERVE THE HERITAGE THAT HAS BEEN OURS SINCE DORCHESTER HEIGHTS AND THE DRIVING OF THE BRITISH FROM BOSTON—MAYOR JOHN B. HYNES, IN ADDRESS ON "NIGHT BEFORE" OBSERVANCE AT PARKER HOUSE BANQUET OF SOUTH BOSTON CITIZENS' ASSOCIATION, WARNS THAT ALIEN IDEOLOGIES MUST NOT BE ALLOWED TO TAKE ROOT IN OUR MIDST AND SAP OUR VITALITY, LEST WE DRIFT INTO OBLIVION, A PAGE IN THE WORLD'S HISTORY.

At the banquet of the South Boston Citizens' Association held on the night previous to the celebration of Evacuation Day, Mayor John B. Hynes delivered the following address:

Tonight we celebrate Evacuation Day—a milestone in the march which ended in the formation of a nation founded on the principles of freedom, justice, liberty, and equality for all.

That march to freedom was under way 174 years ago tonight as a band of revolutionary patriots struggled up the slopes of Dorchester Heights. Each step through the blackness to the ramparts above was a step toward liberty—a step bought with flaming courage—paid for in toil, sweat, and blood. Nearly a century and three quarters has passed since the writing of the Declaration of Independence and founding of a free nation in the New World. That is but a short period of years as time is measured on the pages of history.

In that span, since the night of March 16, 1776, when our troops climbed in the covering shelter of night to the heights of Dorchester, our country has grown and prospered beyond the fondest hopes or even the comprehension of the men who manned the cannon and looked down upon the British as March 17 dawned in the fateful year of '76.

Steady Move Toward Greatness.

In the 174 years that have passed, other nations have lost their pre-eminence, even their identities. Our own country—seemingly smiled upon by Providence—has gone steadily forward to become the greatest nation since the dawn of time. But we, too, as a nation and as a people, have had our periods of trial and tribulation. The sailing has not always been smooth, but no matter how rough the seas we always have found the safe harbors of national security. We survived, and became a great united people, after the bitter, bloody quarrel between the states—the Civil War.

We survived, and became a more prosperous nation, after the first World War when we fought and sacrificed to prevent the control of the seas and the control of all Europe by power-crazed despots. It was only a few years ago that we knew our darkest, blackest days since the Civil War. Seven years ago tonight, our troops were penned in on Bataan, preparing their retreat to Corregidor. We had suffered serious wounds at Pearl Harbor. Our naval might had been crippled. Our national pride had suffered a crushing blow. But we had the moral fiber, the strength of character, to fight back when things looked bleakest.

Survived Test.

We gave of our most precious asset—the blood of our manhood—that the future of the world might be secured against the designs of a combination of nations devoted to the principle that the God-given rights of man—even God Himself—had no place in modern life. We survived that test, and are a stronger—a more confident—a greater country than ever before.

"O Boston, fair City enthroned like a diant queen,
From thy hills looking down on the ship-teeming plain of the ocean,
May thy future be bright, thy skies beam with light all serene,
Ensured by thy sons' and thy daughters' unselfish devotion!"

MAYOR HYNES ADDRESSES SOUTH BOSTON CITIZENS' ASSOCIATION.

(Continued from page 249.)

We stand today as the mightiest nation on the face of the earth—we stand today as the hope of the world for future freedom—the same kind of freedom from tyranny and oppression for which fought the patriots who struggled up Dorchester Heights 174 years ago tonight.

Because as a nation we are great and strong; because as a nation we are rich and powerful; because as a nation we are scientifically and industrially the peer of any other country on earth—it is an understandable human characteristic for us to believe that we are destined, for all time, to hold our present place in the orbit of the world's nations. Perhaps that is so. Perhaps the Almighty will always watch over us, whatever may be our difficulties, our problems, our troubles.

But it is well for us to remember that other nations—other civilizations of the past—upon which it seemed God's favors were lavished—have withered away and died, and today are but pages in history—a memory of departed grandeur. In every case, the history of their decline and fall was the story of a weakened moral fiber, a softening of their national character—a decay at the very roots of their way of life. Most of us will recall from our studies of ancient history the story of the rise and fall of the Roman Empire, of ancient Greece, of the other countries that knew their period of glory in the march of the centuries.

For each national decline there was one answer—a weakening of moral character that ended in national collapse—a weakening that came from excesses of various kinds. How long can any nation stand success? The answer is given in the pages of history that go back through the sweep of the centuries: A nation and a people can be great and powerful only as long as their moral character is strong and sound and secure.

There have been danger signals at times in this country. But we have weathered them. There have been indications that we have attained greatness too easily, that we were resting on our oars, that we were growing soft. We disproved that in the last war. We proved that Hitler and the other dictators were wrong in their estimates of our strength as a people. They were wrong because our moral character had not become flabby. But the challenge did not end with the Japanese surrender on the battleship "Missouri" in Tokyo Bay.

It didn't end when our air lift broke the Russian blockade of Berlin. It didn't end with the perfection of the H-bomb any more than it ended with the discovery of the A-bomb. It won't end tomorrow, next year, or 10 years from now. It's a challenge that will always be before us. Even now in our country, we see evidences of a trend toward Statism. We see signs of occasional opposition to the principle of equality of man, the keystone around which our very Declaration of Independence was written. We see repeated assaults on the integrity of the home—the stability of the family. We see a tend-

ency on the part of many to shirk their responsibilities, their duties. We see repeated attempts to substitute the gaudy and the transitory for the fundamental and basic concepts of our way of life—for the eternal verities themselves.

BIGGEST THREAT TO FREEDOM.

The biggest threat to our freedoms does not lie behind the Iron Curtain. The greatest menace to our position in the world of nations does not stem from a cold war and the Kremlin in Moscow. The most serious danger to our national security is not the H-bomb or the attempts of ruthless men to spread the invidious seeds of Communism throughout the world. Those threats are all very real and very menacing. But we can resist these threats as long as we are strong and powerful. We should and must preserve and protect many things.

But, first of all, we must preserve and protect our moral character—the sturdy fiber on which this nation was built and which made it great—without which the steps in the march to freedom—the climb to the summit of Dorchester Heights, the heroic defense of Bunker Hill—the victories at Yorktown, Gettysburg, the Argonne, Iwo Jima, and Normandy—would never have been possible.

We must go either forward or backward as a nation. In 174 years we have grown from a small group of colonies to the most powerful and prosperous country the world has ever known.

We are still on the march, but we cannot afford to squander our resources. And the one resource above all others that we cannot allow to waste is our moral strength. If that happens we go backward to join the forgotten nations of history.

The price of liberty, we know, is eternal vigilance. But the price of liberty and greatness as a nation is strong national character—the same strength of moral fiber displayed on the hills of Dorchester 174 years ago tonight.

MAYOR HYNES ADDRESSES CHARITABLE IRISH SOCIETY.

(Continued from page 249.)

Came the white man, the brown man, the black man.

Came the Nordic, the Kelt, the Latin. Came the seekers of fame, of fortune, of finery.

Came the saintly, the sensible, the sinful.

Came the intelligent, the industrious, the indolent.

Came the ambitious, the audacious, the artful.

Came the resolute, the resourceful, the reckless.

Came the bold, the bright, the brave.

Came to this old city—to live, to work, to die—from every clime, every class, and every country of the old world—the homeless, the hardy, the heroic—to carve out a new life for themselves and their children.

Came to the city of the three hills—from the vale of St. Patrick, from the land of Mavourneen, from the Emerald Isle—your forbears and mine. Unlettered, unskilled, untutored, as perforce many of them were, they took their places as the hewers of wood, the car-

riers of stone, the drawers of water. They did not come here with ill-concealed condescension, with the bravado of conquerors, with the lust of carpet-baggers.

They did not come here as polished scribes, pharisees, hypocrites—nor did they come bearing gifts of gold, frankincense, and myrrh—nor did they come wearing the epaulettes of rank, power, and position—nor did they come as alien despoilers, to spread alien doctrines, to worship alien deities.

They brought with them, from their homeland, strong bodies, strong minds, strong adherence to the faith of their fathers.

They brought with them an unashamed willingness to earn their bread by the sweat of their face—a consuming desire to regain the keys to knowledge and learning—an unquenchable thirst for a better life than they had known.

They brought with them the infectious levity, the gay lilt, the quick laughter of their race—a love of liberty, justice, and freedom—a fidelity to the virtues of faith, hope, and charity. To this city of the three hills they brought a longing for tranquillity, a loyalty to their new land, a love of God and all His works.

Incomplete would be our history as a city unless within its pages is written the full story of the men of Irish blood, whose heartaches, sorrows, and disappointments—whose accomplishments, achievements, and triumphs—are woven into each thread that makes up the fabric of our city.

Incomplete, too, would be these proceedings here tonight, if we who have found enviable places in the clergy, in the professions, in public office, in the marts of trade, in the halls of learning, did not honor, without stint, the memories of those, our forbears, whose qualities, character, and courage opened for us the doors of opportunity.

On this St. Patrick's night, official Boston pays its grateful tribute to the sons of Erin, to the sons of an ancient, noble race—be they living or dead—who, by their brawn, their brain, and their blood, have contributed immeasurably to the supremacy of our nation, to the strength of our state, to the substance of this, our beloved old city of the three hills.

EXTENSION OF CONTRACTS.

HOSPITAL DEPARTMENT.

Sanatorium Division.

It is agreed that the words "December 15, 1949," appearing in the contract between the City of Boston and the S. J. Tomasello Corporation, dated December 23, 1949, be stricken out and the words "April 30, 1950" be substituted in their place. (Contract for building roadway around Ward F at the Boston Sanatorium.)

PUBLIC WORKS DEPARTMENT.

Approval has been given for the extension of the time of completion of the contract with R. A. Buccella & Sons, Inc., for building sewerage works in Church street outlet in Public Garden, City Proper, from March 19, to May 19, a period of 60 days. This extension was requested for the reason that unforeseen obstacles were encountered during the progress of the work.

REPORT OF JOHN B. CASEY OF CONFERENCE AT CHICAGO.

(Continued from page 249.)

satisfied with its educational system until all its children enter high school and until those who are graduated approach 100 per cent of those who enter. Rather startling figures were produced to show that the holding power of the schools is extremely weak. It was pointed out that one child in every six does not enter high school, and that less than 50 per cent of high school entrants remain to be graduated.

This means that each year 1,250,000 youth drop out of school without completing a high school education. In other words, during a twelve-year cycle of schooling twelve to fifteen million children discontinue their formal education before the end of Grade XII. Studies which have been made further darken the picture by disclosing that 40 per cent of the drop-outs have I.Q.'s

of 95 or better, indicating they were capable of completing a high school education and, in many cases, of having intelligence adequate for post-high school work. These facts pose a serious challenge to the educators of the United States. The participants in the conference felt that there are men of vision and talent in this country to fashion educational programs to fit the needs, aptitudes, and interest of all American youth.

The remaining sessions analyzed the causes of drop-outs, and recommended a number of measures to increase the holding power of the schools. The causes for leaving school were grouped under three headings: reasons relating to school; financial reasons; personal reasons.

The following table gives the result of a study made of 957 leavers in five large cities of the United States. The conferees agreed that these results tallied closely with the causes given by pupils for dropping out of school in their respective school systems.

FREQUENCY OF REASONS GIVEN BY 957 YOUTH AS OF FIRST IMPORTANCE IN DECISION TO LEAVE SCHOOL.

REASONS.	Frequency.	
	No.	Per Cent.
<i>Reasons Relating to School</i>		
Preferred work to school	342	36
Was not interested in school work	104	11
Could not learn and was discouraged	66	7
Was failing and didn't want to repeat grade	55	6
Disliked a certain teacher	47	5
Disliked a certain subject	30	3
Could learn more out of school than in school	16	1
<i>Financial Reasons</i>		
Needed money to buy clothes and help at home	144	15
Wanted spending money	55	6
<i>Personal Reasons</i>		
Ill health	49	5
Friends had left school	29	3
Parents wanted youth to leave school	20	2
Total	957	100

I should like to point out that 69 per cent of the reasons given related to the school. Consequently, the conference felt that the question of remedies fell squarely on the shoulders of the educators, administrators, school principals, and teaching personnel.

There was general agreement that to wait until a pupil is sixteen years old (the legal attendance age) to discover the causes for leaving school can accomplish very little in the way of holding him in school. In most cases the causes are cumulative. Many of them could be discovered in the early years of school. Had these symptoms been discovered and eliminated, the number of drop-outs at the age of sixteen would be reduced. To help ascertain the potential drop-outs, the conference strongly urged the ex-

tension of the guidance service to the elementary schools. A ratio of one full-time counselor to each 300 to 500 pupils, with a planned interview for every pupil each year, was endorsed. The selection of counselors should be based on established standards with in-service professional development supplementing pre-service training. Ways must be found to make the office of the counselor a place to receive help, not punishment. The practice of sending pupils to the counselor for disciplinary action gives the pupils a wrong impression of counseling service, and often results in pupils avoiding the counselor's assistance. The following table, for example, indicates that 60 per cent of school leavers made the important decision to leave school without consulting anybody in the school.

In some cities home visitors are used to reduce the number of premature school leavers. They are recruited from the teaching staff, usually those most recently placed on the faculty. An adequate attendance department working closely with school personnel was advised. If the potential contribution of the attendance department is to be realized,

the approach must cast aside the punitive concept and emphasize understanding of causation and the constructive use of authority in a sympathetic but firm enforcement of compulsory attendance and labor regulations.

It was felt also that every large school system should have a Pupil Accounting Department. The need was expressed

for a cumulative record which begins with entrance to school and continues as long as the pupil is enrolled. Provisions should be made for the effective use and interpretation of these records, with special emphasis on the year prior to the legal school-leaving age. One of the criticisms made during the conference was the paucity of information about their pupils which school principals and teachers possess. Complete records indicating family background, scholastic achievement, health, aptitudes, and interests should go a long way in helping school personnel to discover probable drop-outs.

The conference placed high on the list of recommendations the need for more curriculum variety and flexibility. Meaningful educational experiences must be provided for all degrees of ability and interest. At present there is too much adherence to a rigid pattern of subject matter, which does not fit the needs and aptitudes of low ability students. Remember, this group constitutes 60 per cent of drop-outs. These children have the same right to an education as pupils of high ability. This is a challenge that educators must solve. It has been suggested that, since preference for work rather than attendance at school has been given as the most frequent cause for leaving school, the number of work experience courses might be increased. (Distributive Education in Boston.) Many vocational programs require two or three years to complete. Potential drop-outs might be reduced if short-term, specific terminal courses were organized in this area, for those who are not interested or not qualified for the longer program.

It was recommended also that the practice of testing should be increased. Such a policy would aid materially school organization and curriculum planning. Psychological and aptitude tests were recommended before the completion of the sixth grade. These could be in the form of individual or group tests. Through the information these tests would supply pupils could be given work up to their capacity to perform. Their interest in school would be enhanced; their continuous failure in school which is a major cause of drop-outs would be decreased.

Finally it was suggested that, if all efforts to keep the pupil in school fail, a visit to the central placement office should be made a part of the discharge process. This final contact with school is important because it puts the child in a position to obtain employment and gives him a feeling that the school system is still interested in his welfare. Very often immediate employment might result in the drop-out continuing his education in night school.

The recommendations which I have set forth in this paper were the major ones which came out of the conference. It was a stimulating and informative experience.

* Contract awarded.

WITHOUT ADVERTISING.

Upon varying dates as indicated the Mayor approved contracts with contractors, commercial houses, etc., for furnishing labor and supplies. Communications from the heads of the departments interested were as follows:

CITY PLANNING BOARD.

BOSTON, March 8, 1950.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR SIR:

On February 28, at a meeting of the City Planning Board, the following vote was taken:

"That the services of Adams, Howard & Greeley, City Planning Consultants, 84 State street, Boston, be engaged by contract to cover a period of six months at a total cost of \$2,500 for furnishing to the Board assistance and guidance in the continuation of its work in developing a master plan for the city."

Therefore, if this meets with your approval, it is respectfully requested that your approval be given to awarding a contract to Adams, Howard & Greeley, Consultants, to cover a six months' period for the performance of this work at a cost of \$2,500.

It is felt that in view of the nature of the professional services involved nothing would be gained by publicly advertising for bids for this work.

Respectfully yours,

THOMAS F. McDONOUGH,
Chairman.

INSTITUTIONS DEPARTMENT.

BOSTON, March 9, 1950.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. MAYOR:

Your authority is respectfully requested to permit the Institutions Department to renew a contract with C. A. Foley, 47 Summer street, Hyde Park, Mass., for the furnishing of seat hire to the Long Island Hospital, in a sum not to exceed \$21,000, for the period April 1, 1950, through December 31, 1950, without the formality of public bidding.

The contract would be to provide boat service for:

1. Three (3) trips daily.

2. Extra trips when required, including emergency trips when regular boat is off for repairs.

Rates for the use of the "James J. Minot" and the "Mariner" owned by C. A. Foley, to be as follows:

One or two round trips on any one day (\$27 each trip).

Three or more round trips on any one day, \$27 for the first trip and \$18 for each additional trip.

Our estimate for the amount required for period beginning April 1, 1950, through December 31, 1950, is that it should not exceed \$21,000. This is 10 per cent less than the contract of last year.

Information received from sources available has assured us that C. A. Foley has the only satisfactory boats for these trips.

Respectfully yours,

JOHN R. MCGILLIVRAY,
Commissioner.

PRINTING DEPARTMENT.

BOSTON, March 20, 1950.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. MAYOR:

Your Honor's approval is respectfully requested to permit the Printing Department to award a contract, without advertising, to the Moore Business Forms, Inc., 38 Chauncy street, Boston, for furnishing 50,000 continuous sets 3-part Lithographed Preliminary Payroll Forms, and 50,000 continuous sets 2-part Lithographed Final Payroll Forms for the Auditing Department.

During the past three years bids have been secured from the various continuous form companies in the city for our payroll requirements, and in each instance the Moore Business Forms, Inc., has been the lowest bidder and has been awarded the contract.

The price quoted by this company for the present requirements is \$41.86 per thousand, f.o.b. Boston, for the 3-part Preliminary Forms and \$27.84 per thousand for the 2-part Final Forms, making a total of \$3,485.

Because these forms are run on tabulating machines with form fitting and detaching equipment purchased from the Moore Business Forms, Inc., it is essential that the ruling and spacing conform exactly to the machine set-up. The forms supplied in the last three years by this concern have complied with this requirement. In the event of an award to another company there would be no certainty until the forms had been delivered and run on the machines that the spacing and alignment would be satisfactory.

In view of these circumstances, and owing to the fact that there will be no increase over last year's prices, I feel it is for the best interests of the city to dispense with advertising and make the award to the Moore Business Forms, Inc., which has not only been the lowest bidder in past years, but has also furnished a satisfactory product.

Respectfully yours,

JOHN J. TWOMEY,
Superintendent.

PUBLIC BUILDINGS DEPARTMENT.

BOSTON, March 14, 1950.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. MAYOR:

The boiler that heats hot water for Quincy Market was reported as leaking. Upon investigation by the P. J. Riley Company and inspection of this department it was found that three sections in boiler were broken and most of header nipples were defective, also the present circulation pump is defective, rusted, and worthless.

Any attempt to repair this boiler would be a waste of money. I have had the P. J. Riley Company make a survey and proposal to furnish and install new boiler: new indirect heater, two bronze circulators, also to furnish and install new combustion chamber and do necessary electrical work to install oil burner and two circulators and to furnish all material, covering, labor, etc., not to exceed \$1,975.

The nature of the work does not lend itself readily to intelligent bidding. The P. J. Riley Company is one of the most reliable plumbing concerns in Boston and I believe the best interests of the city will be protected by awarding this emergency work on a time and material basis.

In view of the foregoing and in consideration of the emergency nature of the work, the necessity of having water in the market stalls and restaurants, etc., I respectfully request that your Honor grant me authority to dispense with advertising and to award this contract to the P. J. Riley Company, 295 Highland street, Roxbury, in the sum of \$1,975.

Respectfully yours,

GEORGE P. DONOVAN,
Superintendent of Public Buildings.

PUBLIC WORKS DEPARTMENT.

BOSTON, March 6, 1950.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. MAYOR:

In February of this year, a three-month contract, from January 1 to March 31, was awarded to the American Service Company for lighting, extinguishing, servicing, and maintaining the gas lamps used for street lighting within the corporate limits of the city.

This contract was necessitated because, in the opinion of the Corporation Counsel, the previous contract for the current year, which was executed by the former administration in December of 1949, was invalid because it conflicted with the provisions of section 3A of the City Ordinances.

Recently, I consulted with the representative of the American Service Company in an effort to reach an agreement on the terms of a contract that would be effective from April 1 of the current year

to December 31, and which might be more advantageous to the City of Boston than the terms of the present contract. As the result of my consultation and also after talking over the entire matter with a representative of the only other organization in this area capable of performing the work required on this gas lighting servicing contract, I am convinced that the provisions of the present contract are the best ones that can be obtained by the city at this time. I refer not only to the terms and unit prices of the contract, but also to the contractor, the American Service Company. The representative of the latter company stated that he would give the city a token reduction in the present contract price if we insisted on obtaining a lower price from him. I informed him that we were not interested in obtaining a lower price just for the sake of realizing a saving as the result of negotiations. I informed him that it was the intent of this administration to be eminently fair to all contractors doing business with the city and to strive for lower prices only in cases where we felt the contractor was making an unreasonable profit. It is my unqualified opinion that the latter condition does not obtain in the present instance. The unit prices for which the American Service Company is doing the work required under the provisions of the current contract are fair and reasonable, and it is my opinion that the new nine-month contract should be executed on the same basis and at the same unit prices that are in effect at the present time.

I respectfully recommend, therefore, that a contract, without publicly advertising for bids, be awarded to the American Service Company of 253 Adams street, Dorchester, for (a) lighting, extinguishing, servicing, and maintaining approximately 7,065 gas lamps in the city from April 1, 1950, to December 31, 1950, at a rate of \$13.88 per year, or at an estimated cost of \$73,546.65, and (b) for furnishing and installing metal domes, gas mantles, glass globes, plastic globes, ventilators, and metal globe rings, at an estimated cost of \$22,287, making the total estimated cost of \$95,833.65 for the nine-month period.

Respectfully yours,

GEORGE G. HYLAND,
Commissioner of Public Works.

BOSTON, March 15, 1950.

To the Mayor of Boston.

On March 1, 1950, your Honor, as requested in my letter dated February 24, 1950, approved an amendment to a contract between the city and Joseph Capone & Son to increase the estimated cost of certain sewerage works in Cricket Lane and private land, in West Roxbury, from \$7,490 to \$10,368.75, to cover the cost of necessary additional work.

In order fully to comply with the requirements of the Acts of 1909, chapter 486, as amended, I now further request your permission to dispense with further advertising and to amend the aforesaid contract by increasing the estimated cost of the work from \$7,490 to \$10,368.75. This is necessary because the amount of the increase, namely, \$2,878.75, exceeds 25 per cent of the original contract sum.

No advantage would be gained by publicly advertising for bids as the addi-

tional sewerage work will be based on the unit prices set forth in the contract, this contractor having been the original low bidder.

GEORGE G. HYLAND,
Commissioner of Public Works.

SUPPLY DEPARTMENT.

BOSTON, March 7, 1950.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. MAYOR:

On December 12, 1949, the then Mayor James M. Curley approved an award to the White Fuel Corporation for No. 2 fuel oil to be delivered to the various city departments. No formal contract was executed.

New bids were received on February 10, 1950, and an award to the Boston Ice Company was approved by your Honor on February 20, 1950.

Permission is respectfully requested to award a contract for approximately \$32,239.40 to White Fuel Corporation for confirming deliveries of No. 2 fuel oil to the various city departments from January 1, 1950, to February 28, 1950, inclusive.

This contract is necessary to complete the records of the Auditing Department before payment can be made to White Fuel Corporation.

Respectfully yours,

JOHN V. MORAN,
Superintendent of Supplies.

BOSTON, March 16, 1950.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. MAYOR:

The Park Department has submitted a requisition to this office for the following:

One (1) new 12-ton Walter combination wrecker and crane and plow equipment truck as per specifications as indicated.

It is respectfully requested to award a contract, without public advertisement, to Charles N. Wood Company, 570 Arsenal street, Watertown. This request is in compliance with the recommendation of the chairman of the Park Department who states that the above type of equipment has proved most satisfactory in the past.

Since the Charles N. Wood Company are the agents for Walter equipment, it is my opinion that no advantage will be gained by publicly advertising for bids.

Total amount of contract is \$19,871.

Respectfully yours,

JOHN V. MORAN,
Superintendent of Supplies.

BOSTON, March 20, 1950.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. MAYOR:

This department is in receipt of a requisition from the Fire Department for the following:

300 fire alarm plain ruby plexiglass boxes.

300 fire alarm plain ruby plexiglass globes.

Requests for prices were sent to three companies but only two responded. It is requested that authority be granted me to award a contract, without public advertisement, to American Service Company who submitted the lower

prices. This company has manufactured and supplied the above equipment to the City of Boston in the past and it has proved satisfactory.

Total amount of contract will be \$2,814.

Respectfully yours,

JOHN V. MORAN,
Superintendent of Supplies.

CHANGES IN CONTRACT.

BOSTON HOUSING AUTHORITY.

Rossano Construction Company has been notified that the contract for construction work at the North Bennet Street Bath House, North End, Boston, Mass., is reduced \$374.83, from \$86,699.14, as per change order No. 2, dated October 7, 1949, to \$86,324.31.

The above amount of \$374.83 represents the difference in the actual cost of the hardware of \$2,625.17 from the \$3,000 allowance carried in the specifications on page 7, subparagraph 5, under Item 1 of the general contractor's work.

Hardware as selected and approved in brochure dated November 2, 1949, has been submitted to the architect and the city, and in itemized cost form, which totals \$2,625.17, and is hereby approved.

Original contract price, \$84,988; increase approved October 31 for change order No. 2, \$1,711.14; revised contract price, \$86,699.14; less this change order No. 4, \$374.83; contract now standing, \$86,324.31.

TO STUDY HOUSING AND SANITATION.

The Mayor has approved the following request:

HEALTH DEPARTMENT.

Boston, March 16, 1950.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR SIR:

The Massachusetts Department of Public Health has been sponsoring a course for sanitary inspectors at the University of Massachusetts at Amherst, Mass.

Your approval is respectfully requested of the attendance at such a course of the following personnel of the Division of Housing and Sanitation, from April 10 to June 30, 1950, without loss of pay from the Boston Health Department:

George A. Quirk, at present supervisor of housing and sanitation (by temporary transfer), and Francis X. Dolan, inspector of housing and sanitation.

I may add that two members of the Division of Housing and Sanitation are presently completing a similar course, and I believe it would be advantageous to permit Mr. Quirk and Mr. Dolan to avail themselves and the Health Department of the opportunity offered by the Department of Public Health.

Yours respectfully,

JOHN H. CAULEY, M.D.,
Health Commissioner.

CONTRACTS AMENDED.

The Mayor has approved the following request of the Superintendent of Supplies:

SUPPLY DEPARTMENT.

Boston, March 2, 1950.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. MAYOR:

On February 23, 1950, your Honor approved a letter awarding a contract to Massachusetts Envelope Company for furnishing paper drinking cups for various city departments.

Due to an error in calculation, the amount of \$6,350, which appeared in the original letter, is incorrect. It is, therefore, requested that the letter of award be amended to read \$4,797.50, which is the correct amount of the contract.

Respectfully yours,

JOHN V. MORAN,
Superintendent of Supplies.

AMENDED DAMAGES.

The Mayor has approved the following votes of the Board of Street Commissioners:

Voted, That the order of the Street Commissioners and Mayor of October 17, 1947, as amended, determining damages caused by the making of the public improvement consisting of the laying out of Neillian Crescent, be, and the same hereby is, amended by adding to said order the amount \$235.33 as an award to Maurice Goldstone and Lillian Goldstone, husband and wife as tenants by the entirety; that the amount \$235.33 be, and the same hereby is, awarded to Maurice Goldstone and Lillian Goldstone, husband and wife as tenants by the entirety, for the damages so sustained.

ACQUISITION OF LAND FOR REFUSE DISPOSAL PURPOSES.

The following was received:

City of Boston,
Office of the Mayor, March 13, 1950.
To the City Council.
Gentlemen:

I transmit herewith communication from the Commissioner of Public Works in which he requests an appropriation in the sum of \$100,000 for the acquisition of land for refuse disposal purposes.

In the opinion of the Commissioner, it is essential that the city obtain control of certain land sites in order that it may act independently in the matter of disposal of refuse.

I favor the purposes for which the appropriation is requested and I respectfully recommend the passage of the accompanying order by your Honorable Body.

Respectfully,
J. B. HYNES, Mayor.

City of Boston,
Public Works Department,
February 24, 1950.

Hon. John B. Hynes,
Mayor of Boston.

Dear Mr. Mayor:

In order to insure free and open competitive bidding in connection with garbage and refuse collection contracts, it is most essential for the city to acquire large tracts of land in suitable locations for use in connection with refuse disposal activities.

At the present time, in certain sections of the city, the collection contractor has a monopoly on the contract, because said contractor has acquired control of the only area in the district suitable for the dumping of refuse. In order to eliminate such a condition, therefore, it is most essential for the city to obtain control of such areas.

It is my intention to purchase suitable sites during the current year, and as there is no appropriation available in the department for such purchase, it will be necessary to provide the necessary funds by transferring the sum of \$100,000 from the account titled, "Sales of City Property," which is under the control of the City Auditor. I have discussed this matter with the Auditor, and he is agreeable to said transfer.

I respectfully recommend, therefore, that you submit to the City Council, for approval of that Body, the attached order, which provides, in substance, for the transfer of \$100,000 from the account titled, "Sales of City Property," to the Public Works Department, for the purpose of making said appropriation available for the purpose of acquiring land to be used in connection with refuse disposal activities.

Respectfully yours,
GEORGE G. HYLAND,
Commissioner of Public Works.

Ordered, That under the provisions of section 63 of chapter 44 of the General Laws the sum of one hundred thousand dollars (\$100,000) be, and the same hereby is, appropriated from the Special Account, Sales of City Property, to be expended for the purpose of acquiring lands by purchase, by eminent domain, or otherwise, for the establishment of incinerators and dumps.

Referred to the Committee on Appropriations.

PETITIONS REFERRED.

Report on message of the Mayor and ordinance (referred March 6) concerning fees for use of municipal golf courses—recommending passage of the ordinance in the following new draft:

City of Boston,

In the Year Nineteen Hundred and Fifty.

An Ordinance Concerning Fees for Use of Municipal Golf Courses.

Be it ordained by the City Council of Boston, as follows:

Section 1. Section 22 of chapter 41 of the Revised Ordinances of 1947, as most recently amended by chapter 7 of the Ordinances of

1949, is hereby further amended by inserting the following new clause:

26. The fees for the playing of golf on the municipal golf courses shall be as follows:

Franklin Park course.—Annual membership fee, residents, \$20, nonresidents, \$25; Saturday, Sunday, holiday fees, \$2; Monday through Friday fees, \$1; twilight fee (after 5 P.M.), 50 cents.

George Wright course.—Annual membership fee, residents, \$30, nonresidents, \$35; locker fee, \$3; Saturday, Sunday, holiday fees, \$2; Monday through Friday fees, \$1.

ASSESSED VALUATIONS RISE.

The upward trend in assessed values of real estate is continuing, according to the National Association of Assessing Officials. The 1949 tentative assessed value of real estate in New York City is \$18,230,305,297, an increase of \$645,813,084 over the 1948 figure. However, it is still below the all-time high of \$19,616,915,000 recorded in 1932. Philadelphia reports a 1949 valuation of \$2,847,655,787, an increase of more than \$88,000,000 over the 1948 total. Jefferson County, Kentucky, which contains the city of Louisville, reported an increase of \$98,961,180 in its total assessed valuations for 1948 over the 1947 figure, reaching a total of \$1,082,767,925. The assessed valuation of Phoenix, Arizona, increased over 60 per cent last year, from \$101,000,000 to \$166,000,000. Last year the assessed valuation of the city of St. Louis was increased to \$1,379,814,846, which is \$49,000,000 over the 1947 level.

OPEN CONFERENCES

At the request of Mr. Muchnick, the following discussion at the School Committee conference, relative to open conferences, is set forth below:

5—Request of Council of Presidents' and Vice Presidents' Clubs—attendance of representatives at conferences.

12 (a)—Suggested by Mr. Muchnick—Amendment to Rules to provide that conferences be open to the public.

Chairman: We might postpone that Item 5 or take up a motion of Mr. Muchnick's in connection or combination with that if it is on the calendar.

Mr. Ward: Why don't you join that with Mr. Muchnick's?

Chairman: That is what I was suggesting, Mr. Ward, and dispose of the two matters because they are almost identical in nature. Is that here on the calendar, Miss Kane?

Secretary: Yes.

Chairman: What number is it?

Secretary: 12 (a).

Chairman: Now the question comes on both items—No. 5 and No. 12 (a). It dissolves itself down to Mr. Muchnick's motion for open conferences and we assume that if you allow a representative from one group, you will allow representatives from all groups. Is the Committee ready to proceed to a vote?

Mr. Muchnick: Mr. Chairman, I have said this before, and I will try to be as brief as possible about it.

It seems to me that the business of the public should properly be conducted in full view of the public. It is true that on some occasions—very few—it becomes necessary, either when it is a question of some teacher or some other item of that nature—to request the press not to print things and to keep things off the record; but the overwhelming bulk of our business is something which, it seems to me, would best be con-

ducted in full view of the public with that portion of the public which cares to attend, hearing it.

Now, I know that there have been objections in the past that such meetings cannot be orderly. I know, too, that there have been other types of complaints about holding meetings in public, and it has also been said that nothing done in the conference is official and can all be taken up de novo at a public meeting.

That, of course, did not work out. I very frankly was glad to read the Post a week ago Sunday where, I believe, you were quoted as saying that you believed that meetings should all be public and should not have any "off-the-cuff" conferences.

Chairman: Are you referring to me, Mr. Muchnick?

Mr. Muchnick: I am referring to you, Mr. Chairman. I do not remember if I have the quotation completely accurate.

Chairman: Go right ahead. I don't think you have.

Mr. Muchnick: I see no reason why these meetings under proper chairmanship—which I am glad to say I think we have—should not be conducted in orderly fashion.

The members of the School Committee, I am sure, would conduct themselves properly, and I am sure we can all agree that the members of the public would conduct themselves properly; and I can see absolutely no objection to conducting our business or the major portion of it, outside of a few necessary executive sessions, in public.

I therefore urge that our conferences be made public from now on.

Chairman: The Chair would like to say that this has been argued considerably before this Committee over a period of years; and if you remember that article in the Post, Mr. Muchnick, I said that I am always for public meetings.

I also referred to the fact that we had conferences before the public meetings, but that all our meetings were public. Our conferences were conducted before the press.

This is not a quote now from the Post—this is my further statement—but any matter that is discussed in conference—and you agreed—can be taken up again in public meeting if any member of this Committee feels that the public should hear about the decision of the conference. Every single matter in the conference is open to further discussion at the public meeting with the public present.

I think you are only exercising the prerogative of every body such as ours to have an opportunity to argue the various matters back and forth among ourselves and make our actions public, and every bit of our action is public and on record at the public hearing.

I do think sometimes that you confuse the purpose of expediting

the business of the School Committee. Everything we do is public and on record. The press has never been requested to keep anything off the record, and they are certainly representatives, too, of the public, even in a conference, except where we agree that it might do somebody some damage of a personal nature,—and I am not going to say any more. I am ready to vote on this matter. I just wanted to make my position clear.

The Secretary will call the roll.

Mrs. Dacey: What is this, a motion?

Chairman: A motion to make these conferences public.

On roll call the motion failed of passage by the following vote:

YEAS—Mrs. Dacey, Mr. Muchnick—2.

NAYS — Messrs. McDevitt, Ward and White—3.

Mr. Muchnick: Does that include also the request of Council of Presidents?

Chairman: Both. They were taken in combination. If you desire to divide the motion, the Chair will call for two votes.

Mr. Muchnick: I think that on the vote it ought to be split down two ways.

Chairman: The Secretary will call the roll on the other motion. That is perfectly agreeable. I thought the Chair had an agreement from the Committee to combine both requests.

Mr. Muchnick: The combination vote is perfectly all right with me.

Chairman: They are both combined.

UNFINISHED BUSINESS

The order laid over at the meeting of Dec. 8, 1949, amending Section 108, paragraph 1 of the Rules, relative to monthly comparative statements submitted by the Business Manager was taken up.

Business Manager: The budget this year and the accounts are set up for the first time, starting January 1, on a functional basis. Therefore, the monthly financial statement of the Business Manager to the School Committee will be in different form than it has been heretofore.

This change of Section 108 is necessary. It lists the new accounts instead of the old accounts. That is the gist of it, Mr. Chairman.

Mr. Ward: Mr. Chairman, I would like to ask Mr. Smith a question. Do you have a report yet on what the unexpended balances for this year are?

Chairman: Will you bring that question up subsequently? That is another matter.

Mr. Muchnick: I would like to have this discussed at a conference. I would like to know the difference between the present method and the old method and what the advantages are and what the potential disadvantages are, if any.

Business Manager: There is no particular advantage. I cannot give you the report in its old form, which was divided into salaries of administration officers, salaries of teachers, and salaries of custodians, etc.

Mr. Muchnick: When did you decide to do this?

Business Manager: This has been in the process for the last year and a half, and it went into effect on January 1.

Mr. Muchnick: I assume you received instructions from somebody to take it from its former form into the present—what you call functional—form.

Business Manager: The School Committee agreed to it months ago so that there will be six general accounts: The cost of administration, the cost of instruction, the cost of auxiliary services, the cost of operation of the plant, fixed charges, and the cost of pensions to teachers, non-contributory.

Those are the six functions that the new budget and the new accounts are in at the present time; and in that form the expenditures will be reported to the School Committee.

Chairman: I have no objection to that.

Business Manager: This is already in effect, Mr. Muchnick, under this rule.

Mr. Muchnick: If you knew you were going to put it into effect in January, why didn't you come in with the change in November or December?

Business Manager: I came in the first part of December with the change. This thing has been lying on the table for six weeks.

Secretary: Since December 8th.

Mr. Muchnick: It is news to me.

Business Manager: We discussed it the day it was brought up, and I thought everybody understood it. It has just been lying there ever since waiting for action.

Mr. Muchnick: I did not know about it.

Chairman: The question comes on passing the order.

On roll call the order passed by the following vote:

YEAS—Mrs. Dacey, Messrs. McDevitt, Muchnick, Ward and White—5.

NAYS—0.

UNEXPENDED BALANCES

Mr. Ward: I would like to ask the Business Manager a question now. Do you know what the unexpended balances are, Mr. Smith?

Business Manager: I know approximately what they are, Mr. Ward.

Mr. Ward: Approximately?

Business Manager: This figure is not official: About \$745,000.

Mr. Ward: That is all. I move we adjourn.

The Committee adjourned.

Attest:

LOUISE KANE,
Secretary.

PUBLIC WORKS DEPARTMENT.

PROPOSALS FOR MISCELLANEOUS REPAIRS TO THE FERRYBOAT "DANIEL A. MACCORMACK."

The Commissioner of Public Works of the City of Boston, office 508 City Hall Annex, invites proposals from citizens of the United States and corporations or other legal associations wherein the controlling interest to the extent of at least over one half thereof is owned by a citizen or citizens of the United States, for miscellaneous repairs to the ferryboat "Daniel A. MacCormack." A bond will be required for doing the work of a surety company approved by the Commissioner in the sum of 100 per cent of the amount of the contract, to secure the due performance of the contract and the full protection of the city. Forms of proposals may be obtained at Room 508, City Hall Annex. Each proposal should be inclosed in an envelope, sealed, marked "Proposal for Miscellaneous Repairs to the Ferryboat 'Daniel A. MacCormack,'" and left at Room 508, fifth floor, City Hall Annex, before 12 M. of WEDNESDAY, APRIL 5, 1950, with a certified check for TWO HUNDRED (200) DOLLARS, payable to and to become the property of the city if the proposal after acceptance is not carried out. The proposals will then be publicly opened and read in the hearing room of the Street Commissioners, Room 401, City Hall Annex.

Proposals must be made in duplicate, the sealed duplicate, without check, to be deposited by the bidder with the City Auditor previous to the time named for opening the bids. All proposals must be from bidders of record on file at Room 508, City Hall Annex. There will be a charge of two dollars (\$2) for each set of plans and specifications taken out. If the price of any item appears to the Commissioner to be abnormally high or low, or the bidder neglects to bid on each and every item, it may lead to the rejection of the proposal containing such price. Before commencing performance of this contract, the Contractor shall provide by insurance for the payment of compensation and the furnishing of other benefits under chapter 152 of the General Laws (the Workmen's Compensation Law so called) to all persons to be employed under this contract and shall continue such insurance in full force and effect during the term of this contract. The undersigned reserves the right to reject any or all proposals or to award the contract as he deems best.

PUBLIC WORKS DEPARTMENT.

PROPOSALS FOR SEWERAGE WORKS IN DAY
STREET AND JEFFERSON PLAYGROUND OUT-
LET FOR VETERANS' HOSPITAL; AND PARKER
HILL AVENUE, BETWEEN DARLING STREET
AND A POINT 200 FEET EASTERLY, ROXBURY.

The Commissioner of Public Works of the City of Boston, office 508 City Hall Annex, invites proposals from citizens of the United States and corporations or other legal associations wherein the controlling interest to the extent of at least over one half thereof is owned by a citizen or citizens of the United States, for sewerage works in Day street, etc. A bond will be required for doing the work of a surety company approved by the Commissioner in the sum of 100 per cent of the amount of the contract, to secure the due performance of the contract and the full protection of the city. Forms of proposals may be obtained at Room 508, City Hall Annex. Each proposal should be inclosed in an envelope, sealed, marked "Proposal for Sewerage Works in Day Street, etc." and left at Room 508, fifth floor, City Hall Annex, before 12 M. of WEDNESDAY, APRIL 5, 1950, with a certified check for ONE THOUSAND (1,000) DOLLARS, payable to and to become the property of the city if the proposal after acceptance is not carried out. The proposals will then be publicly opened and read in the hearing room of the Street Commissioners, Room 401, City Hall Annex.

Proposals must be made in duplicate, the sealed duplicate, without check, to be deposited by the bidder with the City Auditor previous to the time named for opening the bids. All proposals must be from bidders of record on file at Room 508, City Hall Annex. There will be a charge of two dollars (\$2) for each set of plans and specifications taken out. If the price of any item appears to the Commissioner to be abnormally high or low, or the bidder neglects to bid on each and every item, it may lead to the rejection of the proposal containing such price. The rate per hour of the wages to be paid to mechanics, teamsters, chauffeurs and laborers in the work to be performed under the contract shall not be less than the rate of wages in the schedule determined by the Commissioner of Labor and Industries of the Commonwealth, a copy of which schedule is annexed to the form of contract referred to herein. Copies of said schedule may be obtained, without cost, upon application therefor at the office of the Commissioner of Public Works. Before commencing performance of this contract, the Contractor shall provide by insurance for the payment of compensation and the furnishing of other benefits under chapter 152 of the General Laws (the Workmen's Compensation Law so called) to all persons to be employed under this contract and shall continue such insurance in full force and effect during the term of this contract. The undersigned reserves the right to reject any or all proposals or to award the contract as he deems best.

OFFICIAL CHRONICLE OF BOSTON MUNICIPAL AFFAIRS.

VOL. 42

SATURDAY, APRIL 1, 1950.

No. 13

MAYOR HYNES EXTENDS GREETINGS OF BOSTON CITIZENS TO CITIZENS OF GREEK NATIONALITY AND EXTRACTION ON OCCASION OF OBSERVANCE OF 129TH ANNIVERSARY OF COUNTRY'S INDEPENDENCE—PAYS TRIBUTE TO GREATNESS AND CULTURE BEQUEATHED TO WORLD AND HISTORY BY ACHIEVEMENTS OF WHICH CIVILIZATION WILL ALWAYS BE PROUD.

Upon the occasion of the Open House observance of Greek independence on Sunday, March 26, Mayor John B. Hynes, as the chief invited guest, brought the greetings of the city to the assemblage in the following address:

I am happy to be here this beautiful day to extend the greetings of the City of Boston on this, the occasion of the 129th anniversary of Greek independence.

(Continued on page 276.)

BOSTON GETS WINDFALL TO AID MAYOR HYNES IN HOLDING DOWN TAX LEVY FOR THIS YEAR—CITY AUDITOR FOX NOTIFIES HIS HONOR THAT WATER DIVISION HAS SURPLUS OF \$632,547.10 OVER EXPENDITURES, WHICH CAN BE APPLIED TO ACHIEVING SOME FINANCIAL RELIEF—TO BE APPLIED TO DEBT REQUIREMENTS.

Mayor John B. Hynes has been informed by City Auditor Charles J. Fox that a windfall has come to his administration in the total of \$632,547.10 as the result of the receipts over expenditures for the year 1949 of the Water Division of the Public Works Department. The City Auditor has requested and the Mayor has approved the application of this surplus to the reduction of the amount to be provided in the tax levy for debt requirements by the amount equal to the surplus.

(Continued on page 275.)

VETERANS' SERVICES EXPENDITURES FOR MONTH OF JANUARY, 1950, WERE \$33,313.83 HIGHER THAN FOR SIMILAR PERIOD IN 1949, ACCORDING TO MONTHLY REPORT RENDERED TO MAYOR JOHN B. HYNES BY DIRECTOR DAVID J. BRICKLEY—CASES HANDLED WERE 605 MORE, WITH A TOTAL OF 1,875 ON RECORD, WITH 4,267 INDIVIDUALS OBTAINING FINANCIAL BENEFITS—THERE WERE 267 CASES CLOSED BECAUSE OF APPLICANTS OBTAINING EMPLOYMENT AND THUS BEING TAKEN FROM ROLLS.

According to the report of Veterans' Services Director David J. Brickley for the month of January, which has been submitted to the Mayor, the expenditures of the services show an increase of \$33,313.83 over those of the same month in 1949. This is explained by the fact that the services handled 605 more cases. The 1,875 cases aided represent a total of 4,267 individuals benefited through the financial facilities of the division.

The report of the Director in full reads as follows:

Boston, February 20, 1950.

HON. JOHN B. HYNES,
Mayor of Boston.

SIR:

I have the honor to submit the report of the Department of Veterans' Services for the month of January, 1950.

Very truly yours,

DAVID J. BRICKLEY, Director.

DEPARTMENT OF VETERANS' SERVICES IN MONTHLY REPORT TO MAYOR HYNES SHOWS HEAVY DRAIN ON APPROPRIATIONS.

(Continued from page 273.)

Expenditures for veterans' benefits for January, 1950, show an increase of \$33,313.83 in comparison with expenditures for the corresponding period of 1949. This increase is attributable to the fact that the department aided 605 more cases than in January, 1949.

The 1,875 cases aided during the month of January, 1950, represent a total of 4,267 individuals benefited through the financial facilities of the Department of Veterans' Services.

There were 267 cases closed during the month of January, 1950, because of obtaining employment, having been awarded unemployment compensation, becoming ineligible to receive financial assistance, and miscellaneous other reasons.

WATER DIVISION SURPLUS AIDS DEBT REQUIREMENTS.

(Continued from page 273.)

The communication containing the information and the request reads as follows:

March 13, 1950.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR SIR:

According to the records of this office, the receipts of the Water Division of the Public Works Department in 1949 exceeded total expenditures by \$632,547.10.

Under the provisions of section 1 of chapter 324 of the Acts of 1914, this surplus "shall be used to meet interest and sinking fund requirements or serial loan payments on any debt of the City of Boston." I respectfully request your approval of my application of this surplus in the manner as prescribed by the statute previously mentioned. Your approval of this application will, in effect, reduce the amount to be provided in the tax levy for debt requirements by an amount equal to the surplus.

Respectfully,

CHARLES J. FOX,
City Auditor.

PARK DEPARTMENT GETS SOUTH END LAND FOR SMALL TOTS' PLAY AREA.

The City of Boston has transferred a parcel of land on Harrison avenue, which has been in the custody, care, and control of the Fire Department, to the custody, control, and management of the Park Commissioners. The parcel of land will be developed as a small tots' play area. The transfer was approved by the Mayor after receipt of the following letter from the Board of Real Estate Commissioners:

BOARD OF REAL ESTATE COMMISSIONERS.

Boston, March 8, 1950.

HON. JOHN B. HYNES,
Mayor of Boston.

MY DEAR MR. MAYOR:

The proposed transfer of the land located on the southeasterly side of Harrison avenue, Boston Proper, being numbered 624, 628 and 630, and 632 and 634 in the numbering of said avenue, from the care, custody, control, and management of the Fire Department to the care, custody, control, and management of the Board of Park Commissioners, to develop as a small tots' play area, meets with the approval of this department.

Very truly yours,

HERMAN CARP,
Chairman.

TRIP OF REPRESENTATIVE OF PLANNING BOARD APPROVED.

The Mayor has approved the following request of the City Planning Board.

Boston, February 20, 1950.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. MAYOR:

Your Honor's approval of the expenditure of about \$125 of department funds for attendance at the Annual Meeting of the American Institute of Planners, to be held in Niagara Falls, Ontario, March 2-5, 1950, is hereby requested, this expenditure to be charged to Budget Item B-4.

At a meeting of the Board on Tuesday, February 14, the following vote was passed:

"Voted, That an amount of \$125 be appropriated to cover the expenses of Thomas E. McCormick, Executive Director, for attendance at the Annual Meeting of the American Institute of Planners, to be held in Niagara Falls, Ontario, March 2-5, 1950."

Very truly yours,

THOMAS F. McDONOUGH,
Chairman.

TRAFFIC COMMISSION RULING.

Voted, That as urgently required by considerations of public safety and convenience, for a trial period of sixty (60) days, parking of vehicles is prohibited in the following street, effective March 28, 1950:

Arlington Street, Boston Proper.
Northeast side, from Boylston street to Commonwealth avenue, 7 A.M. to 6 P.M.

MAYOR EXTENDS GREETINGS TO GREEK CITIZENS.

(Continued from page 273.)

We like to think of Boston as an old city, and our nation as the seat of the world's civilization. And we are right, comparatively speaking.

But long before Boston was settled, and long before our country was wrested from the uncivilized Indians, Athens was a great, thriving city, and Greece was synonymous with civilization. Four hundred years before Christ, Socrates was espousing his philosophies.

In the passage of centuries since the glory that was Greece, your fatherland has undergone many vicissitudes. Today it stands, with its back to the wall, refusing to become part of that evil force in the world represented by communism and its leaders.

The spirit that inflames the Greek people today is the spirit of ancient Greece—is the spirit that brought independence to that country—is the same spirit that placed Greece on the side of righteousness in the last two world wars.

That spirit cannot be extinguished—it will never die.

On this anniversary of independence, we salute the Greek nation—the Greek people—and we pray that the peace of God will descend on that nation, on that people, and on the whole world.

CIRCULAR LETTER NO. 5.

CITY OF BOSTON,

MAYOR'S OFFICE, March 20, 1950.

To All Department Heads.

GENTLEMEN:

The following communication, which is self-explanatory, has been received at this office:

"The Commonwealth of Massachusetts, Department of Civil Service and Registration,

Division of Civil Service,

State House, Boston 33,

March 15, 1950.

DEAR SIR:

Your attention is invited to the attached notice of state-wide civil service examination. It may be that in a department or departments under your supervision, there are persons employed on a provisional basis whose services must, under the law, be terminated if a list is established as a result of this examination. Will you please see that this examination is called to the attention of all department heads employing such persons so that they may be advised to file applications as directed on the announcement of the examination if they desire to be continued in their present position.

Very truly yours,

THOMAS J. GREEHAN,
Director."

Department heads are requested to post this communication with the attached poster in a conspicuous place in order that those who may be affected will become aware of this notice.

Respectfully,

JOHN B. HYNES,
Mayor.

WITHOUT ADVERTISING.

Upon varying dates as indicated the Mayor approved contracts with firms, commercial houses, contractors, etc., for furnishing labor and supplies. Communications from the heads of the departments interested were as follows:

SUPPLY DEPARTMENT.

BOSTON, March 21, 1950.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. MAYOR:

This department is in receipt of a requisition from the Sanitary Service of the Public Works Department for parts for Walsh-Holyoke plows.

Informal quotations for prices were solicited among the various dealers. It is respectfully requested that authority be granted me to award a contract, without public advertisement, to Anderson Engineering Company, 225 Bent street, Cambridge, as this company was the lowest total bidder.

Total amount of contract will be \$2,458.90, less one half of 1 per cent cash discount for payment within 10 days.

Respectfully yours,

JOHN V. MORAN,
Superintendent of Supplies.

BOSTON, March 21, 1950.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. MAYOR:

This department is in receipt of a requisition from the Boston City Hospital for 300 dozen Adaptic bandages.

It is requested that authority be granted me to issue an order to John-

son & Johnson, New Brunswick, New Jersey, in a total amount of \$1,053.

Your approval is necessary before any payment of bills can be made by the Auditing Department.

Respectfully yours,

JOHN V. MORAN,
Superintendent of Supplies.

SUFFOLK COUNTY.

COURT HOUSE COMMISSION.

BOSTON, March 20, 1950.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MAYOR HYNES:

Because of the satisfactory service rendered over a period of years by the Federal National Linen Service Company, Inc., of Boston, in supplying towel service to the Suffolk County Court House, the Court House Commission believes that it would be for the best interests of the City of Boston and the County of Suffolk to continue this service with the Federal National Linen Service Company, Inc., for the year 1950, and requests your authority for awarding a contract, without advertising, to the Federal National Linen Service Company, Inc., on the basis of supplying one thousand (1,000) towels weekly at a monthly charge of \$150 or a total \$1,800, for the calendar year of 1950.

The deliveries and collections of towels at the Suffolk County Court House have been made without bickering with employes as to replacements. The Federal National Linen Service Company, Inc., owns the towels, bears the losses and replacements, and guarantees the suitability of the towels furnished, and undertakes to save the owner from any claims arising through the performance of the service.

Respectfully yours,

THOMAS P. McDAVITT, *Chairman.*

BOSTON, March 20, 1950.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MAYOR HYNES:

Because of the satisfactory service rendered over a period of years by the W. C. Holmes Cleaning Company, of Boston, in supplying window cleaning service to the Suffolk County Court House, the Court House Commission believes that it would be for the best interests of the City of Boston and Suffolk County to continue this service with the W. C. Holmes Cleaning Company, and requests your authority for awarding the contract, without advertising, to the W. C. Holmes Cleaning Company, during the calendar year of 1950, on the basis of cleaning about 1,700 windows and transoms four times per year for the sum of \$2,600.

The aforesaid company carries the required Public Liability and Workmen's Compensation with the Employers Liability Assurance Company, Limited, of Boston.

The W. C. Holmes Cleaning Company has the necessary equipment and the know-how to perform this service with the least possible disturbance to daily functions at the Court House.

Respectfully yours,

THOMAS P. McDAVITT, *Chairman.*

BOSTON, March 20, 1950.

HON. JOHN B. HYNES,

Mayor of Boston.

DEAR MAYOR HYNES:

Your approval is hereby requested for the award of a contract, without advertising, to the Otis Elevator Company for the complete maintenance and servicing of the 10 signal control passenger elevators in the Suffolk County Court House in service continuously during Court House hours for the year beginning January 1, 1950, and also including the required annual drop test, and the replacement of all parts; and, in addition, to include monthly supervisory inspection of the three intermittently operated passenger elevators at the Court House and of the two electric book lifts, including also the annual drop test for these, at a monthly charge of \$918 or a total of \$11,016.

All of the 10 continuously operated signal control passenger elevators, the three other elevators used intermittently for passengers, and the two electric book lifts, were manufactured and installed by the Otis Elevator Company, and the Court House Commission believes that nothing will be gained by advertising for the foregoing service, particularly with existing and increasing difficulties in procuring mechanical parts for repair and replacement to complicated mechanism unless in stock by the manufacturer of the particular machines.

A similar contract for maintaining and servicing with the Otis Elevator Company has been in satisfactory operation at the Court House during the calendar year of 1949.

Respectfully yours,

THOMAS P. McDAVITT, *Chairman.*

REGISTRY OF PROBATE.

BOSTON, March 21, 1950.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. MAYOR:

Permission is requested to award to the Photostat Corporation, Rochester, New York, a contract for the purchase of photographic paper for use in the photostat machine in this department, without advertising for bids.

No other company can furnish the paper required to be used in said machine, so that there is nothing but expense to be gained by advertising.

I urge your favorable consideration.

Respectfully yours,

ARTHUR W. SULLIVAN, *Register.*

EXTRA WORK UNDER CONTRACT.

LIBRARY DEPARTMENT.

Extra Order No. 3.

C. C. Temple has been directed to do the following work in connection with the contract dated September 29, 1949, for alterations to the former Cataloging and Classification Department in the Central Library building.

The work to be done will consist of the following items:

1. Enclose the pneumatic tubes on the north wall of the room in a furred area formed by sheetrock on studding to extend over the whole central portion of the bookcase as directed. Joints are to be taped and all surfaces painted to match the walls.

2. Change present Readers Adviser and work space areas into three offices. Remove present bookcase between Readers Adviser and work space areas. Install two new transverse partitions of Philippine mahogany plywood on both sides to be located as directed. Each partition is to have a flush door to match present doors. Remove all louvers and mullions in present louvered partition and replace with 1/4-inch clear plate glass. Install 1/4-inch x 4-inch iron plate in partition cap where louvers are removed. All remaining brick and plaster walls are to be covered with Philippine mahogany plywood to the height of existing partition. Brick moldings are to be removed. Doors to this area are to be resung into the offices. All new mahogany plywood is to be finished similar to the rest of the room. All old, unused hardware in the entire room is to be removed.

3. Change location of the exposed wiring on the ceiling running to the ceiling lights as directed by the architect.

Contract price, \$41,304; total additions: extra order No. 1, \$190; extra order No. 2, \$919; extra order No. 3, \$3,815—\$4,924; amount of contract, \$46,228.

EXTENSION OF CONTRACTS.

DEPARTMENT OF SCHOOL BUILDINGS.

Approval has been given for the extension of the time of completion of the contract with Ferris & Mahoney Company for plumbing and gas work at the English High School, from March 1 to May 1. This extension was requested due to delay of materials.

HOSPITAL DEPARTMENT.

Approval has been given for a further extension of time for completion of contract made January 29, 1947, with J. A. Singarella Company for alterations and additions to Thorndike Building, Boston City Hospital, from May 1, 1949, to January 15, 1950. This further extension was requested because the contractor was delayed owing to causes beyond his control.

PUBLIC WORKS DEPARTMENT.

Approval has been given for the extension of the time of completion of the contract with Andrew P. Keegan for building sewerage works in New Haven street, Salman street, Vogel street, River-view street, Stimson street and outlet in private land, and in Belle avenue, West Roxbury, under the contract dated September 19, 1949, from March 18, 1950, to August 15, 1950, a period of 150 days.

This extension is requested for the reason that heavy rains, which flooded the low lands, were encountered during the late fall and winter months.

Approval has been given for the extension of the time of completion of the contract with the Crandall Engineering Company, 261 Franklin street, Boston, for emergency strengthening of piers of the Charlestown Bridge, over the Charles River, to April 29, 1950. This extension was requested for the reason that the contractor had been delayed in obtaining materials and also on account of anticipated extension of work.

ASSESSED VALUATIONS RISE.

The upward trend in assessed values of real estate is continuing, according to the National Association of Assessing Officials. The 1949 tentative assessed value of real estate in New York City is \$18,230,305,297, an increase of \$645,813,084 over the 1948 figure. However, it is still below the all-time high of \$19,616,915,000 recorded in 1932. Philadelphia reports a 1949 valuation of \$2,847,655,787, an increase of more than \$88,000,000 over the 1948 total. Jefferson County, Kentucky, which contains the city of Louisville, reported an increase of \$98,961,180 in its total assessed valuations for 1948 over the 1947 figure, reaching a total of \$1,082,767,925. The assessed valuation of Phoenix, Arizona, increased over 60 per cent last year, from \$101,000,000 to \$166,000,000. Last year the assessed valuation of the city of St. Louis was increased to \$1,379,814,846, which is \$49,000,000 over the 1947 level.

PROCEEDINGS OF CITY COUNCIL.

Monday, March 20, 1950.

Regular meeting of the City Council held in the Council Chamber, City Hall, at 2 P.M., Senior Member WENZLER in the chair. Absent, Councilors Coffey, Hurley, and Lane.

The meeting was opened with the salute to the Flag.

VETO OF ORDINANCE RE FEES AT MUNICIPAL GOLF COURSES.

The following was received:

City of Boston,
Office of the Mayor, March 20, 1950.
To the City Council.
Gentlemen:

I return herewith disapproved, and without my signature, the ordinance passed by your Honorable Body on March 13, 1950, concerning fees for use of municipal golf courses.

This action is taken in view of the communication of the Park Commission which is contained in a separate recommendation which will be forwarded to your Honorable Body this day.

It would appear that the ordinance as adopted by the City Council will increase the revenue at the municipal golf courses by \$4,422, whereas the ordinance as originally recommended to the City Council would increase revenue \$10,267.

In order that the golf courses may be as nearly self-sustaining as possible, I am, therefore, constrained to veto the ordinance as adopted by your Honorable Body.

Respectfully,
J. B. HYNES, Mayor.

To the City Council.
Gentlemen:

I transmit herewith communication from the Director of the Boston Public Library relative to your order of February 20, 1950, concerning the obtaining of a facsimile of "The Book of Kells," which has recently been brought into being.

Respectfully,
J. B. HYNES, Mayor.

Public Library of the City of Boston,
March 16, 1950.

Mr. Thomas G. J. Shannon,
Chief Clerk, Mayor's Office.

Dear Mr. Shannon:

I wish to acknowledge your recent transmittal of the order of the City Council of February 20, 1950, suggesting that the Boston Public Library obtain a facsimile of "The Book of Kells" which has recently been brought into being.

I am happy to state that the Boston Public Library had already made its decision to obtain a copy of this item at the time that it received formal announcement of its publication some months ago.

When the reproduction has arrived, it will be placed on public display. At that time a formal invitation to the members of the City Council will be extended to visit and inspect this important item.

Yours sincerely,
MILTON E. LORR, Director.

I transmit herewith communication from the General Manager of the Metropolitan Transit Authority relative to your order of March 6, 1950, concerning the changing of the present route of the bus line running from Savin Hill to Northampton street and return.

Respectfully,
J. B. HYNES, Mayor.

Metropolitan Transit Authority,
March 16, 1950.

Mr. Thomas G. J. Shannon,
Chief Clerk, Mayor's Office.

Dear Sir:

Since the receipt of your letter of March 9, with order of the City Council introduced by Councilor Hurley in regard to change in routing of the bus service operated between Savin Hill and Northampton street, a representative of our Transportation Department met Councilor Hurley at the city yard and discussed with him the service now operated during rush hours from Edward Everett square to Northampton street and to

Dover street via Washington street, East Concord street, Harrison avenue, East Brookline street, Albany street, Union Park street, Harrison avenue, Dover street to Washington street, and has explained to him why it does not appear to be feasible to change the present routing of the service.

Very truly yours,
EDWARD DANA, General Manager.

J. B. HYNES, Mayor.

United States Senate,
March 13, 1950.

Thomas G. J. Shannon,
Chief Clerk, Mayor's Office.

Dear Mr. Shannon:

Thank you for your letter of March 9 with enclosure.

Insofar as the extension of rent control is concerned, I have felt ever since the end of the war that it should not be abruptly terminated, and at the last session I voted to extend rent control. I still incline strongly to the belief that the time has not arrived when some measure of rent control can safely be completely dispensed with, especially in our urban and industrial centers.

With best wishes,

Sincerely yours,
HENRY CABOT LODGE, JR.,
United States Senator.

HEIGHT REQUIREMENTS FOR APPLICANTS TO BOSTON POLICE DEPARTMENT.

The following was received:

City of Boston,
Office of the Mayor, March 20, 1950.
To the City Council.
Gentlemen:

I transmit herewith communication from the Clerk to the Commission of the Department of Civil Service and Registration relative to your order of March 6, 1950, concerning the restoration of the 5-foot 7-inch requirement for applicants taking the Boston Police Department examination to be held in 1950.

Respectfully,
J. B. HYNES, Mayor.

The Commonwealth of Massachusetts,
Department of Civil Service and Registration,
March 16, 1950.

Mr. Thomas G. J. Shannon,
Chief Clerk, Mayor's Office.

Dear Sir:

I have been directed by the Civil Service Commission to acknowledge your communication of March 8, and to inform you that the civil service rules have, since the year 1894, provided a minimum in the height requirement of 5 feet 8 inches for applicants for the Boston police service, but that the rules also provide that the Commission may, in time of war or emergency, lower the requirement established in the rule.

The Commission has further asked me to inform you that during the war emergency the height requirement was lowered to 5 feet 7 inches but that in the absence of an emergency the Commission has no authority to reduce the height requirements set forth in the rules. There are over 1,900 applications for the Boston police entrance examination scheduled to be held on March 25, 1950, clearly indicating that no emergency exists at the present time.

I am further instructed by the Commission to inform you that the Commission will be very glad to confer with his Honor the Mayor with reference to the matter should he desire such a conference.

Very truly yours,
ROSE ABRAMS,
Clerk to the Commission.

SUMMER BAND CONCERTS AT FRANKLIN PARK.

The following was received:

City of Boston,
Office of the Mayor, March 20, 1950.
To the City Council.
Gentlemen:

I transmit herewith communication from the Chairman of the Park Department relative to your order of March 6, 1950, concerning the advisability, in planning for the summer season, of arranging band concerts on Sunday afternoons during June, July, and August at the Franklin Park Bandstand.

Respectfully,
J. B. HYNES, Mayor.

City of Boston,
Park Department, March 14, 1950.

Thomas G. J. Shannon,
Chief Clerk, Mayor's Office.

Dear Sir:

I am in receipt of a memo from your office with attached enclosure, City Council order dated March 6, 1950, requesting the Park Commissioner to study the advisability in his planning for the

summer season for band concerts on Sunday afternoons during June, July, and August at the Franklin Park Bandstand.

We have made no provisions in our budget to pay for band concerts. In recent years the concerts held throughout the city have been under the auspices of the Director of Public Celebrations in the Mayor's office.

He effected arrangements with the Boston Musicians' Union whereby the expense of these concerts was split equally between the union and the Public Celebrations in the Mayor's office. In other words, the Mayor's office paid for one concert and the Union would pay for the other.

I think if you would discuss this matter with Mr. Louis Brems, he would inform you under what arrangements they operated in the past.

Very truly yours,
FRANK R. KELLEY, Chairman.

PREFERENCE TO REGISTERED BOSTON OWNERS OF SNOW REMOVAL EQUIPMENT.

The following was received:

City of Boston,
Office of the Mayor, March 20, 1950.
To the City Council.
Gentlemen:

I transmit herewith communication from the Public Works Commissioner relative to your order of February 20, 1950, concerning future snowstorms, where private equipment for snow removal in the City of Boston is used by the Public Works Department, when any overtime is required, owners of equipment registered from a Boston address be given first preference, and also that registered Boston owners of this equipment be the last to be laid off.

Respectfully,
J. B. HYNES, Mayor.

City of Boston,
Public Works Department,
March 10, 1950.

Thomas G. J. Shannon,
Chief Clerk, Mayor's Office.

Dear Mr. Shannon:

This is in reference to the following order that was passed in the City Council on February 20:

"Ordered, That the Public Works Commissioner be requested, through his Honor the Mayor, that in future snowstorms, where private equipment for snow removal in the City of Boston is used by the Public Works Department, when any overtime is required, owners of equipment registered from a Boston address be given first preference, and also, when the plowing for snow removal is near completion, registered Boston owners of this equipment be the last to be laid off."

Upon investigation, I find that there are eight out of approximately two hundred trucks that are used by the department on snowplowing work that are registered outside of the City of Boston. While this percentage is not high, you may be assured that all trucks registered in Boston will be given preference on snowplowing work, particularly in cases where it is necessary, as outlined in the above order, to work overtime or at such times when it is not necessary to keep all two hundred trucks employed.

Respectfully yours,
GEORGE G. HYLAND,
Commissioner of Public Works.

Gentlemen:

I transmit herewith communication from the Public Works Commissioner relative to your order of March 6, 1950, concerning the advisability of any construction to be undertaken by the Public Works Department and that it be done under the supervision of the department, thus providing an avenue of opportunity for employment to the citizens of Boston who are at present unemployed.

Respectfully,
J. B. HYNES, Mayor.

City of Boston,
Public Works Department,
March 10, 1950.

Thomas G. J. Shannon,
Chief Clerk, Mayor's Office.

Dear Mr. Shannon:

This is in reference to the following order that was passed in the City Council on March 6, 1950:

"Ordered, That the Public Works Commissioner be requested, through his Honor the Mayor, to study, wherever possible, the advisability of any construction to be undertaken by the Public Works Department and that it be done under the supervision of the department, thus providing an avenue of opportunity for employment to the citizens of Boston who are at present unemployed."

I am in entire sympathy with the aims and purposes of the order, but, generally speaking, it would be most uneconomical for the city to adopt a modified W.P.A. program whereby large street construction and reconstruction projects would be undertaken on a day-labor basis.

I certainly wish that there was some practical way that I could comply with the provisions of this order, but I do not feel that there is any possibility of its adoption during the current year.

Respectfully yours,
GEORGE G. HYLAND,
Commissioner of Public Works.

Dear Mr. Shannon:

This is in reference to the following order that was passed in the City Council on March 6:

"Ordered, That the Commissioner of Public Works be requested, through his Honor the Mayor, to place all streets and roads in South Boston in proper condition for the March 17 parade."

We have already taken steps to clean the route of the parade, as three or four street-cleaning crews have been working on the parade route during the current week.

You may be assured that, unless a large snowstorm intervenes, the route will be in excellent condition for the parade on March 17.

FEES FOR USE OF MUNICIPAL GOLF COURSES.

The following was received:

City of Boston,
Office of the Mayor, March 20, 1950.
To the City Council.
Gentlemen:

I submit herewith a proposed ordinance relative to fees for the use of Franklin Park and George Wright municipal golf courses.

The attached communication from the Park Commission sets forth that the proposed ordinance will increase revenues to the amount of \$10,267 for the use of the golf courses. The proposed increases are moderate and have met with no resistance as far as the membership of both clubs is concerned. Consequently, I recommend adoption of the accompanying ordinance by your Honorable Body.

Respectfully,
J. B. HYNES, Mayor.

City of Boston.

In the Year Nineteen Hundred and Fifty.
An Ordinance Concerning Fees for Use of Municipal Golf Courses.

Be it ordained by the City Council of Boston, as follows:

Section 1. Section 22 of chapter 41 of the Revised Ordinances of 1947, as most recently amended by chapter 7 of the Ordinances of 1949, is hereby further amended by inserting the following new clause:

26. The fees for the playing of golf on the municipal golf courses shall be as follows:

Franklin Park course.—Annual membership fee, residents, \$20, nonresidents, \$25; Saturday, Sunday, holiday fees, \$2; Monday through Friday fees, \$1; twilight fee (after 5 P.M.) 50 cents.
George Wright course.—Annual membership fee, residents, \$30, nonresidents, \$35; locker fee, \$3; Saturday, Sunday, holiday fees, \$2; Monday through Friday fees, \$1.

I am in receipt of the attached communication from the Board of Park Commissioners requesting the appropriation of \$38,000 from the income of the George F. Parkman Fund, to be expended under the direction of the Board of Park Commissioners, for the Maintenance and Improvement of the Common and Parks in Existence on January 12, 1887.

The 1950 budget estimates of the personal service requirements of the Park Department included an estimate of the total income of \$180,000 from the Parkman Fund. The budget allowances made provision for the appropriation of this income as it accrued for the purpose of defraying the cost of work actually performed on the Common and Parks in Existence on January 12, 1887.

I submit herewith an order appropriating the sum of \$38,000, the accrued income now available from the Parkman Fund, and respectfully recommend its immediate passage by your Honorable Body.

Respectfully,
J. B. HYNES, Mayor.

City of Boston,
Park Department, March 14, 1950.
Hon. John B. Hynes,
Mayor of Boston.

Dear Sir:

By vote of the Board of Park Commissioners, you are respectfully asked to request the City Council to transfer from the income of the George F. Parkman Fund the sum of \$38,000, which is now available, to be expended under the direction of the Board of Park Commissioners as follows:

Common and Parks in Existence on January 12, 1887, Maintenance and Improvement of..... \$38,000

When making up the budget estimates for the year 1950, a sum equal to the total yearly income of the George F. Parkman Fund was deducted from Item A-1, Permanent Employees, with the understanding that this deduction was to be replaced by the total yearly income of said Parkman Fund for 1950, to be transferred as it accrued from time to time during the year to the regular maintenance appropriation of the Park Department.

Respectfully yours,
FRANK R. KELLEY, Chairman.

Ordered, That the sum of thirty-eight thousand dollars (\$38,000) be, and hereby is, appropriated from the income of the George F. Parkman Fund, to be expended under the direction of the Park Commissioners for the Maintenance and Improvement of the Common and Parks in Existence on January 12, 1887, as follows:

Common and Parks in Existence on January 12, 1887, Maintenance and Improvement of..... \$38,000
Referred to Committee on Parkman Fund.

SALE OF STEAMER "STEPHEN J. O'MEARA."

The following was received:

City of Boston,
Office of the Mayor, March 20, 1950.
To the City Council.
Gentlemen:

I submit herewith an order for the sale of the Institutions' Steamer "Stephen J. O'Meara" at public auction, for not less than \$5,000.

The Commissioner of Institutions states, in the accompanying communication, that repairs to the "O'Meara" would cost approximately \$50,000. In view of the fact that the new viaduct between Long Island and Moon Island will shortly be constructed, it is felt that this steamer should be disposed of.

I recommend passage of the accompanying order by your Honorable Body.

Respectfully,
J. B. HYNES, Mayor.

City of Boston,
Institutions Department,
March 6, 1950.

Hon. John B. Hynes,
Mayor of Boston.

Dear Sir:

As your Honor knows, one of the boats presently in the custody of the Institutions Department is the Steamer "Stephen J. O'Meara":

Gross tonnage, 193; net tonnage, 131; overall length, 118 feet; length at the water line, 112.8 feet; beam, 22 feet 9 inches; beam at the waterline, 22 feet 4 inches; draft, loaded, 13 feet; light, 10.8 feet.

This steamer was built for the Police Department in March, 1931, by George Lawley & Sons at a cost to the city of \$199,183.35. In December, 1932, it was transferred to the Institutions Department, which, in 1933, expended \$30,000 on it for alterations and additions, and then operated it on the Long Island run until the Coast Guard condemned it in July, 1949. Since then the steamer has been out of commission—its place having been taken by the "James M. Curley," acquired in 1947.

It is estimated that the repairs necessary to put the "O'Meara" in good operating condition would cost \$50,000. Such a sum is not available; and, even if it were, I would question the wisdom of such an expenditure at the present time because of the imminence of the construction of the viaduct between Long Island and Moon Island, which will obviate the necessity of maintaining boat service to Long Island.

I am informed that if the "O'Meara" continues to lie idle, it is apt to deteriorate rapidly. Inquiry has disclosed that, as is, the steamer is worth at least \$5,000. Therefore, before the boat becomes worthless through deterioration from lying idle, I recommend that it be sold at public auction for not less than \$5,000.

Respectfully,
JOHN R. MCGILLIVRAY,
Commissioner of Institutions.

Ordered, That the Commissioner of Institutions be, and he hereby is, authorized to sell the Steamer "Stephen J. O'Meara" at public auction, for not less than \$5,000.

Referred to the Executive Committee.

INSTALLATION OF TRAFFIC LIGHTS, ETC., WARD 10.

The following was received:

City of Boston,
Office of the Mayor, March 20, 1950.
To the City Council.
Gentlemen:

I transmit herewith communication from the Traffic Commissioner relative to your order of January 30, 1950, concerning the installation of traffic lights at Huntington avenue and Longwood avenue, in Ward 10, and making the portion of Longwood avenue from St. Alphonsus street to Huntington avenue one way traveling west.

Respectfully,
J. B. HYNES, Mayor.

Boston Traffic Commission,
March 15, 1950.

Hon. John B. Hynes,
Mayor of Boston.

Dear Sir:

Consideration has been given to Council order of January 30, 1950, requesting the installation of traffic lights at Huntington avenue and Longwood

avenue in Ward 10, and making the portion of Longwood avenue from St. Alphonsus street to Huntington avenue one way traveling west.

It appears that Longwood avenue at this point runs into McGreevey Way, which comes to a dead end in the housing project, and, therefore, a one-way regulation would not seem to be practical at this point.

On February 3, 1950, I reported that at the present time there are no funds available to this Commission for the installation of traffic signals, but that a memorandum had been made concerning this request for consideration. Accordingly, further consideration will be given to this matter when money is provided for the installation of traffic signals.

Respectfully yours,

WM. ARTHUR REILLY, Commissioner.

Placed on file.

SALE OF LAND ON CANAL STREET.

The following was received:

City of Boston,

Office of the Mayor, March 20, 1950.

To the Honorable City Council.

Gentlemen:

With the approval of your Honorable Body, a public auction was held on May 4, 1948, for the sale of a parcel of land containing approximately 8,858 square feet, together with the building thereon, located at 53-85 Canal street, Boston Proper, at an upset price of \$125,000. I am informed that at the time of this public auction several prospective purchasers appeared but failed to bid because they believed the upset price of \$125,000 was a little too high. They intimated, however, that they would be more receptive if the upset price was lowered.

I understand that during the past year another recommendation was forwarded to your Honorable Body for the sale of the aforementioned property at an upset price of \$90,000, and this recommendation was rejected.

Recently, the Board of Street Commissioners secured the services of a competent appraiser who placed a fair market value on this property of \$80,000, as of March 1, 1950. It is my opinion that this price can be obtained, and I favor the sale of this property at the price suggested by the Board of Street Commissioners and the appraiser of \$80,000.

I also concur with the opinion of the Board of Street Commissioners that this property should be disposed of at an early date in order that the city might receive the revenue from the sale price and return this property to the tax assessment rolls.

I therefore recommend the passage of the accompanying order for the sale of this property at public auction at an upset price of \$80,000.

Respectfully

J. B. HYNES, Mayor.

Whereas, The City of Boston owns in fee a certain parcel of land, containing approximately eight thousand eight hundred fifty-eight (8,858) square feet, together with the building thereon, situated on the northeasterly side of and numbered 53-85 Canal street, Boston; and

Whereas, The said parcel of land, together with the building thereon, subject to the rights and easements, including the structures thereon ("Parcel B" on the plan, hereinafter referred to), of the City of Boston, Transit Department, are not required for any public purpose; now, therefore, it is hereby

Ordered, That the Board of Street Commissioners of the City of Boston be, and they hereby are, authorized in the name and behalf of the City of Boston to sell at public auction at an upset price of eighty thousand dollars (\$80,000) all the City of Boston's right, title, and interest in and to said parcel of land, together with the building thereon, hereinafter described, subject, however, to the exception and reservation in the City of Boston of the rights and easements, including the structures thereon (shown as "Parcel B" on the plan hereinafter referred to), set forth in an instrument of taking, together with plan filed therewith, for Transit Department purposes dated May 13, 1947, recorded with Suffolk Registry of Deeds, Instrument No. 91, May 13, 1947; and it is hereby further

Ordered, That his Honor the Mayor of the City of Boston be, and hereby is, authorized in the name and behalf of the City of Boston to execute and deliver to a purchaser at said public auction a written instrument satisfactory in form to the Law Department of the City of Boston, conveying all the City of Boston's right, title, and interest in and to said parcel of land, together with the building thereon, hereinafter described, subject, however, to the exception and reservation in the City of Boston of the rights and easements, including the structures thereon (shown as "Parcel B" on the plan hereinafter referred to), set forth in an instrument of taking, together with the plan filed therewith, for Transit Department purposes dated May 13, 1947, recorded with Suffolk Registry of Deeds, Instrument No. 91, May 13, 1947. Said parcel of land is bounded and described as follows:

Southwesterly by the northeasterly side line of Canal street, two hundred eighty-two and 30—100 (282.30) feet; northwesterly by the southeasterly side line of land of the City of Boston, Traverse Street Tunnel, thirty-one and 31—100 (31.31) feet;

northeasterly by other land of the City of Boston, along the northeasterly face of the "Subway Wall," two hundred eighty-two and 44—100 (282.44) feet; southeasterly by the northwesterly line of other land of the City of Boston, thirty-one and 43—100 (31.43) feet; containing eight thousand eight hundred fifty-eight (8,858) square feet of land, more or less.

Said parcel of land, the location of the building thereon, the location of the "Subway Wall" together with the location of the rights and easements, including the structures thereon ("Parcel B"), excepted and reserved in the City of Boston for Transit Department purposes as set forth in the instrument of taking and plan filed therewith, hereinbefore referred to, and all of the aforesaid measurements are shown on a plan marked "City of Boston, Canal Street, Boston Proper, May 15, 1947, Thomas F. McGovern, Chief Engineer, Street Laying-Out Department." The original plan is on file in the office of the Street Laying-Out Department, City Hall, Boston, Mass.

Conn. RAMSEY, for the Executive Committee, submitted the following:
Report on message of Mayor and ordinance (referred today) concerning fees for use of municipal golf courses—recommending passage of ordinance in following new draft:

City of Boston.
In the Year Nineteen Hundred and Fifty.
An Ordinance Concerning Fees for Use of Municipal Golf Courses.

Be it ordained by the City Council of Boston, as follows:

Section 1. Section 22 of chapter 41 of the Revised Ordinances of 1947, as most recently amended by chapter 7 of the Ordinances of 1949, is hereby further amended by inserting the following new clause:

26. The fees for the playing of golf on the municipal golf courses shall be as follows:
Franklin Park course.—Annual membership fee, residents, \$15, nonresidents, \$30; Saturday, Sunday, holiday fees, residents, \$1, nonresidents, \$1.50; Monday through Friday fees, \$1; twilight fee (after 5 p.m.), 50 cents.

George Wright course.—Annual membership fee, residents, \$30, nonresidents, \$40; locker fee, \$3; Saturday, Sunday, holiday fees, \$2; Monday through Friday fees, \$1.

The report was accepted, and the new draft of the ordinance was passed.

HOUSING PROJECT ON JAMAICA CAR YARD SITE.

Conn. P. A. TRACY offered the following:
Whereas, A previous order passed by the City Council requested that a housing project be constructed on the site of the Jamaica car yard; and
Whereas, The former State Housing Board rejected said request without giving a proper hearing to interested parties; therefore be it
Ordered, That his Honor the Mayor request the present State Housing Board to approve the construction of a housing project on this site; and be it further

Ordered, That his Honor the Mayor request the State Housing Board to hold a hearing on this matter in order that residents of the Jamaica Plain section may have an opportunity to present their reasons as to why such a housing development should be constructed.
Passed under suspension of the rule.

CUMULATIVE SYSTEM FOR PAYMENT OF MUNICIPAL GOLF COURSE FEES.

Conn. SHANLEY offered the following:
Ordered, That the Park Commissioner be requested, through his Honor the Mayor, to set up an accumulative system by which a daily dollar fee will be utilized toward a final and yearly payment fee for all residents of Boston using the Franklin Park and George Wright golf courses.
Passed under suspension of the rule.

RESURFACING OF CERTAIN WARD 19 STREETS.

Conn. McCORMACK offered the following:
Ordered, That the Commissioner of Public Works be requested, through his Honor the Mayor, to resurface the following streets in Ward 19: Prince street (Centre street to Arborway), Aldworth street, Dane street, Starr Lane, Jamaica Plain; Heathcote street, Roslindale.
Passed under suspension of the rule.

Adjourned at 4.55 p.m., on motion of Councilor Chase, to meet on Monday, March 27, 1950, at 2 p.m.

Note: All debate of City Council eliminated from proceedings in accordance with Chapter 447, Acts of 1947.

(Stenographic copy of such debate on file in office of City Clerk.)

CLAIM ALLOWED.

Upon recommendation of the Corporation Counsel, the Mayor has approved the following claim:

George Norman, 97 Tyler street, Boston, in the sum of \$100, as compensation for personal injuries caused when a truck belonging to the Water Division, Public Works Department, operated by Arthur Woodford, a city employee, collided with the building at 16 Oak street, July 28, 1949, resulting in personal injuries to him.

AMENDED DAMAGES.

The Mayor has approved the following vote of the Board of Street Commissioners:

Voted, That the order of the Street Commissioners and Mayor of November 12, 1947, as amended, determining damages caused by the making of the public improvement consisting of the widening, relocation, and construction of Weld street, be, and the same hereby is, amended, by adding to said order the amount \$70 as an award to Joseph A. Trongone and Bradamante M. Trongone, husband and wife as tenants by the entirety; that the amount \$70 be, and the same hereby is, awarded to Joseph A. Trongone and Bradamante M. Trongone, husband and wife as tenants by the entirety, for the damages so sustained.

BUILDING RAZED.

Approval has been given to enter the land and building at 183-195 Congress street, Boston (the building having become unsafe and dangerous by reason of fire), with such assistance as may be required, and make safe or remove said building and protect the public by a proper fence or otherwise, as may be necessary, and, as the building in question cannot be removed without entering adjacent land numbered 169-181 Congress street, also to enter upon such abutting land for the purpose above stated.

POLICE DEPARTMENT ORDERS.*General Order No. 1,299.*

Patrolman Benjamin H. White of Division 4 is commended and granted three days' extra vacation for meritorious police work performed on March 16, 1950.

While on street patrol duty that evening, the officer's attention was attracted by the sound of revolver shots. Informed that the man who had discharged the revolver had entered an alley in the vicinity, Patrolman White followed him, whereupon he was attacked in the dark by a man who pressed a gun against his side and threatened to kill him. The officer grappled with the man and succeeded in wresting the weapon from him.

When placed in custody the prisoner was found to have sixty-three bullets in his possession in addition to the automatic pistol which he admitted discharging eight times.

The commissioner is pleased to recognize the prompt action of Patrolman White who, without regard for his own safety, pursued and apprehended this man and prevented the commission of a serious crime.

The Superintendent of Police will promulgate this order.

THOMAS F. SULLIVAN,
Police Commissioner.

PROPOSALS FOR SHEET ASPHALT PAVEMENT IN CALL STREET, WARD 2, FROM PARK STREET TO CHELSEA STREET; CHELSEA STREET, WARD 2, FROM CITY SQUARE TO ADAMS STREET, AND JOINER STREET, WARD 2, FROM PARK STREET TO WATER STREET.

The Commissioner of Public Works of the City of Boston, office 503 City Hall Annex, invites proposals from citizens of the United States and corporations or other legal associations wherein the controlling interest to the extent of at least over one half thereof is owned by a citizen or citizens of the United States, for sheet asphalt pavement in Call street, Ward 2, etc. A bond will be required for doing the work of a surety company approved by the Commissioner in the sum of 100 per cent of the amount of the contract, to secure the due performance of the contract and the full protection of the city. Forms of proposals may be obtained at Room 508, City Hall Annex. Each proposal should be enclosed in an envelope, sealed, marked "Proposal for Sheet Asphalt Pavement in Call Street, Ward 2, etc.," and left at Room 508, fifth floor, City Hall Annex, before 12 M. of WEDNESDAY, APRIL 12, 1950, with a certified check for TWELVE HUNDRED (1,200) DOLLARS, payable to and to become the property of the city if the proposal after acceptance is not carried out. The proposals will then be publicly opened and read in the hearing room of the Street Commissioners, Room 401, City Hall Annex.

Proposals must be made in duplicate, the sealed duplicate, without check, to be deposited by the bidder with the City Auditor previous to the time named for opening the bids. All proposals must be from bidders of record on file at Room 508, City Hall Annex. There will be a charge of two dollars (\$2) for each set of plans and specifications taken out. If the price of any item appears to the Commissioner to be abnormally high or low, or the bidder neglects to bid on each and every item, it may lead to the rejection of the proposal containing such price. The rate per hour of the wages to be paid to mechanics, teamsters, chauffeurs and laborers in the work to be performed under the contract shall not be less than the rate of wages in the schedule determined by the Commissioner of Labor and Industries of the Commonwealth, a copy of which schedule is annexed to the form of contract referred to herein. Copies of said schedule may be obtained, without cost, upon application therefor at the office of the Commissioner of Public Works. Before commencing performance of this contract, the Contractor shall provide by insurance for the payment of compensation and the furnishing of other benefits under chapter 152 of the General Laws (the Workmen's Compensation Law so called) to all persons to be employed under this contract and shall continue such insurance in full force and effect during the term of this contract. The undersigned reserves the right to reject any or all proposals or to award the contract as he deems best.

TO STAGE EQUIPMENT CONTRACTORS.

INVITATION FOR PROPOSALS FOR AUDITORIUM AND STAGE EQUIPMENT IN THE TEACHERS COLLEGE, HUNTINGTON AVENUE, NEAR LONGWOOD AVENUE, BOSTON, MASS.

The Superintendent of Construction of the Department of School Buildings, Boston, Mass., hereinafter referred to as the Awarding Authority, invites sealed proposals for auditorium and stage equipment in the Teachers College, Huntington avenue, near Longwood avenue, Boston, Mass.

Proposals will be received until 12 o'clock noon, Monday, April 10, 1950, at the office of the Awarding Authority, fourth floor, 26 Norman street, Boston, Mass., at which time and place they will be publicly opened and read aloud.

Proposals shall be submitted in duplicate on forms obtained from the Awarding Authority. Each copy of the proposal shall be properly filled out, signed and inclosed in a sealed envelope, plainly marked with the name of the bidder and the description of the work bid upon. One copy shall be filed at the office of the Awarding Authority, designated above, and the other copy shall be filed at the office of the City Auditor, City Hall, Boston, Mass. Both copies shall be filed before the time stated above for the opening of proposals.

A bid deposit in the form of cash or a certified check on, or a certificate of deposit issued by, a responsible bank or trust company, payable to the City of Boston, in the sum of \$300, shall be submitted with the copy of the proposal filed with the Awarding Authority. The bid deposit shall be in a separate envelope, properly marked. Bid bonds will not be accepted.

No bidder may withdraw his bid within thirty days after the actual date of the opening thereof.

The rate per hour of the wages to be paid to mechanics, teamsters, chauffeurs and laborers in the work to be performed shall not be less than the rate of wages determined for this work by the Commissioner of Labor and Industries of the Commonwealth of Massachusetts under the provisions of General Laws (Ter. Ed.), chapter 149, section 26, a schedule of which appears in the specifications.

The successful bidder will be required to provide by insurance for the payment of compensation and the furnishing of other benefits under the Workmen's Compensation Law, General Laws (Ter. Ed.), chapter 152, to all persons to be employed under the contract, and sufficient proof of compliance with the foregoing stipulation will be required before commencing performance of this contract.

Specifications may be obtained at the office of the Awarding Authority.

A performance bond, issued by a surety company satisfactory to the Awarding Authority, in the full amount of the contract will be required of the successful general contractor.

The Awarding Authority reserves the right to waive any informalities and to reject any and all bids if it be in the public interest so to do.

OFFICIAL CHRONICLE OF BOSTON MUNICIPAL AFFAIRS.

VOL. 42

SATURDAY, APRIL 8, 1950.

No. 14

MAYOR JOHN B. HYNES RENDERS TRIBUTE TO BOSTON REAL ESTATE EXCHANGE AND MEMBERSHIP FOR AID IN EFFORTS TO SOLVE FINANCIAL PROBLEM HIS ADMINISTRATION IS FACING—TELLS GUESTS AT ANNUAL DINNER THAT SUCCESS IS IN OFFING, THAT CLOUDS ARE CLEARING WITH THEIR HELP, AND THAT CITY IS COMING OUT OF DARKNESS INTO BRIGHTER FUTURE DAYS—THANKS THEM FOR AID IN GETTING PROPER LEGISLATION WITH WHICH TO ACHIEVE PURPOSES—ALSO PAYS TRIBUTE TO ATTORNEY GENERAL J. HOWARD McGRATH, GUEST OF HONOR.

MAYOR HYNES' PLANS FOR MUSIC FESTIVAL AS FEATURE OF BOSTON'S MID-CENTURY JUBILEE MEETING WITH ENTHUSIASTIC COOPERATION FROM LEADING MUSICAL ORGANIZATIONS—DAILY AND NIGHTLY PROGRAMS BEGIN MAY 13 AND WILL CONTINUE THROUGHOUT PERIOD OF JUBILEE.

The Spring Music Festival being organized and promoted by the City of Boston under the leadership of Mayor John B. Hynes is meeting with considerable cooperation and enthusiasm among the leading musical organizations of Boston, according to an announcement by the headquarters of the Music Festival, Room 37, City Hall. The festival will be one of the city's contributions to the Boston Mid-Century Jubilee, sponsored by the Boston Chamber of Commerce and scheduled to be held May 18 to 22, inclusive. The festival, however, will start May 13 and continue daily and nightly up to and through the Jubilee.

Among the organizations that have already volunteered to participate in the Spring Music Festival are the New England Conservatory of Music, Boston University College of Music, Boston Public School Symphony Orchestra, English High School Band, Holy Name Parish Band, the Apollo Male Chorus, New England Conservatory Department of Popular Music, the Society for the Preservation of Barber Shop Quartettes, Boston Musicians' Union, the New England Opera Company, and the departments of music of Northeastern University, Harvard College, Boston College, and Massachusetts Institute of Technology.

The scenes of most of the Spring Music Festival will be the Hatch Shell on the Charles River Esplanade and the Parkman Bandstand, Boston Common. Special musical events, however, will be held during the festival at the Fenway Stadium, Jamaica Pond,

(Continued on page 295.)

At the Real Estate Exchange Dinner at the Hotel Statler on Thursday, March 30, Mayor John B. Hynes spoke as follows:

I am happy to be here tonight, to speak very briefly, but mainly to listen to our guest of honor, the very able Attorney General of the United States, J. Howard McGrath.

We who hold public office on the lower level of government are inclined to think that our troubles and our problems are both trying and severe. Whether they are or not, certainly they cannot compare in portent, in gravity, or in scope with the problems of the national government.

In ever so many instances, the course our government follows in many of its undertakings is not determined upon until the Attorney General gives his blessing. Someone once made the ringing statement—"I would rather be right than be President." And from what I have observed of our Attorney General, I think that is his philosophy, too. For I know of no man on the Washington scene who is more completely anxious to do the right thing, say the right thing, and give the right opinions, than our guest of honor here tonight.

Coming back to the less rarefied level, where I am holding forth for a debatable length of time, I am pleased to have this opportunity to tell the members of the Real Estate Exchange how appreciative I am of the support and assistance which Arthur Wilcox and your membership have given to the bills in the Legislature which affect the city government, its business, and its people.

Legislative Relief.

As you know, the tax rate of the city for this year, because of a combination of circumstances, threatened to reach a point which would be gravely injurious to business and an almost impossible burden for the homeowner to carry.

To prevent such a rate from occurring, I had presented to the Legislature, only after much thought, a bill to permit the refinancing of overlay deficits which, up to the close of last year, had reached the tremendous total of over \$11,000,000. That bill, which for brevity's sake I will not discuss tonight, appears to be on its way to passage.

Its passage will not mean a decrease in the rate—not by any means—but it will prevent the rate from soaring to unheard-of heights. For your help on this bill I am most grateful.

"O Boston, fair City enthroned like a diant queen,
From thy hills looking down on the ship-teeming plain of the ocean,
May thy future be bright, thy skies beam with light all serene,
Ensured by thy sons' and thy daughters' unselfish devotion!"

From Boston Centennial Poem by
NATHAN HASKELL DOLE.

MAYOR HYNES ADDRESSES MEMBERSHIP OF BOSTON REAL ESTATE EXCHANGE.

(Continued from page 293.)

Another bill, now before the Legislature, calls for a further \$5,000,000 authorization for off-street parking facilities. There is hardly any necessity for me to emphasize the need for more parking areas in our city. I think we are all in agreement that the automobile is here to stay, and, unless we make the necessary provisions, the automobile is going to stay somewhere else, to the loss of all of us who live, work, and do business in our city. For your help on this bill I am also most appreciative, and, if it is enacted into law, due credit should be given to your organization.

BRIGHT DAYS AHEAD.

This year your city administration does not expect to perform wonders. We do expect to make the kind of progress which will produce encouraging results next year. We are approaching the valuation problem on a common-sense basis. We will attempt to evaluate your properties fairly and refrain from the transparent process of raising and lowering your properties each year, ad infinitum.

My report to you tonight is this—there are many dark clouds ahead, but there is brightness beyond. We are trying to take the steps which will bring us—in time—out of the darkness and into brighter days for the future.

DAY AND NIGHT MUSICAL PROGRAMS BEGIN MAY 13.

(Continued from page 293.)

and possibly the Franklin Park Stadium and City Point, South Boston.

FEATURES PLANNED.

Included in the many features being planned will be a presentation of the famous "gay nineties" production, composed of leading Greater Boston amateur and professional musicians and sponsored by the Recreation Division of the City of Boston Park Department. A grand community sing for the people of all Boston at Jamaica Pond is another feature that is being developed.

The entire Spring Music Festival is being built around the program of the Chamber of Commerce Boston Mid-Century Jubilee. One of the musical features of the Jubilee program will be a chorus of several hundred mixed voices accompanied by the Boston Symphony Orchestra. The songsters will be members of many of the leading musical organizations of New England.

From all present indications, the Spring Music Festival will be opened with a May festival at Playland on Boston Common, Saturday morning, May 13. It will be presented by several hundred boys and girls from Boston public playgrounds under the direction of the Recreation Division of the Park Department. The highlight of the occasion will be the crowning of the "Queen of the May."

The Spring Music Festival is already attracting more than local attention.

During the past week, the headquarters of the festival received a letter from the bandmaster of the Rundlett Junior High School at Concord, N.H., offering to have his 100-piece junior high school band appear in the festival. The offer was accepted.

CIRCULAR LETTER NO. 6.

CITY OF BOSTON,
MAYOR'S OFFICE, March 29, 1950.

To All Department Heads.

GENTLEMEN:

You are hereby directed to grant leave of absence, without loss of pay, to employees of the city who are of the Jewish faith for the observance of the Passover on Monday, April 3, 1950.

Respectfully,

JOHN B. HYNES, Mayor.

* Contract awarded

WITHOUT ADVERTISING.

Upon varying dates as indicated the Mayor approved contracts with firms, commercial houses and contractors for furnishing labor, supplies, etc. Communications from heads of the departments interested were as follows:

LIBRARY DEPARTMENT.

BOSTON, March 21, 1950.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. MAYOR:

Your permission is respectfully requested to award, without public advertising, to the H. B. Church Truck Service Company, 26 Reading street, Roxbury, a contract for providing a Bookmobile service. This Bookmobile service is actually a traveling branch library and will give library service to all sections of the city now without it, pending the provision of library service in a more permanent form.

On August 15, 1949, his Honor the Mayor approved a contract with the H. B. Church Truck Service Company to provide a Bookmobile service on a contractual basis. A delay occurred in obtaining the required equipment, with the result that the contract could not be put into effect in the fiscal year 1949.

The H. B. Church Truck Service Company has provided transportation service to the Library on a contractual basis for the past six years and has given satisfactory service on all of its contracts. It is a reliable organization which has a thorough familiarity with the work to be performed for the Library and has obtained a Bookmobile according to the specifications provided by the Library. It is prepared to make available to the Library on a contractual basis the required Bookmobile service.

It is believed that it would be to the best interests of the Library to dispense with public advertising and to award this contract to the H. B. Church Truck Service Company. The Trustees have, therefore—

Voted, That there be awarded without public advertising to the H. B. Church Truck Service Company, 26 Reading street, Roxbury, a contract for providing a Bookmobile service, using a Bookmobile built to specifications provided by the Library, for the period March 13, 1950, through December 31, 1950, at the rate of one hundred eighty-five dollars (\$185) per week (Monday through Friday), plus two dollars and ten cents (\$2.10) for all hours beyond forty (40) hours in any one week (Monday through Friday), and for all hours worked on Saturday at the rate of seventy-five cents (\$.75) per hour for the first four (4) hours and two dollars and ten cents (\$2.10) per hour for all hours worked thereafter.

Your permission to proceed along these lines is respectfully requested.

Respectfully,

THE TRUSTEES OF THE PUBLIC LIBRARY
OF THE CITY OF BOSTON,
by FRANK W. BUXTON, President.

SUPPLY DEPARTMENT.

BOSTON, March 24, 1950.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. MAYOR:

This department is in receipt of a requisition from the Penal Institutions Department for one plane 24-inch by 8-inch surface planer.

It is respectfully requested to award a contract, without public advertisement, to Woodcraft Supply Company, as this company submitted the lowest bid on required specifications. Requests for prices were solicited among several companies.

Total amount of contract will be \$2,165.

Respectfully yours,

JOHN V. MORAN,
Superintendent of Supplies.

SUFFOLK COUNTY.

MUNICIPAL COURT, DORCHESTER DISTRICT.

BOSTON, March 24, 1950.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR SIR:

In accordance with chapter 156 of the Acts of 1939, which requires contracts for work or purchase exceeding \$1,000 to be advertised, I hereby request that this court be exempt from compliance with that provision of Item 4-1 in the budget of this court relative to the purchase of supplies.

Very truly yours,

WILLIAM E. LYNCH, Justice.

Boston, March 24, 1950.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR SIR:

In accordance with chapter 156 of the Acts of 1939, which requires contracts for work or purchase exceeding \$1,000 to be advertised, I hereby request that this court be exempt from compliance with that provision of Item 2-4 in the budget of this court relative to the transportation of persons to and from correctional institutions.

Very truly yours,

WILLIAM E. LYNCH, Justice.

CONSTRUCTION WORK.

The Mayor has approved the request of the Public Works Department for the following construction work:

A 10-inch pipe sanitary sewer, five catch basins, and 26 house connections in Horace street, between Moore street and Harmony street, in the East Boston district, at an estimated cost of \$11,120.

Five catch basins, two manholes, and five track inlets in Life street, between North Beacon street and Guest street, in the Brighton district, at an estimated cost of \$2,300.

Five catch basins and four manholes in Guest street, between Life street and 396 feet northwesterly, in the Brighton district, at an estimated cost of \$2,200.

EXTENSION OF CONTRACT.

HOSPITAL DEPARTMENT (Sanatorium Division).

It is agreed that the words "February 15, 1950," appearing in the contract between the City of Boston and the Bay View Window Cleaning Company, dated November 9, 1949, be stricken out and the words "April 30, 1950," be substituted in their place.

The contract above referred to was previously extended on February 16, 1950. (Contract for window cleaning at the Boston Sanatorium.)

CIVIL SERVICE EXAMINATIONS.

NOTE.—Applicants are advised to file applications early. In event of a tie on the eligible list, the applicant who filed his application first will be given precedence.

General Order No. 1,301.

Capt. John H. Cloran, Sergt. John J. Todd, Detectives Leo V. Devlin, Arthur O'Shea, William V. Chamberlain, Thomas W. Barry, Thomas F. Allen, James A. Michaels, Timothy J. Wallace, and Patrolmen Lawrence P. Daly, Daniel F. Flood, and Maynard H. Lunt, all attached to Division 9, are commended for outstanding police work performed and each is granted three days' additional vacation.

Captain Cloran and the above-named members of the department were responsible for the arrest of five thieves and the recovery of six stolen automobiles, stolen registration plates, and quantities of stolen merchandise, including revolvers, rifles, and binoculars, belonging to the United States government which had been stolen from the Newton armory some months ago.

The commissioner is pleased to recognize the thorough and painstaking manner in which these officers accomplished the recovery of this large amount of stolen property and halted the depredations of a gang of armed criminals whose activities ranged over several states.

The Superintendent of Police will promulgate this order.

THOMAS F. SULLIVAN,
Police Commissioner.

General Order No. 1,302.

The following-named officers having requested retirement under the provisions of the Statutes of 1892, chapter 353, as amended, for the reason that they are incapacitated, it is hereby

Ordered, His Honor the Mayor having approved the same, that he be retired from active service in the Police

Department, effective Tuesday, April 4, 1950, at 7.45 o'clock A.M.:

Patrolman John J. Connor, Division 6, 30 years of service.

The Superintendent of Police will promulgate this order.

THOMAS F. SULLIVAN,
Police Commissioner.

LAND-TAKING IN HYDE PARK.

The Mayor has approved the order of the Board of Street Commissioners for the taking of land for sewerage works to be constructed as follows:

The right and easement is taken to lay and maintain sewerage works in the following described lands, exclusive of any interest in trees, buildings or other structures standing thereon, reserving to the owners thereof the right to use the lands for any purpose except such as may injure or obstruct said works, and except for placing or maintaining any structure on said lands not authorized in writing by the Mayor of said city; trees, buildings or other structures standing upon or affixed to the land in which an easement is hereby taken are to be removed therefrom within sixty days following a notice of the city's intention to enter upon said taking for the purpose of constructing said sewerage works. Said lands are in that part of Boston formerly Hyde Park and are bounded as follows:

A parcel of land, owners unknown, being part of the private way known as Andria road, bounded:

Easterly by land hereinafter described as taken from owners unknown (George street), forty-four and 45-100 feet; southerly by the southerly line of Andria road, one hundred forty-five and 85-100 feet; westerly by another part of Andria road, thirty-five feet; northerly by the northerly line of Andria road, one hundred thirty-eight and 79-100 feet; and westerly by the westerly line of Andria road, fifteen and 5-100 feet, on a curve of ten feet radius, containing fifty-one hundred and sixty-three square feet, more or less.

A parcel of land, owners unknown, being part of the private way known as George street, bounded:

Westerly by Andria road and by the westerly line of George street, fifty-two and 67-100 feet; northerly by another part of George street, fourteen and 50-100 feet; easterly by easement taken by the City of Boston for sewerage purposes June 21, 1932, fifty-one and 61-100 feet; and southerly by another part of George street, fourteen and 53-100 feet, containing seven hundred and fifty-six square feet, more or less.

The sewerage works to be constructed are as follows: one hundred and seventy-five linear feet of 10-inch pipe sanitary sewer and 170 linear feet of 12-inch pipe surface drain, in the above described land, being parts of the private ways known as Andria road and George street.

Betterments are to be assessed for the making of the aforesaid improvement.

Ordered, That this Board estimates that the abutting lots of land on the northerly and southerly sides of Andria road, for a distance of approximately one hundred and fifty feet westerly from George street, will receive benefit or advantage, beyond the general advantage to all real estate in said city, from the

improvement herein ordered; each of said lots in the amount hereinafter respectively set against it; said lots and the supposed owners being shown on the plan hereinbefore referred to and on file in the office of said department.

The Mayor has approved the following:

Know all men by these presents that, whereas a controversy exists between the city and the H. B. Church Truck Service Company concerning the validity of an instrument, entitled transportation of books and other materials between the central library and the branch libraries during the calendar year 1950, executed under date of December 28, 1949, by the H. B. Church Truck Service Company and the City of Boston, acting through the Trustees of the Public Library of the City of Boston and approved by the Mayor of Boston on December 30, 1949; now, therefore, be it further known that the parties hereto in consideration of the mutual promises herein made, one to the other, do hereby remise, release, and forever discharge each other of and from all debts, demands, actions, causes of action, suits, accounts, covenants, agreements, damages, and any and all claims, demands, and liabilities whatsoever of every name and nature, both in law and in equity, which against each other, or their heirs, successors and assigns now have or ever had from the beginning of the world to this date on account of the aforesaid instrument.

Signed this third day of March, 1950.

PROCEEDINGS OF CITY COUNCIL.

Monday, March 27, 1950.

Regular meeting of the City Council held in the Council Chamber, City Hall, at 2 P.M., President HURLEY in the chair. Absent, Councillor Lane.

The meeting was opened with the salute to the Flag.

NAMING OF SQUARE IN HONOR OF JOSEPH HOLMES, JR.

The following was received:

City of Boston,
Office of the Mayor, March 27, 1950.
To the City Council.

Gentlemen:

I transmit herewith communication from the Chairman of the Board of Park Commissioners relative to your order of January 30, 1950, concerning the naming of the square in the Arborway, near the traffic circle, in honor of Sergt. Joseph Holmes, Jr., who was killed in action in the European theater of war in 1944.

Respectfully,

J. B. HYNES, Mayor.

City of Boston,
Park Department, March 16, 1950.
Mr. Thomas G. J. Shannon,
Chief Clerk, Mayor's Office.

Dear Sir:

I am in receipt of a memo from your office with attached enclosure, City Council order, dated January 30, requesting the naming of the square in the Arborway, near the traffic circle, in honor of Sergt. Joseph Holmes, Jr., who was killed in action in the European theater of war in 1944.

I have had a survey made by the Chief Engineer of the area in question and at the next meeting of the Board of Park Commissioners I will present the naming of this square to them for their consideration.

Very truly yours,

FRANK R. KELLEY, Chairman.

Placed on file.

GENERAL WILLIAM HEATH SQUARE RESTORATION.

The following was received:

City of Boston,
Office of the Mayor, March 27, 1950.
To the City Council.

Gentlemen:

I transmit herewith communication from the Chairman of the Board of Park Commissioners relative to your order of February 20, 1950, concerning the restoration of General William Heath square to its former usefulness and beauty.

Respectfully,

J. B. HYNES, Mayor.

City of Boston,
Park Department, March 16, 1950.
Mr. Thomas G. J. Shannon,
Chief Clerk, Mayor's Office.

Dear Sir:

I am in receipt of a memo from your office with attached City Council order requesting the restoration of General William Heath square.

I am having a general survey made of the department just to ascertain the important work to be done during the spring season, and I would be pleased to help out on some of the work that Councillor Tracey wants done in Heath square.

I believe there is merit to the matter of surfacing the walks with concrete around the square, harrowing and seeding the lawn and erecting a 3½-foot iron fence. The cost of completing this work would be approximately \$3,000.

The matter of erecting benches, however, I cannot make a definite promise. Some years ago there were benches around this triangle and because of the opposition of many of the neighbors in this area, we were required to remove the benches.

With regard to erecting a boulder and a bronze tablet, this is something that would probably run into considerable expense, a matter to discuss with the Art Commission who are in charge of the areas for the making of historic sites.

Very truly yours,

FRANK R. KELLEY, Chairman.

Placed on file.

BROMLEY PARK RESTORATION.

The following was received:

City of Boston,
Office of the Mayor, March 27, 1950.
To the City Council.

Gentlemen:

I transmit herewith communication from the Chairman of the Board of Park Commissioners relative to your order of February 20, 1950, concerning the restoration of Bromley park, in Ward 10.

Respectfully,

J. B. HYNES, Mayor.

City of Boston,
Park Department, March 16, 1950.
Mr. Thomas G. J. Shannon,
Chief Clerk, Mayor's Office.

Dear Sir:

I am in receipt of a memo from your office with attached City Council order, dated February 20, relative to fixing up the grass area, the trees, and fence at Bromley park, Roxbury.

I have had an inspection of the area made and I believe we will be able to repair the fence and fertilize the grass area and trim the trees, however, I first must have a thorough survey made of the area. An estimate I have received from the Chief Engineer shows it will cost approximately \$2,500.

If, after the survey, I find we have the necessary funds, I will proceed to do the amount of work mentioned herein.

Very truly yours,

FRANK R. KELLEY, Chairman.

ERECTION OF MUNICIPAL BUILDING, WARD 10.

The following was received:

City of Boston,
Office of the Mayor, March 27, 1950.
To the City Council.

Gentlemen:

I transmit herewith communication from the Chairman of the Board of Park Commissioners relative to your order of March 6, 1950, concerning the erection of a building in Ward 10, Roxbury, on land located on Tremont street, adjacent to the Public Library.

Respectfully,

J. B. HYNES, Mayor.

City of Boston,
Park Department, March 22, 1950.
Mr. Thomas G. J. Shannon,
Chief Clerk, Mayor's Office.

Dear Sir:

I am in receipt of a memo from your office with attached City Council order dated March 6, 1950, requesting that a study be made of the advisability of erecting a Municipal Building in Ward 10.

It is true that in 1945 there was money appropriated for the purpose of erecting such a building, but it is very questionable whether or not a gymnasium building could be erected for the amount of money we have on hand. However, I am having a survey made as to the advisability of erecting such a building.

At the present writing I cannot promise anything definite on this matter.

Very truly yours,

FRANK R. KELLEY, Chairman.

INSTALLATION OF SEWERAGE, WARD 20.

The following was received:

City of Boston,
Office of the Mayor, March 27, 1950.
To the City Council.

Gentlemen:

I transmit herewith communication from the Public Works Commissioner relative to your orders of February 20, 1950, concerning the installation of sewerage on Birch road, Ward 20; and the installation of sewerage in West Roxbury, in the Grove Street section.

Respectfully,

J. B. HYNES, Mayor.

City of Boston,
Public Works Department,
March 20, 1950.

Mr. Thomas G. J. Shannon,

Chief Clerk, Mayor's Office.

Dear Mr. Shannon:

This is in reference to the following orders that were passed in the City Council on February 20:

"Ordered, That the Public Works Commissioner be requested, through his Honor the Mayor, to install sewerage on Birch road, Ward 20."

"Ordered, That the Public Works Department be requested, through his Honor the Mayor, to install sewerage in West Roxbury, in the Grove street section, thereby eliminating septic tanks and cesspools now in use. I believe this improvement is long overdue."

As Birch road is located within the Grove street section of West Roxbury, it comes within the provisions of the order affecting the installation of sewerage in that section.

The matter of installing sanitary sewers in the so-called Grove section of West Roxbury has been under consideration for a number of years, and the matter was first brought to my attention in 1938 during my previous term as commissioner. I am kindly disposed towards the installation of sewers in this area and I felt the same way in 1938. I therefore under date of March 30, 1939, addressed a communication to the Corporation Counsel, asking in substance, if the department was authorized to construct sewers in the narrow streets of the Grove section of West Roxbury. A copy of this communication is enclosed for the perusal and examination of the members of the City Council. I am also enclosing copy of reply of April 3, 1939, that was sent to me by the Corporation Counsel, in which he stated, in substance, that statutory law prohibited the installation of sewers in this area.

The same laws are in effect today and, under the circumstances, therefore, I am precluded from taking favorable action on the above-referenced orders.

Respectfully yours,

GEORGE G. HYLAND,
Commissioner of Public Works.

City of Boston,
Public Works Department,
March 30, 1939.

Henry Parkman, Jr., Esq.,
Corporation Counsel.

Dear Mr. Parkman:

Due to public necessity, I am desirous of constructing sewers in private streets in the Grove section of West Roxbury. The locations, directions, widths, and grades of these streets have never been approved by the Board of Street Commissioners, either under the provisions of section 10, chapter 393 of the Acts of 1906, or chapter 323 of the Acts of 1891.

The sewerage from the residences in this section is discharged into cesspools, resulting in unsanitary conditions that are a menace to the health of the residents, along with the nuisance created by such a method of sewage disposal.

I feel that the question of the protection of the health of the residents is paramount to any statutory law, and that a start should be immediately made for the installation of sewers in this section. I presume that the Health Commissioner has the authority to condemn these cesspools, thereby allowing for the construction of sewerage works, but I would rather not resort to condemnation proceedings in view of the fact that a large number of residents would be affected and I am not prepared at this time, due to the cost involved, to construct sewerage works throughout the entire district.

I respectfully request your opinion as to whether or not I have the authority to construct sewerage works (not trunk sewers) in the streets of the Grove section of West Roxbury, as public necessity so requires, even though the streets are private and the locations, directions, widths, and grades of them have never been approved by the Board of Street Commissioners, under the provisions of section 10, chapter 393 of the Acts of 1906.

If your opinion is in the affirmative, it is expressly understood that assessments will be levied, in accordance with section 10 of chapter 27 of the Revised Ordinances of 1925, against properties from which it is desired to connect the house connection to the sewer, and that all releases and easement rights will be secured from the abutters before the start of construction work in the streets.

Yours very truly,

GEORGE G. HYLAND,
Commissioner of Public Works.

City of Boston,
Law Department, April 3, 1939.
George G. Hyland, Esq.,
Commissioner of Public Works.

Dear Mr. Hyland:

Your letter of March 30, 1939, wherein you state, "I respectfully request your opinion as to whether or not I have the authority to construct sewerage works (not trunk sewers) in the streets of the Grove section of West Roxbury, as public necessity so requires, even though the streets are private and the locations, directions, widths, and grades of them have never been approved by the Board of

Street Commissioners, under the provisions of section 10, chapter 393 of the Acts of 1906," has been received and considered by me.

Chapter 393 of the Acts of 1906 was an act relative to highways, public alleys, sewers, and sidewalks in the City of Boston. Section 10 of said act is as follows:

"SECTION 10. After the passage of this act (i.e., May 16, 1906) no person or corporation shall prepare or open for public travel in the City of Boston any way, unless its location, direction, widths and grades are satisfactory to and have been approved in writing by said board of street commissioners, but all highways in the territory shown on any plan heretofore made by the board of survey or by said street commissioners under the authority of chapter three hundred and twenty-three of the acts of the year eighteen hundred and ninety-one shall be in accordance with the locations, direction, width and grades shown thereon; and no public sewer, drain, water pipe, or lamps shall be placed in, or public work of any kind done on, any way in any such territory other than in the ways shown on the plan or plans of such territory; provided, however, that this provision shall not prevent the laying of a trunk sewer or a water or gas main as engineering demands shall require."

I am informed by the office of the Chief Engineer of the Street Laying-Out Department of the City of Boston that the private streets of the Grove section of West Roxbury were not laid out in accordance with the locations, directions, widths, and grades as shown on the plans made by the Board of Street Commissioners of the City of Boston and for this reason the locations, directions, widths, and grades of these streets have never been approved by the said Board of Street Commissioners.

Therefore, by the express terms of section 10 of chapter 393 of the Acts of 1906 you are prohibited from constructing sewerage works other than trunk sewers in the private streets in the Grove section of West Roxbury.

You further state in your letter that, "The sewage from the residences in this section is discharged into cesspools, resulting in unsanitary conditions that are a menace to the health of the residents, along with the nuisance created by such a method of sewage disposal. . . . I presume that the Health Commissioner has the authority to condemn these cesspools, thereby allowing for the construction of sewerage works. . . ."

Chapter III of the General Laws (Ter. Ed.) relates to public health, and section 122 to 142, inclusive, of this chapter are relative to nuisances. Section 122 of said chapter III is as follows:

"SECTION 122. The board of health shall examine into all nuisances, sources of filth and causes of sickness within its town, or on board of vessels within the harbor of such town, which may, in its opinion, be injurious to the public health, shall destroy, remove or prevent the same as the case may require. . . ."

"SECTION 127. The board of health of a city and the board of health of a town, if authorized by the town, may make and enforce regulations for the public health and safety relative to house drainage and connection with common sewers, if such a sewer abuts the estate to be drained."

"SECTION 132. Land which is wet, rotten or spongy, or covered with stagnant water, so as to be offensive to residents in its vicinity or injurious to health, shall be deemed a nuisance, which the board of health of the town where it lies, upon petition and hearing, may abate in the manner provided in the seven following sections: . . ."

Sections 133 to 139, inclusive, refer to the form of application for abatement of the alleged nuisance; proceedings on application; form and service of notice; damages, appeal from adjudication of nuisance and appeal from assessment therefor.

Admitting for the purposes of argument only, that the present cesspools in this particular section are a nuisance, the power to abate this nuisance, by action of the Board of Health, does not put upon your department the obligation to go forward with the construction of sewerage works in the private ways of this section, for it is to be noted that the use of proper cesspools is expressly provided for in section 115 of chapter 550 of the Acts of 1907, which chapter and section relates to the construction, alteration, and maintenance of buildings in the City of Boston, and reads as follows:

"SECTION 115. The plumbing of every building shall be separately and independently connected outside the building with the public sewer, if such sewer is provided, or with a proper and sufficient drain or

sewer laid outside of the building, and if a sewer is not accessible, with a proper cesspool."

Therefore, a proper cesspool in this particular section of West Roxbury does not constitute a nuisance, but is to be regarded as constituting a proper means of disposal of sewage under the present existing conditions. If the cesspools in use in fact do constitute a nuisance, the Board of Health has power to prohibit their use, or require their alteration and improvement to satisfy health requirements.

Very truly yours,
HENRY PARKMAN, JR.,
Corporation Counsel.

SALE OF OBSOLETE EQUIPMENT, ETC., PUBLIC WORKS DEPARTMENT.

The following was received:

City of Boston,
Office of the Mayor, March 27, 1950.
To the City Council.

Gentlemen:

I transmit herewith a communication from the Commissioner of Public Works relative to the sale by public auction of a large amount of obsolete equipment, material, and parts located in the various yards and buildings of that department and which is of no further use to them.

Accordingly, I respectfully recommend the passage by your Honorable Body of the accompanying order for the sale of this property at public auction.

Respectfully,

J. B. HYNES, Mayor.

City of Boston,
Public Works Department,
March 20, 1950.

Hon. John B. Hynes,
Mayor of Boston.

Dear Mr. Mayor:

At the present time there is an unusually large amount of obsolete equipment, material, and parts located in the various yards, garages and buildings of the department. Some of the equipment could be utilized for various purposes by equipment dealers or contractors and therefore has a definite resale value. Most of it, however, can be considered only as having junk value. In any event, it should be disposed of by the department because it is only rusting away and depreciating in value the longer we hold on to it.

While it is difficult to determine the exact resale value of this equipment, material, and the equipment parts, it will sell for far in excess of the \$500 established by section 14 of chapter 3 of the City Ordinances as the maximum value of property that can be disposed of with the approval of the Mayor.

I respectfully recommend, therefore, that you forward to the City Council for approval the enclosed order which provides for the holding of a public auction to dispose of the obsolete equipment and parts that are the property of this department and which are of no further use to us.

Very truly yours,
GEORGE G. HYLAND,
Commissioner of Public Works.

Ordered, That the Commissioner of Public Works be, and hereby is, authorized to sell, at public auction, after public advertisement, obsolete equipment, material, and parts, which are no longer of any use to the city and which have an estimated value in excess of \$500.

Referred to the Executive Committee.

TRANSFER OF LAND IN SOUTH BOSTON TO PUBLIC WORKS DEPARTMENT.

The following was received:

City of Boston,
Office of the Mayor, March 27, 1950.
To the City Council.

Gentlemen:

I transmit herewith attached communication from the Commissioner of Public Works requesting the transfer from the Board of Real Estate Commissioners to the Public Works Department of certain land in South Boston to be used as district yards of the latter department.

Accordingly, I respectfully recommend the passage by your Honorable Body of the accompanying order transferring this land from the Board of Real Estate Commissioners to the Public Works Department for the aforesaid purposes.

Respectfully,

J. B. HYNES, Mayor.

City of Boston,
Public Works Department,
March 27, 1950.

Hon. John B. Hynes,
Mayor of Boston.

Dear Mr. Mayor:

At the present time this department has no district yards located in the South Boston area. The area formerly occupied by the Paving Service for the South Boston district was located on Southampton street on the site now being used by the Fire Department for the erection of a central garage and headquarters. The Sanitary and Street Cleaning Services, at the present time, use the Albany street yard, although, in most cases, the men report to the fire house located on Dorchester street.

In view of the circumstances, it is most essential for the department to acquire areas in the South Boston district to use as district headquarters. Upon investigation, I found that the Board of Real Estate Commissioners had several parcels in the South Boston area that would be most suitable for use by this department.

One of these is located at 212 and 214 West First street and contains 41,076 square feet of land; another is located at 175 West First street extending through to West Second street and contains 16,500 square feet of land. The latter-referenced site is now being used by the Welfare Department as a wood yard. It is our intention to use one half of the area at the latter-referenced location and permit the remaining half to be used by the Welfare Department.

The orders providing for the transfer of these parcels have been prepared by the Law Department and are enclosed with this com-

munication. I respectfully request that they be submitted to the City Council for the approval of that Body.

Respectfully yours,
GEORGE G. HYLAND,
Commissioner of Public Works.

City of Boston,
Board of Real Estate Commissioners,
March 27, 1950.

Hon. John B. Hynes,
Mayor of Boston.

My dear Mr. Mayor:

There are at the present time four parcels of foreclosed land in the South Boston District of the City of Boston, located as follows: 16,500 square feet of land on the northeasterly side of West First street, numbered 212 West First street; 24,576 square feet of land on the northeasterly side of West First street, numbered 214 West First street; 8,250 square feet of land on the northeasterly side of West Second street, numbered 176 and 178 West Second street; 8,250 square feet of land on the southeasterly side of West First street, numbered 175-179 West First street—which are under the care, custody, control, and management of the Board of Real Estate Commissioners.

Inasmuch as this Board has no immediate use for the above-mentioned land, and as it has no particular resale value at the present time, except as sites for Public Works yards, it would be more advantageous for the city to retain ownership.

The Board of Real Estate Commissioners recommends that by order of the City Council, with the approval of the Mayor, said care, custody, control, and management of said land be transferred from the Board of Real Estate Commissioners to the care, custody, control, and management of the Public Works Department.

It is also recommended that, if and when the Public Works Department has no further use for said properties, they be transferred back to the care, custody, control, and management of the Board of Real Estate Commissioners.

Very truly yours,
HERMAN CARP, Chairman.

Whereas, The City of Boston by a decree of the Land Court, Suffolk Registry District, dated May 17, 1945, foreclosed a right of redemption under a tax deed recorded with Suffolk Deeds, Book 5776, page 117, on about sixteen thousand five hundred (16,500) square feet of land on the northeasterly side of West First street numbered two hundred twelve (212) in the numbering of said West First street; and

Whereas, The City of Boston by a decree of the Land Court dated May 17, 1945, foreclosed a right of redemption under a tax deed recorded with Suffolk Deeds, Book 5776, page 118, on about twenty-four thousand five hundred seventy-six (24,576) square feet of land on the northeasterly side of West First street numbered two hundred fourteen (214) in the numbering of said West First street; and

Whereas, The City of Boston by a decree of the Land Court, Suffolk Registry District, dated January 18, 1937, foreclosed a right of redemption under a tax deed recorded with Suffolk Deeds, Book 5395, page 235, on about eight thousand two hundred and fifty (8,250) square feet of land on the northeasterly side of West Second street numbered one hundred seventy-six (176) and one hundred seventy-eight (178) in the numbering of said West Second street; and

Whereas, The City of Boston by a decree of the Land Court, Suffolk Registry District, dated February 11, 1938, foreclosed a right of redemption under a tax deed recorded with Suffolk Deeds, Book 5440, page 330, on about eight thousand two hundred and fifty (8,250) square feet of land on the southerly side of West First street numbered one hundred seventy-five (175) to one hundred seventy-nine (179) in the numbering of said West First street; now, therefore, it is hereby

Ordered, That the aforesaid parcels of property be and the same hereby are transferred from the care, custody, control, and management of the Chairman, Board of Real Estate Commissioners, to the care, custody, control, and management of the Public Works Department for Public Works Department purposes.

APPROPRIATION FROM INCOME OF CEMETERY FUND.

The following was received:

City of Boston,
Office of the Mayor, March 27, 1950.
To the City Council.
Gentlemen:

In the preparation of the 1950 budget, provision was made, as in previous years, that

\$60,000 of the maintenance expenses of the Cemetery Division of the Park Department should be charged against income of the Cemetery Fund. Before this income can be utilized, it is necessary that an appropriation be made.

I, accordingly, submit herewith, in accordance with the provisions of chapter 117 of the Acts of 1913, an order providing for the appropriation from the income of the Cemetery Fund in the sum of \$60,000, the same to be utilized in meeting maintenance expenses of the Cemetery Division, and respectfully recommend adoption by your Honorable Body.

Respectfully,

J. B. HYNES, Mayor.

City of Boston,

Park Department, March 14, 1950.

Hon. John B. Hynes,
Mayor of Boston.

Dear Mr. Mayor:

By vote of the Board of Park Commissioners on March 14, 1950, you are respectfully asked to issue an order on the City Council that the sum of \$60,000 be appropriated from the income of the General Cemetery Fund to be expended under the direction of the Park Commission for Cemetery Division maintenance and improvement.

This sum may be appropriated under the provisions of chapter 117 of the Acts of 1913.

When making up the budget estimates of the Cemetery Division for the year 1950 it was indicated that the amount of \$60,000 could be deducted from the A-1 item (Permanent Employees) if permission was given to use \$60,000 for maintenance and improvement of our cemeteries from the income of the General Cemetery Fund.

Respectfully yours,

FRANK R. KELLEY, Chairman.

Ordered, That under the provisions of chapter 117, Acts of 1913, the sum of sixty thousand dollars (\$60,000) be, and hereby is, appropriated from the income of the Cemetery Fund, to be expended under the direction of the Park Commissioner, for Cemetery Division maintenance and improvement.

Referred to the Committee on Appropriations.

TRANSFER OF LAND ON HARRISON AVENUE TO PARK DEPARTMENT.

The following was received:

City of Boston,

Office of the Mayor, March 16, 1950.
To the Honorable City Council.
Gentlemen:

I transmit herewith communication from Frank R. Kelley, Chairman, Board of Park Commissioners, requesting that the premises numbered 624, 628 and 630, 632 and 634 Harrison avenue, Boston Proper, be transferred from the care, custody, control and management of the Boston Fire Department to the care, custody, control and management of the Board of Park Commissioners.

These properties were acquired by the City of Boston by decrees of the Land Court dated November 7, 1945, and November 7, 1945, foreclosing rights of redemption under tax deeds recorded with the Suffolk Registry of Deeds.

By an order of the City Council passed November 18, 1946, and approved by the Mayor of Boston November 19, 1946, these parcels of land were transferred from the care, custody, control and management of the Chairman, Board of Real Estate Commissioners, to the care, custody, control and management of the Fire Department. The new fire headquarters now under construction at Massachusetts avenue and Southampton street has, in the opinion of the Fire Commissioner, rendered these parcels no longer necessary to the Fire Department. The Chairman, Board of Real Estate Commissioners, has signified his approval of the transfer to the Board of Park Commissioners.

It is the intention of the Board of Park Commissioners to develop these properties as a small tots' play area, and I therefore recommend the adoption of the accompanying order transferring the care, custody, control and management of these parcels of land from the care, custody, control and management of the Fire Department to the care, custody, control and management of the Board of Park Commissioners.

Respectfully,

J. B. HYNES, Mayor.

City of Boston,

Park Department, March 2, 1950.
Hon. John B. Hynes,
Mayor of Boston.

Dear Sir:

I respectfully request that you make arrangements as soon as possible to transfer the

following land from the care, control and custody of the Boston Fire Department to the care, control and custody of the Park Department for presentation to the City Council as soon as possible:

1,831 square feet of land on the southeasterly side of Harrison avenue, Boston, formerly numbered 624 in the numbering of said avenue; 1,831 square feet of land on the southeasterly side of Harrison avenue, Boston, formerly numbered 628 and 630 in the numbering of said avenue; approximately 1,574 square feet of land on the southeasterly side of Harrison avenue, Boston, formerly numbered 632 and 634 in the numbering of said avenue.

This land was transferred from the care, control and custody of the Real Estate Division to the Fire Department under a City Council order passed and approved on November 18, 1946, and approved by the Mayor on November 19, 1946.

At the time of the transfer it was planned by the Fire Department to establish on this land a paint shop and garage. Now that a new Headquarters and Maintenance Garage building is to be erected on Southampton street, the Fire Department will not require these lots. I have been so informed in writing of this fact by Michael T. Kelleher, Fire Commissioner.

It is the plan of this department to develop this land as a small tots' play area and we would like to do the work this spring, so it would be appreciated if you would arrange to prepare the necessary papers as soon as possible.

Thank you for giving this matter your attention.

Respectfully yours,
FRANK R. KELLEY, Chairman.

Whereas, The City of Boston by a decree of the Land Court, Suffolk Registry District, dated November 7, 1945, foreclosed a right of redemption under a tax deed recorded with Suffolk Deeds, Book 5926, page 223, on about one thousand eight hundred thirty-one (1,831) square feet of land on the southeasterly side of Harrison avenue, Boston, formerly numbered 624 in the numbering of said avenue; and

Whereas, The City of Boston by a decree of the Land Court, Suffolk Registry District, dated November 7, 1945, foreclosed a right of redemption under a tax deed recorded with Suffolk Deeds, Book 5995, page 175, on about one thousand eight hundred thirty-one (1,831) square feet of land on the southeasterly side of Harrison avenue, Boston, formerly numbered 628 and 630 in the numbering of said avenue; and

Whereas, The City of Boston by a decree of the Land Court, Suffolk Registry District, dated January 25, 1945, foreclosed a right of redemption under a tax deed recorded with Suffolk Deeds, Book 5926, page 250, on one thousand five hundred and seventy-four (1,574) square feet of land on the southeasterly side of Harrison avenue, Boston, formerly numbered 632 and 634 in the numbering of said avenue; and

Whereas, By an order of the City Council passed November 18, 1946, and approved by the Mayor November 19, 1946, the aforesaid parcels of land were transferred from the care, custody, control and management of the Chairman, Board of Real Estate Commissioners, to the care, custody, control and management of the Fire Department for Fire Department purposes; and

Whereas, The aforesaid parcels are no longer required for Fire Department purposes; now, therefore, it is hereby

Ordered, That the aforesaid parcels of property be, and the same hereby are, transferred from the care, custody, control and management of the Fire Department to the care, custody, control and management of the Board of Park Commissioners for Park Department purposes.

Referred to the Committee on Public Lands.

APPLICATION FOR ADVANCE OF FUNDS BY BOSTON HOUSING AUTHORITY.

The following was received:

City of Boston,

Office of the Mayor, January 27, 1950.
To the City Council.
Gentlemen:

I transmit herewith communication from Mr. Cornelius T. Kiley, Chairman of the Boston Housing Authority, relative to application for a Preliminary Advance of funds under Title I of the Housing Act of 1949.

Accordingly, I respectfully recommend adoption by your Honorable Body of the accompanying resolution in order that these funds may be obtained as soon as possible.

Respectfully,
J. B. HYNES, Mayor.

Boston Housing Authority,
March 27, 1950.

Hon. John B. Hynes,
Mayor of Boston.
Dear Mr. Mayor:

The City Council and your Honor have heretofore approved an application of this Authority to the Housing and Home Finance Agency for a reservation of \$2,982,770 in capital grant moneys for slum clearance and urban redevelopment in Boston under Title I of the Housing Act of 1949. Such application has been approved by the Housing and Home Finance Agency and the reservation has been made.

To enable the Authority to obtain funds to start plans and surveys, it is necessary that application be made for a Preliminary Advance.

There are enclosed copies of a resolution approving such application for \$120,000 in Preliminary Advance Funds. If they meet with your approval, will you submit them to an early meeting of the Council?

With assurance of your cooperation, I am
Sincerely,
CORNELIUS T. KILEY, Chairman.

Whereas, It is necessary and in the public interest that Boston Housing Authority avail itself of the financial assistance provided by Title I of the Housing Act of 1949 to assist local slum clearance and urban redevelopment projects; and

Whereas, It is necessary that surveys be made and other activities be performed preparatory to undertaking such projects; and

Whereas, It is recognized that Title I of the Housing Act of 1949 imposes certain obligations and responsibilities upon local public agencies availing themselves of such financial assistance, and requires among other things: (1) the approval of the redevelopment plan by the governing body of the locality in which the project is situated, with appropriate findings (a) that financial aid by the Federal government is necessary, (b) that the redevelopment plans for the redevelopment areas in the locality will afford maximum opportunity, consistent with the sound needs of the locality as a whole, for the redevelopment of such areas by private enterprise, and (c) that the redevelopment plan conforms to a general plan for the development of the locality as a whole; (2) the provision of local grants-in-aid; (3) the development of a feasible method for the relocation of families displaced from the project area; and (4) the several other local obligations and responsibilities imposed by Title I of the Housing Act of 1949 in connection with the undertaking and carrying out of slum clearance and urban redevelopment projects; now, therefore, be it

Resolved by the Mayor and City Council of the City of Boston, as follows:

SECTION 1. That the financial assistance provided by Title I of the Housing Act of 1949 to assist local slum clearance and urban redevelopment projects is necessary; and

SECT. 2. That it is fully cognizant of the foregoing obligations and responsibilities imposed by Title I and it is the sense of this body that such obligations and responsibilities can and will be fulfilled; and

SECT. 3. That the filing of an Application or Applications by Boston Housing Authority for a Preliminary Advance of funds from the Housing and Home Finance Administrator under Title I is hereby approved.

Referred to the Executive Committee.

WATER WASTE IN CITY DISTRICTS ORDERED CHECKED BY MAYOR JOHN B. HYNES IN EFFORT TO EFFECT FURTHER SAVINGS AND INCREASE REVENUE FROM SUCH SOURCES—COMMISSIONER OF PUBLIC WORKS INSTRUCTED TO CONTRACT WITH PITOMETER COMPANY FOR THIS PURPOSE—UNMETERED WATER USERS COME UNDER PROBE.

Mayor John B. Hynes has inaugurated a water-measuring system in those remaining districts where a measuring system has not been installed, in an effort to still further reduce the excessive wastes of water and to increase the revenue derived from such uses.

At the suggestion of Public Works Commissioner George G. Hyland the Pitometer Company of New York has been engaged for the work. The letter

DEFECTIVE WATER MAIN LEADING TO SOUTH BOSTON BEING REPAIRED TO GIVE CITIZENS OF DISTRICT BETTER SERVICE—MAYOR HYNES GIVES "GO AHEAD" SIGN TO PUBLIC WORKS COMMISSIONER TO CONTRACT FOR AND PROCEED WITH WORK.

The water main supplying the greater portion of the residents of South Boston, and which has been discovered to be defective at a point leading from the city to South Boston, has been ordered repaired for the benefit of that section by Mayor John B. Hynes. This action comes in the form of approval of the request made by Commissioner George G. Hyland to award the contract for the work on an emergency basis.

The letter of request reads as follows:

CITY OF BOSTON,
PUBLIC WORKS DEPARTMENT,
March 28, 1950.

HON. JOHN B. HYNES,

Mayor of Boston.

DEAR MR. MAYOR:

I am informed by Division Engineer Sullivan that a 30-inch cast-iron water main, which is the principal distribution main to the South Boston area, is in a

MAYOR JOHN B. HYNES JOINS WITH BOSTON CITIZENS IN PAYING TRIBUTE TO HEROES OF THE FALL OF BATAAN—URGES ALL TO REMEMBER WITH REVERENCE AND PATRIOTIC FERVOR THOSE WHO SUFFERED SO GRIEVOUSLY, YET WITH SUCH GALLANTRY AND SACRIFICE, AT HANDS OF ENEMY WHEN CORREGIDOR WAS CAPTURED, AFTER FIGHTING DEEDS THAT WILL THRILL ON PAGES OF AMERICAN HISTORY AS LONG AS TIME LASTS—DELIVERS ADDRESS FROM PARKMAN BANDSTAND ON COMMON BEFORE CHEERING AUDIENCE.

At the services commemorating heroic deeds of American soldiers at Bataan and Corregidor, Mayor John B. Hynes spoke as follows:

We memorialize here today, on this historic old Boston Common, the deeds and the memories of those gallant men who suffered and sacrificed and died in Bataan and Corregidor in the early part of the last World War.

Caught in the vicelike grip of the organized and prepared Japanese Army, these men, carrying the flag of our country, fought with a courage and tenacity never before duplicated in American history. The Japanese Army, inflated with quick victory, expected to wipe out the American forces within five days. Instead of that it was five long months before the remnants of a fighting force were overcome.

The indignities and the ignominies which the survivors were caused to suffer at the hands of the enemy are a chapter in our military life which causes all of us to bristle, even now, with indignity and horror.

Physically the Japs won that contest with their superior man power and equipment, but morally and spiritually our forces were victorious, for the men of Bataan and Corregidor gave notice, at that early period of the Pacific contest, that America would ultimately defeat the warriors of the Rising Sun.

When the war struck in the Pacific on that fatal day in December of 1941, America had a complement of men neither equipped, prepared, nor sufficiently warned of the imminence of attack.

We learned a lesson from that sneak attack by the Japanese forces almost ten years ago, a lesson we should never forget.

In the world there is another force for evil girding its loins, and intent from all appearances on conquering the world economically and destroying the spiritual values which are the real strength of any nation.

We must not be blind to that potentiality in the world situation. We must not become like the ostrich, hiding our heads in the sand, when our own common sense tells us that existing circumstances might well be pointing to another war more terrible, more horrible, and more devastating than any in the previous history of the world.

MAYOR ORDERS DEFECTIVE WATER MAIN REPAIRED FOR BETTER SERVICE TO RESIDENTS OF SOUTH BOSTON.

(Continued from page 313.)

defective and leaking condition, with the result that it has been shut down and put out of service.

This main is located directly under the northbound car tracks of the Metropolitan Transit Authority in Southampton street, at a location approximately 500 feet east of the overhead bridge of the New York, New Haven & Hartford Railroad.

The nature of the necessary work required to effect repairs and replace sections of the existing 30-inch pipe is such that said work should be done only by a competent, qualified contractor who can do the work quickly and in a workmanlike manner, because of the importance of the main to the South Boston area, and because it is most essential that the vehicular traffic and streetcar traffic be restored to normalcy as soon as possible. On work of this kind also it is difficult to determine—within a reasonable degree of accuracy—the scope or extent of the work that will be necessary in connection with the effecting of the repairs. For these reasons, therefore, it is our opinion that the work should be done by a selected contractor on a day labor basis.

I respectfully recommend, therefore, that a contract, without publicly advertising for bids, be awarded to Baker & Co., Inc., 3475 Washington street, Jamaica Plain, for effecting the above-referenced repair work on a day labor basis; rates for labor, machinery, trucking, and material to be set forth in the contract. The work to be done by the contractor will include excavation and the removal from the site of all excavated material, the repairing and replacing of sections of the damaged water main, the refilling of the trench with clean earth or gravel, and the repaving of the roadway.

The authority to award this contract is requested with the understanding that the work involved will not exceed \$3,000.

Respectfully yours,

GEORGE G. HYLAND,
Commissioner of Public Works.

MAYOR PAYS TRIBUTE TO HEROES OF BATAAN.

(Continued from page 313.)

Let us be ready. Let us appraise the situation. Let us not be influenced by the belief that it cannot happen. Let us be realistic. Let us remember that evil men detest God and all His Works, and these men have power in the world picture. Let us remember it was this same kind of man and this same kind of evil force that were loose in the world in 1941, and, because of them, the men of Bataan and Corregidor underwent inhuman hardship and merciless treatment.

On this anniversary of the episodes of Bataan and Corregidor let us join with each other, first, to honor their memory and their glorious courage and, second, to pledge that we make it impossible that there ever shall be again another such episode in the life of our nation.

MAYOR HYNES ORDERS CHECK ON WATER WASTE.

(Continued from page 313.)

from the Commissioner authorizing the employment of the company has been approved by the Mayor and reads as follows:

CITY OF BOSTON,
PUBLIC WORKS DEPARTMENT,
March 20, 1950.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. MAYOR:

During my previous term as Commissioner of Public Works, very satisfactory arrangements were made with the Pitometer Company of New York for the conducting of so-called Pitometer water waste surveys of the water distribution system of the city. Between the years 1941 and 1945 approximately 78 per cent of the distribution system was surveyed, and underground leakages and underregistration of industrial meters were uncovered to the extent of millions of gallons of water per day. I believe it to be most desirable and of benefit to the city if these surveys are continued until such time as the entire distribution system is completely surveyed because money spent for such surveys can be considered in the nature of an investment.

The report on the department survey sponsored by the Finance Commission and conducted by Griffenhagen & Associates states in part as follows:

"Only about 68 per cent of the water purchased from the Metropolitan Water Board is accounted for in meter registrations and estimates for billings. Normal losses through leakage and miscellaneous uses, such as for sewer flushing and fire fighting, usually amount to about 15 per cent and it is, therefore, desirable to keep unaccounted-for water to this percentage. The difference between 68 per cent and 85 per cent is probably represented by lack of registration of water uses and in excessive water leakage. Insufficient attention is being given to both of these possible losses. A reduction in water leakage is also important because the city pays for the water on a quantity delivered basis."

While we do not agree with the Griffenhagen report as to the percentage of unaccounted water, there is a definite indication that the city is losing water through underground leaks and very possibly is losing revenue by underregistration of industrial meters.

In the contract with the Pitometer Company, the city pays only for actual leaks or underregistration of meters uncovered in the survey, with a maximum contract price established regardless of the volume of the leakage or the amount of revenue that the city might be losing due to underregistration of meters. In other words, if the contractor does not find any underground leaks or any underregistration of meters, we pay nothing. On the other hand, if said contractor finds leaks and underregistration of a value in excess of the agreed maximum contract price, we pay only the maximum price. Such an arrangement is particularly beneficial to the city, and I understand from the contractor that Boston is the only city having such provisions in the contract.

The only sections of the city not previously surveyed from 1941 to 1945 were Brighton (low service), West Roxbury,

and Hyde Park. I am in receipt of a proposal from the Pitometer Company offering to conduct a survey in those sections for a maximum of \$20,000.

I recommend that we accept, at this time, that part of the proposal which provides for the conducting of the survey in so-called sections 11 and 13, West Roxbury, for a maximum of \$15,000.

The proposal provides in part:

1. That the contractor will be paid only for water waste actually located and limiting the city's obligation to the sum of \$15,000.

2. That the contractor will investigate all districts where excessive waste is indicated, for the purpose of locating all underground leaks of the mains and services large enough to be measured by the Pitometer.

3. That the contractor will check on all large consumers to detect unauthorized use of unmetered water, through fire lines or otherwise, and test all meters larger than 3 inches in diameter.

To my knowledge, no other organization conducts these surveys except the Pitometer Company.

I respectfully recommend, therefore, that a contract, without publicly advertising for bids, be awarded to the Pitometer Company of New York for the conducting of a Pitometer water waste survey in sections 11 and 13, West Roxbury, in accordance with the terms of the recent proposal submitted by that company and supplemented by such parts of its previous proposal of November 27, 1942, that pertain to the work to be conducted in West Roxbury, and in accordance with the specifications of this department, with the express understanding that the obligation of the City of Boston is limited to \$15,000.

Very truly yours,

GEORGE G. HYLAND,
Commissioner of Public Works.

The female workers in the Housekeeping, Kitchen and Laundry Departments start at a salary of \$29.74 a week. As a result of being granted a special increase of \$200 in October of 1948, the female medical workers have been starting at a salary of \$33.57 a week. The special increase was granted in 1948 because of the difficulty experienced in obtaining women to work on the tuberculosis wards. In the past few months the picture has changed, and in answer to a recent Civil Service certification 36 women have applied for only 12 positions. At a meeting of the Board of Trustees held on March 8, 1950, it was

WITHOUT ADVERTISING.

Upon varying dates as indicated the Mayor approved contracts with supplying houses, contractors, etc., for furnishing labor, supplies, etc. Communications from the heads of the departments interested were as follows:

HOSPITAL DEPARTMENT.

BOSTON, March 24, 1950.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. MAYOR:

We hereby respectfully request your approval to award a contract, without publicly advertising for bids, to J. M. Cunningham, Systems Consultants, 111 Broadway, New York, N.Y., for the installation of improved business methods, policies, and procedures in and throughout the City Hospital, excepting the Sanatorium Division, at a cost not to exceed the sum of \$35,000.

The scope of the proposed installation would encompass the following business functions in the hospital as follows: (a) Admitting, (b) Accounting, (c) Billing and Collections, (d) Budgeting, (e) Expense Control, (f) Requisitioning and Storing, and (g) Reporting.

The installation of improved business methods, procedures, and practices at the hospital would, in the opinion of the Board of Trustees, result in substantial annual savings to the city and also would be of tremendous assistance to the officials and personnel of the hospital in carrying out the work of the institution.

It is proposed to award the contract to the J. M. Cunningham Company because the company is very well equipped to carry out the aforesaid installation due to having had extensive experience in this type of work and particularly because of this contractor's intimate knowledge of the business management setup now employed at the hospital and the multiple problems involved in the proposed installation of improved business methods therein, gained during the course of its objective review and analysis thereof at the institution in the process of compiling its report on the "methods of business management of the hospitals of the City of Boston" made at the request of the City Finance Commission, which report was submitted to the said Commission on December 1, 1948.

Respectfully yours,

MARTIN J. ENGLISH, M.D.,
President of the Board of Trustees.

LIBRARY DEPARTMENT.

BOSTON, March 31, 1950.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. MAYOR:

Since it is not possible to obtain competitive bidding by public advertising, your approval is respectfully requested for the trustees to sign a lease, without public advertising, with the Harvard

Allston Realty Company for the rental of the premises located at 161 Harvard avenue, Allston, for quarters for our Allston Branch Library. The lease will be for the period January 1, 1950, through December 31, 1950, and the rental will be in the sum of thirty-four hundred dollars (\$3,400).

Inasmuch as the total rental will exceed one thousand dollars (\$1,000), beyond which there must be public advertising for bids, it is necessary to request your permission to enter into this lease without publicly advertising for bids.

Your approval of this award is respectfully requested.

Very sincerely yours,

FRANK W. BUXTON, *President.*

PRINTING DEPARTMENT.

BOSTON, March 31, 1950.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. MAYOR:

Your Honor's approval is respectfully requested to permit the Printing Department to award a contract, without advertising, to the George Coleman Company, 470 Atlantic avenue, Boston, for binding 25,000 copies of School Document No. 6, 1941 (Boston Word List). A total of forty-nine pages, page size 5½ inches by 9 inches, bound with full green cloth cover, Singer sewed, reinforced manila end leaves, and with the words Boston Word List and the City of Boston Seal printed in orange ink on the front cover, at a cost of 27½ cents each or a total of \$6,875.

These books are to be used by children in Grades IV to VIII in the Boston public schools, and the binding must be of high quality in order to endure under this usage. The above-named company bound these books at the time the 1941 edition was printed, and the quality of binding furnished by them proved to be very satisfactory.

In view of the type of binding necessary on these books and considering the work performed and the price quoted by this company, I feel that it is for the best interests of the city to dispense with advertising and make this award to the George Coleman Company.

Respectfully submitted,

JOHN J. TWOMEY, *Superintendent.*

SUPPLY DEPARTMENT.

BOSTON, March 29, 1950.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. MAYOR:

Permission is respectfully requested to award a contract, without public advertisement, to New England Coke Company for furnishing 100 tons of stove size coke to Long Island Hospital at a price of \$22.30 per net ton. This price includes delivery, by lighter, to Long Island Hospital.

The New England Coke Company is the sole local producer of the type fuel required by the city and it is felt that lower prices could not be obtained by publicly advertising for bids.

Total amount of contract will be \$2,230.

Respectfully yours,

JOHN V. MORAN,
Superintendent of Supplies.

CONTRACT AMENDED.

The Mayor has approved the request contained in the following letter:

HOSPITAL DEPARTMENT.

BOSTON, March 3, 1950.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR SIR:

On December 11, 1947, the Mayor approved a contract between the City of Boston, acting by the Board of Trustees of the Boston City Hospital, and Rossano Construction Company, Inc., for installation of sterilizer equipment at the Boston City Hospital, at an estimated cost of \$42,009.

On April 1, 1948, while the contractor was at work in one of the buildings, a condition was discovered which would involve an expenditure of additional funds not available for work not contemplated in the original contract. As a result of this circumstance, the superintendent of the hospital, acting for the trustees, on March 11, March 23, and April 1, of 1948, ordered the contractor to stop work because of the nonavailability of funds.

Later on funds became available for this extra work and then the contractor was instructed to proceed with the original work.

The several work stoppages resulted in additional expense to the contractor for the payment of "lost time," wages and other charges in the total amount of seven hundred three and 80-100 (703.80) dollars.

Article XVI of the aforesaid contract provides in part as follows:

"If the Contractor takes exception to . . . the extension of time on account of any order issued by the official, he shall, within one week of the delivery of said order, file with the official full statements in writing of the allowance he claims under such order and no claim for a change in the allowance covered by any order shall be considered unless such statements have been so made and filed. The official shall pass on any such claim and his decision in regard thereto shall be final . . ."

The contractor in making its claim for reimbursement for the additional expense caused to it by the "stop work orders" complied with the foregoing contract provision. A written notice was sent by the contractor to the architect for the work, John M. Gray, of Boston, who was in practice and effect the agent of the official, on the day immediately following the issuance of all three stop orders, advising that the work stoppages would impose additional expense upon the contractor over and above its obligations under the contract. As soon as practicable thereafter, the contractor also sent to the architect detailed statements, in duplicate, setting forth the various amounts, totaling \$703.80, expended by the contractor in "lost time" wages for carpenters, carpenters' foreman, laborers, and hiring charges for trucks and Jack hammer drills, during the three intervals when the work was suspended by order of the superintendent of the hospital. Further, the contractor submitted the said detailed statements of his claim to the hospital authorities. In addition, the architect had in each instance sent the original copy of the aforementioned

written notices to the trustees of the hospital the day after he received them.

In view of the above and in particular because of the fact that from a careful examination of the charges, the incurring of which by the contractor resulted from compliance with three separate "stop work orders" issued by the hospital's representative, it appears that they are "fair and equitable" and since the architect has so stated and would recommend their payment, your permission is respectfully requested to amend the said contract to permit an extra payment of seven hundred three and 80-100 (703.80) dollars for the aforementioned additional expense to the contractor.

Respectfully yours,

MARTIN J. ENGLISH, M.D.,
President, Board of Trustees.

John M. Gray Company, Architects,
175 High Street, Boston.
Re: Installation of Sterilizer Equipment at Boston City Hospital.
MR. O'CONNELL, City of Boston Law Department, 11 Beacon Street, Boston.

DEAR MR. O'CONNELL:

In connection with the bills submitted by the Rossano Construction Company, under date of April 5th, 23d. and 27th, 1948, totaling \$703.80, as a claim for delays covering expenses resulting from "stop work orders" issued by the city hospital authorities, we feel that the bills rendered are fair and equitable for the work involved and would recommend payment of same.

Very truly yours,

JOHN M. GRAY COMPANY.

EXTENSION OF CONTRACTS.

HOSPITAL DEPARTMENT.

Approval has been given for an extension of time from March 9, 1950, to May 20, 1950, on contract of M. Solimando for addition to tenth floor of Medical Building, Boston City Hospital. This extension was requested because of delay experienced by contractor in obtaining structural and light iron, due to the labor strike last fall.

Approval has been given for an extension of time from April 1, 1950, to May 15, 1950, on contract of M. Solimando for repairs and renovations to ventilating duct work and repairs to metal pans in kitchen, Boston City Hospital. This extension was requested because of the fact that new heating units are to be installed and this work cannot be started until the old heating system has been removed; this cannot be accomplished until weather conditions improve.

CONSTRUCTION WORK.

Upon April 5 the Mayor approved the request of the Public Works Department for the following construction work:

A 10-inch pipe sanitary sewer and a 10-inch pipe surface drain in Cricket Lane, between 120 feet east of Ledge-wood road (northerly end) and 367 feet westerly, in the West Roxbury district, at an estimated cost of \$2,878.

Five catch basins and four manholes in Guest street, between Life street and 396 feet northwesterly, in the Brighton district, at an estimated cost of \$2,200.

Five catch basins, two manholes, and five track inlets in Life street, between North Beacon street and Guest street, in the Brighton district, at an estimated cost of \$2,300.

NO DAMAGES ALLOWED.

The Mayor has approved the following vote of the Board of Street Commissioners:

Voted, That the order of the Street Commissioners and Mayor of November 23, 1948, determining that no person sustains damages by the making of the public improvement, consisting of the extension of Ashland street, be, and the same hereby is, amended, by striking out in the first and second lines of said order the words "that no person sustains in his estate," and by striking out in the last line of said order the word "no." That said order be further amended by adding thereto Lucia Carducci, trustee under a declaration of trust dated October 10, 1945, \$171.67. That the amount \$171.67 be, and the same hereby is, awarded to Lucia Carducci, trustee under a declaration of trust dated October 10, 1945, for the damages sustained by the making of the said improvement.

PARKING METERS PROFITABLE FOR CITIES.

A survey of parking meter usage in 62 cities over 100,000, recently made by the city purchasing agent of Chicago in cooperation with the National Institute of Governmental Purchasing, indicated an annual income per meter of \$74.31, or \$6.19 per month. Cities reporting an average annual income per meter in excess of \$100 included Minneapolis, St. Paul, Providence, Dayton, Long Beach, Chattanooga, Canton (Ohio), and South Bend (Indiana). Cities which reported an income of \$90 to \$100 per meter per year were Seattle, Columbus (Ohio), Richmond, Miami, Flint, Norfolk, Tulsa, Wichita, Sacramento, and Charlotte. Maintenance costs reported by 33 cities, including labor, repairs, and collections, averaged \$6.99 per meter per year, or nearly 10 per cent of the revenue.

HOSPITALS COST \$13,000 PER BED.

Average construction costs for general hospitals built under the hospital survey and construction program of the United States Public Health Service range from \$15.61 per square foot for 17 hospitals with from 26 to 35 beds to \$19.43 for two hospitals with from 126 to 150 beds. The general floor area per bed ranges from 604 square feet to 639 square feet, respectively. These figures include the cost of construction of the building and fixed equipment. The total cost of these hospitals, including all equipment and professional fees, but not including the site, brings the corresponding figures per square foot up to \$18.56 and \$21.36, respectively, and the cost per bed, including all costs, from \$11,256 to \$14,475, respectively. The average cost per bed for 105 general hospitals, including all costs except sites, is \$12,910.

ERECTION OF BRANCH LIBRARY, FRANKLIN PARK AREA.

The following was received:

City of Boston,
Office of the Mayor, April 3, 1950.
To the City Council.
Gentlemen:

I transmit herewith communication from the President of the Public Library of the City of Boston relative to your order of February 27, 1950, concerning the advisability of the erection of a \$100,000 branch library in the Franklin Park area in connection with their 1950 library building program.

Respectfully,
J. B. HYNES, Mayor.

Boston Public Library,
March 30, 1950.

Mr. Thomas G. J. Shannon,
Chief Clerk, Mayor's Office.

Dear Mr. Shannon:

There has been brought to the attention of the Trustees your transmittal of an order of the City Council under date of February 27, 1950, requesting that, through his Honor the Mayor, the Trustees be asked to study the advisability of the erection of a \$100,000 branch library in the Franklin Park area in connection with their 1950 library building program.

At the present time the Trustees are giving consideration and study to the several sections of the city which are now requesting branch library or reading room coverage, and the possibilities for action in meeting these needs in the year 1950. It is known that the Franklin Park area is high on the list of those sections of the city which the Trustees feel should have provision of branch library facilities within the next few years.

If there is further information which you need, I shall be glad to attempt to provide such.

Yours respectfully,
FRANK W. BUXTON, President.

USE OF PORTABLE BUILDING AS TEMPORARY PUBLIC LIBRARY.

The following was received:

City of Boston,
Office of the Mayor, April 3, 1950.
To the City Council.
Gentlemen:

I transmit herewith communication from the President of the Public Library of the City of Boston relative to your order of March 13, 1950, concerning the using of the portable building at Glenway street and Blue Hill avenue, Ward 14, as a temporary public library until such time as permanent library quarters are made available for that area.

Respectfully,
J. B. HYNES, Mayor.

Boston Public Library,
March 30, 1950.

Mr. Thomas G. J. Shannon,
Chief Clerk, Mayor's Office.

Dear Mr. Shannon:

On March 15, 1950, there was transmitted to the Trustees of the Public Library an order of the City Council dated March 13, 1950, requesting the Trustees to study the advisability of using the portable building at Glenway street and Blue Hill avenue, Ward 14, as a temporary public library until such time as permanent library quarters are made available for that area.

The Trustees have made arrangements to examine the property with a view to its availability for temporary branch library purposes, in connection with the possible establishment of a branch library in that area.

Yours respectfully,
FRANK W. BUXTON, President.

USE OF PUBLIC BUILDINGS BY FEDERAL CENSUS ENUMERATORS.

The following was received:

City of Boston,
Office of the Mayor, April 3, 1950.
To the City Council.
Gentlemen:

I transmit herewith communication from the Superintendent of Public Buildings relative to your order of March 27, 1950, concerning the allowing of the use of public buildings as a meeting place for Federal Census enumerators.

Respectfully,
J. B. HYNES, Mayor.

City of Boston,
Office of Public Buildings Department,
March 30, 1950.

Thomas G. Shannon,
Chief Clerk, Mayor's Office.

Dear Sir:

In reply to your office memorandum of March 29, 1950, concerning City Council order of March 27, requesting permission to allow the use of public buildings for Federal Census enumerators as a meeting place, representatives of the census

group have already come to this office to make the necessary arrangements. The buildings have been made available for their use on the dates requested.

Very truly yours,
GEORGE P. DONOVAN,
Superintendent of Public Buildings.

CUMULATIVE SYSTEM FOR PAYMENT OF GOLF COURSE FEES.

The following was received:

City of Boston,
Office of the Mayor, April 3, 1950.
To the City Council.
Gentlemen:

I transmit herewith communication from the Chairman of the Board of Park Commissioners relative to your order of March 20, 1950, concerning the setup of an accumulative system by which a daily dollar fee will be utilized towards a final and yearly payment fee for all residents of Boston using the Franklin Park and George Wright golf courses.

Respectfully,
J. B. HYNES, Mayor.

City of Boston,
Park Department, March 27, 1950.
Thomas G. J. Shannon,
Chief Clerk, Mayor's Office.

Dear Sir:

I am in receipt of a memo from your office with attached enclosure, City Council order dated March 20, relative to setting up an accumulative system by which a daily dollar fee will be utilized towards a final and yearly payment fee for all residents of Boston using the golf courses.

Arrangements have already been made, and we have received all our annual and daily tickets for the year 1950. Our bookkeeping system, set up by auditors, has been so arranged that it would be impossible to put in the accumulative system as suggested by this order.

Our rules and regulations are such that all those enjoying annual privileges must pay the entire fee before they actually start playing. The work involved here entails a great deal of detail, and, further, it is felt that it is neither practical nor advisable.

Very truly yours,
FRANK R. KELLEY, Chairman.

PARKING METERS, WARDS 4 AND 5.

The following was received:

City of Boston,
Office of the Mayor, April 3, 1950.
To the City Council.
Gentlemen:

I transmit herewith communication from the Traffic Commissioner relative to your order of March 6, 1950, concerning the arrangements for the adjustment of the parking meters in Wards 4 and 5 so that either pennies or nickels may be used.

Respectfully,
J. B. HYNES, Mayor.

Boston Traffic Commission,
March 28, 1950.

Hon. John B. Hynes,
Mayor of Boston.
Re: Council Order Dated March 6, 1950, Requesting That Arrangements Be Made for the Adjustment of the Parking Meters in Wards 4 and 5 So That Either Pennies or Nickels May Be Used.

Dear Sir:
In further reply to above Council order, please be advised that at a meeting of the Boston Traffic Commission held on March 23, 1950, with all members present and voting, it was unanimously voted to reject this request.

Respectfully submitted,
WM. ARTHUR REILLY, Commissioner.

ANDREW SQUARE IMPROVEMENTS.

The following was received:

City of Boston,
Office of the Mayor, April 3, 1950.
To the City Council.
Gentlemen:

I transmit herewith communication from the Traffic Commissioner relative to your order of March 20, 1950, concerning the elimination of the circle at Andrew square, together with the installation of other proposed changes recommended, to do away with traffic tie-ups, and to install traffic lights in front of the entrance to the Andrew Square MTA Station.

Respectfully,
J. B. HYNES, Mayor.

Boston Traffic Commission,
March 24, 1950.

Hon. John B. Hynes,
Mayor of Boston.
Re: Council Order Dated March 20, 1950, Requesting That the Traffic Commission and Board of Street Commissioners Eliminate the Circle at Andrew Square, Together with the Installation of Other Proposed Changes

Recommended, to Do Away with Traffic Tie-ups, and to Install Pedestrian Traffic Lights in Front of the Entrance to the Andrew Square MTA Station on Dorchester Avenue.

Dear Sir:

This Commission has plans under consideration at the present time for improvements in Andrew square which we believe will relieve traffic conditions in the area.

Gentlemen:

I transmit herewith further communication from the Traffic Commissioner relative to your order of March 6, 1950, concerning the placing of a spotlight on the traffic officer on duty at the corner of Asticou road and Washington street in Ward 19.

Hon. John B. Hynes,
Mayor of Boston.

Dear Sir:

Our engineers have considered the order of the Boston City Council to locate a spotlight on the traffic officer on duty at Asticou road and Washington street in Ward 19.

After a consultation with the captain of Division 13, a survey of the location, and a consideration of contemplated changes which may take place at an early date in this location with the installation of a parking space by the MTA, it seems desirable at this time to withhold action on this request.

Respectfully submitted,

To the City Council.
Gentlemen:

I transmit herewith communication from the Superintendent of the Boston City Hospital relative to your order of February 27, 1950, concerning the establishment of accommodations for the care of chronically ill infants.

Respectfully,
J. B. HYNES, Mayor.

City of Boston,
Hospital Department, March 23, 1950.
Mr. Thomas G. J. Shannon,
Chief Clerk, Mayor's Office.

Dear Mr. Shannon:

At a meeting of the Board of Trustees held on March 8, 1950, your communication concerning the establishment of accommodations for the care of chronically ill infants was presented. This is in reference to City Council order of February 27, 1950.

The Boston City Hospital was established for the treatment of those needing aid during temporary illness. If chronic patients were admitted to the City Hospital, i.e., patients who would be forced to stay for many years or for life, it would be impossible to perform the work for which the hospital was intended, i.e., the care of temporary illness.

Hoping this explains the situation, I am

Very truly yours,
JAMES W. MANARY, M.D.,
Superintendent.

Thomas G. F. Shannon,
Chief Clerk, Mayor's Office.

Dear Mr. Shannon:

I return herewith order of the City Council dated March 20, requesting the Police Commissioner to increase police patrol in the Elm Hill section of Roxbury.

At the present time we have more officers assigned to Division 9, which covers this area, than at any time in the history of the City of Boston. It is the opinion of Captain Cloran that this section of the community is very well patrolled and we are unable to increase the number without leaving some other location unprotected.

SALE OF FERRYBOAT "RALPH J. PALUMBO."

The following was received:

City of Boston,
Office of the Mayor, April 3, 1950.
To the City Council.
Gentlemen:

I submit herewith communication from the Commissioner of Public Works in which he requests authority to sell the ferryboat "Ralph J. Palumbo" at public auction at an upset price of \$22,500.

At the present time the city owns three ferryboats, one of which is in operation and one of which is in reserve. The third boat, according to the commissioner and the division engineer of the Bridge and Ferry Service, is not needed for ferry purposes and is a source of continuing expense to the city.

The Delaware River Ferry Company has exhibited an interest in the purchase of this ferryboat, and has made an offer to buy the same provided the offer is accepted on or before April 12. For this reason and for the reasons given above, I recommend passage of the accompanying order for the sale of this ferryboat at public auction.

Respectfully,
J. B. HYNES, Mayor.

City of Boston,
Public Works Department,
April 3, 1950.

Hon. John B. Hynes,
Mayor of Boston.

Dear Mr. Mayor:

At the present time, the department owns and operates three (3) ferryboats which are used to provide ferry service between Boston and East Boston. The ferry system operates on a thirty (30) minute schedule from 6 A.M. to 10 P.M., daily and Sunday throughout the year, with the sole exception of Christmas day. On the latter-referenced day, no boats are operated. The present schedule provides for a boat leaving East Boston on the even hour and half hour, and from Boston on the quarter hour and three quarter hour. Only one boat is needed to maintain such a schedule, but a second boat is necessary as a stand-by and to provide service when the first boat is taken out of water for repairs and overhauling. Under the rules and regulations of the United States Steamboat Inspection Service, each boat must be taken out of the water every two (2) years and placed in drydock for a thorough inspection, overhauling, and repairs. Under the circumstances, therefore, we must keep two (2) boats to provide ferry service. However, there is no necessity of keeping the present three (3) boats, and I have instituted steps to dispose of one of them.

Under date of March 14, we forwarded a communication to each of the sixteen (16) principal and known operators of ferry systems on the Eastern Seaboard, and informed them that we were desirous of selling the ferryboat "Ralph J. Palumbo," and invited them to inspect the boat and submit a proposal if they were interested in purchasing it. We accompanied the letter with photographs and specifications of the boat.

Only one operator, the Delaware River Ferry Company, evinced any interest in purchasing the boat. The General Manager, Mr. Louis Kapelski, with offices at Chester, Pennsylvania, visited Boston last week for the purpose of inspecting the boat. Subsequent to his visit and under date of March 29, he forwarded a proposal to me and offered to pay \$22,500 for the boat, with the understanding that the offer was binding only to midnight, April 12. As stated in his proposal, copy of which I enclose, he will have to effect major changes in the boat before putting it into service, and it is essential that he obtain the boat at an early date, in order that it will be ready for operation for the start of their busiest season, which is during the summer months. For this reason, therefore, a time limit was attached to the offer of \$22,500. Incidentally, the Delaware River Ferry Company operates a ferry system between Chester, Pennsylvania, and Bridgeport, New Jersey.

The offer of \$22,500, in my opinion, is a reasonable one, although we may be able to obtain a higher price if the boat is publicly auctioned, with the \$22,500 established as the upset price. I realize that you have not had much time to consider this matter, and I hesitate, therefore, to ask you to submit it to the City Council today for the approval of that body. I did not receive the proposal of the Delaware River Ferry Company until last Thursday, and if we hope to hold the auction at an early date, I feel that the order, which I enclose, should be sent to the Council today, in order to save a week's time. Used ferries, in general, are a drag on the market, and it is difficult to obtain competition on a sale of this kind. Most boats are designed and constructed for the specialized use of a particular ferry system and, generally, major changes in the boat have to be effected if it is to be used on a system other than the one for which it was originally designed. This tends to reduce the value of a boat to a prospective purchaser.

We may get some competition at the proposed auction sale, but the chances are that the competition will be limited and, very possibly, the only bidder might be the Delaware River Ferry Company. If we delay holding the auction, the latter company might lose interest, with the result that we might not be able to sell the boat. For these reasons, therefore, I believe that we should not delay in submitting the order to the Council for its approval.

The "Ralph J. Palumbo," formerly the "General Sumner," was purchased for the sum of \$346,800 in 1930. It has been determined by Division Engineer deMeulenaer that this boat would be the best one of the three for the city to sell. My principal purpose in selling it is to reduce expenses and also to dispose of a boat that we do not need.

In the year 1949, the total expense of maintaining and operating the ferry system was \$368,107.62, whereas, the revenue totaled only \$18,690.23. The following is a summary of anticipated savings that will result if we sell this boat:

Estimated cost to overhaul the "Ralph J. Palumbo".....	\$60,000 00
Estimated cost to overhaul the "Charles C. Donoghue".....	40,000 00
Immediate net saving.....	\$20,000 00
Annual Savings Per Year:	
Services of 4 firemen at \$60.67 a week, \$12,619 36	
650 tons of coal at \$13 a ton.....	8,450 00
Estimated savings on annual repairs....	5,000 00
Net annual savings.....	\$26,069 36

In previous sales of ferries conducted by the department, the following sums were realized:

Ferryboat "John H. Sullivan" in 1934.....	\$10,000
Ferryboat "Ralph J. Palumbo" in 1935....	25,000
Ferryboat "Lieut. Flaherty in 1938.....	40,000

If we sell the boat as planned, it is not our intention to terminate the services of any of the four (4) firemen now needed to keep up steam on the boat. Their services can be utilized by transfer to the sewage pumping station or to some other department of the city. The above-referenced annual saving of \$12,619.36 might not, therefore, become a reality in the immediate future, but it most certainly will at some time in the not too distant future.

I also submit for your information statistics of the operation of the ferry system in 1939 and also for the year 1949. You will note that the trend is toward less use of the system and toward higher annual deficits:

	1939.	1949.
Cost of maintenance and operation.....	\$225,300 81	\$368,107 62
Revenue.....	25,128 64	18,690 23
Deficit.....	\$200,178 17	\$349,417 39

Increase in cost of operation in 1949 over 1939.....	63%
Decrease in revenue in 1949 over 1939.....	25%

It is obvious, after examining the above, that a concerted effort should be made to reduce the annual deficit. The sale of the "Ralph J. Palumbo" will effect a substantial reduction, but will not curtail the present service, nor will it result in the loss of anyone's job. It is my opinion, therefore, that the sale of the boat should be completed as soon as possible.

I also enclose for your information, three (3) photographs of the boat, which was formerly known as the "General Sumner."

I respectfully recommend that the attached order providing for the sale, at public auction, at an upset price of \$22,500, of the ferryboat "Ralph J. Palumbo," be forwarded to the City Council today, for the approval of that body.

Respectfully yours,
GEORGE G. HYLAND,
Commissioner of Public Works.

Ordered, That the Commissioner of Public Works be, and hereby is, authorized to sell at public auction, at an upset price of \$22,500, the ferryboat "Ralph J. Palumbo."

RELEASE AND AMENDMENT OF CONTRACT WITH PUBLIC HOUSING ADMINISTRATION.

The following was received:

City of Boston,
Office of the Mayor, April 3, 1950.

To the City Council.
Gentlemen:

I am in receipt of the attached communication from the Boston Housing Authority requesting that your approval be given to an amendment and release of contract, which contract, between the City of Boston and Public Housing Administration, dated May 7, 1946, and numbered HA(V-19131)mph-1, provided for the temporary dwelling units located at Columbia Village, Alsen Field, and Franklin Field.

I enclose a copy of proposed amendment and copy of release forwarded by the Public Housing Administration which are self-explanatory.

On December 21, 1949, by an order passed by your Honorable Body, the waiver of the removal requirements with respect to the projects at Columbia Village, Alsen Field, and Franklin Field was approved.

I submit herewith an order whereby the said contract may be amended and final release given to the United States of America, and recommend its immediate passage by your Honorable Body.
Respectfully,
J. B. HYNES, Mayor.

Boston Housing Authority,
230 Congress Street, Boston 10, Mass.

Hon. John B. Hynes,
Mayor of Boston.

Dear Mr. Mayor:

The City Council and Mayor have heretofore approved this Authority's request to Public Housing Administration for relinquishment of its right in the temporary projects at Franklin Field, Alsen Field, and Columbia Village. This was done to avoid the requirement of federal law that the projects be demolished by January 1, 1951.

All details have been satisfactorily accomplished, and Public Housing Administration now requires a final release from the city under its assistance contract. There are no claims outstanding to the knowledge of this Authority, so it is our opinion that the release may properly be signed, after approval by the Council.

The other document enclosed is to correct the record on the number of units which were finally constructed under the federal assistance contract.

If the enclosed release and amendment meet with your approval, will you present them to an early meeting of the Council?

With appreciation of your cooperation, I am
Sincerely,
CORNELIUS T. KILEY, Chairman.

Public Housing Administration,
141 Milk Street,
Boston, Mass.,

January 6, 1950.
In reply please refer to
Boston Field Office,

MANAGEMENT: DRM: MASS-V-19131.

Hon. John B. Hynes,
Mayor of Boston.

Dear Mayor Hynes:

The above-numbered project is covered by Contract No. HA(V-19131) mph-1 between your city and the Public Housing Administration, dated May 7, 1946, as amended June 21 and November 29, 1946.

Inasmuch as the original contract has been modified by agreements for reimbursement and otherwise, we are required, before federal rights in and to the project may be relinquished, to obtain a general release of the United States by the City of Boston. Therefore, we request, if satisfactory, that the governing body of the city approve this release, that you sign the original and three copies of this letter in the space indicated, and that the City Clerk impress the City Seal thereon, attest to same, and return them to

this office, together with three certified copies of the corporate resolution by which such execution was authorized.

Sincerely yours,
JOHN P. KANE,
Director, Boston Field Office.

The City of Boston, Massachusetts, hereby releases absolutely the United States of America from any and all claims of any nature arising from or under the above-described contract, its amendments and supplements.

Suppl. No. New York Field Office 1,
Contract No. HA(V-19131) mph-1.

Hon. John B. Hynes,
Mayor of Boston.

Dear Mayor Hynes:

Section 1.01 of your contract dated May 7, 1946, as amended June 21, 1946, and November 29, 1946, and numbered HA(V-19131) mph-1, provides that the Public Housing Administration will make available to you 226 family dwelling units and no dormitory units, for the purpose of housing veterans, servicemen, and their families, pursuant to Title V of the Lanham Act. Since actually 765 units were constructed, it is essential that these figures be corrected for statistical and financial purposes.

If you agree to amendment of section 1.01 so that it will refer to 765 family dwelling units and no dormitory units, please so indicate by having the holders of the same offices as those who signed the original contract sign, seal, and attest all the enclosed copies of this letter and return five (5) such signed counterparts, including the original, to me. The remaining counterpart should be retained by you and attached to your copy of the contract.

Coun. WENZLER in the chair.

PURCHASE OF LAND FOR OFF-STREET PARKING.

Coun. BRYAN offered the following:

Ordered, That the Board of Real Estate Commissioners be requested, through his Honor the Mayor, to purchase land for off-street parking areas in conjunction with the Belgrade Avenue extension, the same to be paid for out of parking meter receipts, as provided under chapter 776 of the Acts of 1949.

Passed under suspension of the rule.

CARETAKER FOR WELLESLEY PARK, DORCHESTER.

Coun. FARIN offered the following:

Ordered, That the Park Commissioner be requested, through his Honor the Mayor, to recall a caretaker to take care of the grounds owned by the city in Wellesley park in Dorchester.

Passed under suspension of the rule.

CLOSING OF CITY HALL, GOOD FRIDAY AFTERNOON.

Coun. HANNON offered the following:

Ordered, That his Honor the Mayor direct the Superintendent of Public Buildings to close City Hall to the public on Good Friday afternoon, April 7, 1950.

Passed under suspension of the rule.

REPAINTING OF TRAFFIC SIGNS, CRAWFORD AND HAROLD STREETS.

Coun. COOK offered the following:

Ordered, That the Traffic Commissioner be requested, through his Honor the Mayor, to repaint the "Slow" and "Stop" signs at the intersection of Crawford and Harold streets in Ward 12, which have been obliterated by the weather.

Passed under suspension of the rule.

OPPOSITION TO CLOSING OF MURPHY GENERAL HOSPITAL.

Coun. COFFEY offered the following:

Whereas, Secretary of Defense Louis Johnson greeted the visiting Japanese delegation with open arms and now wants to close the Murphy General Hospital in Waltham to the needs of veterans of World War 2; therefore be it

Resolved, That the Boston City Council, in meeting assembled, hereby places itself on record as being strongly opposed to the closing of said Murphy General Hospital which is vitally needed for the care and treatment of these veterans.

The resolution was adopted under suspension of the rule.

REPORT OF COMMITTEE ON LICENSES.

Coun. COFFEY, for the Committee on Licenses, submitted the following:

Report on petition of Ruggles Street Bowling Alleys (referred March 6) for license to operate bowling alleys on the Lord's day—recommending that license be granted.

Report accepted; license granted under usual conditions.

RENOVATION OF CERTAIN PROPERTY.

Coun. ANSEL offered the following:

Ordered, That the Boston Housing Authority be requested, through his Honor the Mayor, to study the advisability in conjunction with the slum clearance program to aid individual home owners in slum clearance areas for the purpose of renovating the property and making it habitable, and, be it further

Ordered, That the Boston Housing Authority, through his Honor the Mayor, study the advisability of aiding the Board of Real Estate Commissioners in the renovating of such property that comes under the control of the City of Boston.

Passed under suspension of the rule.

CLEANING OF STREETS.

Coun. WENZLER offered the following:

Ordered, That the Commissioner of Public Works be requested, through his Honor the Mayor, to clean all streets in the city which are now in a filthy and unsanitary condition.

Passed under suspension of the rule.

CEMENT SIDEWALKS ON EMERSON STREET, WARD 6.

Coun. WENZLER offered the following:

Ordered, That the Commissioner of Public Works be requested, through his Honor the Mayor, to install cement sidewalks on Emerson street, Ward 6, between I and K streets, replacing the present brick sidewalks.

Passed under suspension of the rule.

MARINE PARK IMPROVEMENTS.

Coun. WENZLER offered the following:

Ordered, That the Park Commission be requested, through his Honor the Mayor, to install two softball diamonds in Marine Park and to open up the shower bath facilities in the aquarium.

Passed under suspension of the rule.

Ordered, That the Park Commission be requested, through his Honor the Mayor, to repair and replace benches in Independence Park, Ward 6, having some facing towards the park and also to install additional lights.

Passed under suspension of the rule.

APPROACHES TO SOUTH BOSTON BRIDGES.

Coun. WENZLER offered the following:

Ordered, That the Traffic Commissioner be requested, through his Honor the Mayor, to have adequate signs placed far enough ahead on approaches to the South Boston bridges to warn drivers of motor vehicles of the closing of said bridges in order to prevent serious traffic tie-ups in those areas.

Passed under suspension of the rule.

RECONSTRUCTION OF SPARKHAWK AND BURTON STREETS.

Coun. SHANLEY offered the following:

Ordered, That the Public Works Commissioner be directed, through his Honor the Mayor, to reconstruct Sparkhawk and Burton streets in Ward 22.

Passed under suspension of the rule.

LOAN OF \$7,000,000 FOR VETERANS' HOUSING.

Coun. BRYAN and LINEHAN offered the following:

Whereas, The Boston Housing Authority has unwisely expended about 50 per cent of the \$20,000,000 appropriated for veterans' housing

under chapter 372 on multiple dwellings, rather than one-and-two-family dwellings which after five years from the date of construction could be sold to individual veterans and thus become taxable;

Ordered, That under authority of chapter 372 of the Acts of 1936 as amended, entitled "An Act to Provide Housing for Veterans of World War II," the sum of seven million dollars (\$7,000,000) be, and the same hereby is, appropriated to meet expenses necessary for carrying out section 6 of said chapter, and that the City Treasurer be, and hereby is, authorized to issue, from time to time, upon request of the Mayor, bonds, notes, or certificates of indebtedness of the City of Boston to said amount.

Referred to Committee on Finance.

OPINION RE LICENSES FOR OPEN-AIR PARKING SPACES.

Coun. BEADES and BRYAN offered the following:

Ordered, That his Honor the Mayor request the Corporation Counsel to immediately render an opinion as requested on January 30, 1950, by the Boston City Council, which request was as follows:

Ordered, That the Corporation Counsel of the City of Boston be requested, through his Honor the Mayor, to hand down a legal opinion and interpretation of chapter 148, section 56, of the General Laws—"the Board of Street Commissioners grants licenses for open-air parking spaces"—regarding the proposed open-air theaters at 1213 Veterans of Foreign Wars Parkway, West Roxbury, and 775 Gallivan Boulevard, Dorchester.

Passed under suspension of the rule.

REPAIR OF FENCES BY NEW HAVEN RAILROAD.

Coun. P. A. TRACY offered the following:

Ordered, That his Honor the Mayor require the New Haven Railroad Company to repair the fences along its right of way in Ward 11.

Passed under suspension of the rule.

COMMENDATION OF CONGRESSMAN FOGARTY OF RHODE ISLAND RE PARTITION OF IRELAND.

Coun. P. A. TRACY offered the following:

Whereas, The fundamental principle justifying the expenditure of American taxpayers' money in the form of E.C.A. funds is to foster the spread of the American ideal of democracy and to help the so-called democratic nations to recover from the effects of the recent war fought against dictatorship; and

Whereas, It is absolutely inconsistent with the purpose of these loans that any recipient of these funds should use the same either directly or indirectly to deprive another nation of its democratic right of self-determination; and

Whereas, England, a major beneficiary under the terms of the E.C.A., persists in maintaining a puppet government in a small segment of Northern Ireland, and

Whereas, The unnatural and artificial partition of Ireland in effect deprives the people of the Irish nation of their God-given, democratic right of national self-determination; therefore, be it

Resolved, That the Boston City Council in meeting assembled congratulates and commends Congressman Fogarty of Rhode Island for his vigorous and gallant attempt to require England to perform its duty as a so-called democratic nation by ending its stupid and unjust partition of Ireland and to retreat from its hypocritical position of accepting money and aid in the name of democracy while at the same time, by military force supplied in large measure by an America which intended the arms to be used in supporting democracy, it maintains and supports an illegal and tyrannical gang in power in Northern Ireland.

On motion of Councilor Ramsey it was voted to amend the foregoing resolution by adding the following resolution:

Resolved, That the Boston City Council, in meeting assembled, hereby memorializes the Congress of the United States to do everything possible to bring about a united Ireland, even to the point of refusing any further financial assistance to England unless and until proper steps have been taken by the British Government to correct this intolerable situation; and be it further

Resolved, That copies of this resolution be forwarded to members of the Massachusetts delegation in Congress.

The resolution as amended was adopted under suspension of the rule.

CONTRACTS OF HANCOCK CONSTRUCTION COMPANY.

Coun. P. A. TRACY offered the following:

Ordered, That his Honor the Mayor instruct the Commissioner of Public Works to withhold approval of any work on city contracts by the Hancock Construction Company until a complete

investigation is made of street paving work done by said company; and be it further

Ordered, That his Honor the Mayor instruct the Corporation Counsel of the City of Boston to proceed upon legal basis to declare said company ineligible to accept further city contracts.

Passed under suspension of the rule.

PLAYGROUND FACILITIES TO REPLACE JEFFERSON PLAYGROUND.

Coun. P. A. TRACY and F. P. TRACEY offered the following:

Whereas, In order to establish a veterans' hospital in the City of Boston, the Committee on Public Lands reported favorably and the City Council voted to allow the sale of a large part of the Jefferson Playground as a site for said hospital; and

Whereas, The federal government has paid the City of Boston approximately \$75,000 for said landtaking; be it

Ordered, That his Honor the Mayor transfer said \$75,000 to the Park Department; and be it further

Ordered, That the Park Department expend said \$75,000 in the development of new playground facilities in the same general area.

Passed under suspension of the rule.

INCREASED PERSONNEL AT STATION 11.

Coun. RAMSEY offered the following:

Ordered, That the Police Commissioner be requested, through his Honor the Mayor, to detail more men to Station 11 in Dorchester, in order to cover the many crossings at nearby schools and main thoroughfares, as this station house is now undermanned.

Passed under suspension of the rule.

REPLACING OF GAS LAMPS ON TRENT STREET, WARD 15.

Coun. RAMSEY offered the following:

Ordered, That the Commissioner of Public Works be requested, through his Honor the Mayor, to replace the gas lamps on Trent street, Ward 15, with bracket electric lights on existing poles.

Passed under suspension of the rule.

TELEVISION SET AT PARKMAN BANDSTAND.

Coun. F. P. TRACEY offered the following:

Ordered, That the Park Commissioner be requested, through his Honor the Mayor, to install a television set at the Parkman Bandstand, on Boston Common, said set to be operated at proper times when the bandstand is not officially used.

Recent investigation has shown that many undesirable persons have been using this area as a sounding board for the dispersal of un-American doctrines and communistic propaganda, disturbing the citizens using the area for peaceful recreation and rest. A television program will eliminate this condition in an effective, attractive American manner.

Passed under suspension of the rule.

COLUMBUS PARK IMPROVEMENTS.

Coun. LINEHAN offered the following:

Ordered, That the Park Commission be requested, through his Honor the Mayor, to lay out diamonds for hardball and softball, together with backstops for all the diamonds, at Columbus Park, Ward 7.

Passed under suspension of the rule.

RECESS.

On motion of Councilor Chase the Council voted to take a recess at 3.44 P.M., subject to the call of the Chair. The members reassembled and were called to order by Chairman WENZLER at 4.10 P.M.

EXECUTIVE COMMITTEE REPORTS.

Coun. RAMSEY, for the Executive Committee, submitted the following:

1. Report on petition of Elizabeth B. Thompson (referred February 13) to be paid annuity on account of death of her husband, Joseph W. Thompson, late member of the Fire Department—recommending passage of the accompanying order:

Ordered, That under the provisions of section 89A of chapter 32 of the General Laws, an annuity

of \$1,200 be allowed and paid to Elizabeth B. Thompson, widow of Joseph W. Thompson, a member of the Fire Department, who died on July 24, 1949, on account of injuries received in the performance of his duty, said annuity to continue so long as she remains unmarried; the annuity to become effective upon the date of the approval of this order by the Mayor, and to be charged to the appropriation for Fire Department, Pensions and Annuities.

Report accepted; said order passed.

2. Report on order (referred March 27) accepting chapter 243 of Acts of 1950 re annual vacations for certain police officers of the City of Boston—that same ought to pass.

Report accepted; said order passed.

3. Report on message of Mayor and order (referred today) for sale at public auction at upset price of \$22,500 of ferryboat "Ralph J. Palumbo"—that same ought to pass.

Report accepted; said order passed.

4. Report on message of Mayor and order (referred today) for amendment and release of contract, between City of Boston and Public Housing Administration, dated May 7, 1946—that same ought to pass.

The report was accepted, and the question came on the passage of the order. The order was passed, yeas 13, nays 0.

Yeas—Councillors Ansel, Beades, Bryan, Chase, Farin, Hannon, Lanigan, Linehan, Ramsey, Sullivan, F. P. Tracey, P. A. Tracy, Wenzler—13.

Nays—0.

STEEL FLAGPOLE FOR FRANKLIN FIELD.

Coun. ANSEL offered the following:

Ordered, That the City Messenger be authorized to erect a steel flagpole in Franklin Field to replace the flagpole struck by lightning.

Passed under suspension of the rule.

PRINTING OF BOSTON STREET DIRECTORY.

Coun. HANNON offered the following:

Ordered, That his Honor the Mayor direct the Supervisor of the Printing Plant in conjunction with the Board of Street Commissioners to prepare and print one thousand copies of the Boston Street Directory, of which at least 500 copies shall be hard covered—for use of the City Messenger and the City Document Division.

Passed under suspension of the rule.

INCREASED PERSONNEL, STATIONS 19 AND 3.

Coun. FARIN, ANSEL, and LANIGAN offered the following:

Ordered, That the Police Commissioner be requested, through his Honor the Mayor, to increase the personnel in Stations 19 and 3, so that the school crossings may adequately be taken care of during school hours.

Passed under suspension of the rule.

Adjourned at 4.15 P.M., on motion of Councillor Bryan, to meet on Monday, April 10, 1950, at 2 P.M.

Note: All debate of City Council eliminated from proceedings in accordance with Chapter 447, Acts of 1947.

(Stenographic copy of such debate on file in office of City Clerk.)

LAND-TAKING IN WEST ROXBURY.

The Mayor has approved the order of the Board of Street Commissioners for the taking of land for a public improvement, consisting of the laying out and construction of Rumford road, West Roxbury district, as a highway, from Baker street to Chesbrough road, bounded and described as follows:

A highway named Rumford road is hereby laid out, from Baker street to Chesbrough road, and ordered constructed.

Said highway and the land, exclusive of trees or structures standing upon or affixed thereto, in which an easement for street purposes is hereby taken, is bounded and described as follows:

Westerly by Baker street, forty-six and 81-100 feet; northwesterly by the northwesterly line of said Rumford road as hereby laid out, two hundred twenty-

six and 27-100 feet; northeasterly by Chesbrough road, forty feet, and south-easterly by the southeasterly line of said Rumford road as hereby laid out, two hundred fifty and 59-100 feet.

Trees or structures standing upon or affixed to the aforesaid land shall be removed therefrom within sixty days following a notice of the city's intention to enter upon said land for the purpose of constructing said improvement.

Betterments are to be assessed for the making of the aforesaid improvement.

Ordered, That this Board estimates that the abutting lots of land situated on both sides of said Rumford road, from Baker street to Chesbrough road, will receive benefit or advantage, beyond the general advantage to all real estate in said city, from the improvement herein ordered; each of said lots in the amount hereinafter respectively set against it; said lots and the supposed owners thereof being shown on the plan hereinbefore referred to and on file in the office of this department.

Voted, That this Board determines that no person sustains damages in his estate by the making of the public improvement, consisting of the laying out and construction of Rumford road, West Roxbury district, as a highway, from Baker street to Chesbrough road, under the order of the Board of April 5, 1950, and awards no damages therefor.

LAND-TAKING IN SOUTH BOSTON.

The Mayor has approved the order of the Board of Street Commissioners for the taking of land for a public improvement, consisting of the discontinuance of Granite street, South Boston district, as a highway, from West First street to West Second street, bounded and described as follows:

A part of the highway named Granite street is hereby discontinued, from West First street to West Second street.

Said part of said highway as hereby discontinued is bounded:

Northeasterly by West First street, fifty feet; southeasterly by the southeasterly line of said Granite street as hereby discontinued, one hundred eighty and 62-100 feet; southwesterly by West Second street, fifty feet, and northwesterly by the northwesterly line of said Granite street as hereby discontinued, one hundred eighty and 62-100 feet, containing nine thousand and thirty-one square feet, more or less.

Said discontinuance to be subject, however, to all rights of the City of Boston to lay, maintain, operate, repair and renew water works and their adjuncts and all rights of public utility companies for their structures existing therein at the date of this order.

Voted, That this Board determines that no person sustains damages in his

estate by the making of the public improvement, consisting of the discontinuance of a part of Granite street, South Boston district, as a highway, from West First street to West Second street, under the order of the Board of April 5, 1950, and awards no damages therefor.

CLAIMS ALLOWED.

The Mayor, upon recommendation of the Corporation Counsel, has approved the following claims:

The Commissioner of Public Works of the City of Boston, office 508 City Hall Annex, invites proposals from citizens of the United States and corporations or other legal associations wherein the controlling interest to the extent of at least over one half thereof is owned by a citizen or citizens of the United States, for minor steel repairs to the Charlestown Bridge, over the Charles River. A bond will be required for doing the work of a surety company approved by the Commissioner in the sum of 100 per cent of the amount of the contract, to secure the due performance of the contract and the full protection of the city. Forms of proposals may be obtained at Room 508, City Hall Annex. Each proposal should be enclosed in an envelope, sealed, marked "Proposal for Minor Steel Repairs to the Charlestown Bridge, over the Charles River," and left at Room 508, fifth floor, City Hall Annex, before 12 M. of WEDNESDAY, APRIL 26, 1950, with a certified check for FOUR HUNDRED (400) DOLLARS, payable to and to become the property of the city if the proposal after acceptance is not carried out. The proposals will then be publicly opened and read in the Hearing Room of the Street Commissioners, Room 401, City Hall Annex.

Proposals must be made in duplicate, the sealed duplicate, without check, to be deposited by the bidder with the City Auditor previous to the time named for opening the bids. All proposals must be from bidders of record on file at Room 508, City Hall Annex. *There will be a charge of two dollars (\$2) for each set of plans and specifications taken out.* If the price of any item appears to the Commissioner to be abnormally high or low, or the bidder neglects to bid on each and every item, it may lead to the rejection of the proposal containing such price. The rate per hour of the wages to be paid to mechanics, teamsters, chauffeurs and laborers in the work to be performed under the contract shall not be less than the rate of wages in the schedule determined by the Commissioner of Labor and Industries of the Commonwealth, a copy of which schedule is annexed to the form of contract referred to herein. Copies of said schedule may be obtained, without cost, upon application therefor at the office of the Commissioner of Public Works. Before commencing performance of this contract, the Contractor shall provide by insurance for the payment of compensation and the furnishing of other benefits under chapter 152 of the General Laws (the Workmen's Compensation Law so called) to all persons to be employed under this contract, and shall continue such insurance in full force and effect during the term of this contract. The undersigned reserves the right to reject any or all proposals or to award the contract as he deems best.

Proposals will be received until 12 o'clock noon, Monday, April 24, 1950, at the office of the Awarding Authority, Room 1005, City Hall Annex, at which time and place they will be opened and read aloud.

Proposals shall be submitted in duplicate on forms obtained from the Awarding Authority. Each copy of the proposal shall be properly filled out, signed and inclosed in a sealed envelope plainly marked with the name of the bidder and the description of the work bid upon. One copy shall be filed at the office of the Awarding Authority, designated above, and the other copy shall be filed at the office of the City Auditor, City Hall, Boston, Mass. Both copies shall be filed before the time stated above for the opening of proposals.

A bid deposit in the form of cash or a certified check on, or a certificate of deposit issued by, a responsible bank or trust company, payable to the City of Boston, in the sum of \$400, shall be submitted with the copy of the proposal filed with the Awarding Authority. The bid deposit shall be in a separate envelope, properly marked. Bid bonds will not be accepted.

No bidder may withdraw his bid within thirty days after the actual opening thereof.

The rate per hour of the wages to be paid to mechanics, teamsters, chauffeurs and laborers in the work to be performed shall not be less than the rate of wages determined for this work by the Commissioner of Labor and Industries of the Commonwealth of Massachusetts under the provisions of General Laws (Ter. Ed.), chapter 149, section 26, a schedule of which appears in the specifications.

The successful bidder will be required to provide by insurance for the payment of compensation and the furnishing of other benefits under the Workmen's Compensation Law, General Laws (Ter. Ed.), chapter 152, to all persons to be employed under the contract, and sufficient proof of compliance with the foregoing stipulation will be required prior to the award of a contract.

Specifications may be obtained on and after Monday, April 17, 1950, at the office of the Awarding Authority.

A performance bond, issued by a surety company satisfactory to the Awarding Authority, in the full amount of the contract, will be required of the successful general contractor.

The Awarding Authority reserves the right to reject any and all bids if it be in the public interest so to do.

MAYOR JOHN B. HYNES TAKES FEATURED PART IN BOSTON'S 175TH ANNIVERSARY OF PAUL REVERE'S RIDE—SENDS NIGHT RIDER FROM CHARLESTOWN POINT ON TUESDAY NIGHT TO SIMULATE ACTUAL TRIP, THEN OPENS DAY'S OBSERVANCE WITH FLAG RAISING AT CITY HALL, PLACING OF WREATHS ON HEROES' GRAVES, AND THE DISPATCHING OF RIDERS FROM NORTH SQUARE—MILITARY AND CIVIC ORGANIZATIONS SHARE IN CELEBRATION.

Beginning with a simulated ride of Paul Revere from Charlestown, after being rowed across the Charles River, on Tuesday night, and carrying through with a repeat ride on Wednesday for the benefit of the young people who had no chance to witness the night event, Boston celebrated the 175th anniversary of the historic event to the satisfaction of all citizens.

Mayor Hynes sent the Revere rider away after he landed on the Charlestown shore at City square. The rider was followed most of the way by a mobile television outfit.

The 175th celebration of Patriots' Day actually opened with the flag raising and parade at City Hall with Mayor John B. Hynes officiating.

Rides Again Wednesday.

The flag raising at City Hall took place at nine o'clock. A parade followed in which units of the Army, Navy, Marines, Coast Guard, State Guard and veterans organizations took part. The route of the parade from City Hall was through Province street to Bromfield street and thence to the Old Granary Burying Grounds for ceremonies at the grave of Paul Revere. The parade then moved to King's Chapel Burying Ground for memorial honors at the grave of William Dawes, Jr.

From King's Chapel the parade proceeded by Tremont street, Scollay square, Hanover street, North street to North square, where two riders, Capt. Charles L. Fernandes and Lieut. Sonny Onissimo of the United American Veterans, impersonating Dawes and Revere, were sent on their way, bearing greetings from Mayor Hynes to mayors of cities and chairmen of selectmen along the routes.

In the North End there were patriotic exercises at the original Paul Revere House in North square at which Mayor Hynes and Governor Dever spoke. Graves of Revolutionary patriots in the Copp's Hill Burial Ground were decorated and a wreath was placed on the Revere monument in Paul Revere Mall.

The rider impersonating Dawes started from Boston to Lexington at John Eliot square, Roxbury. The start of the ride included exercises and a parade, with a flag raising at Veterans' Memorial Circle and Dillaway-Thomas House, and exercises from the balcony of the Norfolk House Center.

"O Boston, fair City enthroned like a radiant queen,
From thy hills looking down on the ship-teeming plain of the ocean,
May thy future be bright, thy skies beam with light all serene,
Ensured by thy sons' and thy daughters' unselfish devotion!"

MAYOR HYNES JOINS IN INAUGURATION OF PAINT-UP, CLEAN-UP CAMPAIGN.

(Continued from page 337.)

a genuine community spirit, which spirit is so essential if Boston is to continue as a leader in the economic world. Furthermore, it is bound to stimulate the sale of huge amounts of paints, building and other types of equipment and materials, and the creation of considerable work and wages.

"It is my hope that all inhabitants of the city will make a distinct effort during the next ten days to cooperate with the campaign by cleaning out all accumulation of trash from attics, basements, and closets; cleaning up lawns and yards; painting houses and business property inside and out; fixing up and repairing household goods and furnishings. Let's give Boston a new atmosphere, a new tone, and a new look."

All of the city departments are co-operating in the campaign. The Public Buildings Department is painting up all public buildings in need of such treatment; the Health Department is stepping up its inspections; the Traffic Department is repainting its traffic signals and street lines; the Park Department is cleaning up the parks and beaches; the Fire Department is prosecuting its annual inspections with vigor; and the Real Estate Division is cleaning up all city-owned lots.

The Public Works Department is not only advertising the campaign on its trucks and other motor vehicles, but is ready to haul away rubbish to the city dumps. Any resident, incidentally, who wants dirt and debris taken away from his premises need only call the Public Works Department, make known his needs, and the city will send a truck to pick it up.

REPORT ON ATTENDANCE AT CONVENTION OF AMERICAN ASSOCIATION OF SCHOOL ADMINISTRATORS.

(Continued from page 337.)

Mrs. Kathleen Ryan Dacey as companion was an experience to cherish in one's memory.

From the moment of arrival at the convention the days and evenings were crowded with affairs which taxed one's physical and mental capacity. It would be difficult to select the session most valuable in service to the personnel and children of the schools of Boston.

In order to be properly designated and secure the much coveted admission card, the first day we spent at the auditorium, securing our registration and visiting the exhibitions. Here one understands the equipment and inexhaustible industrial business that helps the schools of our nation to function. It is only at such a convention that one fully appreciates school material needs and the men who make these needs possible.

The theme of the convention was "Education, Dynamic of Democracy." At the opening meeting, Margaret Chase Smith stressed "Peace at Home," to assure such education for democracy, and the need of developing better human relations. In fact, she said the only real hope for world peace is greater understanding among the peoples of the world.

This can only be possible through knowledge and understanding of our neighbors of the world. We must strive to learn their desires, hopes, aspirations, attitudes, problems, and living conditions. "What the world really needs is the simple, old-fashioned, good-neighborly will to get along."

Mr. Walter P. Reuther, President of the C.I.O. United Auto Workers, in clarion tones said labor and management have a responsibility to the public that is above the interests of their special economic groups. He suggested a conference of leaders in management, labor, agriculture, science, and education, "to come to grips with the problems of unemployment, the achievement of full production and full distribution, our housing and educational needs, the problem of removing economic barriers to good health, the question of civil rights and fair practice legislation, and other basic problems which challenge democracy." Mr. Reuther quoted startling statistics; he stated how efficiently the costs of wars could assure the peace and the needed costs of that education which would make it dynamic of democracy. Truly his words were the challenge to democracy.

Monday, through the thoughtfulness of our Superintendent, Mrs. Dacey and I attended a luncheon at Haddon Hall, given by the Civic Education Project which is in operation in Cambridge, under the direction of Dr. Henry W. Holmes, Professor Emeritus of Education at Harvard, and Dr. John J. Mahoney, Professor Emeritus of Education at Boston University.

Both Professors Holmes and Mahoney explained the three-year research project which they have been conducting, seeking to produce new basic tools needed in the nation's elementary and high schools for the development of more alert and informed citizens and better habits of citizenship.

In 1923 Professor John J. Mahoney wrote: "The most important business of the American public schools is that of making good American citizens." It is even more important in the divided world of today.

Mr. Curran, a superintendent of one of the towns in Massachusetts, gave a practical evidence of the work done by him. He presented a teachers' civic handbook entitled "By the People." This volume outlines in complete form "Activities for a Program in Civic Education." It is an exceptional aid to teachers of democracy. It is a "know-how" which should be possessed by all teachers.

The Monday afternoon session was held in the Hotel Dennis. "The Characteristics of a Good Elementary School" was the subject. The chairman outlined much of the practices of past years and made very few suggestions of modern activities. He quoted largely from Perry's *Management of a City School* and Dewey's *How to Think*. Both volumes have been approved for many years. The speakers on the panel, evidently much diverted from their subject, launched into various discussions. Very few questions were asked, as the panel closed promptly at four.

From this meeting we hurried to the Embassy Room at the Strand Hotel to the Elementary Principals Dinner. It was well attended, and a most enjoyable entertainment was given by groups of Atlantic City personnel, with Miss Bess Goodykoontz as seer, forecasting the future of the elementary school.

At the evening session the public schools of Atlantic City furnished a delightful

musical program. The speaker of the evening, David E. Lilienthal, claimed security and defense lie primarily on the ideals of democracy. In his speaking on "Atomic Energy for Peace" he emphasized that the "dangerous myths" believed by the majority in regard to atomic energy, and which have worked against the development of atomic energy for peace, must be counteracted with positive information at all educational levels. He explained in simple phraseology the splitting of the atom and the discovery of the neutron and that a new R is added to readin', writin', 'rithmetic — namely, radiation. This new force, atomic energy, is here to stay in industry, agriculture, medicine, and power, and it is the business of every citizen to know how we use it. He told that after the atom bombs were dropped on Hiroshima and Nagasaki there followed "the greatest verbal detonation in history, a mushroom-shaped cloud of words, forty thousand feet in altitude, purple in color." This can only be changed in the direction of men's thinking. Men have been gaining greater knowledge not only in material power, but in spiritual power. Many have awakened to a new understanding of God and his wholly spiritual creation. "We should have faith that our Creator did not endow men with the knowledge to unlock the atom with the idea that he should destroy himself." We must not be forgetful of the true sources of American strength. Our security does not lie in material things at all. We are a people with faith in each other. We are a people with faith in reason and the unending pursuit of new knowledge. If we fail in these we have no security. We are a people with faith in God, with a strong intense sense of our stewardship. If we lose that, we are lost, however strong we may be in atomic weapons."

Tuesday noon was devoted to the Luncheon of Administrative Women. The Chevy Chase Room of the Marlborough-Blenheim Hotel was artistically decorated, and administrative women from California to Maine were present to listen to Marion Edman, Dean of Women, Wayne University of Detroit, Michigan, in an address on "The Educational Problems of Germany." Miss Edman was a brilliant, cultured speaker who gave first-hand information of her three years spent in Germany, contrasting the bare classrooms with those of our country; also the lack of equipment at the disposal of teachers and the Germans' confused idea of our spirit of freedom and democracy. Her talk was given in a delightfully intimate manner, and all present felt the strength of her personality and her suitability for the role she had played in Germany.

Miss Patterson next introduced the vice president, Bess Goodykoontz, who explained the grant of \$2,500 from the National Education Association for research purposes, \$1,000 to be spent this year and \$1,500 next year, when printing of results of the study will be available to the councils. She paid high tribute to Miss Patterson for the skillful work in securing this grant.

Tuesday afternoon session was held at the Madison Hotel. The speakers represented the West Coast, where the need for in-service training was more acute even than in Boston, because there the increased growth of school population had necessitated the granting of temporary certificates to many teachers who had not been in service for twenty years or more. The speakers, however, allowed that many of the teachers with temporary

certificates were not the most incompetent teachers, nor less incompetent than many having certification. The need for refresher courses and workshops, the need for professional reading and studying, and the opportunity for observation of excellent teaching performances were the most important suggestions made to improve in-service work. Many questions were asked of Mr. Murdock, the outstanding panel speaker. It was interesting to hear Professor Brownell of Yale participate as an interrogator in this discussion.

The evening session on Tuesday was memorable indeed. The schools of Atlantic City gave a pageant that was most artistic and beautiful. It depicted by chorus and recitation the landmarks of our historical growth. The tableaux were breathtaking, representing sculptured scenes of white marble veiled by gauze drapery. The figures were pupils, who were perfect in their statuesque beauty.

Mrs. Eleanor Roosevelt, the speaker of the evening, told the delegates that everybody needs to make up his own mind about each of the fundamental principles set forth in the universal declaration of human rights, because supporting these principles is, first and last, an individual responsibility.

"People are individually responsible, not only in our country but throughout the world as a whole, since human rights will be defined for all nations that ratify. It is extremely important that we make up our minds whether we accept them as the rights of every individual everywhere, and that we show by our example what we believe."

The U. N. Human Rights Commission has worked laboriously and painstakingly to find precise synonymous terms acceptable to each member of the commission. This task alone has consumed weeks to define exactness in the use of words in international political and economic affairs.

"Educators should see to it that the declaration is read and known in every school and every community." "It is not a family affair, but one that looms large in the battle for men's minds between the democratic and the communist theories. What the individual does about it affects the great struggle in the world today."

The aim of the declaration is stated in its own preamble:

"... A common standard of achievement for all peoples and all nations, to the end that every individual and every organ of society shall strive by teaching and education to promote respect for these rights and freedoms, and by progressive measures, national and international, to secure their universal and effective recognition and observance."

The afternoon of March first was spent in one of the most attractive meeting places of the convention—at the Hotel Claridge. Mr. Blankenship, the splendid chairman of this session, introduced Fletcher G. Watson, Associate Professor, Graduate School of Education, Harvard University. The subject "What Should We Teach About Atomic Energy?" was treated from a scientific point of view and outlined in a clarifying manner the steps in the development of atomic energy. The opening paragraph is worthy of quoting:

"Atomic energy is here to stay. As responsible school administrators you are wondering what the schools could or should do with this as a topic. I can at least in part appreciate the confusion that you may feel, for through the press

and the radio we have been so bombarded with glowing forecasts of the world of tomorrow, of impending doom, and with international repercussions that we are dizzy."

Should we teach in schools about atomic energy? Yes, this new source of power bears strongly on three major problems: war, economic security, and food production for a growing population. The world in which we live is changing, and changing rapidly. New types of employment appear for our students; many old ones have disappeared. Radio engineer, airplane pilot, television expert were unknown a quarter of a century ago.

Because atomic energy is here to stay it is our duty to consider wisely the future problems it will present. It is the duty of teachers to find and study reliable sources of information. Intelligent evaluation must be based on knowledge. The Atomic Energy Commission, composed of civilians, has the difficult task of exploring peacetime uses for this new power source and still maintaining security for information of potential military value. In many places teachers have been invited to workshops on atomic energy. One of these has resulted in a most useful pamphlet called "Tab," Teachers Atomic Bulletin.

Strangely enough, there is a dreadful lack of interest of teachers in authentic publications which would secure for them the needed information for our mutual concern for the education of children in regard to atomic energy.

"No education is more critically important nor more urgently needed than the education of American youth in the basic and essential meanings of atomic energy. Education has enough power, if wisely and vigorously used, to lead us to the right choice and to the use of atomic energy for the welfare of mankind."

Time will tell if we have been equal to the task.

The final evening session was devoted to the program prepared for the A.A.S.A. by the Associated Exhibitors. The new officers were presented, the retiring president was given the past president's key, and the Associated Exhibitors Scholarship for graduate study in school administration was awarded to Norman J. Boyan at Harvard Graduate School, and the Presentation of American Education Award for 1950 was given Roy E. Larsen, president of *Time, Life, Fortune*, and *March of Time*. He is chairman of the National Citizens' Commission for the Public Schools. In acceptance he paid high tribute to the public schools of America and spoke enthusiastically of the efforts of the Citizens' Commission in serving "the cause of better public schools throughout the nation" to make a major contribution to the well-being of all Americans.

It would be impossible to close the account of this final entertainment without paying tribute to Fred Waring and his Pennsylvanians. Fifteen thousand auditors filled the auditorium thrilled by the musical selections of these great entertainers. The closing selection, "Battle Hymn of the Republic," was sung by the band and all the administrative visitors.

After the volumes of applause which arose and arose again in appreciation of the Pennsylvanians, Fred Waring thanked the Administrators for the kind reception of his band and begged to make one plea—let the children of the schools of America sing the great patriotic songs of the past and rekindle in their hearts through such songs the love of America.

* Contract awarded.

WITHOUT ADVERTISING.

Upon varying dates as indicated the Mayor has approved contracts with firms, supply houses, etc., for furnishing labor, supplies, etc. Communications from the heads of the departments interested were as follows:

LIBRARY DEPARTMENT.

BOSTON, April 11, 1950.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. MAYOR:

In response to our invitation, sealed proposals for certain lumber cut to exact specified dimensions were received and opened at the office of the trustees at 12 o'clock noon on April 4, 1950. This lumber is needed to erect book shelves in the new quarters for the South Boston Branch Library at 386 and 388 West Broadway, South Boston. Although bids were solicited from four lumber companies, only two companies actually submitted bids. The bids were as follows:

Downes Lumber Company, 54 South Bay avenue, Roxbury, \$1,290.30; Blacker & Shepard Corporation, 10 Newport avenue, Quincy, \$1,673.

It had been believed that the total cost of furnishing the lumber would be under \$1,000, and therefore bids were solicited by invitations instead of by advertising publicly. Upon opening the bids it was discovered that the total figure for supplying the lumber was over \$1,000, the amount beyond which there must ordinarily be public advertising. Inasmuch as four companies were invited to submit bids and only two were

submitted it appears that no useful purpose would be served by publicly advertising for bids.

Your permission is therefore respectfully requested for dispensing with public advertising and for placing a service order with Downes Lumber Company for furnishing the lumber in the amount of \$1,290.30.

Respectfully,

MILTON E. LORD,
Director.

SUPPLY DEPARTMENT.

BOSTON, April 6, 1950.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. MAYOR:

This Department is in receipt of a requisition from the Penal Institutions Department for one (1) Model 8 N Ford farm tractor. Informal quotations for prices were solicited among several companies but only two responded.

It is respectfully requested to issue an order, without public advertisement, to Fisk Alden Company, as the lower price was submitted by this concern.

Total amount of award is \$1,373.62, less a 2 per cent cash discount for payment within ten days.

Respectfully yours,

JOHN V. MORAN,
Superintendent of Supplies.

BOSTON, April 12, 1950.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. MAYOR:

This department is in receipt of a requisition from the Sanatorium Division for the following:

100,000 capsules Pasem Sodium 0.5 grams.

It is respectfully requested to award an order, without public advertisement, to R. J. Moran Company. All known manufacturers were contacted for prices and this company quoted the lower of the only two prices received.

Total amount of order is \$1,100.

Respectfully yours,

JOHN V. MORAN,
Superintendent of Supplies.

SUFFOLK COUNTY.

EAST BOSTON DISTRICT COURT.

BOSTON, March 1, 1950.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR SIR:

May I respectfully request permission to award, without benefit of advertising, the contract for the transportation of prisoners from this court beginning January 1, 1950, and ending December 31, 1950, at the rate of \$135 per month, to S. J. Wynters, 150 St. Andrew road, East Boston 28, Mass.

This has been our customary way of obtaining these services, because it is difficult to hire someone from competitive bidding who is always available, as is Mr. Wynters.

This contract for 1950 had already been approved by former Mayor James M. Curley on December 7, 1949, and is the same contract which has been used by this court for many years.

Mr. Fox has suggested that we resubmit our request for your Honor's approval.

Yours very truly,
CHARLES J. BROWN, Justice.

V. CHANGE IN DESIGNATION OF FIRE ALARM BOX.

The Auxiliary System in the Department of School Buildings, 26 Norman street, has been discontinued, and Fire Alarm Box 1336 has been changed from a master-type fire alarm box to a regular fire alarm box.

The designation on assignment cards for this fire alarm box will be changed to read as follows:

1336 Norman street, at No. 26, near South Margin.

Company commanders will make the above changes on assignment cards for Box 1336.

VI. COMMENDATION.

Capt. Patrick J. Burke of Ladder Company 30 is hereby commended for holding fire in check until arrival of apparatus at Box 3326 on April 9, 1950, while off duty.

By order of Fire Commissioner
MICHAEL T. KELLEHER.

JOHN F. McDONOUGH,
Chief of Department.

APPOINTMENT OF MINOR OFFICERS PAID BY FEES.

The following was received:

City of Boston,
Office of the Mayor, April 10, 1950.
To the City Council.
Gentlemen:

Subject to confirmation by your Honorable Body, I make the following appointments of minor officers paid by fees for the term of one year, beginning with the first day of May, 1950.

The appointments of all such officers not named herein are hereby revoked from and after April 30, 1950.

Respectfully,

J. B. HYNES, Mayor.

(Annexed was a list of appointments as contained in City Document No. 43.)

PEDESTRIAN ISLANDS AT WASHINGTON AND RIVER STREETS.

The following was received:

City of Boston,
Office of the Mayor, April 10, 1950.
To the City Council.
Gentlemen:

I transmit herewith communication from the chairman of the Board of Street Commissioners relative to your order of March 27, 1950, concerning pedestrian islands at the junction of Washington street and River street, Ward 17.

Respectfully,

J. B. HYNES, Mayor.

City of Boston,
Board of Street Commissioners,
April 4, 1950.

Thomas G. J. Shannon,
Chief Clerk, Mayor's Office.

Dear Sir:

I have your communication of March 29 enclosing copy of Council order introduced by Councilor Farin requesting that pedestrian islands be put at the junction of Washington street and River street, Ward 17.

The reconstruction of River street, Dorchester district, between Blue Hill avenue and Dorchester avenue, as a Chapter 90 project, is now under consideration by the Public Works Commissioner.

Construction of a refuge island at the intersection of River street and Washington street will be included in the proposed work at the time of construction.

Very truly yours,

GERALD F. SCALLY,
Chairman.

Re: Council Order Dated February 20, 1950, Requesting That Manthorne Road and Willow Street Be Made One Way.

Dear Sir:

In further reply to above Council order, please be advised that at a meeting of the Boston Traffic Commission held on March 30, 1950, it was voted to make Manthorne road one way from Centre street to Weld street and Willow street one way from Weld street to Centre street.

These regulations become effective beginning April 17, 1950, at which time the necessary signs will be erected.

Respectfully submitted,
WM. ARTHUR REILLY, Commissioner.

—
Boston Traffic Commission,
April 4, 1950.

Hon. John B. Hynes,
Mayor of Boston.

Dear Sir:

Concerning Council order dated March 20, 1950, requesting consideration of the establishment of diagonal parking in the Uphams Corner section of Columbia road, I wish to report that reconstruction of Columbia road is about to take place and an additional island is being incorporated in the new roadway.

A system of traffic lights is likewise included, and a great improvement in the flow of traffic on this highway is expected to result upon the completion of this project.

In order to maintain the improvement, our engineers are opposed to permitting angle parking in any portion of Columbia road.

Respectfully submitted,
WM. ARTHUR REILLY, Commissioner.

CLEANING OF STREETS.

The following was received:

City of Boston,
Office of the Mayor, April 10, 1950.
To the City Council.
Gentlemen:

I transmit herewith communication from the Public Works Commissioner relative to your order of March 27, 1950, concerning the cleaning of streets throughout the city in preparation of the observance of Easter and the Passover Holiday.

Respectfully,
J. B. HYNES, Mayor.

—
City of Boston,
Public Works Department,
April 4, 1950.

Thomas G. J. Shannon,
Chief Clerk, Mayor's Office.

Dear Mr. Shannon:

This is in reference to the following order that was passed in the City Council under date of March 27:

"Ordered, That the Public Works Commissioner be requested, through his Honor the Mayor, to make a special effort in the cleaning of streets throughout the city in preparation of the observance of Easter and the Passover holiday."

For the past two weeks all eligible employees of the Sanitary Division have been devoting their time to street cleaning work, and for the past week they have been supplemented by most of the employees in the Paving Service. All street sweepers are now in operation and they worked overtime last Saturday and Sunday, in an effort to have the streets in a clean condition by Easter.

You may be assured, therefore, that we are making every reasonable effort to comply with the provisions of the above-referenced order.

Respectfully yours,
GEORGE G. HYLAND,
Commissioner of Public Works.

LOAN FOR CONSTRUCTION OF PUBLIC WAYS, ETC.

The following was received:

City of Boston,
Office of the Mayor, April 10, 1950.
To the City Council.
Gentlemen:

I submit herewith a loan order in the sum of \$2,000,000, for the construction of public ways or permanent pavements. I also submit communication from the Commissioner of Public Works with relation to this request.

It is essential that funds be appropriated to reconstruct various streets in Boston, both main streets and residential streets. During this year four main streets will be reconstructed under the Chapter 90 statute, in which the city pays half of the construction cost and the state the remaining half. At the present time the Commissioner of Public Works estimates that, in addition to the Chapter 90 projects, it will be necessary to expend approximately \$2,000,000 to reconstruct those streets in the city which are at the present time in poor condition.

I recommend, therefore, that your Honorable Body give approval to this loan order, herewith attached, and that such approval be given as promptly as possible so that the work may be commenced and finished during the summer and early fall seasons.

Respectfully,

J. B. HYNES, Mayor.

City of Boston,
Public Works Department,
April 10, 1950.

Hon. John B. Hynes,
Mayor of Boston.

Dear Mr. Mayor:

As of January 1 of the current year, there was an unencumbered balance of \$399,030.35 in the "Public Ways, Construction of" account. In 1949 the department encumbered \$3,608,449.65 from this account, charged as follows:

Final estimates paid on 1948 contracts,	\$856,921 06
Contracts awarded in 1949.....	2,604,373 03
Payroll charges in 1949:	
Paving Service.....	71,308 82
Street Commissioners.....	75,846 74
Total.....	\$3,608,449 65

During the current year, we intend to undertake so-called Chapter 90 State Aid Projects in the total estimated amount of \$1,030,000.

Half of this amount will be paid by the state and the other half by the City of Boston. The following-listed streets are to be reconstructed as Chapter 90 projects:

Blue Hill Avenue, Dorchester; Western Avenue, Brighton; Columbia Road, Dorchester; River Street, Dorchester.

In addition to the Chapter 90 projects, it is most essential that we carry out our normal street construction and reconstruction program. I feel that we will need at least \$2,000,000, in addition to our present unencumbered balance, to provide sufficient funds to effect our Chapter 90 program and our normal street improvement work.

I respectfully recommend, therefore, that the attached loan order—which provides for the issuance of so-called "Public Ways, Construction of" bonds in the amount of \$2,000,000—be submitted to the City Council for the approval of that Body.

Respectfully yours,

GEORGE G. HYLAND,
Commissioner of Public Works.

Ordered, That under the provisions of clause 5 of section 7 of chapter 44 of the General Laws, the sum of two million dollars (\$2,000,000) be, and hereby is, appropriated, to be expended under the direction of the Commissioner of Public Works, for the Construction of Public Ways or Permanent Pavement, and that, to meet said appropriation, the City Treasurer be authorized to issue, from time to time, on request of the Mayor, bonds or certificates of indebtedness of the city to said amount.

SALE OF LAND ON GRANITE STREET, SOUTH BOSTON.

The following was received:

City of Boston,
Office of the Mayor, April 10, 1950.
To the City Council.
Gentlemen:

The City of Boston is the owner in fee of approximately 9,031 square feet of land located in Granite street in the South Boston district. On April 5, 1950, the Board of Street Commissioners passed an order discontinuing that portion of Granite street from West First street to West Second street and voted that the portion of Granite street so discontinued was no longer required for any municipal purpose.

The Board of Street Commissioners has recommended that this land be sold at private sale, for the purchase price of nine thousand dollars (\$9,000), to the Gillette Safety Razor Company. The acquisition of this land will enable the company to develop more fully its properties on Granite street. The company has been located in South Boston for approximately 50 years; employs 2,967 persons; and holds real estate assessed for \$2,327,900.

In view of the foregoing, it is my opinion that this land should be sold to the Gillette Safety Razor Company at private sale for the proposed sum of nine thousand dollars (\$9,000).

I transmit herewith communication received from Gerald F. Scally of the Board of Street Commissioners, and I also submit herewith an order whereby the City of Boston may sell approximately 9,031 square feet of land located in Granite street to the Gillette Safety Razor Company.

Respectfully,

J. B. HYNES, Mayor.

City of Boston,
Board of Street Commissioners,
April 10, 1950.

Hon. John B. Hynes,
Mayor of Boston.

Dear Mr. Mayor:

By an order of the Board of Street Commissioners passed April 5, 1950, and approved by your Honor on said date, Granite street in the South Boston district was discontinued for a distance of 50 feet between West First street and West Second street. This order was recorded in the Suffolk Registry of Deeds on April 6, 1950. The City of Boston is the owner in fee of 9,031 square feet of land within the limits of Granite street as discontinued. The Gillette Safety Razor Company owns in fee lands and buildings abutting on the northwesterly and southeasterly sides of Granite street within the limits of the discontinued portion of said street.

The Gillette Safety Razor Company has consulted with this Board with reference to the purchase from the City of Boston of the city-owned parcel and has offered to pay the sum of nine thousand dollars (\$9,000) for a deed to this property.

It is the opinion of this Board that the parcel of land is no longer required for any municipal

purpose and it is the recommendation of this Board that the land be sold at private sale to the Gillette Safety Razor Company for the stated consideration of nine thousand dollars (\$9,000).

Very truly yours,
GERALD F. SCALLY, Chairman.

Whereas, The City of Boston, by an order of the Board of Street Commissioners passed April 5, 1950, and approved by the Mayor April 5, 1950, and recorded in the Suffolk Registry of Deeds April 6, 1950, discontinued a part of the public highway named Granite street, between West First street and West Second street in the South Boston district, subject to all rights of the City of Boston to lay, maintain, operate, repair, and renew water works and their adjuncts, and all rights of public utility companies for their structures existing therein at the date of said order; and

Whereas, The City of Boston owns in fee a certain parcel of land containing approximately nine thousand and thirty-one (9,031) square feet within that area of Granite street discontinued as a public highway under the aforesaid order of the Board of Street Commissioners; and

Whereas, The said area of land owned in fee by the City of Boston is no longer required for any public purpose; now, therefore, it is hereby

Ordered, That his Honor the Mayor of the City of Boston be, and he hereby is, authorized in the name and behalf of the City of Boston to sell at private sale and convey to the Gillette Safety Razor Company, a corporation duly organized and existing under the laws of the State of Delaware with a principal place of business in Boston, for the sum of nine thousand dollars (\$9,000), by an instrument in writing satisfactory in form to the Corporation Counsel of the City of Boston all the City of Boston's right, title, and interest in and to a certain parcel of land, hereinafter described, subject, however, to all rights of the City of Boston to lay, maintain, operate, repair, and renew water works and their adjuncts, and all rights of public utility companies for their structures existing in said parcel of land as of the date of said order of discontinuance. The said parcel of land is bounded and described as follows:

Southwesterly by the northeasterly line of West Second street, fifty (50) feet; northwesterly by land of Gillette Safety Razor Company, one hundred eighty and 62-100 (180.62) feet; northeasterly by the northwesterly line of West First street, fifty (50) feet; southeasterly by other land of Gillette Safety Razor Company, one hundred eighty and 62-100 (180.62) feet; containing 9,031 square feet, more or less.

The above parcel of land and all of said measurements are shown on a plan marked "City of Boston, Granite Street, South Boston, March 23, 1950, James W. Haley, Chief Engineer, Street Laying-Out Department," on file in said department.

STATES AND CITIES TAKE ACTION ON EMERGENCY HOUSING.

Four states are taking steps toward meeting the housing shortage. In Massachusetts a state housing bill would authorize cities to (1) undertake repairs or remodeling of houses for veterans, (2) acquire land for sale to veterans or contractors who will sell or rent houses to veterans, (3) go into the housing business for themselves, and (4) seize homes from which veterans and their families have been evicted without fault. In Minnesota the Governor has appointed a state housing expediter to work with building supply industries and Federal agencies on materials distribution, to aid local communities in making use of unused buildings, and to help cities benefit from the programs of Federal agencies having to do with housing. In Illinois the state has contributed \$4,300,000 to the Chicago Housing Authority for use in acquiring land for veterans' housing, and in California the Governor has called a special session of the Legislature to consider a bond issue of perhaps \$100,000,000 for loans to veterans for homes and farms.

PRELIMINARY ESTIMATES

The following communication was received:

CITY OF BOSTON—DEPARTMENT OF
SCHOOL BUILDINGS
26 Norman Street

Feb. 1, 1950

Miss Louise Kane
Secretary, Boston School
Committee

15 Beacon Street, Boston,
Massachusetts

Dear Miss Kane:

Superintendent of Construction James H. Mooney has presented the Board of Commissioners of School Buildings with the preliminary estimates for the Appropriation for Land and Buildings for the fiscal year 1950.

Based upon information received from Mr. Michael J. Downey, Deputy Superintendent of Public Schools, rental of hired accommodations will be \$6,420.00.

Also, at the suggestion of Mr. Downey, Superintendent of Construction James H. Mooney has furnished the Board of Commissioners of School Buildings with an estimated cost for the construction and furnishing an elementary school building consisting of twelve classrooms, a double kindergarten and an auditorium, on land in the possession of the School Committee to replace the Fairmount building in Hyde Park. The estimated cost of this building is \$750,000.00.

However, in order to remain within the statutory allowance for Land and Buildings, the preliminary estimates follow:

Rental of Hired Accommodations	\$ 6,420.00
Construction and furnishing building to replace the Fairmount Building, Hyde Park	747,394.08
Total	\$753,814.08

At a special meeting of the Board of Commissioners of School Buildings held this date, with all Commissioners present and voting, it was voted, unanimously, to approve these preliminary estimates and to present them to the School Committee for their consideration.

Very truly yours,
Board of Commissioners of
School Buildings:—
(Signed) Robert A. MacLellan,
Chairman

Placed on file.

The following communication was presented:

CITY OF BOSTON—DEPARTMENT OF
SCHOOL BUILDINGS

Feb. 1, 1950

Miss Louise Kane
Secretary, Boston School Com-
mittee

15 Beacon Street, Boston, Mas-
sachusetts

Dear Miss Kane:—

Superintendent of Construction James H. Mooney has presented

the Board of Commissioners of School Buildings with the preliminary estimates for the Appropriation for Alteration and Repairs for the fiscal year 1950.

The preliminary estimates as presented by him follow:—

Item A. Salaries	\$ 333,200.00
B. Administration Expenses, other than salaries	29,000.00
C. Alterations, furniture and equipment for special educational needs	390,000.00
E. Alterations and repairs in addition to the amounts hereinbefore specified	1,962,800.00
Total	\$2,625,000.00

Under separate cover, you have been furnished with the details substantiating all of these items with the exception of Item C. The details for Item C are to be determined upon by the School Committee.

At a special meeting of the Board of Commissioners held this date, with all Commissioners present and voting, it was voted, unanimously, to approve these preliminary estimates and to present them to the School Committee for their consideration.

Very truly yours,
Board of Commissioners of
School Buildings:
(Signed) Robert A. MacLellan,
Chairman.

Placed on file.

It was agreed by the School Committee on roll call that the following letter, embodying the estimates of proposed expenditures for school purposes for the fiscal year 1950, be forwarded to His Honor, the Mayor, John B. Hynes:

February 1, 1950.

Honorable John B. Hynes
Mayor of Boston
City Hall
Boston, Massachusetts.
My dear Mayor Hynes:

In compliance with the provisions of Chapter 513 of the Acts of 1945 and Chapter 224 of the Acts of 1936, as amended by Chapter 117 of the Acts of 1949, the School Committee submits its estimates of the proposed expenditures for school purposes for the fiscal year 1950, as follows:

Construction and furnishing of new school buildings, both temporary and permanent, including the taking of land therefor, and for school yards and the preparing of school yards for use, and for rent of hired school accommodations	\$ 753,814.08
---	---------------

Alteration and repair of school buildings and for furniture, fixtures, and means of escape in case of fire, and for fire protection of existing buildings, and for improving existing school yards	\$ 2,625,000.00
--	-----------------

The above sum of \$2,625,000.00 may be obtained in part by the appropriation of unexpended balances from 1949, totalling approximately \$62,032.13

Maintenance, exclusive of alterations, repairs, furniture and fixtures	\$23,069,442.66
--	-----------------

The above sum of \$23,069,442.66 may be obtained in part by the appropriation of unexpended balances totalling approximately \$745,405.60 and estimated income totalling approximately \$1,825,000.00. In addition to

the unexpended balances and the estimated income. the School Committee will receive credit for approximately \$1,539,003.00 which is the estimated amount to be received by the City and credited to the School Committee in 1950 in order to reduce the amount to be raised by taxation for the support of schools, in accordance with provisions of Chapter 643 of the Acts of 1945.

Total

\$26,448,256.74

Very truly yours,

(Signed) LOUISE KANE,
Secretary.

On roll call the members agreed to submit the foregoing communication to His Honor, the Mayor, by the following vote:

YEAS — Mrs. Dacey, Messrs. McDevitt, Ward, and White—4.

NAYS—Mr. Muchnick—1.

Mr. Muchnick: In view of the fact that the cuts that I recommended are not going to be made, I vote no on passing the budget.

Chairman: I would like to say that Mr. Muchnick voted to increase the budget in certain instances.

Mr. Muchnick: In two instances—correct.

Chairman: I say that so that the record will be straight.

Mr. Muchnick: I think the record is straight. I think we have a very competent stenographer.

Chairman: I agree. Then you need make no comment if you are relying on the stenographer. You are making the statement, Mr. Muchnick, that in view of the cuts you recommended not being accepted, you were voting no on the budget, although you voted in conference to accept Mr. Mooney's budget.

Mr. Muchnick: Oh, I am voting in favor of that budget.

Chairman: That is part of the whole item.

Mr. Muchnick: Is the budget being voted upon in the three different groups?

Secretary: It is not a budget. It is a letter to the Mayor.

Chairman: It is the preliminary estimate going to the Mayor giving him in its entirety—

Mr. Muchnick: Of that I don't approve, and therefore I vote no.

Chairman: You vote no on the preliminary estimates?

Mr. Muchnick: Yes.

Mr. Ward: I move we adjourn, Mr. Chairman.

Chairman—The question comes on adjournment. You vote on the motion. The Secretary will call the roll.

Secretary—To adjourn.

Mrs. Dacey—Yes.

Mr. McDevitt—Yes.

Mr. Muchnick—No.

Mr. Ward—Yes.

Chairman—No.

Chairman—The vote is three to two, and the motion to adjourn prevails.

The Committee adjourned.

LOUISE KANE,
Secretary.

Attest:

LAND-TAKING IN WEST ROXBURY.

The Mayor has approved the order of the Board of Street Commissioners for the taking of land for a public improvement consisting of the laying out and construction of Prospect street, West Roxbury district, as a highway, from Baker street 600 feet northeasterly, with the name of Constance road or some other distinctive name, bounded and described as follows:

A highway named Constance road is hereby laid out, from Baker street northeasterly for a distance of approximately 466 feet, and ordered constructed.

Said highway and the land, exclusive of trees or structures standing upon or affixed thereto, in which an easement for street purposes is hereby taken, is bounded and described as follows:

Southwesterly by Baker street, thirty-five and 2-100 feet; northwesterly by the northwesterly line of said Constance road as hereby laid out, four hundred sixty-six and 42-100 feet; northeasterly by the northeasterly line of said Constance road as hereby laid out, thirty-five and 3-100 feet; and southeasterly by the southeasterly line of said Constance road as hereby laid out, four hundred sixty-six and 29-100 feet.

Trees or structures standing upon or affixed to the aforesaid land shall be removed therefrom within sixty days following a notice of the city's intention to enter upon said land for the purpose of constructing said improvement.

Betterments are to be assessed for the making of the aforesaid improvement.

Ordered, That this Board estimates that the abutting lots of land situated on both sides of Constance road (formerly Prospect street), as laid out under this order, northeasterly from Baker street for a distance of approximately 466 feet, will receive benefit or advantage, beyond the general advantage to all real estate in said city, from the improvement herein ordered; each of said lots in the amount hereinafter respectively set against it; said lots and the supposed owners thereof being shown on the plan hereinbefore referred to, and on file in the office of this department.

CITY OF BOSTON.

PUBLIC WORKS DEPARTMENT.

PROPOSALS FOR CLEANING CATCH BASINS IN DISTRICT No. 1, CITY PROPER; DISTRICT No. 2, ROXBURY; DISTRICT No. 3, SOUTH BOSTON; AND DISTRICT No. 4, CHARLESTOWN AND EAST BOSTON.

The Commissioner of Public Works of the City of Boston, office 508 City Hall Annex, invites proposals from citizens of the United States and corporations or other legal associations wherein the controlling interest to the extent of at least over one half thereof is owned by a citizen or citizens of the United States, for cleaning catch basins in District No. 1, City Proper, etc. A bond will be required for doing the work of a surety company approved by the Commissioner in the sum of 100 per cent of the amount of the contract, to secure the due performance of the contract and the full protection of the city. Forms of proposals may be obtained at Room 508, City Hall Annex. Each proposal should be enclosed in an envelope, sealed, marked "Proposal for Cleaning Catch Basins in District No. 1, City Proper, etc.," and left at Room 508, fifth floor, City Hall Annex, before 12 M. of WEDNESDAY, MAY 3, 1950, with a certified check for SIX HUNDRED (600) DOLLARS, payable to and to become the property of the city if the proposal after acceptance is not carried out. The proposals will then be publicly opened and read in the hearing room of the Street Commissioners, Room 401, City Hall Annex.

Proposals must be made in duplicate, the sealed duplicate, without check, to be deposited by the bidder with the City Auditor previous to the time named for opening the bids. All proposals must be from bidders of record on file at Room 508, City Hall Annex. There will be a charge of two dollars (\$2) for each set of plans and specifications taken out. If the price of any item appears to the Commissioner to be abnormally high or low, or the bidder neglects to bid on each and every item, it may lead to the rejection of the proposal containing such price. The rate per hour of the wages to be paid to mechanics, teamsters, chauffeurs and laborers in the work to be performed under the contract shall not be less than the rate of wages in the schedule determined by the Commissioner of Labor and Industries of the Commonwealth, a copy of which schedule is annexed to the form of contract referred to herein. Copies of said schedule may be obtained, without cost, upon application therefor at the office of the Commissioner of Public Works. Before commencing performance of this contract, the Contractor shall provide by insurance for the payment of compensation and the furnishing of other benefits under chapter 152 of the General Laws (the Workmen's Compensation Law so called) to all persons to be employed under this contract and shall continue such insurance in full force and effect during the term of this contract. The undersigned reserves the right to reject any or all proposals or to award the contract as he deems best.

GEORGE G. HYLAND,
(April 22.) Commissioner of Public Works.

CITIES' RELIEF ROLLS RISE.

General relief case loads showed an increase of 9 per cent from January 1 to March 1 in a representative group of 15 major cities, as compared with an increase of 5.6 per cent during the first two months of 1948 in the same cities, according to a recent survey by the American Public Welfare Association. General relief case loads do not reflect all unemployment because many newly jobless are drawing unemployment compensation and are not on general assistance rolls. Cities where case loads mounted in the first two months of 1949 included Boston, Buffalo, Cincinnati, Milwaukee, Minneapolis, and Philadelphia. General assistance means relief to the indigent, as distinguished from the three major categories of federal aid given under the Social Security program—aid to dependent, to the aged, and to the blind.

CITY OF BOSTON.

DEPARTMENT OF SCHOOL BUILDINGS.

TO ROOFING CONTRACTORS.

INVITATION FOR PROPOSALS FOR ROOFING AND OTHER WORK AT THE DORCHESTER HIGH SCHOOL FOR BOYS, PEACEVALE ROAD, DORCHESTER, MASS.

The Superintendent of Construction of the Department of School Buildings, Boston, Mass., hereinafter referred to as the Awarding Authority, invites sealed proposals for roofing and other work at the Dorchester High School for Boys, Peacevale road, Dorchester, Mass.

Proposals will be received until 12 o'clock noon, Monday, May 1, 1950, at the office of the Awarding Authority, fourth floor, 26 Norman street, Boston, Mass., at which time and place they will be publicly opened and read aloud.

Proposals shall be submitted in duplicate on forms obtained from the Awarding Authority. Each copy of the proposal shall be properly filled out, signed and inclosed in a sealed envelope, plainly marked with the name of the bidder and the description of the work bid upon. One copy shall be filed at the office of the Awarding Authority, designated above, and the other copy shall be filed at the office of the City Auditor, City Hall, Boston, Mass. Both copies shall be filed before the time stated above for the opening of proposals.

A bid deposit in the form of cash or a certified check on, or a certificate of deposit issued by, a responsible bank or trust company, payable to the City of Boston, in the sum of \$150, shall be submitted with the copy of the proposal filed with the Awarding Authority. The bid deposit shall be in a separate envelope, properly marked. Bid bonds will not be accepted.

No bidder may withdraw his bid within thirty days after the actual date of the opening thereof.

The rate per hour of the wages to be paid to mechanics, teamsters, chauffeurs and laborers in the work to be performed shall not be less than the rate of wages determined for this work by the Commissioner of Labor and Industries of the Commonwealth of Massachusetts under the provisions of General Laws (Ter. Ed.), chapter 149, section 26, a schedule of which appears in the specifications.

The successful bidder will be required to provide by insurance for the payment of compensation and the furnishing of other benefits under the Workmen's Compensation Law, General Laws (Ter. Ed.), chapter 152, to all persons to be employed under the contract, and sufficient proof of compliance with the foregoing stipulation will be required before commencing performance of this contract.

A performance bond, issued by a surety company satisfactory to the Awarding Authority, in the full amount of the contract will be required of the successful general contractor.

The Awarding Authority reserves the right to waive any informalities and to reject any and all bids if it be in the public interest so to do.

JAMES H. MOONEY,
Superintendent of Construction.

SUPPLY DEPARTMENT.

PROPOSALS FOR FURNISHING PAINT FOR BOSTON TRAFFIC COMMISSION.

The Supply Department of the City of Boston invites proposals for furnishing paint, as specified in proposal forms which may be obtained at the office of the Supply Department, Room 1001, City Hall Annex. The bidder must leave his proposal with a certified check for \$100, payable to and to become the property of the City of Boston if the proposal is not carried out, at the above office. A duplicate bid, without check, must be left at the office of the City Auditor prior to the time named for opening bids. *Envelopes containing bids to be sealed and plainly marked "Proposal for Paint." There will be a charge of twenty-five cents (\$0.25) for each set of proposals taken out.* The bids will be publicly opened and read Tuesday, May 2, 1950, at 12 M., at Room 1001, City Hall Annex. The successful bidder must furnish a bond for one half the total estimated amount of the contract with a surety company authorized to do business in Massachusetts as surety for the faithful performance of the contract. The Superintendent reserves the right to accept or reject any or all bids, or any part of a bid, and to award the contract as he deems for the best interests of the city. All contracts made subject to appropriations to meet payments thereunder.

JOHN V. MORAN,

(April 22.) Superintendent of Supplies.

PUBLIC WORKS DEPARTMENT.

PROPOSALS FOR SEWERAGE WORKS IN HAUTEVALE STREET AND OUTLET IN PRIVATE LAND TO BEECH STREET, WEST ROXBURY.

The Commissioner of Public Works of the City of Boston, office 508 City Hall Annex, invites proposals from citizens of the United States and corporations or other legal associations wherein the controlling interest to the extent of at least over one half thereof is owned by a citizen or citizens of the United States, for sewerage works in Hautevale street, etc. A bond will be required for doing the work of a surety company approved by the Commissioner in the sum of 100 per cent of the amount of the contract, to secure the due performance of the contract and the full protection of the city. Forms of proposals may be obtained at Room 508, City Hall Annex. Each proposal should be enclosed in an envelope, sealed, marked "Proposal for Sewerage Works in Hautevale Street, etc.," and left at Room 508, fifth floor, City Hall Annex, before 12 M. of WEDNESDAY, MAY 3, 1950, with a certified check for FIVE HUNDRED (500) DOLLARS, payable to and to become the property of the city if the proposal after acceptance is not carried out. The proposals will then be publicly opened and read in the hearing room of the Street Commissioners, Room 401, City Hall Annex.

Proposals must be made in duplicate, the sealed duplicate, without check, to be deposited by the bidder with the City Auditor previous to the time named for opening the bids. All proposals must be from bidders of record on file at Room 508, City Hall Annex. *There will be a charge of two dollars (\$2) for each set of plans and specifications taken out.* If the price of any item appears to the Commissioner to be abnormally high or low, or the bidder neglects to bid on each and every item, it may lead to the rejection of the proposal containing such price. The rate per hour of the wages to be paid to mechanics, teamsters, chauffeurs and laborers in the work to be performed under the contract shall not be less than the rate of wages in the schedule determined by the Commissioner of Labor and Industries of the Commonwealth, a copy of which schedule is annexed to the form of contract referred to herein. Copies of said schedule may be obtained, without cost, upon application therefor at the office of the Commissioner of Public Works. Before commencing performance of this contract, the Contractor shall provide by insurance for the payment of compensation and the furnishing of other benefits under chapter 152 of the General Laws (the Workmen's Compensation Law so called) to all persons to be employed under this contract, and shall continue such insurance in full force and effect during the term of this contract. The undersigned reserves the right to reject any or all proposals or to award the contract as he deems best.

BRIDGE AND FERRY DIVISION AND HIGHWAY DIVISION DISCONTINUED AND NEW ONE CREATED, TO BE KNOWN AS BRIDGE AND HIGHWAY DIVISION, FOR MORE EFFICIENT SERVICE TO CITY AND PROTECTION OF INTERESTS OF CITIZENS—MERGER EFFECTED BY MAYOR HYNES ON RECOMMENDATION OF GEORGE G. HYLAND, PUBLIC WORKS COMMISSIONER—AFTERMATH OF FINANCE COMMISSION DISCLOSURES OF PAVING IRREGULARITIES.

MAYOR HYNES TO EMPLOY SERVICES OF TESTING ENGINEERS TO SAFEGUARD CITY IN FUTURE STREET CONSTRUCTION—THOMPSON & LICHTNER COMPANY, INC., HIRED TO CONDUCT SERVICE.

Mayor Hynes has employed a firm of testing engineers to test and control cement concrete and asphaltic pavement mixtures for street construction, to prevent recurrence of conditions disclosed in the report of the Finance Commission relative to paving contracts. The letter of the Public Works Commissioner requesting such a plan reads as follows:

PUBLIC WORKS DEPARTMENT.

BOSTON, April 18, 1950.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. MAYOR:

I feel that it is most essential for the department to engage the services of a competent firm of testing engineers of recognized integrity to test and control cement concrete and asphaltic pavement

CALLS FOR BOSTON'S OBSERVANCE OF 100TH ANNIVERSARY OF DECISION TO RECLAIM FROM OCEAN SECTION DESIGNATED AS "THE SOUTH END"—MAYOR HYNES CALLS ATTENTION TO VAST PROGRESS MADE IN CENTURY AND CONTRIBUTIONS TO GOOD CITIZENSHIP.

On April 24 Mayor Hynes issued the following statement:

This year is the hundredth anniversary of the decision to reclaim from the ocean that district now known as the South End of Boston.

Almost from its very inception, this new land was the new land of the peoples from other countries who flocked to the shores of our Republic in pursuit of a better way of life, in search of freedom,

(Continued on page 371.)

Mayor John B. Hynes, in an effort to safeguard better the interests of the citizens of Boston, and to protect the city's interests in the matter of Public Works Department operations, has decided to merge two divisions into one and to reshuffle the duties of the officials. This has been done at the recommendation of Public Works Commissioner George G. Hyland. As a result of the recommendations the Bridge and Ferry Division, as such, and the Highway Division have been discontinued and the two merged into the Bridge and Highway Division.

The letter of recommendation which the Mayor approved reads as follows:

PUBLIC WORKS DEPARTMENT.

BOSTON, April 24, 1950.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. MAYOR:

Two reports have been made by the Finance Commission alleging that the city last year paid for street reconstruction work which was not performed and for other work done in a manner which did not comply with contract specifications. Further evidence of other serious contract irregularities has been found by investigators for the Finance Commission and presumably will be presented in future reports. The findings by the Commission, in my opinion, make imperative a reorganization of the Highway Division of the Public Works Department, to assure against any recurrence of such conditions.

Makes for Flexible Operation.

It has been my opinion, for some time, that the Bridge and Ferry Division and the Highway Division should be consolidated. Such a merger, in my opinion, would provide more flexibility of operation, increased efficiency, potential economy, and should result in a general improvement, due to a more centralized operation similar to that advocated by Griffenhagen & Associates in the study that they made of the department under the direction of the Finance Commission. Since the city will shortly launch its road-building program for 1950, it is my considered judgment that the reorganization of the Highway Division should not be delayed until after the Finance Commission investigation has been completed, but rather should be made at once. Consequently, I am recommending the consolidation of the Highway Division with the Bridge and Ferry Division in the Public Works Department. There are many reasons to warrant such a step.

Therefore, under the provisions of section 33 of chapter 27 of the Revised Ordinances of 1947, I hereby discontinue the Bridge and Ferry Division of this department and also the Highway Division, and establish a new division to be known as the Bridge and Highway Division, effective at 12.01 A.M. on Wednesday, April 26, 1950.

All the duties and responsibilities of the Bridge and Ferry Division and of the Highway Division will be assumed by the new Bridge and Highway Division. I am selecting John deMeulenaer as the Division Engineer of the new division. He will be assisted by Ruthford J. Kelly as Assistant Division Engineer in Charge of Highways, and by John J. McCall as Assistant Division Engineer in Charge of Bridges.

MAYOR JOHN B. HYNES REORGANIZES PUBLIC WORKS DEPARTMENT ON RECOMMENDATION OF COMMISSIONER HYLAND.

(Continued from page 369.)

OFFICIALS APPROVED.

As soon as the new Bridge and Highway Division is established, it is my intention to work closely with the Division Engineer and his two (2) assistants and set up an efficient organization capable of discharging its responsibilities effectively and to the credit of the department.

I would appreciate your approving and ratifying my action in discontinuing the present Bridge and Ferry Division and the Highway Division, and establishing a Bridge and Highway Division, effective at 12.01 A.M. Wednesday, April 26, 1950. I also respectfully request your approval to my designating John deMeulenaer as the Division Engineer of the new division, and also to my designating Ruthford J. Kelly as Assistant Division Engineer in Charge of Highways, and John J. McCall as Assistant Division Engineer in Charge of Bridges.

Respectfully yours,

GEORGE G. HYLAND,
Commissioner of Public Works.

MAYOR EMPLOYS SERVICES OF ENGINEERS TO SUPERVISE STREET CONSTRUCTION.

(Continued from page 369.)

mixtures and materials to be used in the street construction and reconstruction program during the current year. It is my opinion that we do not have the type of personnel or the laboratory facilities to make certain that we are receiving the quality or the quantity of material required by the contract specifications. The amount of money spent for testing services represents only a small percentage of the cost of said materials, and money spent for such services is a good investment for the city and may be considered as insurance.

The current investigation of the Boston Finance Commission has brought to light some of the scandalous conditions that prevailed in this city last year on contracts involving street construction work. It is my intention to do everything within reason to prevent a recurrence of such conditions under the present administration. The best way to start is to select a firm of testing engineers of national reputation and of unquestioned integrity and ability. I have given this matter considerable thought and I have selected the firm of Thompson & Lichtner Company, Inc., to conduct this service for the department. They will provide a control engineer at each asphalt plant to supervise operations and to control and design the asphaltic pavement mixes, and will insure not only the quality of the material, but also the quantity. They will also make field tests when necessary and, in general, have complete charge of the asphaltic pavement material from the time that it is mixed at the plant to the laying of the material in the street, and subsequent to such time if it is decided to take cores out of a street to determine the thickness of the various layers of material that make up a street pavement. In addition to asphaltic materials, they also will provide plant inspection and control of cement concrete pavements and bases.

While I have received two other proposals for the furnishing of testing services from reputable firms, I have had no per-

sonal dealings with them, and I hesitate to select either of these firms in preference to Thompson & Lichtner. The reputation of the latter firm is second to none in this area, and they did extensive work for the State Department of Public Works during my term as associate commissioner. I know, from personal experience, therefore, of the character of that firm and I do not hesitate to recommend that we engage their services, even though their proposal is higher than that of their two (2) competitors. On contracts of this kind, price is of secondary importance, although, naturally, it is a factor. The price submitted by the Thompson & Lichtner Company is, in my opinion, fair, and will permit them to render adequate and competent service. In the past, I have awarded at least one contract for testing services at a low price, and, in my opinion, the low price was reflected in the poor type of service rendered by the contractor. I firmly believe that a contract of this type should be awarded at a price at which we are certain that the quality of service rendered by the contractor will not be detrimentally affected. As I stated in this communication, the amount paid for testing services is a small percentage of the cost of the materials, and a small saving in the price of the testing services is a very small part of the amount that we will expend this year on street construction and reconstruction work.

This type of contract obviously, and for reasons described hereinbefore, is one of the few that should not be awarded as the result of publicly advertising for proposals.

I respectfully request, therefore, that you approve, without publicly advertising for bids, the award of a contract to the Thompson & Lichtner Company, Inc., for testing, inspecting, designing, and controlling bituminous and cement concrete mixes used by the department during the current year on street construction and reconstruction work, on the basis of prices for the various items as submitted by the contractor and, in any event, not in excess of a total amount of \$35,000.

Respectfully yours,

GEORGE G. HYLAND,
Commissioner of Public Works.

MAYOR HYNES PRAISES CONTRIBUTION OF SOUTH END RESIDENTS.

(Continued from page 369.)

in quest of happiness. Even the very creation of the land came about through the determined toil of the immigrants.

The South End can be proud of its family now in their hundredth year. There is not one of its present 39 nationalities that cannot point to its distinguished kindred: a brother of Irish blood known to all as a distinguished politician and statesman; a Negro son who is a leading legal counselor; an Armenian noted for his brilliant surgical skill; a Jew who holds a high judicial post; a Syrian whose poetry has attracted nation-wide interest and acclaim. And through two world wars the sons of the South End fought shoulder to shoulder in a common cause for a common good. And so, one may take race after race, national group after national group, and name its esteemed kindred in the arts, the sciences, and in the professions.

Enter the systematically laid out streets of this section today and study faces. Enter the churches, the schools, the lecture halls, the public and private meetings. The differences in the races are minute. In their pride, in their love of country, in their mutual understanding, the races are all alike. We are part of them; they are part of us. The stranger of yesterday has become the cousin of today. The cousin of today will be the brother of tomorrow.

Over a period of 100 years, the South End has been a benefactor to the City of Boston. Its greatest gift, perhaps, has been the spirit of its people, which was transfused into the existing blood stream. A spirit young, strong, and aspiring; a spirit which has helped to build the present city; a spirit upon which we can yet rely to face and conquer the problems of the future. As great as the progress has been in the last century, notable as so many of the sons and daughters of the South End have been, the greatest contributions are yet to be made.

With the same proven faith in the brotherhood of man and in the destiny of our city, let us commemorate this significant anniversary in the history of the South End.

MAYOR HYNES CALLS FOR OBSERVANCE OF "BE KIND TO ANIMALS WEEK."

Mayor John B. Hynes has issued the following proclamation on "Be Kind to Animals Week":

Sunday, May 7, has been designated as Humane Sunday, and May 8 to 13, inclusive, as Be Kind to Animals Week.

The week of tribute to our animal friends is one which I, as Mayor of the City of Boston, heartily endorse. For more than 80 years the Massachusetts Society for the Prevention of Cruelty to Animals and the American Humane Education Society, from their headquarters in the Angell Memorial Hospital in the City of Boston, have spread to the far corners of the earth the message of kindness and compassion to all living things.

In our own state there remains little, if any, of the cruelty toward animals that once existed. A constantly growing respect for the rights of all living things,

coupled with strong public opinion and strict enforcement of our splendid humane laws, has brought about this happy condition.

Humane education is the safeguard of these advances, and I especially urge the teachers in our schools and all our citizens to continue to impress kindness upon the minds of the school children, for the twofold benefit of developing their own good character and for the protection of our animal friends.

CIRCULAR LETTER NO. 8.

CITY OF BOSTON,

MAYOR'S OFFICE, April 18, 1950.

To All Department Heads.

GENTLEMEN:

You are hereby authorized to grant leave of absence, without loss of pay, to city employees who are duly accredited delegates to the American Federation of State, City, and Municipal Employees to attend their convention, to be held in Omaha, Nebraska, the week of April 24, 1950.

Respectfully,

JOHN B. HYNES, Mayor.

CHANGES MADE IN THE STATE-BOSTON RETIREMENT SYSTEM BY LEGISLATION PASSED DURING THE YEAR 1949.

The following information is made public for city employees:

To the Members of the Boston Retirement System.

Amendments to chapter 658 of the Acts of 1945 (State-Boston Retirement System) approved by the Legislature during the year 1949 have considerably increased the benefits of this system. You are, therefore, urged to study these changes and if necessary to make inquiry at this office. They are as follows:

In Reference to Member Survivor Allowance Beneficiary.—A member may now nominate a beneficiary under Option (d) before attaining age fifty-five, and upon death such eligible beneficiary shall receive two thirds of the yearly amount of Option (c) allowance to which such member would have been entitled had he attained age fifty-five at the time of his death. (Section 7, chapter 618, and chapter 609, Acts of 1949.)

In Reference to Computation of Retirement Allowance.—Reduces the yearly penalty to a member who retires at an age below sixty-five to 1 per cent instead of 3 per cent a year and makes certain other allowances for creditable service. (Chapter 656, Acts of 1949.)

In Reference to Ordinary Disability Retirement.—The requirement of 20 creditable years in order to be eligible has been reduced to 15 years. (Chapter 657, Acts of 1949.)

In Reference to Increase in the Retirement Allowance on Account of Regular Compensation.—Provides for an amount equal to the sum of two fifths of the regular deductions of such member made on account of regular compensation received subsequent to June 30, 1937, and one fifth of the first \$2,000 of his total regular deductions or any portion thereof. Prior to this change, it was one fifth of the first \$750 of the total regular deductions or any portion thereof. (Chapter 671, Acts of 1949.)

IMPORTANT NOTICE.

April 24, 1950.

To the Members of the Boston Retirement System.

By chapter 355 of the Acts of 1950 an opportunity is afforded you to change your membership from the Boston Retirement System (the 4 per cent system) to the State-Boston System (the 5 per cent system).

This opportunity is open for the 60 days beginning April 21, 1950, and ending at the close of business, June 20, 1950, and to take advantage of it you must file an application on an official blank form in person with the Boston Retirement Board within that period. Your membership in the State-Boston System becomes complete upon payment into the annuity savings fund of 1 per cent of the salary you have received in the three years and a half from January 1, 1947, to the present date.

This payment amounts, for a salary of \$2,000, to approximately \$70; for a salary of \$2,500, to \$87.50; for \$3,000, to \$105; for \$3,500, to \$122.50; and for \$4,000, to \$140. The payment should be made in a lump sum if at all possible, and if not it may be distributed over a period of six months by payroll deductions at a rate prescribed by the Board.

We strongly recommend the payment in a lump sum for the reason that if a member has to retire before he has completed the installment payments, his retirement allowance will be reduced by the proportion the unpaid balance bears to the total payment required.

The former opportunity to enter the 5 per cent system ended on December 31, 1948, but, since that date, the Legislature in 1949 made several important and liberalizing changes in the 5 per cent system, and there are other changes pending in this year's session.

For that reason it appears that a considerable number of members of the 4 per cent system have indicated that if they were given another opportunity they would immediately join the 5 per cent system.

Despite the fact that the reopening entails an immense amount of book-keeping and other details and puts the financial accounts of the two systems in a chaotic condition for at least six months, the Retirement Board has agreed to it as a matter of fairness to those employees who now find that they made the wrong decision in not previously joining the 5 per cent system.

However, the Board wishes it to be distinctly understood that the department will not undertake to make any individual calculation as to the difference in the retirement allowance of the two systems except in the form of a general statement.

WILLIAM D. KENNEY,
Secretary.

WITHOUT ADVERTISING.

Upon varying dates as indicated the Mayor approved contracts with supply houses, contractors, etc., for furnishing labor, supplies, and other materials. Communications from the heads of the departments interested were as follows:

BUDGET DEPARTMENT.

BOSTON, April 14, 1950.

HON. JOHN B. HYNES,

Mayor of Boston.

DEAR MR. MAYOR:

I respectfully request your permission to award a contract, without publicly advertising for bids, to Griffenhagen Associates, consultants in public administration and finance, having a place of business in Boston, Mass., at 11 Beacon street, providing for a study of the present system of the classification of accounts used in the financial administration of the city, in order to ascertain the deficiencies of the system from the standpoint of furnishing comprehensive information on any aspect of this municipality's financial matters, when needed by any city official or department, and further, providing for a complete reclassification and recodification of the accounts, in order to thereby eliminate the defects in the present system of the classification of accounts, at a total cost of \$7,500.

It is proposed to award the contract for this work to this firm because of its considerable experience in this general type of work in many cities, including Boston, where the firm conducted a survey on behalf of the Boston Finance Commission.

In addition, in my opinion, the performance by Griffenhagen Associates of the work covered by the terms of the proposed contract would be of invaluable assistance to this and every other department or branch of the city government.

It is considered that, because of the nature of the professional services involved, nothing is to be gained by publicly advertising for bids for this work.

Respectfully yours,

JOHN A. SULLIVAN,
Budget Commissioner.

HOSPITAL DEPARTMENT.

BOSTON, April 20, 1950.

HON. JOHN B. HYNES,

Mayor of Boston.

DEAR SIR:

We respectfully request your permission to purchase from the McDonald Company, 43 Lansdowne street, Boston, one 150-gallon steam-jacketed kettle for main kitchen, Boston City Hospital, at a cost of \$1,077.

The above-quoted price includes the complete dismantling of the special stainless steel body enclosure around the

fixture, removing the kettle, crating same, and returning it to the factory where a duplicate kettle with all the necessary fittings will be fabricated. The McDonald Company will then reinstall the unit with all necessary plumbing and steam connections ready for operation.

Respectfully yours,

MARTIN J. ENGLISH, M.D.,
President, Board of Trustees.

LIBRARY DEPARTMENT.

BOSTON, April 21, 1950.

HON. JOHN B. HYNES,

Mayor of Boston.

DEAR MR. MAYOR:

Your approval is respectfully requested of the signing of a contract with the New England Deposit Library at 135 Western avenue, Allston, for the storage of books and other library materials for the period from January 1, 1950, to December 31, 1950, inclusive.

The New England Deposit Library was created by action of the General Court of the Commonwealth of Massachusetts under the terms of chapter 240 of the Statutes of 1941. In this legislation the Boston Public Library is named as a "participating institution" in company with the Massachusetts State Library, the Boston Athenaeum, Boston College, Boston University, Simmons College, the Massachusetts Historical Society, and other libraries, for the purpose of providing storage space for books and other library materials that are less used than others, and for which difficulties exist in finding storage space in existing crowded buildings. The "participating institutions" share co-operatively in the low-cost housing arrangements provided by the New England Deposit Library in accordance with a schedule of rates standard for all "participating institutions."

The Trustees of the Public Library have voted "that there be entered into with the New England Deposit Library a contract for the rental during 1950 of storage space therein for books and other library materials belonging to the Boston Public Library, in accordance with the rates for storage space formally adopted by the governing board of said New England Deposit Library." In voting to enter into such a contract, the Trustees have also set a limit of \$7,798 to the amount to be expended for such storage space for the year 1950.

Your approval of these arrangements is respectfully requested.

Respectfully,

THE TRUSTEES OF THE PUBLIC LIBRARY
OF THE CITY OF BOSTON,
by FRANK W. BUXTON, *President.*

TREASURY DEPARTMENT.

BOSTON, April 12, 1950.

HON. JOHN B. HYNES,

Mayor of Boston.

DEAR MR. MAYOR:

In anticipation of the city's requirements for the financing of various construction projects for the year 1950, I have received bids from the American Bank Note Company, 150 Causeway street, Boston, Mass., and the Security Bank Note Company, 52 Wall street, New York City, for the engraving and imprinting of 10,000 City of Boston blue border coupon bond certificates.

These bank note companies are the two largest engravers of bonds in the country, and both companies are in the possession of the engraved plates required to do this work.

The American Bank Note Company has submitted a bid of 29 cents each for certificates bearing one sheet of coupons and 9 cents a certificate for imprinting, with additional charges of \$20 for each change in purpose, \$20 for each change in interest rate, and \$20 for the total maturity changes within each purpose loan.

The Security Bank Note Company has submitted a bid of 38½ cents each for certificates bearing one sheet of coupons and \$175 for imprinting the first 1,000 certificates and 7 cents for each additional certificate over and above the 1,000. Their bid also calls for an additional charge of \$15 for each change in purpose, \$30 for each change in interest rate, and \$3 for each change in maturity per purpose and/or interest change.

As the bid of the American Bank Note Company is substantially lower than the bid of the Security Bank Note Company, and since no purpose will be served by publicly advertising, I, therefore, respectfully request approval to issue a service order, without advertising, to the American Bank Note Company for the engraving and imprinting of 10,000 City of Boston blue border coupon bond certificates at a cost of \$3,800, with additional imprinting charges of \$20 for each change in purpose, \$20 for each change in interest rate, and \$20 for the total maturity changes within each purpose loan.

Very truly yours,

THOMAS F. WHITE,
City Treasurer.

SUFFOLK COUNTY.

PROBATE COURT.

BOSTON, April 12, 1950.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. MAYOR:

On March 23, 1950, at my request your Honor approved the award of a contract to the Photostat Corporation, Rochester, New York, for the purchase of photographic paper for use in the photostat machine in this department.

Due to an oversight the amount of the contract was not set forth in my letter dated March 21, 1950, requesting your approval. Therefore, I now further request your permission to award the proposed contract to said Photostat Corporation in an amount not to exceed \$3,500.

Respectfully yours,

ARTHUR W. SULLIVAN, *Register.*

EXTENSION OF CONTRACTS.

BOSTON TRAFFIC COMMISSION.

M. S. Kelliher Company has been granted an extension of time from January 22, 1950, to April 15, 1950, for completion of their contract dated March 22, 1949, for the Traffic Commission Building, 112 Southampton street, Boston.

DEPARTMENT OF SCHOOL BUILDINGS.

Approval has been given for the extension of the time of completion of the contract with Boston Desk Exchange for furnishing and delivering furniture to Administration Building, 15 Beacon street, Boston, from March 1, 1950, to April 22, 1950. This extension was requested because of delay in securing satisfactory material.

PARK DEPARTMENT.

Michael Racioppi has been granted an extension of time until May 15, 1950, for the completion of the contract for construction of new convenience station on Boston Common.

PUBLIC WORKS DEPARTMENT.

Approval has been given for the extension of the time of completion of the contract with James D'Amico, Inc., for the building of sewerage works in Gloria road, West Roxbury, and minor sewerage works in various streets in West Roxbury and Brighton, under his contract dated November 16, 1949, from February 15, 1950, to May 16, 1950, a period of 90 days.

This extension was requested for the reason that unforeseen obstacles were encountered during the progress of the work.

Approval has been given for the extension of the time of completion of the

contract with Joseph Capone & Son for the building of sewerage works in Cricket Lane and outlet in private land to Corey street, West Roxbury, and minor sewerage works in Arborough road, West Roxbury, from March 30, 1950, to May 13, 1950, a period of 44 days. This extension was requested for the reason that additional work was ordered in order to accommodate further building by the petitioner.

REQUEST TO AWARD CONTRACT WITHOUT ADVERTISING.

The Trustees have passed a vote authorizing me to make this request and to execute an appropriate contract which in its final form will require your approval.

The Associated Building Movers, Inc., are particularly well qualified and equipped for moving houses. They have the only machine in this part of the country capable of moving a house. This is the concern that moved all of the houses in connection with the construction of the Mystic River Bridge. By the use of their special equipment they are able to move a house far more cheaply than by other methods. The machine can be used in such a manner that no occupant of any dwelling unit being moved is required to remove his belongings from the building at any time, nor need he vacate the premises for a period in excess of twelve hours.

In view of the special qualifications of the Associated Building Movers, Inc.,

for moving houses, no benefit would be gained by publicly advertising for bids.

It is not intended to authorize any work at the outset under items numbered 8, 11, 12, 16, 17, 18, 19, 20, 21, and 26 until settlements for final acquisition of land have been made. It may be necessary to locate a few of the houses on different lots, in which case the work will be authorized under duly approved change orders.

Respectfully yours,

METROPOLITAN TRANSIT AUTHORITY,
by EDWARD DANA,
General Manager.

REQUEST TO AWARD CONTRACT WITHOUT ADVERTISING.

METROPOLITAN TRANSIT AUTHORITY.
PUBLIC TRUSTEES.

BOSTON, April 17, 1950.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. MAYOR:

The Metropolitan Transit Authority, acting as agent for the City of Boston, under and in accordance with the provisions of the Acts of 1947, chapter 544, section 8A (h) as inserted by the Acts of 1949, chapter 572, section 3, and under and in accordance with the provisions of Acts of 1949, chapter 191, as amended, requests your permission to dispense with public advertising in making a contract with Victor D. Giustina and Charles J. Johnson, doing business under the name and style of Giustina and Johnson, for furnishing of labor, materials, and equipment required for building foundations and performing required renovating and repairing to sixteen (16) dwelling units to be relocated in East Boston in accordance with plans and specifications, and for the payment to said Giustina & Johnson of the sum of \$78,109, or such other price as may be agreed upon in the progress of the work by the issuance of change orders duly approved.

Giustina & Johnson shall also furnish all labor, materials, and equipment required for building foundations and performing required renovating and repairing of other dwelling units in East Boston if ordered to do so in writing, for such sums as may be determined from unit prices used by the contractor in estimating the sums in the original proposal, subject to such sums being approved by the Superintendent of Engineering and Maintenance of the Metropolitan Transit Authority.

On March 20, 1950, the Metropolitan Transit Authority invited bids for the above work with respect to twenty-six (26) dwelling units, the invitation specifying, with respect to each unit, the present location and the new location by street and number. A separate bid was required to be submitted for each unit, but the contract was to be executed for not less than twenty-two (22) units. Six bids were received. The lowest bid was that of Giustina & Johnson, in the aggregate amount of \$114,874. The next bid was \$151,341. Other bids were \$180,800, \$184,379, \$203,560, and \$222,723.

Subsequent to advertising for bids it has appeared that at least ten (10) of the proposed locations may be unavailable for one reason or another, basically because questions may arise as to the validity of the takings due to alleged

failure to comply with the limitations of chapter 191 of the Acts of 1949, which authorized the taking of vacant land provided the land was entirely or almost entirely unoccupied by buildings. This reduces the available lots to sixteen (16), subject to the acquisition of additional land. The bids received were in accordance with the proposal and were for not less than twenty-two (22) lots.

The Metropolitan Transit Authority was prepared to award the contract to the lowest bidder, Giustina & Johnson, but it appeared that a material change in the proposed contract had developed, namely, the reduction from a minimum of twenty-two (22) to sixteen (16) units. It was decided to reject all the bids and negotiate with the low bidder on the sixteen (16) available lots to determine if the low bidder would be willing to do the work on those sixteen (16) locations at the unit prices contained in their original proposal with a corresponding reduction in the amount of the performance bond.

In view of the fact that Giustina & Johnson have submitted the same unit prices as contained in their original proposal for the sixteen (16) locations, it would appear that no benefit would be gained by publicly advertising for bids again. Hence the foregoing request to contract without advertising is made.

The Trustees have passed a vote authorizing me to make such request and to execute an appropriate contract which in final form will require your approval.

Respectfully yours,

METROPOLITAN TRANSIT AUTHORITY,
by EDWARD DANA,
General Manager.

CONGRESS VOTES COMPREHENSIVE HOUSING PROGRAM.

Under the new federal housing law signed by the President on July 15 federal funds for slum clearance and public housing are now available to cities that demonstrate a need for low-rent housing. Cities generally must supply proof of blight, a master redevelopment plan for the blighted area, and temporary housing for displaced slum dwellers. The new law provides advance money to help cities map plans. Many cities, especially those that have housing authorities, already have the necessary information and are among the first to qualify for federal aid. Among the cities that are making studies to determine their housing needs are Chicago, Louisville, Miami, Milwaukee, Philadelphia, and Boston. Legislatures of 42 states have authorized local governments to establish low-rent housing authorities, and at least 25 states have laws authorizing local participation in federally supported slum clearance projects. Iowa, Kansas, Oklahoma, South Dakota, Utah, and Wyoming do not as yet have housing-enabling laws that will qualify their cities for federal funds for public low-rent housing.

CITIES' RELIEF ROLLS RISE.

General relief case loads showed an increase of 9 per cent from January 1 to March 1 in a representative group of 15 major cities, as compared with an increase of 5.6 per cent during the first two months of 1948 in the same cities, according to a recent survey by the American Public Welfare Association. General relief case loads do not reflect all unemployment because many newly jobless are drawing unemployment compensation and are not on general assistance rolls. Cities where case loads mounted in the first two months of 1949 included Boston, Buffalo, Cincinnati, Milwaukee, Minneapolis, and Philadelphia. General assistance means relief to the indigent, as distinguished from the three major categories of federal aid given under the Social Security program—aid to dependent, to the aged, and to the blind.

The following was received:

City of Boston,
Office of the Mayor, April 17, 1950.
To the City Council.
Gentlemen:

I transmit herewith communication from the Public Works Commissioner relative to your order of April 3, 1950, concerning the reconstruction of Sparhawk and Burton streets in Ward 22.

Respectfully,
J. B. HYNES, Mayor.

City of Boston,
Public Works Department,
April 10, 1950.

Mr. Thomas G. J. Shannon,
Chief Clerk, Mayor's Office.

Dear Sir:
I return herewith order in City Council that the Commissioner of Public Works reconstruct Sparhawk and Burton streets in Ward 22, and please be advised as follows:

Sparhawk street, Cambridge to Market streets, will be placed on the list of streets to be given consideration for reconstruction this year.

Burton street, Washington to Bellamy streets, will also be placed on the list of streets to be given consideration for reconstruction this year.

Burton street, Bellamy to Tilton street, is a private way and no construction work can be performed in this portion of the street until same has been laid out, accepted, and construction ordered by the Board of Street Commissioners, Room 401, City Hall Annex, Boston.

Very truly yours,
GEORGE G. HYLANN,
Commissioner of Public Works.

To the City Council.
Gentlemen:

I transmit herewith communication from the Chairman of the Board of Park Commissioners relative to your order of April 3, 1950, concerning the installation of two softball diamonds in Marine Park and to open up the shower-bath facilities in the Aquarium.

Respectfully,
J. B. HYNES, Mayor.

City of Boston,
Park Department, April 12, 1950.
Thomas G. J. Shannon,
Chief Clerk, Mayor's Office.

Dear Sir:
I am in receipt of a memo from your office with attached enclosure, City Council order dated April 3, 1950, requesting the installation of two softball diamonds in Marine Park and to open up the shower-bath facilities in the Aquarium.

We have this matter under consideration and we will endeavor to be of service to the councilor.

Very truly yours,
FRANK R. KELLEY, Chairman.

The following was received:

City of Boston,
Office of the Mayor, April 17, 1950.
To the City Council.
Gentlemen:

I transmit herewith communication from the Chairman of the Board of Park Commissioners relative to your order of April 10, 1950, concerning a soccer area with goal posts in Franklin Field.

Respectfully,
J. B. HYNES, Mayor.

City of Boston,
Park Department, April 12, 1950.
Thomas G. J. Shannon,
Chief Clerk, Mayor's Office.

Dear Sir:
I am in receipt of a memo from your office with attached enclosure, City Council order dated April 10, 1950, requesting the Park Commission to provide a soccer area with goal posts in Franklin Field.

I have referred this matter to the Deputy Commissioner, and the necessary arrangements will be made to install these posts.

BAND CONCERTS AT CITY POINT.

The following was received:

City of Boston,
Office of the Mayor, April 17, 1950.
To the City Council.
Gentlemen:

I transmit herewith communication from the Chairman of the Board of Park Commissioners relative to your order of April 10, 1950, concerning arrangements for band concerts at City Point, South Boston.

Respectfully,
J. B. HYNES, Mayor.

City of Boston,
Park Department, April 12, 1950.
Thomas G. J. Shannon,
Chief Clerk, Mayor's Office.

Dear Sir:
I am in receipt of a memo from your office with attached enclosure, City Council order dated April 10, 1950, requesting an arrangement be made for band concerts at City Point, South Boston.

We have no appropriation in our budget for band concerts at City Point, or any other park locations. For the last several years the band concerts have been controlled by the Public Celebrations Division in the Mayor's office.

They have worked out an arrangement with the Musicians' Union whereby the city paid for half the concerts and the Union for the other half of the concerts that were held.

Mr. Brems in the Mayor's office is familiar with the arrangements.

Very truly yours,
FRANK R. KELLEY, Chairman.

PURCHASE OF LAND FOR OFF-STREET PARKING.

The following was received:

City of Boston,
Office of the Mayor, April 17, 1950.
To the City Council.
Gentlemen:

I transmit herewith communication from the Chairman of the Board of Real Estate relative to your order of April 3, 1950, concerning the purchase of land for off-street parking areas in conjunction with the Belgrade avenue extension.

Respectfully,
J. B. HYNES, Mayor.

City of Boston,
Board of Real Estate Commissioners,
April 11, 1950.

Mr. Thomas G. J. Shannon,
Chief Clerk, Mayor's Office.
Re: City Council Order of April 3, 1950, Requesting the Purchase of Land for Off-Street Parking Areas in Conjunction with the Belgrade Avenue Extension, the Same to Be Paid For Out of Parking Meter Receipts, as Provided under Chapter 776 of the Acts of 1949.

Dear Mr. Shannon:

In accordance with the above-mentioned Council order, this department will make a survey of the area and will inform you as to the outcome of said survey when it is completed.

The survey will be made not only to seek an area for off-street parking facilities in the Belgrade avenue extension district, but also for the purpose of compliance with the provisions of the statute referred to in the order.

CALF PASTURE SITE FOR VETERANS' HOUSING.

The following was received:

City of Boston,
Office of the Mayor, April 17, 1950.
To the City Council.
Gentlemen:

I transmit herewith communication from the Chairman of the State Housing Board relative to your order of March 20, 1950, concerning the Calf Pasture site being approved for veterans' housing.

Respectfully,
J. B. HYNES, Mayor.

The Commonwealth of Massachusetts,
State Housing Board, April 11, 1950.
Hon. John B. Hynes,
Mayor of Boston.

Dear Mayor Hynes:

I am in receipt of a communication from Thomas Shannon, Chief Clerk in your office, with which he encloses an order by the Boston City Council passed on March 20, 1950. The order recites in substance that the Boston Housing Authority has been unsuccessful in obtaining zoning changes necessary to construct projects on desirable sites and that, therefore, the Calf Pasture site should be approved for veterans' housing.

These comments upon this order are restricted to the veterans' housing program under the provisions of chapter 200, of the Acts of 1948. The State Housing Board has little control over selection of sites under the Housing Act of 1949.

A review of the Boston picture under chapter 200 may not be out of place at this time. The Boston Housing Authority has completed construction of 972 units in South Boston and 72 units on Camden street. There is presently under construction a development of 253 units on Faneuil street in Brighton. The Housing Authority has advertised for construction bids on a second Brighton project totaling 648 units and on a Hyde Park project of 200 units.

Approval has been given by this Board for the construction of 252 units on Archdale road, Roslindale, 400 units in the Orient Heights section of East Boston, and 351 units on Chestnut Hill avenue, Brighton.

The Boston Housing Authority has recently applied for State financial assistance for the construction of 278 units on the Wood Memorial Estate in Dorchester, 840 units on Franklin Field, 261 units at Washington and Beech streets, West Roxbury, and 250 units on South street, Jamaica Plain.

I expect that these applications will be approved very shortly but not necessarily for the number of units applied for in each case. If all these units are constructed, Boston will have built a total of 4,582 units under the chapter 200 program. This building would involve total development costs of approximately \$62,000,000.

At the present time, the chapter 200 program is over-subscribed. We cannot give favorable consideration to additional sites. I may suggest, however, that in carrying out its program under the Housing Act of 1949, the Boston Housing Authority give careful consideration to the Calf Pasture site.

Very truly yours,
FREDERICK W. ROCHE, Chairman.

HOUSING PROJECT ON JAMAICA CAR YARD SITE.

The following was received:

City of Boston,
Office of the Mayor, April 17, 1950.
To the City Council.
Gentlemen:

I transmit herewith communication from the Chairman of the State Housing Board relative to your order of March 20, 1950, concerning a housing project to be erected on the so-called car yard site on South street, Jamaica Plain.

Respectfully,
J. B. HYNES, Mayor.

The Commonwealth of Massachusetts,
State Housing Board, April 11, 1950.
Hon. John B. Hynes,
Mayor of Boston.

Dear Mayor Hynes:

I am in receipt of a communication from Thomas Shannon, Chief Clerk, dated March 22, 1950, and calling to my attention a City Council order dated March 20, 1950, requesting that a housing project be erected on the so-called car yard site on South street, Jamaica Plain. It is further requested that a hearing be held on this matter so that residents

in the section may have an opportunity to explain the desirability of such a project.

I am happy to report that the Boston Housing Authority has recently applied for state assistance in the development of a veterans' housing project on this site. I have given the approval of the State Housing Board to this development. I hope that planning will be promptly completed and construction of approximately 250 housing units will be begun in the near future.

Very truly yours,
FREDERICK W. ROCHE, Chairman.

USE OF PORTABLE BUILDINGS BY VETERANS' ALLIED COUNCIL.

The following was received:

City of Boston,
Office of the Mayor, April 17, 1950.
To the City Council.
Gentlemen:

I transmit herewith communication from the Secretary of the School Committee of the City of Boston relative to your order of March 6, 1950, concerning the turning over of portable buildings now used by the Old Age Section of the Public Welfare Department, at the corner of Glenway street and Blue Hill avenue to the Veterans' Allied Council of the Dorchester, Roxbury and Mattapan area.

Respectfully,
J. B. HYNES, Mayor.

City of Boston,
School Committee, April 12, 1950.
Hon. John B. Hynes,
Mayor of Boston.

Dear Sir:

At a conference of the School Committee held on March 28, 1950, the following order passed by the City Council on March 6, 1950, was presented:

"Ordered, That the School Committee be requested, through his Honor the Mayor, to study the advisability of turning over the portable buildings now used by the Old Age Section of the Public Welfare Department, at the corner of Glenway street and Blue Hill avenue, to the Veterans' Allied Council of the Dorchester, Roxbury, Mattapan area to be used on a schedule for meetings of Veterans' Organizations that are, at present, in dire need of quarters. Said buildings will become vacant upon completion of the Health Unit Center at the corner of Harvard street and Blue Hill avenue."

These buildings have been loaned to the Overseers of Public Welfare of the City of Boston and we have been informed by that department that they are still using these buildings and will be for some time.

Under the circumstances, the Committee is not able to grant the request of the organizations mentioned in the order of the City Council.

Very truly yours,
LOUISE KANE, Secretary.

Thomas J. Shannon,
Chief Clerk, Mayor's Office.

Dear Sir:

In regard to your memorandum of April 12, concerning City Council order of April 10, 1950, requesting the repair of broken steps in front of South Boston Municipal Building.

This department has made provision in our budget for the above-named repairs. On account of the nature of the work necessitating favorable weather we have been unable to start the work. I can assure you that the work will be done at the earliest possible date.

PEDESTRIAN LIGHTS AT OLD ROAD AND MICHIGAN AVENUE.

Office of the Mayor, April 17, 1950.
To the City Council.
Gentlemen:

I transmit herewith communication from the Traffic Commissioner relative to your order of

March 27, 1950, concerning the placing of pedestrian lights at Old road and Michigan avenue in Ward 14.

Respectfully,
J. B. HYNES, Mayor.

City of Boston,
Traffic Commission, April 6, 1950.
Hon. John B. Hynes,
Mayor of Boston.

Dear Sir:

Following our acknowledgment of the receipt of City Council order of March 27, 1950, requesting a study of the advisability of placing pedestrian lights at Old road and Michigan avenue in Ward 14, I wish to report that our engineers have studied this proposal and have arrived at the following finding:

This intersection is within the sphere of influence of two traffic signals, one at Blue Hill avenue and Columbia road and the other at Blue Hill avenue and Glenway street. As a result, there are always intervals where there is no traffic proceeding through Old road and the traffic in Michigan avenue is relatively slight. Therefore, a pedestrian, by waiting a moment or two, can usually pass this intersection safely.

With the great demand for traffic lights at points of serious congestion and in other more dangerous locations in Dorchester, it is our opinion that action on this recommendation should be postponed at present.

Respectfully submitted,
WM. ARTHUR REILLY, Commissioner.

ORDINANCE RE TIME OFF IN FIRE DEPARTMENT.

The following was received:

City of Boston,
Office of the Mayor, April 17, 1950.
To the City Council.
Gentlemen:

I transmit herewith a communication from the Fire Commissioner relative to granting time off to members of the Fire-fighting Force and Fire Alarm Division who are obliged to work on certain legal holidays.

Submitted herewith is an ordinance amending chapter 16 of the Revised Ordinances of 1947 which will accomplish the above purpose and I respectfully recommend the passage by your Honorable Body of the accompanying ordinance.

Respectfully,

J. B. HYNES, Mayor.

City of Boston,
Fire Department, April 12, 1950.
Hon. John B. Hynes,
Mayor of Boston.

Dear Sir:

I respectfully request that your Honor introduce the attached order into the City Council. Said order concerns the granting of time off to members of the Fire-fighting Force and Fire Alarm Division of this department who are obliged to work on ten legal holidays.

Also attached herewith is a copy of report which I have received from Chief of Department John F. McDonough concerning the procedure which will be followed in granting time off to members who are obliged to work on legal holidays.

Respectfully yours,

MICHAEL T. KELLEHER,
Fire Commissioner.

City of Boston,
Fire Department, April 12, 1950.
From: The Chief of Department.
To: The Fire Commissioner.
Subject: Holidays—Boston Fire Department.

Sir:

Relative to the proposal that members of the Boston Fire Department be granted time off for working on holidays, please be advised that I have studied the matter thoroughly and wish to state that the proposed plan can be adopted in this department.

There are ten recognized holidays, namely, New Year's Day, January 1, Washington's Birthday, February 22, Patriots' Day, April 19, Memorial Day, May 30, Independence Day, July 4, Labor Day, first Monday in September, Columbus Day, October 12, Armistice Day, November 11, Thanksgiving Day, last Thursday in November, Christmas Day, December 25.

There will be approximately one thousand men on duty on a holiday. I have prepared a special order to be promulgated to the department stating the procedure for granting members holiday credit time. The district chiefs and branch division heads will be instructed to extend this credit holiday time over a period of several weeks. Numerical strength will be reduced but in most cases a sufficient minimum of company strength will be maintained.

It will be necessary, due to the proximity of holidays at the end of the year, to extend credit time into the new year. Accumulation of time will not be allowed.

JOHN F. McDONOUGH,
Chief of Department.

City of Boston,
In the Year Nineteen Hundred and Fifty.
An Ordinance Concerning the Fire Department.
Be it ordained by the City Council of Boston, as follows:

Chapter 16 of the Revised Ordinances of 1947 is hereby amended by adding the following two sections.

SECTION 8. If any member of the fire fighting force or fire alarm division of the Fire Department of the City of Boston is required to work on January first, February twenty-second, April nineteenth, May thirtieth, July fourth, the first Monday of September, October twelfth, November eleventh, Thanksgiving day or Christmas day, or the day following when any of the five days first mentioned, or October twelfth, November eleventh or Christmas day, occurs on Sunday, he shall be granted an additional day off, or, if such additional day off cannot be granted by reason of a personnel shortage or other cause, he shall be entitled to an additional day's pay.

SECTION 9. The provisions of section one shall apply to those men whose hours of duty are within the twenty-four hour period commencing at eight o'clock ante meridian on the days there specified.

Referred to the Executive Committee.

SALE OF LAND TO F. W. WEBB MANUFACTURING COMPANY.

On motion of Coun. F. P. Tracey, the Council voted to take from the table No. 2 on the Calendar, viz.:

2. Order for sale of land at Columbus avenue and Ritchie street to F. W. Webb Manufacturing Company for \$11,140.

On March 27, 1950, the foregoing order was read once and passed, yeas nineteen, nays two.

The order was given its second reading and passage, yeas 16, nays 0.

Yeas—Councilors Ansel, Bryan, Chase, Farin, Hurley, Kinsella, Lane, Lanigan, Linehan, McCormack, Ramsey, Shanley, Sullivan, F. P. Tracey, P. A. Tracy, Wenzler—16.

Nays—0.
Voting Present—Councilor Hannon.

REPORT OF COMMITTEE ON PUBLIC LANDS.

Coun. F. P. TRACEY, for the Committee on Public Lands, submitted the following:

1. Report on message of Mayor and order (referred March 27) for transfer of land on Harrison avenue, from Fire Department to Park Department—that same ought to pass.

The report was accepted, and the order was passed.

2. Report on message of Mayor and order (referred April 10) for sale of land on Granite street, South Boston, to Gillette Safety Razor Company—that same ought to pass.

The report was accepted. The order was given its first reading and passage, yeas 16, nays 0.

Yeas—Councilors Ansel, Bryan, Chase, Coffey, Farin, Hurley, Kinsella, Lane, Linehan, McCormack, Ramsey, Shanley, Sullivan, F. P. Tracey, P. A. Tracy, Wenzler—16.

Nays—0.
Voting Present—Councilor Hannon.

The order was assigned for fourteen days for final action.

APPROVAL OF FIVE-DAY WEEK FOR MEMBERS OF POLICE DEPARTMENT.

Coun. F. P. TRACEY offered the following:

Resolved, That the Boston City Council go on record as favoring the five-day week for the members of the Boston Police Department, as now submitted for the approval of the voters in the forthcoming November election.

The vast majority of our fellow citizens engaged in various trades and classifications of work, now enjoy the well-deserved benefits of modern labor regulations in their daily lives.

Approval of this order by the members of this Body, will serve to include this class of efficient public employees, engaged in perhaps the most hazardous of all occupations, in the present five-day week framework now enjoyed by all classes in our public service.

The resolution was adopted under suspension of the rule.

STREET PAVING BY PUBLIC WORKS DEPARTMENT FORCES.

Coun. P. A. TRACY offered the following:

Whereas, Recent investigation of street paving done in the City of Boston discloses flagrant violations of contract agreements; and

Whereas, Terms of some of these contracts reveal that paving of streets in many instances includes only resurfacing without excavating and building of a new foundation; and

Whereas, Several cities throughout the nation have proven that a change from private contracting to public works contracting has resulted in a substantial decrease in the cost of street paving and a subsequent increase in the quality and quantity of paving work; therefore be it

Ordered, That the Commissioner of Public Works be requested, through his Honor the Mayor, to install a system of street paving in the Public Works Department and to require said department to do all street paving in the residential areas of the city and in those areas of the commercial section of the city where such work can be done expeditiously.

The order was referred to the Committee on Public Works.

NAMING OF SQUARE IN HONOR OF WALTER F. ROONEY.

Coun. SHANLEY offered the following:

Ordered, That the Committee to Memorialize Veterans be requested, through his Honor the Mayor, to name the square at the corner of Bennett, Oakland, and Beechcroft streets in honor of Pfc. Walter F. Rooney who lost his life in Italy on January 22, 1944, while in the service of his country during World War II.

Passed under suspension of the rule.

RECEIPT OF PENSION CHECKS BIMONTHLY.

Coun. SHANLEY offered the following:
Ordered, That the Retirement Board be requested, through his Honor the Mayor, to study the advisability of having the city and county employees receive their pension checks every two weeks rather than on a monthly basis.

Passed under suspension of the rule.

ADDITION TO FENCE, MARY HEMENWAY PLAYGROUND.

Coun. SHANLEY, for Coun. BEADES, offered the following:

Ordered, That the Park Commissioner be requested, through his Honor the Mayor, to add to the fence on the Adams street side of the Mary Hemenway Playground, thus preventing balls from going out of the park, causing damage to adjacent property.

Passed under suspension of the rule.

RENT CONTROL LEGISLATION.

Coun. ANSEL offered the following:

Resolved, That the Boston City Council in meeting assembled this 17th day of April vigorously requests his Excellency, the Governor of the Commonwealth, the Honorable Paul A. Dever, to make a thorough and continued study on the question of rent control legislation; and be it further

Resolved, That his Excellency, the Governor, in his request, place the rent control legislation to be proposed under complete jurisdiction of the Commonwealth of Massachusetts, and it is the opinion of the membership of the Boston City Council that much red tape, inefficiency, and the proposed level of 10 per cent increase to be granted, may create a farce and defeat the very purposes of protection for the people of the Commonwealth; and be it further

Resolved, That his Excellency, the Governor of the Commonwealth, invite members of the Boston City Council to sit in with him and discuss this pressing problem, rent control protection for the citizens of Boston.

On motion of Councilor Linehan all reference to a State Rent Control Board was stricken from the order.

The order as amended was referred to the Committee on Legislative Matters.

CHECKING OF STREETS AND SIDEWALKS CONSTRUCTED WITHIN FIVE YEARS.

Coun. BRYAN offered the following:

Ordered, That the Commissioner of Public Works be requested, through his Honor the Mayor, to check all streets and sidewalks which were constructed or reconstructed in the Ward 20 district during the past four years; and be it further

Ordered, That the Commissioner of Public Works be requested, through his Honor the Mayor, to check all streets and sidewalks with a five-year guaranty, which were constructed during the last five years, in order to determine whether or not they are in proper condition before the guaranty runs out.

On motion of Councilor Linehan it was voted to amend the order to include all streets and sidewalks in the City of Boston on which there may be an outstanding guaranty or on which there may be civil or criminal liability not barred by the Statute of Limitations.

The order as amended was passed under suspension of the rule.

PEDESTRIAN LIGHTS AT ST. GREGORY'S CHURCH, WARD 17.

Coun. FARIN offered the following:

Ordered, That the Traffic Commissioner be requested, through his Honor the Mayor, to install pedestrian lights outside St. Gregory's Church in Ward 17.

Passed under suspension of the rule.

FIRE DEPARTMENT ORDERS.

General Order No. 21.

I. CHANGE IN DESIGNATION OF FIRE ALARM BOX.

The designation of Fire Alarm Box 5186, now given as Washington and Lake streets, is to be changed to read as follows:

Box 5186, Washington street, opposite Lake street.

Company commanders shall make the above change on the assignment card for Box 5186.

II. AMERICAN CANCER SOCIETY CAMPAIGN.

Pamphlets and pledge cards in connection with the American Cancer Society drive for funds are being issued to the department with this order. The needs of the society are explained in the pamphlets, and the aid of all employees who feel that they can help this worthy cause is needed. The money obtained will be used to support research, much of it in hospitals and clinics in Massachusetts, in order to furnish the medical profession with information necessary to combat this dread disease.

Company commanders are requested to call the drive to the attention of

members of their respective commands and ask them to contribute to the fund.

Members of the department desiring to contribute will fill out a pledge card. The company commander will accept donations from such members, and the stub of the card is to be given to the contributor as a receipt for his donation.

Pledge cards and money shall be forwarded to Mrs. Julia R. Khoury in the Fire Commissioner's office on or before May 1, 1950. Delivery of money to Headquarters can be made on any weekday and must be made between the hours of 9 A.M. to 11 A.M., excluding Saturdays.

RECREATION EXPENDITURES GROW.

Expenditures for community recreation facilities and service in 1,917 communities in 1948 totaled \$93,800,000, double the amount reported in any previous year, according to the National Recreation Association. Nearly one-third of this amount was for land, buildings, and improvements, indicating that many cities are carrying out war-delayed plans to provide needed recreation areas and facilities. More than 84 per cent of the expenditures were met by local, county, or state sources in the forms of appropriations, tax levies, or bond issues. Only 4 per cent of the funds came from community funds or other private sources. The remaining 12 per cent was derived from fees and charges.

CITY OF BOSTON.

BOARD OF REAL ESTATE COMMISSIONERS.

NOTICE TO BIDDERS.

PAINTING OF OFF-STREET PARKING STRUCTURE UNIT No. 1.

Sealed proposals for the painting of Off-Street Parking Structure Unit No. 1 at Essex, Lincoln, and Columbia streets in the City of Boston will be received by the Board of Real Estate Commissioners of the City of Boston until 11 A.M., Daylight Saving Time, on the tenth day of May, 1950, at the office of the Board of Real Estate Commissioners, City Hall, Boston, Mass., at which time they will be publicly opened and read.

Proposals shall be accepted only on the proposal forms incorporated in the specifications, and the proposal shall be properly filled out and placed in a sealed envelope and addressed to the Board of Real Estate Commissioners of the City of Boston, City Hall, Boston, Mass., and endorsed "Proposal for the Painting of Off-Street Parking Structure Unit No. 1, Boston, Mass.," and bidder's name. A duplicate copy of the proposal shall be filed with the City Auditor, City Hall, Boston, Mass., before 11 A.M., Daylight Saving Time, on the date the bids are to be received, May 10, 1950.

No proposal will be accepted unless accompanied by a bid bond, cash, certificate of deposit, or certified check in the amount of five per cent (5%) of the total amount of the proposal payable to the Board of Real Estate Commissioners. If a proposal shall be accepted and the bidder shall fail to execute the required contract in accordance with the terms therein set forth within ten (10) days from the date of mailing a notice to the bidder at the address given in his proposal that the contract is ready for signature, the Board of Real Estate Commissioners may, at its option, determine that his proposal shall be null and void, and the aforesaid bid bond, cash, certificate of deposit, or certified check shall become the property of the Board of Real Estate Commissioners; otherwise the bid security shall be returned to the bidders.

The successful bidder will be required to furnish a one hundred per cent (100%) performance bond of a surety company acceptable to the Board of Real Estate Commissioners of the City of Boston.

Plans, specifications, and copies of the proposal may be obtained at the office of the Board of Real Estate Commissioners, City Hall, Boston, Mass., on and after May 1, 1950. A deposit of ten dollars (\$10) will be required for each set of specifications.

This deposit will be refunded upon return of specifications in good condition to the Board of Real Estate Commissioners.

Attention is called to the fact that minimum wage rates are established for the project as set forth in the contract documents. Attention is also called to the requirements relating to workmen's compensation insurance and conditions of employment.

The successful bidder shall observe faithfully all statutory requirements and local ordinances.

The right is reserved to reject any or all bids as may be deemed best for the interests of the Board of Real Estate Commissioners of the City of Boston in accordance with the General Laws of the Commonwealth of Massachusetts.

BOARD OF REAL ESTATE COMMISSIONERS OF THE CITY OF BOSTON,
by HERMAN CARP, Chairman.

INSTITUTIONS DEPARTMENT.

INVITATION FOR PROPOSALS FOR ALTERATIONS TO WARD 3, LONG ISLAND HOSPITAL, BOSTON HARBOR, MASS.

The Commissioner of Institutions of the City of Boston, hereinafter referred to as the Awarding Authority, invites sealed proposals for alterations to Ward 3, Long Island Hospital, Boston Harbor, Mass.

Proposals will be received until 12 o'clock noon, Tuesday, May 16, 1950, at the office of the Awarding Authority, eleventh floor, 1109 City Hall Annex, Boston, Mass., at which time and place they will be publicly opened and read aloud.

Proposals shall be submitted in duplicate on forms obtained from the Awarding Authority. Each copy of the proposal shall be properly filled out, signed and enclosed in a sealed envelope plainly marked with the name of the bidder and the description of the work bid upon. One copy shall be filed at the office of the Awarding Authority, designated above, and the other copy shall be filed at the office of the City Auditor, City Hall, Boston, Mass. Both copies shall be filed before the time stated above for the opening of proposals.

A bid deposit in the form of cash or a certified check on, or a certificate of deposit issued by, a responsible bank or trust company, payable to the City of Boston, in the sum of ten (10) per cent of the total bid shall be submitted with the copy of the proposal filed with the Awarding Authority. The bid deposit shall be in a separate envelope, properly marked. Bid bonds will not be accepted.

No bidder may withdraw his bid within thirty days after the actual date of the opening thereof.

The rate per hour of the wages to be paid to mechanics, teamsters, chauffeurs, carpenters, engineers, and laborers in the work to be performed shall not be less than the rate of wages determined for this work by the Commissioner of Labor and Industries of the Commonwealth of Massachusetts under the provisions of General Laws (Ter. Ed.), chapter 149, section 26, a schedule of which appears in the specifications.

The successful bidder will be required to provide by insurance for the payment of compensation and the furnishing of other benefits under the Workmen's Compensation Law, General Laws (Ter. Ed.), chapter 152, to all persons to be employed under the contract, and sufficient proof of compliance with the foregoing stipulation will be required prior to the award of a contract.

Specifications may be obtained at the office of the Awarding Authority.

Subbidders bidding on the work of subcontractors shall use the proposal form prepared by and obtainable from the Awarding Authority.

Subbids will be taken on the following portions of the work:

- a. Plumbing.
- b. Marble and Tile.
- c. Painting.

All subbidders' proposals must be in the possession of the Awarding Authority, and delivered or mailed to the general bidder no later than 12 o'clock noon, Thursday, May 11, 1950.

A bid deposit in the form of cash or a certificate of deposit issued by a responsible bank or trust company, payable to the City of Boston, in a sum not less than ten (10) per cent of the amount of his bid, shall be submitted by each subbidder with the copy of his proposal filed with the Awarding Authority. The bid deposit shall be in a separate envelope, properly marked. Bid bonds will not be accepted.

A performance bond, issued by a surety company satisfactory to the Awarding Authority, in the full amount of the contract, will be required of the successful general contractor.

Information relating to the performance bonds of subcontractors is set forth in the notice to subbidders.

In the event no subcontractor files a bid covering a subtrade specified in Item 2 of the proposal form, the general contractor shall include such specified work in Item 1 of his proposal as part of the work to be performed by such general contractor.

The Awarding Authority reserves the right to waive any informalities and to reject any and all bids if it be in the public interest so to do. The Awarding Authority also reserves the right to reject all subbids or any item or items in accordance with the provisions of chapter 480 of the Acts of 1939, as amended.

PUBLIC WORKS DEPARTMENT.

PROPOSALS FOR REMOVAL AND DISPOSAL OF EXISTING ELEVATOR AND FURNISHING AND INSTALLING ONE ELECTRIC FREIGHT ELEVATOR AT 710 ALBANY STREET, BOSTON.

The Commissioner of Public Works of the City of Boston, office 508 City Hall Annex, invites proposals from citizens of the United States and corporations or other legal associations wherein the controlling interest to the extent of at least over one half thereof is owned by a citizen or citizens of the United States, for removal and disposal of existing elevator, etc. A bond will be required for doing the work of a surety company approved by the Commissioner in the sum of 100 per cent of the amount of the contract, to secure the due performance of the contract and the full protection of the city. Forms of proposals may be obtained at Room 508, City Hall Annex. Each proposal should be enclosed in an envelope, sealed, marked "Proposal for Removal and Disposal of Existing Elevator, etc." and left at Room 508, fifth floor, City Hall Annex, before 12 M. of WEDNESDAY, MAY 17, 1950, with a certified check for SEVEN HUNDRED (700) DOLLARS, payable to and to become the property of the city if the proposal after acceptance is not carried out. The proposals will then be publicly opened and read in the hearing room of the Street Commissioners, Room 401, City Hall Annex.

Proposals must be made in duplicate, the sealed duplicate, without check, to be deposited by the bidder with the City Auditor previous to the time named for opening the bids. All proposals must be from bidders of record on file at Room 508, City Hall Annex. *There will be a charge of two dollars (\$2) for each set of plans and specifications taken out.* If the price of any item appears to the Commissioner to be abnormally high or low, or the bidder neglects to bid on each and every item, it may lead to the rejection of the proposal containing such price. The rate per hour of the wages to be paid to mechanics, teamsters, chauffeurs and laborers in the work to be performed under the contract shall not be less than the rate of wages in the schedule determined by the Commissioner of Labor and Industries of the Commonwealth, a copy of which schedule is annexed to the form of contract referred to herein. Copies of said schedule may be obtained, without cost, upon application therefor at the office of the Commissioner of Public Works. Before commencing performance of this contract, the Contractor shall provide by insurance for the payment of compensation and the furnishing of other benefits under chapter 152 of the General Laws (the Workmen's Compensation Law so called) to all persons to be employed under this contract and shall continue such insurance in full force and effect during the term of this contract. The undersigned reserves the right to reject any or all proposals or to award the contract as he deems best.

GEORGE G. HYLAND,
(April 29.) Commissioner of Public Works.

REPORT OF THOMAS D. GINN, DIRECTOR OF DEPARTMENT OF VOCATIONAL GUIDANCE, ON ATTENDANCE AT NATIONAL VOCATIONAL GUIDANCE ASSOCIATION CONVENTION IN ATLANTIC CITY, MARCH 27 TO 31, 1950, INCLUSIVE.

The following is a report of his attendance at the National Vocational Guidance Association Convention at Atlantic City, March 27 to 31, 1950, by Thomas D. Ginn, Director of Vocational Guidance:

The theme of the convention was:
The Personnel Profession, Achievements and Objectives.

Our association has been meeting with the following groups:

Alliance for the Guidance of Rural Youth

American College Personnel Association
National Association of Deans of Women
National Association of Guidance Supervisors

Much preparation went into the planning for this convention, and it went off perfectly. Over 1,170 people registered.

I attended all the delegate assemblies and presented my credentials as a voting

LAND-TAKING IN THE HYDE PARK DISTRICT.

The Mayor has approved the vote of the Board of Street Commissioners for the taking of land for a public improvement consisting of the laying out and construction of Skyline road, Hyde Park district, as a highway, from Prospect street northwesterly for a distance of approximately 472 feet, bounded and described as follows:

A highway named Skyline road is hereby laid out, from Prospect street northwesterly for a distance of approximately 472 feet, and ordered constructed.

For the making of the aforesaid improvement an easement for street purposes is hereby taken in the following described lands, exclusive of trees or structures standing upon or affixed thereto:

A parcel of land, supposed to belong to Frank Losordo and Son, bounded as follows:

Westerly by Skyline road, by two measurements, eighteen and 50-100 feet on a curve of twenty feet radius and twenty-seven and 82-100 feet on a curve of thirty feet radius; northeasterly by the northeasterly line of said road as laid out under this order, nineteen and 78-100 feet; easterly by the easterly line of said road as laid out under this order, twenty-one and 32-100 feet on a

MAYOR JOHN B. HYNES INVITES WORLD HEALTH ASSEMBLY TO HOLD FOURTH ANNUAL SESSION IN BOSTON IN 1951—EXTENDS INVITATION THROUGH SECRETARY OF STATE DEAN ACHESON AS REPRESENTATIVE OF EDUCATIONAL, MEDICAL, AND SOCIAL LEADERS OF CITY AND ENVIRONS—PROMISES VISITORS EVERY COURTESY AND ENTERTAINMENT POSSIBLE—LEADING SCHOOLS OF MEDICINE AND CIVIC AND INDUSTRIAL ORGANIZATIONS, AS WELL AS GOVERNOR, JOIN MAYOR IN PLEDGING HOSPITALITY.

The following communication has gone forward from the Mayor's office as of April 28:

HON. DEAN ACHESON, *Secretary of State*, State Department, Washington, D. C.

MY DEAR MR. SECRETARY:

It is a unique privilege as well as a great pleasure for me as Mayor of Boston to extend this cordial invitation to the World Health Organization to hold its Fourth World Health Assembly in Boston in the spring of 1951. Boston would be proud to be host to the World Health Assembly.

I am glad to inform you that cooperation in this undertaking has been assured me by the Honorable Paul A. Dever, Governor of the Commonwealth of Massachusetts; Dr. James A. Conant, President of Harvard University; Gen. James S. Simmons, Dean of the Harvard University School of Public Health; Mr. E. C. Johnson, President of the Chamber of Commerce; and Dr. Frank Allen, President of the Massachusetts Medical Society. Excellent accommodations to house the official representatives, their families, and staffs, as well as adequate appropriate auditoriums and conference rooms for discussion, can be assured.

In Boston are located the Harvard University School of Public Health and three leading American schools of medicine, and it is one of the leading cultural and educational centers of the United States.

It is certain that the World Health Organization may have excellent facilities and maintain a most successful assembly here.

I understand that the Honorable Paul A. Dever, Governor of the Commonwealth of Massachusetts, is at this time forwarding to you a similar invitation for the World Health Assembly to meet in Boston. I have assurance that other leading health, educational, civic, and industrial organizations will do likewise.

Please be assured, Mr. Secretary, of my earnest desire as Mayor of the City of Boston to offer every available facility for the World Health Assembly in Boston in 1951.

Respectfully yours,

J. B. HYNES,
Mayor of Boston.

PRESIDENT TRUMAN THANKS MAYOR HYNES AND COMMITTEE FOR INVITATION TO VISIT BOSTON DURING JUBILEE WEEK.

The following communication has been received at the Mayor's office:

"THE WHITE HOUSE,
WASHINGTON, April 28, 1950.

DEAR MR. MAYOR:

I certainly appreciated most highly the visit which you and your committee paid me yesterday to hand me the invitation to come to the Boston Jubilee. It was a most cordial one, and I wish I could accept it right off the reel but, as I told you yesterday, due to conditions over which I have no control I can't always do what I would like to do. I hope conditions will be such that I may attend.

Sincerely yours,

HARRY S. TRUMAN.

HON. JOHN B. HYNES,
Mayor of the City of Boston,
Boston, Massachusetts."

"O Boston, fair City enthroned like a radiant queen,
From thy hills looking down on the ship-teeming plain of the ocean,
May thy future be bright, thy skies beam with light all serene,
Ensured by thy sons' and thy daughters' unselfish devotion!"

REPORT OF THOMAS D. GINN ON ATTENDANCE AT CONVENTION.

(Continued from page 401.)

member of the Greater Boston branch. Mr. Clifford E. Erickson, Professor of Education, Michigan State College, was elected president for next year, and Miss Mary Basso, Director of Guidance, Providence, Rhode Island, will be vice president. We are happy to see a public school person again in high office and are doubly glad that she is from New England. Many counselors feel that more time at our convention should be given to secondary school problems.

The problem of the unification of our many "guidance" and personnel associations was an important issue at the delegate meetings. A 14-page booklet on the plan for the *International Personnel and Guidance Association* was distributed. It is a helpful publication and should be studied by all our members. The increasing of the general dues to \$9 a year with the privilege of joining additional affiliated organizations at \$1 each was a live issue. Many counselors felt we would lose members, especially in states where the state associations were strong. No pressure was to be put on the members in bringing about unification of the various groups.

Dean Hilda Threlkeld, University of Louisville, was an excellent chairman and planned the meetings well. At the second meeting, we were broken up into small groups and had a splendid opportunity for discussion. Many of our guidance association membership feel the oppressive weight of sheer numbers. There was a time when we met on our own at the close of the February meetings of the National Education Association. This gave us a definite tie-up with the school educators and not with research groups.

President Hoppock, in his splendid address on Wednesday, made it clear that as counselors we offer a distinct service to the community and should preserve our identity. The social workers, psychologists, economists, and educators play their part, but the vocational guidance counselors offer a new service to the community in helping orient young people.

The counselor deals with young people that have educational and vocational problems. The counselor must possess skills not required by the above group. He must meet high educational standards and be seasoned by experience.

President Carmichael of Tufts spoke on the topic "A College President Looks at Guidance." He is a firm believer in counseling and spoke of the study he made of the guidance given the G. I.'s after World War II. Eighty-five per cent of the cases studied reported they were helped and satisfied with the guidance they received.

In a brief report, I cannot go into detail on all the meetings I attended. On Wednesday, March 29, I was a member of the panel led by Miss Barbara Wright, Director of Guidance, Minneapolis, Minnesota: "Job of the City Administrator in Guidance." The discussion was based on a questionnaire that was originally started many years ago by Warren K. Layton, Director of

Guidance, Detroit, Michigan. Directors were requested in December, 1949, and Dr. Feldman of New Haven, Connecticut, made a careful comparison of the returns. She found little agreement, and further study is to be made this year.

The assembly adjourned until 8 p.m., when for over three hours directors of large cities compared notes. This was one of the most helpful meetings of the entire convention.

Thursday afternoon, I visited the guidance offices in Philadelphia. Director Taber had his staff assembled, and, after an introductory talk, there was opportunity for individual conferences with the various specialists. The guidance budget is over a million dollars and they have 248 counselors.

Friday, March 31, New York City, nine o'clock a.m., conference with Assistant Superintendent Morris Krugman, in charge of guidance, Mr. Charles O'Toole, in charge of guidance in junior high schools, and Miss Frances Wilson, Director of Guidance in the elementary schools. Although the general budget for schools was cut, the guidance budget was increased \$53,000 to allow the appointment of 15 additional full-time counselors in the junior high schools.

10.30 to 12, visited School of Performing Arts on Forty-sixth street, a division of the Metropolitan High School, headed by Mr. Franklin Keller, an old friend. Twenty-two counselors met at Sardi's for luncheon and went on to the Christopher Columbus High School, in the Bronx. Miss Elsa Becker, in charge of guidance, explained the operation of her department and gave us copies of all forms used. This is New York's newest high school, and the physical set-up (rooms for interviewing) and educational plans are excellent. Miss Becker is one of our national leaders in the guidance field. These trips were arranged by Miss Gertrude Forrester of Newark, and were a distinct addition to the convention program.

In closing, may I thank Superintendent Haley and the Boston School Committee for the opportunity of attending this convention. I am sure the department will benefit by the inspiration the Boston group gained by these experiences.

Respectfully submitted,

THOMAS D. GINN,
Director of Vocational Guidance.

ATTENDANCE AT MEETING ON TUBERCULOSIS.

Approval has been given for the attendance of Mary O'Shea, supervising public health nurse, and Anna Matter (consultant nurse on loan from the United States Public Health Service), at the annual meeting of the National Tuberculosis Association, in Washington, D.C., from April 23 to April 30.

The expense for this attendance is not to exceed \$85 each, and will be supported by vouchers.

The Commissioner of Public Health of the Commonwealth of Massachusetts has authorized this attendance, not to exceed \$170, to be charged against appropriation, Federal Health Program. The City of Boston will be reimbursed by the State Department of Public Health from the federal grant for tuberculosis control.

CITY OF BOSTON,

MAYOR'S OFFICE, April 24, 1950.

To All Department Heads.

GENTLEMEN:

The following communication, which is self-explanatory, has been received at this office:

"THE COMMONWEALTH OF MASSACHUSETTS,

DEPARTMENT OF CIVIL SERVICE AND

REGISTRATION,

DIVISION OF CIVIL SERVICE,

STATE HOUSE, BOSTON.

April 21, 1950.

DEAR SIR:

Your attention is invited to the attached notice of a statewide civil service examination. It may be that in a department or departments under your supervision, there are persons employed on a provisional basis whose services must, under the law, be terminated if a list is established as a result of this examination. Will you please see that this examination is called to the attention of all department heads employing such persons so that they may be advised to file applications as directed on the announcement of the examination if they desire to be continued in their present position.

Very truly yours,

THOMAS J. GREEHAN, *Director.*"

STATES AND CITIES TAKE ACTION ON EMERGENCY HOUSING.

Four states are taking steps toward meeting the housing shortage. In Massachusetts a state housing bill would authorize cities to (1) undertake repairs or remodeling of houses for veterans, (2) acquire land for sale to veterans or contractors who will sell or rent houses to veterans, (3) go into the housing business for themselves, and (4) seize homes from which veterans and their families have been evicted without fault. In Minnesota the Governor has appointed a state housing expediter to work with building supply industries and Federal agencies on materials distribution, to aid local communities in making use of unused buildings, and to help cities benefit from the programs of Federal agencies having to do with housing. In Illinois the state has contributed \$4,300,000 to the Chicago Housing Authority for use in acquiring land for veterans' housing, and in California the Governor has called a special session of the Legislature to consider a bond issue of perhaps \$100,000,000 for loans to veterans for homes and farms.

PROCEEDINGS OF CITY COUNCIL.

AUTOMATIC GATES AT BIRD STREET GRADE CROSSING.

The following was received:

City of Boston,
Office of the Mayor, April 24, 1950.
To the City Council.
Gentlemen:

I transmit herewith communication from the Corporation Counsel relative to your resolution of March 20, 1950, concerning the installation of automatic gates by the New York, New Haven & Hartford Railroad at the Bird Street grade crossing.

Respectfully,
J. B. HYNES, Mayor.

City of Boston,
Law Department, April 20, 1950.
Hon. John B. Hynes,
Mayor of Boston.

Dear Mr. Mayor:

On March 22, 1950, your Honor transmitted to me the following resolve adopted by the City Council on March 20, 1950:

"Resolved, That the members of the City Council in meeting assembled, respectfully request his Honor the Mayor to direct the Corporation Counsel to take whatever steps are necessary to appeal the decision of the Board of Public Utilities granting to the New York, New Haven & Hartford Railroad the right to install automatic gates at the Bird Street grade crossing, in place of manually operated gates."

General Laws (Ter. Ed.) c. 25, s. 5, as amended, gives the Supreme Judicial Court jurisdiction in equity "to review, modify, amend or annul any ruling or order of the commission, or of any member or members representing the commission, but only to the extent of the unlawfulness of such ruling or order." In cases like the one referred to in the City Council's resolution, the error, if there is any, is one of administrative judgment rather than of law; and so, if a bill in equity by way of appeal is filed, a demurrer to the bill is immediately sustained. See *Selectmen of the Town of Wilmington v. Department of Public Utilities*, Supreme Judicial Court (Suffolk County) No. 67,992 Eq., and *Municipal Council of the City of Gloucester v. Department of Public Utilities*, Supreme Judicial Court (Suffolk County) No. 68,297 Eq. Accordingly, I beg to be excused from complying with the City Council's request contained in the above-quoted resolution.

Respectfully,
WILLIAM L. BAXTER,
Corporation Counsel.

CLEANING OF ALL CITY STREETS.

The following was received:

City of Boston,
Office of the Mayor, April 24, 1950.
To the City Council.
Gentlemen:

I transmit herewith communication from the Public Works Commissioner relative to your order of April 3, 1950, concerning the cleaning of all streets in the city which are now in a filthy and unsanitary condition.

Respectfully,
J. B. HYNES, Mayor.

City of Boston,
Public Works Department,
April 14, 1950.

Mr. Thomas G. Shannon,
Chief Clerk, Mayor's Office.

Dear Sir:

This is in reference to the following order that was passed in the City Council under date of April 3:

"Ordered, That the Commissioner of Public Works be requested, through his Honor the Mayor, to clean all streets in the city which are now in a filthy and unsanitary condition."

The department is doing everything possible to clean all streets in the city and to keep them in a clean condition.

Very truly yours,
GEORGE G. HYLAND,
Commissioner of Public Works.

Placed on file.

CLEANING OF HERBERT J. WOLFE SQUARE.

The following was received:

City of Boston,
Office of the Mayor, April 24, 1950.
To the City Council.
Gentlemen:

I transmit herewith communication from the Public Works Commissioner relative to your order of April 17, 1950, concerning cleaning up and fixing up the Herbert J. Wolfe Square at Crawford and Harold streets for the memorial services to be held there very shortly.

Respectfully,
J. B. HYNES, Mayor.

City of Boston,
Public Works Department,
April 21, 1950.

Mr. Thomas G. J. Shannon,
Chief Clerk, Mayor's Office.

Dear Mr. Shannon:

This is in reference to the following order that was passed in the City Council under date of April 17:

"Ordered, That the Public Works Commissioner be requested, through his Honor the Mayor, to clean up and fix up the Herbert J. Wolfe square at Crawford and Harold streets for the memorial services to be held there very shortly."

I have issued instructions to the Sanitary Division to clean the streets in the above-referenced area, and I have also issued instructions to the Highway Division to effect all necessary repairs to the roadway and sidewalk surfaces of the above intersection.

I assure you that the above-referenced work will be completed prior to the scheduled memorial exercises.

Very truly yours,
GEORGE G. HYLAND,
Commissioner of Public Works.

CHECKING OF CONSTRUCTION OF CERTAIN STREETS AND SIDEWALKS.

The following was received:

City of Boston,
Office of the Mayor, April 24, 1950.
To the City Council.
Gentlemen:

I transmit herewith communication from the Public Works Commissioner relative to your order of April 17, 1950, concerning the checking of all streets and sidewalks which were constructed or reconstructed in the City of Boston and on which there may be civil or criminal liability not barred by the Statute of Limitations.

Respectfully,
J. B. HYNES, Mayor.

City of Boston,
Public Works Department,
April 24, 1950.

Thomas G. J. Shannon,
Chief Clerk, Mayor's Office.

Dear Mr. Shannon:

This is in reference to the following order that was passed in the City Council under date of April 17, 1950:

"Ordered, That the Commissioner of Public Works be requested, through his Honor the Mayor, to check all streets and sidewalks which were constructed or reconstructed in the City of Boston and on which there may be an outstanding guarantee or on which there may be civil or criminal liability not barred by the Statute of Limitations."

The normal procedure followed by the department is to examine all street construction and reconstruction work about six months prior to the expiration of the five year guarantee. The inspection is restricted to visual examination of the roadway and sidewalk surfaces and edgestones, and does not provide for the taking of cores from the pavements. This procedure will be followed, and the contractors and surety companies will be notified to remedy any defects found in the streets that are under guarantee.

It would be a physical impossibility for the Public Works Department, without outside assistance, to undertake a program of inspection of these streets that are out of guarantee, but which were constructed within the period covered by the Statute of Limitations.

Visual inspection of such streets would be worthless. We would have to take cores out of all pavements, and even if the cores showed deficiencies in the thickness of pavements, we would have difficulty proving that the contractor laid the particular pavement contrary to the contract specifications at the time that the work was in progress some six years ago.

Respectfully yours,
GEORGE G. HYLAND,
Commissioner of Public Works.

Placed on file.

CONTRACTS OF HANCOCK CONSTRUCTION COMPANY.

The following was received:

City of Boston,
Office of the Mayor, April 24, 1950.
To the City Council.
Gentlemen:

I transmit herewith communication from the Public Works Commissioner relative to your order of April 3, 1950, concerning the withholding of any work on city contracts by the Hancock Construction Company until a complete investigation is made of street paving work done by said company.

Respectfully,
J. B. HYNES, Mayor.

City of Boston,
Public Works Department,
April 14, 1950.

Mr. Thomas G. Shannon,
Chief Clerk, Mayor's Office.

Dear Sir:
This is in reference to the following order that was passed in the City Council under date of April 3:

"Ordered, That his Honor the Mayor instruct the Commissioner of Public Works to withhold approval of any work on city contracts by the Hancock Construction Company until a complete investigation is made of street paving work done by said company; and be it further

"Ordered, That his Honor the Mayor instruct the Corporation Counsel of the City of Boston to proceed upon the legal basis to declare said company ineligible to accept further city contracts."
It is my intention to comply with those provisions of the above-referenced order that affect all current contracts that the Hancock Construction Company has on street construction or reconstruction work.

Very truly yours,
GEORGE G. HYLAND,
Commissioner of Public Works.

NAMING OF INTERSECTIONS IN HONOR OF DECEASED VETERANS.

The following was received:

City of Boston,
Office of the Mayor, April 17, 1950.
To the City Council.
Gentlemen:

I submit herewith 19 orders for the naming of various intersections in the city in honor of veterans who gave their lives in the service of our country. These orders are the result of requests made by members of your Honorable Body, and the Committee to Memorialize Veterans after due consideration has recommended the naming of the various sites as set forth in the accompanying orders.

In a small way, this indicates our appreciation of their sacrifices, and it perpetuates in fitting fashion their memories as heroic citizens of Boston. Accordingly, I recommend that your Honorable Body give approval to the several orders.

Respectfully,
J. B. HYNES, Mayor.

City of Boston,
Board of Street Commissioners,
April 12, 1950.

The orders were severally referred to the Executive Committee.

ORDINANCE RE CERTAIN USE OF STREETS.

The following was received:

City of Boston,
Office of the Mayor, April 24, 1950.
To the City Council.
Gentlemen:

The Corporation Counsel has called my attention to the opinion rendered on March 29, 1950, by the Supreme Judicial Court in Commonwealth vs. Carpenter, a criminal case in which the complaint charged that the defendant "did wilfully and unreasonably saunter and loiter in a certain public street . . . called Columbus avenue for more than seven minutes after being then lawfully directed there . . . to move on" by a police officer.

The Supreme Judicial Court said, in part: "The complaint is based upon c. 40, s. 34, of the Revised Ordinances of Boston (1947), which reads: 'No person shall, in a street, unreasonably obstruct the free passage of foot-travellers, or wilfully and unreasonably saunter or loiter for more than seven minutes after being directed by a police officer to move on,' with exceptions now immaterial. The complaint alleges no obstruction of foot travel, and charges no offence based upon that part of the ordinance."

"In the view we take, the facts are unimportant. The part of the ordinance here considered we hold to be void on its face as repugnant to the due process clause of s. 1 of the Fourteenth Amendment to the Constitution of the United States and to art. 12 of the Declaration of Rights of the Constitution of this Commonwealth."

I recommend that your Honorable Body adopt the ordinance transmitted herewith and thereby strike from the ordinance cited above the part which the Supreme Judicial Court held to be void.

Respectfully,
J. B. HYNES, Mayor.

City of Boston.
In the Year Nineteen Hundred and Fifty.
An Ordinance Concerning Certain Use of Streets.
Be it ordained by the City Council of Boston, as follows:

Section 1. Chapter 40 of the Revised Ordinances of 1947 is hereby amended by striking out section 34 and inserting in place thereof the following section:

Sect. 34. No person shall, in a street, unreasonably obstruct the free passage of foot-travellers, but nothing in this section shall be construed to curtail, abridge, or limit the right or opportunity of any person to exercise the right of peaceful persuasion guaranteed by section 24 of chapter 149 of the General Laws, or to curtail, abridge, or limit the intentment of any statute of the Commonwealth of Massachusetts.

Referred to the Committee on Ordinances.

On motion of Councilor Kinsella, the order was referred to the Committee on Finance.

PARTITION OF IRELAND.

Coun. P. A. TRACY offered the following:

Whereas, The unjust partition of Ireland is a continuing factor of disturbance and distrust to the peace of the world; and

Whereas, Such partition, against the will of the people of Ireland, is also against the principles of justice expressed by the Constitution of the United States of America; and

Whereas, Such partition is against the best interests of the people of the United States, since Ireland as a divided nation cannot take its proper place in the councils of the nations of the world; and

Whereas, Ireland's absence from the North Atlantic Pact weakens the military defense of the United States as therein expressed and weakens the efforts of the United States to aid in the economic recovery of all Europe; and

Whereas, Ireland's absence from the United Nations, to which the United States subscribes as a member, results from the veto of Soviet Russia, due to the hostility of Ireland to communism and its evils; be it

Resolved, That the City Council of Boston, in meeting assembled, respectfully urges the Foreign Relations Committee of the House of Representatives of the Congress to report forthwith a suitable resolution expressing the sentiment of the people of the United States against the unjust partition of Ireland and demanding a plebiscite of the people of all Ireland on the matter of a united Ireland; and be it further

Resolved, That copies of this resolution be forwarded to the Foreign Relations Committee of the House of Representatives, to the President of the United States, to the Department of State, and to the members of the Massachusetts Congressional Delegation.

The resolution was adopted under suspension of the rule.

Coun. HANNON offered the following:

Ordered, That his Honor the Mayor be requested to arrange a conference with the Boston Housing Authority, the City Assessing Board, the officials of Boston College High School, the members of the Boston City Council, and any interested real estate officials relative to the development of the Cow Pasture area in Dorchester.

Passed under suspension of the rule.

COMMENDATION OF CITY DEPARTMENTS FOR SERVICES AT TRAIN WRECK.

Coun. HANNON offered the following:
Resolved, That the members of the City Council in meeting assembled do hereby commend the members of the various city departments, particularly the Police, Fire, and Hospital Departments, for the speedy and splendid service rendered on April 20, 1950, at the time of the train wreck on the tracks of the New York, New Haven & Hartford Railroad in Jamaica Plain.
The resolution was adopted under suspension of the rule.

INVESTIGATION OF BOSTON STATE HOSPITAL FIRES.

Coun. ANSEL offered the following:
Ordered, That the Fire Commissioner be directed, through his Honor the Mayor, to conduct a complete investigation of the recent fires at the Boston State Hospital.
Passed under suspension of the rule.

UNEMPLOYMENT COMPENSATION TO UNEMPLOYED WORLD WAR II VETERANS.

Coun. ANSEL offered the following:
Ordered, That the Boston City Council go on record as supporting the enactment of legislation for the payment of unemployment compensation for 52 weeks to veterans of World War II who are unemployed.
Passed under suspension of the rule.

SIDEWALK CONSTRUCTION, 131 AND 133 GALLIVAN BOULEVARD.

Coun. FARIN offered the following:
Ordered, That the Commissioner of Public Works make a sidewalk along Gallivan Boulevard, from No. 131 to No. 133, Ward 17, in front of the estates bordering thereon; said sidewalk to be from three to ten inches above the gutter adjoining, to be from five to twelve feet in width, and to be built of artificial stone, with granite edgestones.
Under the provisions of chapter 203 of the Acts of 1943.
Passed under suspension of the rule.

CONSTRUCTION OF CERTAIN WARD 15 STREETS.

Coun. RAMSEY offered the following:
Ordered, That the Public Works Commissioner be requested, through his Honor the Mayor, to proceed with the construction of new streets on Henry street, Barry park, and Baker avenue, as these streets were accepted last year in Ward 15.
Passed under suspension of the rule.

COMMENDATION OF JAMAICA PLAIN COUNCIL No. 120 KNIGHTS OF COLUMBUS.

Coun. RAMSEY and McCORMACK offered the following:
Resolved, That the Boston City Council assembled go on record as commending the Jamaica Plain Council No. 120 Knights of Columbus for their recent contest on "How to Combat Juvenile Delinquency" in the City of Boston, in which several hundred letters from interested people throughout the city were sent in, because this organization has seen fit to take definite steps in this solution on how to correct children's bad ways and the destruction of personal and public property.
The resolution was adopted under suspension of the rule.

SIDEWALK CONSTRUCTION, TACOMA STREET.

Coun. CANTWELL offered the following:
Ordered, That the Commissioner of Public Works make a sidewalk along Tacoma street, from Wood avenue to Bradlee street, Ward 18, in front of the estates bordering thereon; said sidewalk to be from three to ten inches above the gutter adjoining, to be from five to twelve feet in width, and to be built of artificial stone, with granite edgestones.
Under the provisions of Chapter 203 of the Acts of 1943.
Passed under suspension of the rule.

Passed under suspension of the rule.

CONSTRUCTION OF ONE- AND TWO-FAMILY HOUSES ON CERTAIN WARD 20 STREETS.

Coun. BRYAN offered the following:
Ordered, That the Boston Housing Authority be requested, through his Honor the Mayor, to consider the advisability of acquiring land on Stimson, Vogel, and Salman streets and Upland road, in Ward 20, for the construction of one- and two-family houses.
Passed under suspension of the rule.

ACCEPTANCE OF SEARLE ROAD, WARD 20.

Coun. BRYAN offered the following:
Ordered, That the Board of Street Commissioners be requested, through his Honor the Mayor, to accept, lay out, and construct Searle road, Ward 20, as a public highway.
Passed under suspension of the rule.

OPPOSITION TO CURTAILMENT OF POSTAL SERVICES.

Coun. BRYAN and HANNON offered the following:
Resolved, That the Boston City Council, in meeting assembled, urges the Massachusetts Delegation in Congress, to vigorously oppose the contemplated curtailment of mail deliveries, district post-office services, and other postal service, and to take active steps to prevent the establishment of this plan to reduce the service to householders and business concerns throughout the United States.
The resolution was adopted under suspension of the rule.

LEASE OF LAND ON HOLYOKE STREET TO HARRIET TUBMAN HOUSE.

Coun. CHASE offered the following:
Ordered, That the Boston Board of Real Estate Commissioners be requested, through his Honor the Mayor, to lease for one dollar a year the lot of land at 39 Holyoke street, Ward 4, to the Harriet Tubman House, a settlement house located at 25 Holyoke street, Boston, for use as a playground area for children.
Passed under suspension of the rule.

PLAYGROUND AT 240 WEST CANTON STREET.

Coun. CHASE offered the following:
Ordered, That the Park Commission be requested, through his Honor the Mayor, to grade, fence in, and install playground equipment in the vacant lot of Park Department land at 240 West Canton street, Ward 4; and be it further
Ordered, That the Park Department be requested, through his Honor the Mayor, to name said area "The Harriet Tubman Playground"; and be it further
Ordered, That the Park Department be requested, through his Honor the Mayor, to arrange with the Harriet Tubman Settlement House for supervision of said playground and for the storage of the equipment of said playground.
Passed under suspension of the rule.

INQUIRY BY ATTORNEY GENERAL INTO CERTAIN PAVING CONTRACTS.

Coun. CHASE offered the following:
Resolved, That the Attorney General of the Commonwealth of Massachusetts is hereby requested by the members of the Boston City Council in regular meeting assembled, to inquire into all paving contracts found by the Boston Finance Commission as having been deliberately violated with a view to bringing into a court of law all those criminally responsible; and be it further
Resolved, That a copy of this resolution be immediately sent to the Attorney General's office.
The resolution was referred to the Committee on Public Works by the President. Councilor Chase appealed the decision of the President and Councilor Cook seconded the appeal. The decision of the President in referring the resolution to the Committee on Public Works was sustained, yeas 11, nays 4:

Yeas—Councilors Cantwell, Coffey, Hurley, Kinsella, Lanigan, McCormack, Ramsey, Shanley, Sullivan, F. P. Tracy, P. A. Tracy—11.
Nays—Councilors Ansel, Chase, Cook, Wenzler—4.

Voting Present—Councilors Beades, Bryan, Farin, Linehan—4.
Councilor Chase moved to reconsider the foregoing vote. The motion for reconsideration prevailed, yeas 11, nays 6:
Yeas—Councilors Ansel, Beades, Bryan, Chase, Cook, Linehan, McCormack, Shanley, F. P. Tracy, P. A. Tracy, Wenzler—11.
Nays—Councilors Coffey, Hurley, Kinsella, Lanigan, Ramsey, Sullivan—6.
Voting Present—Councilor Farin—1.
The President declared a recess at 3.45 p.m. Shortly thereafter the members reassembled in the Council Chamber and were called to order by President HURLEY.
The President referred the resolution to the Committee on Rules.

NAMING OF SQUARE IN HONOR OF ERNEST J. NATALE.

Coun. LANIGAN offered the following:
Ordered, That the Special Committee to Memorialize Veterans be requested, through his Honor the Mayor, to recommend the naming of the square at the intersection of Sheafe and Salem streets, Ward 3, in honor of Private Ernest J. Natale, of the 36th Engineering Corps, C Regiment, who has been reported as missing in action during a military mission nine miles northeast of Anzio on January 31, 1944.
Passed under suspension of the rule.

CONSTRUCTION OF BOARD SIDEWALK BY DEMATTEO CONSTRUCTION COMPANY.

Coun. KINSELLA offered the following:
Ordered, That his Honor the Mayor be requested to ask the DeMatteo Construction Company of 200 Hancock street, Quincy, to construct a board sidewalk between Sever street and Main street, Charlestown, to keep pedestrians from too close a contact with vehicles as is now the case when these pedestrians are approaching the MTA terminal in Sullivan square.
Passed under suspension of the rule.

CONVERSION OF MULTIPLE-DWELLING UNITS TO CHAPTER 200, VETERANS' HOUSING PROGRAM.

Coun. LINEHAN offered the following:
Whereas, The Massachusetts Legislature is considering legislation proposed by Governor Paul A. Dever for the conversion of Chapter 200 veterans' housing program to the Federal program in order that the Commonwealth of Massachusetts may make substantial savings and be reimbursed for the money it has expended on veterans' housing projects, and which, in addition, will result in lower rents for the veteran tenants in said housing projects; and
Whereas, The Boston Housing Authority has neglected to convert the multiple-dwelling units constructed under the Chapter 372 program to Chapter 200 program, which would have meant that said projects could have been converted to the Federal program, resulting in lower rents to the veterans and a saving to the City of Boston; and
Whereas, The money which we would have received from Chapter 200 as a result of converting Chapter 372 dwelling units could have been used for the construction of two-family homes or row houses for veterans in the City of Boston under Chapter 372; therefore be it

Ordered, That the Boston Housing Authority be requested, through his Honor the Mayor, to immediately do everything possible to convert multiple-dwelling units constructed under Chapter 372 to the Chapter 200 veterans' housing program, and if that is too late because all of the Chapter 200 money has been allocated, then to make a study and recommendation for converting Chapter 372 multiple-dwelling units direct to the Federal program, which has been recommended by the Governor in regard to the Chapter 200 program.
Passed under suspension of the rule.

RESOLUTION RE LOAN FOR VIADUCT CONSTRUCTION.

Coun. LINEHAN offered the following:
Resolved, That the City Council of Boston hereby favors the enactment of legislation amending chapter 480 of the Acts of 1949 so that the City of Boston can borrow \$3,000,000 outside the debt limit for the purpose of constructing a viaduct over and across the passage of water known as the "Back Way," in lower Boston Harbor,

between Long Island and Moon Island, and approaches thereto on both Long Island and Moon Island.

The resolution was adopted under suspension of the rule.

LEGAL OPINION REQUESTED ON CERTAIN OPEN-AIR THEATERS.

Coun. BEADES and BRYAN offered the following:

Ordered, That his Honor the Mayor request the Corporation Counsel to immediately render an opinion, as requested on January 30, 1950, and April 3, 1950, by the Boston City Council, in the following order:

"Ordered, That the Corporation Counsel of the City of Boston be requested, through his Honor the Mayor, to hand down a legal opinion and interpretation of chapter 148, section 56, of the General Laws—the Board of Street Commissioners grants licenses for open-air parking spaces—regarding the proposed open-air theaters at 1213 Veterans of Foreign Wars Parkway, West Roxbury, and 775 Gallivan Boulevard, Dorchester. Referred to the Committee on Public Safety.

USE OF LAND AT 775 GALLIVAN BOULEVARD FOR VETERANS' HOUSING.

Coun. BEADES offered the following:

Ordered, That the Boston Housing Authority, through his Honor the Mayor, consider the advisability of taking the site by eminent domain at 775 Gallivan Boulevard for the construction of veterans' housing.

Passed under suspension of the rule.

INQUIRY BY CORPORATION COUNSEL INTO STREET REPAIR CONTRACT VIOLATIONS.

Coun. COOK offered the following:

Ordered, That the Corporation Counsel be requested, through his Honor the Mayor, to look into all evidence relating to violation of street repair contracts reported by the Finance Commission for submission to the District Attorney for criminal prosecution.

Referred to the Committee on Rules.

Adjourned at 4.25 P.M., on motion of Councilor McCormack, to meet on Monday, May 1, 1950, at 2 P.M.

Note: All debate of City Council eliminated from proceedings in accordance with Chapter 447, Acts of 1947.

(Stenographic copy of such debate on file in office of City Clerk.)

RECREATION EXPENDITURES GROW.

Expenditures for community recreation facilities and service in 1917 communities in 1945 totaled \$93,800,000, double the amount reported in any previous year, according to the National Recreation Association. Nearly one-third of this amount was for land, buildings, and improvements, indicating that many cities are carrying out war-delayed plans to provide needed recreation areas and facilities. More than 84 per cent of the expenditures were met by local, county, or state sources in the forms of appropriations, tax levies, or bond issues. Only 4 per cent of the funds came from community funds or other private sources. The remaining 12 per cent was derived from fees and charges.

MAYOR HYNES INAUGURATES PLAN TO REORGANIZE HEALTH DEPARTMENT IN THE INTEREST OF EFFICIENCY AND BETTER SERVICE TO THE COMMUNITY—SEVERAL DIVISIONS TO BE MERGED.

Mayor John B. Hynes has begun to put into effect the suggestions of the Finance Commission for the combination of city services with a view to obtaining more efficiency. The first to be so readjusted is the Health Department. The Mayor is putting into effect a merger of several divisions into four effective services.

Streamlining of the Boston Health Department, by merging several divisions into four effective services, was ordered by Mayor Hynes last night.

This action was taken on the recommendation of the Mayor's committee appointed to review and analyze the recommendations contained in the survey reports of the Boston Finance Commission.

To simplify and clarify the internal organization of this department of 12 divisions, it is recommended that the position of Assistant Commissioner be created and that four major administrative units designated as services be established. These services are to bear the following designations: General Serv-

BOSTON WINS ADDITIONAL SAVING IN PURCHASE OF CITY'S COAL SUPPLY, MAYOR IS INFORMED BY SUPERINTENDENT OF SUPPLIES JOHN V. MORAN.

The city is making an additional saving on the contract for coal for the several departments, according to a letter to Mayor Hynes from John V. Moran, Superintendent of Supplies. The information is contained in the following letter:

SUPPLY DEPARTMENT.

BOSTON, May 5, 1950.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. MAYOR:

On April 24, 1950, bids for furnishing bituminous and anthracite coal were publicly opened and read in this office. Your Honor approved an award for bituminous coal on May 3, 1950, with provision for awarding anthracite coal at a later date.

The lowest total bidder meeting contract requirements on anthracite coal was the Boston Ice Company, at a total of

EXPENDITURES OF THE DEPARTMENT OF VETERANS' SERVICES SHOW DECIDED INCREASE OVER THOSE OF THE CORRESPONDING MONTH IN 1949—THIS IS SHOWN IN THE REPORT OF THE DIRECTOR, FRANCIS X. COTTER, TO MAYOR HYNES—\$61,734.53 EXPENDED IN AIDING 673 MORE CASES THAN BEFORE—ALTOGETHER THE CASES TOTALED 2,083, WITH 4,757 INDIVIDUALS BENEFITING.

According to the information furnished Mayor John B. Hynes by the Director of Veterans' Services, Francis X. Cotter, the expenditures of the department show a decided increase for the month of March, 1950, over the same period for 1949. This increase amounted to \$61,734.53 and is attributable to the fact that 673 more cases were aided in March this year than were aided in 1949. There were 2,083 cases aided during March, representing a total of 4,757 individuals who were benefited through the financial facilities of the department.

The complete report submitted to the Mayor reads as follows:

Boston, April 24, 1950.

HON. JOHN B. HYNES,
Mayor of Boston.

SIR:

I have the honor to submit the report of the Department of Veterans' Services for the month of March, 1950.

Very truly yours,

DAVID J. BRICKLEY, *Director.*

DEPARTMENT OF VETERANS' SERVICES IN MONTHLY REPORT TO MAYOR HYNES SHOWS HEAVY DRAIN ON APPROPRIATIONS.

(Continued from page 421.)

Expenditures for veterans' benefits for March, 1950, show an increase of \$61,734.53 in comparison with expenditures for the corresponding period of 1949. This increase is attributable to the fact that the department aided 673 more cases than in March, 1949.

The 2,083 cases aided during the month of March, 1950, represent a total of 4,757 individuals benefited through the financial facilities of the Department of Veterans' Services.

There were 468 cases closed during the month of March, 1950, because of obtaining employment, having been awarded unemployment compensation, and becoming ineligible to receive financial assistance for miscellaneous reasons.

Classification of Cases Aided During March, 1950.

During the month of March this department collected \$386, which represents refunds by former beneficiaries who were found to have drawn aid under circumstances which required the repayment of same to the city.

Very truly yours,

FRANCIS X. COTTER, *Commissioner.*

CIRCULAR LETTER NO. 10.

CITY OF BOSTON,
MAYOR'S OFFICE, May 3, 1950.
To Heads of All Departments.
GENTLEMEN:

In conformance with my inaugural message, I am desirous that a capital improvement program be established as soon as possible. This is a necessary adjunct to the development of a comprehensive plan for the city which must be prepared for submission to Washington in connection with Title I, provisions of the 1949 Housing Law.

Briefly, the purpose of this program is to determine the improvements needed by the city, to evaluate them as to their urgency and desirability, to coordinate each improvement with the planning of related improvements and

with planning for the city as a whole, and to prepare, with regard to the funds that will be available for their construction, a schedule for undertaking the improvements. Thus, orderly progress can be made in effecting, as economically as possible, development of the city according to a comprehensive plan.

I have instructed the Planning Board to prepare the capital improvement program. I desire that department heads give the fullest cooperation to the Planning Board by submitting the information requested by it within any time limits it may set. A preliminary program for study should be developed as promptly as possible.

Very truly yours,

JOHN B. HYNES, *Mayor.*

MAYOR PLANS REORGANIZATION OF HEALTH DEPARTMENT.

(Continued from page 421.)

ices, Preventive Medical Service, Environmental Sanitation, and Local Health Services.

The Commissioner will have administrative authority for the department, assisted by the Assistant Commissioner and the heads of the four divisions. The Assistant Commissioner will relieve the Commissioner of a substantial amount of routine detail work.

The advantages are:

1. It avoids a large number of independent units and enables the Commissioner to correlate the work of the department more effectively.

2. It enables the Commissioner to administer his entire department through a small number of executive officers.

3. It defines clearly the chain of responsibility of the directors of the several sections and divisions of the department.

4. It centralizes the direction of divisions having close interrelationships by placing administrative responsibility in the office of a single service director who in turn interprets the programs and needs of these divisions to the Commissioner.

The reorganization of the department is left to the discretion of Health Commissioner John H. Cauley, the Mayor said.

ADDITIONAL SAVINGS ON CITY'S COAL SUPPLY ANNOUNCED.

(Continued from page 421.)

WITHOUT ADVERTISING.

Upon varying dates as indicated the Mayor approved contracts with firms, contractors, and commercial houses for furnishing labor, materials, etc. Communications from the heads of the departments interested were as follows:

FIRE DEPARTMENT.

BOSTON, April 28, 1950.

HON. JOHN B. HYNES.

Mayor of Boston.

DEAR SIR:

Your Honor's permission is requested to award a contract to the Mack Motor Truck Company, without public advertising, for repairs to the pumper of Engine Company 3 which was badly damaged as the result of an accident which occurred in December of 1949.

The estimate for repairs submitted by the Mack Motor Truck Company amounts to \$2,191.10 while an estimate received from the Maxim Motor Company amounts to \$2,500.

As these two firms are the only ones able to do this emergency work and willing to bid on the job, it is my recommendation that a contract be awarded to the Mack Motor Truck Company in the amount of \$2,191.10.

Under date of April 26, 1950, your Honor has already approved of the award of a contract in connection with this work to the Mack Motor Truck Company in the amount of \$2,109.10. However, this was a typographical error as the amount of the bid of the Mack Motor Truck Company is \$2,191.10.

Respectfully yours,

MICHAEL T. KELLEHER,
Fire Commissioner.

LIBRARY DEPARTMENT.

Boston, April 21, 1950.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. MAYOR:

In response to our invitation, sealed proposals for certain gardening work, at the Central Library and ten branch libraries, were received and opened at the office of the trustees at 12 o'clock noon on April 20, 1950. The following landscape and gardening companies were invited to submit bids:

Littlefield-Wyman Nurseries, 227 Centre avenue, Arlington, Mass.; Little Tree Nurseries, Rowley, Mass.; Anthony J. Brando, 591 Blue Hill avenue, Milton, Mass.; T. J. Godvin Land Company, 1708 Centre street, West Roxbury, Mass.; Frost & Higgins, 20 Mill street, Arlington, Mass.

The only company to actually submit a bid was the Little Tree Nurseries of Rowley, Mass., who submitted the following quotations:

Central Library, \$305; Brighton Branch Library, \$145; Faneuil Branch Library, \$102; Hyde Park Branch Library, \$176; Jeffries Point Branch Library, \$221; Mattapan Branch Library, \$95; East Boston Branch Library, \$176; Connolly Branch Library, \$132; Parker Hill Branch Library, \$60; West Roxbury Branch Library, \$245; West End Branch Library, \$317. Total, \$1,974.

This is a figure which is over the amount beyond which there must ordinarily be public advertising. Inasmuch as five companies were invited to submit bids and only one bid was submitted, it appears that no useful purpose would be served by publicly advertising for bids.

Your permission is therefore respectfully requested for dispensing with public advertising and for placing a service order with Little Tree Nurseries for the work in the amount of \$1,974.

Respectfully,

THE TRUSTEES OF THE PUBLIC LIBRARY
OF THE CITY OF BOSTON,
by FRANK W. BUXTON,
President.

PUBLIC WORKS DEPARTMENT.

Boston, May 1, 1950.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. MAYOR:

Reference is made to my letters dated January 6, 1950, and January 13, 1950, in which I requested authority to dispense with advertising and to award contracts to several named firms and individuals for furnishing labor and

equipment when considered necessary during the winter to supplement the regular forces of the Public Works Department engaged in snow removal activities. Your approval to those letters was obtained on January 9, 1950, and January 13, 1950, respectively.

It has come to my attention that the C & R Construction Company, 75 Bradeen street, Roslindale, and the J. A. Singarella Company, 15 Bay street, Dorchester, whose names were not listed on those letters, have performed work on snow removal totaling in excess of \$2,000 in each case and that it will be necessary to execute formal contracts with those firms in order to pay for the work done.

Your approval is respectfully requested to dispense with advertising and to award contracts to the C & R Construction Company and the J. A. Singarella Company.

Respectfully,

GEORGE G. HYLAND,
Commissioner of Public Works.

SUPPLY DEPARTMENT.

Boston, April 20, 1950.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. MAYOR:

Permission is respectfully requested to award a contract, without public advertisement, to T. J. Noonan Company for the following:

Fifty cartons sponges at \$23.60 a carton.

Twenty-five cartons sponges at \$25.40 a carton.

One thousand bolts gauze at \$4.74 a bolt.

These items were needed for immediate delivery although not provided for in the original contract to T. J. Noonan Company for surgical dressings signed by your Honor on March 22, 1950.

All prices are the lowest received on informal bids.

Total amount of contract will be \$6,555.

Respectfully yours,

JOHN V. MORAN,
Superintendent of Supplies.

Boston, April 26, 1950.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. MAYOR:

This department is in receipt of a requisition from the Park Department for three (3) power mowers.

It is respectfully requested to issue an order, without public advertisement, to R. E. Jarvis Company who was the lowest bidder meeting required specifications on informal quotations that were sent to several dealers.

Total amount of order will be \$1,275, less 2 per cent cash discount for payment within ten days. This amount includes an allowance of \$125 on one (1) used caretaker power mower.

Respectfully yours,

JOHN V. MORAN,
Superintendent of Supplies.

Boston, May 2, 1950.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. MAYOR:

This department is in receipt of a requisition from the Boston City Hospital

for one (1) Mobile X-ray unit and accessories.

It is respectfully requested to award a contract, without public advertisement, to Harper X-Ray Company, the lowest bidder on informal quotations. The unit on which Harper X-Ray Company bid complies with the specifications required by the City Hospital.

Total amount of contract is \$2,178, less cash discount of 1 per cent for payment within ten days.

Respectfully yours,

JOHN V. MORAN,
Superintendent of Supplies.

EXTRA WORK UNDER CONTRACT.

PUBLIC WORKS DEPARTMENT.

A. Singarella & Son have been directed to perform the following extra work under the contract for laying sheet asphalt pavement in Acadia road, Ansonia road, Freeman avenue, Hackensack road, Leland road, Rendall road, and Worley street, dated October 14, 1949. EXTENSION OF CONTRACTS.

DEPARTMENT OF SCHOOL BUILDINGS.

Approval has been given for the extension of the time of completion of the contract with John T. Bradley for interior and exterior painting at the Dwight School, from December 31, 1949, to May 31, 1950. This extension was requested for the reason that the work as specified in the contract was not completed.

Approval has been given for the extension of the time of completion of the contract with John T. Bradley for interior and exterior painting at the Samuel W. Mason School, from December 20, 1949, to May 31, 1950. This extension was requested for the reason that the work as specified in the contract was not completed.

Approval has been given for the extension of the time of completion of the contract with John T. Bradley for interior and exterior painting at the Christopher Gibson School, from December 31, 1949, to May 31, 1950. This extension was requested for the reason that the work as specified in the contract was not completed.

PARK DEPARTMENT.

William F. Herlihy has been granted an extension of time until May 25, 1950, for the completion of the contract for filling, grading, and gravel walks at Jamaica Pond, and Olmstead Park, West Roxbury.

TRANSFER OF APPROPRIATION.

The Mayor has approved the following request for transfer of appropriation:

BOARD OF REAL ESTATE COMMISSIONERS.
From B, Contractual Services, \$165,
to C, Equipment, \$165.

AGREEMENT AMENDED.

LIBRARY DEPARTMENT.

J. & M. Brown Electric Company, Inc., 737 Centre street, Jamaica Plain, have been allowed to amend the contract for rewiring and installing new lighting fixtures at the West Roxbury Branch Library, dated October 28, 1949, by striking out the words "within sixty days" as they appear in Article II on page 7 of said contract and substituting therefor the words "on or before April 10, 1950."

This agreement is made subject to the provisions of this contract hereinbefore referred to.

AMES, CHILD & GRAVES,
50 BEACON STREET, BOSTON.

April 4, 1950.

MR. JOHN J. CONNOLLY, Boston Public Library, Copley Square, Boston, Mass.

DEAR MR. CONNOLLY:

We are enclosing herewith the request of the J. & M. Brown Company, Inc., for an extension of their contract on the rewiring and new lighting fixtures at the West Roxbury Branch.

It was impossible to get the large fixture at the front door delivered in time for the completion of the contract. However, it has now been delivered and is installed, and the work is therefore entirely completed.

Yours very truly,

AMES, CHILD & GRAVES,
JOHN W. AMES, JR.

J. & M. BROWN COMPANY, INC.,

Re: Rewiring and New Lighting Fixtures, West Roxbury Branch Library. Contract Dated October 24, 1949.

GENTLEMEN:

Due to unavoidable delay on delivery of electrical fixtures we are requesting an extension of time to April 10, 1950.

Thanking you, we are

Very truly yours,

J. & M. BROWN COMPANY, INC.,
MARTIN BROWN, President.

CITIES' RELIEF ROLLS RISE.

General relief case loads showed an increase of 9 per cent from January 1 to March 1 in a representative group of 15 major cities, as compared with an increase of 5.6 per cent during the first two months of 1948 in the same cities, according to a recent survey by the American Public Welfare Association. General relief case loads do not reflect all unemployment because many newly jobless are drawing unemployment compensation and are not on general assistance rolls. Cities where case loads mounted in the first two months of 1949 included Boston, Buffalo, Cincinnati, Milwaukee, Minneapolis, and Philadelphia. General assistance means relief to the indigent, as distinguished from the three major categories of federal aid given under the Social Security program—aid to dependent, to the aged, and to the blind.

PROCEEDINGS OF CITY COUNCIL.

Monday, May 1, 1950.

Regular meeting of the City Council held in the Council Chamber, City Hall, at 2 p.m., President HURLEY in the chair and all the members present. The meeting was opened with the salute to the flag.

FINANCING OF LONG ISLAND VIADUCT.

The following was received:

City of Boston,
Office of the Mayor, May 1, 1950.
To the City Council.
Gentlemen:

Under the provisions of chapter 480 of the Acts of 1949 the city was authorized to borrow two million dollars for the purpose of constructing a viaduct or bridge to connect Long Island with the mainland. On April 11, 1950, when bids received after public advertising were opened, it became apparent that the amount authorized by the Legislature was inadequate. It now appears that before the city can go forward with the project an additional appropriation of seven hundred and fifty thousand dollars will be required. As pointed out in the attached letter of the Institutions Commissioner, there are strong reasons supporting the proposed construction of the viaduct. I am, therefore, of the opinion that steps should be taken to provide the additional appropriation required.

Two methods are open in this respect, namely, to petition the Legislature to amend the 1949 act so as to authorize the full amount required, or to supplement the legislative authorization by appropriating the additional amount within the debt incurring power of the city. After consideration of the situation I have decided to follow the latter method. I, accordingly, submit herewith two orders, one a loan order for six hundred thousand dollars, and the other an appropriation order of one hundred sixty thousand five hundred dollars, within the current year's tax levy as required under the provisions of section 7, chapter 44 of the General Laws. These orders will accomplish the purpose covered by the resolution adopted at the last meeting of your Honorable Body. In view of the desirability of making an early start on the construction of this project, I recommend immediate consideration and action by your Honorable Body on the accompanying orders.

Respectfully,

J. B. HYNES, Mayor.

City of Boston,
Institutions Department, April 27, 1950.
Hon. John B. Hynes,
Mayor of Boston.
Dear Mr. Mayor:

The bids for the erection of the Long Island Bridge were opened at 12 noon, April 11, 1950. The low bidder for the substructure and approaches was Merritt-Chapman & Scott Corporation with a bid of \$1,094,307.40. There were six bidders on this portion of the contract. Merritt-Chapman & Scott was the only and, therefore, the low bidder on the entire construction of the bridge, including substructure, approaches, and superstructure. The bid was \$2,709,951.40.

A legislative act authorized the City of Boston to construct a bridge between Long Island and Moon Island with approaches to the mainland. For the purpose of providing funds to meet the expense of carrying out the provisions of this act, the City of Boston was authorized to borrow from time to time within a period of five years from the effective date of this act not exceeding in the aggregate \$2,000,000.

By order of this act, \$159,000 has been appropriated from available revenue funds. The cost of designing and drawing up specifications for the bridge will approximate \$140,000, and with other steel mill and engineering inspections, will more than total the above-mentioned \$159,000. Therefore, there is a deficit in the available amount of money on hand to construct this bridge of \$709,951.40.

I respectfully request that \$750,000 additional be made available in order to sign a contract for the erection of the Long Island Bridge.

The difference of the request for \$750,000 and the exact deficit of \$709,951.40 is necessitated by the fact that some of the estimated costs may be increased because of underwater work. By the same token, the actual costs may show a decrease from the estimated cost.

It is the opinion of our engineers that readvertising for bids would not be entirely to the advantage of the city. Since there was only one firm who bid on the entire structure of the bridge, there is a possibility that any future bids might be higher than the present one. Any savings that might be made by delaying the construction of the bridge and seeking new prices would be expended by the high cost of the present boat transportation.

The advantages of a bridge connecting Long Island with the mainland have many times in the past been enumerated and agreed upon. Briefly, the major reasons for necessitating the building of this bridge are:

The ability of traffic (persons in vehicular) to proceed to and from Long Island at any hour of the day. This alone might be sufficient reason be-

cause of patients' lives that would be saved in emergencies. The future development of the Long Island Hospital and the fulfillment of the plans to make it the best of its kind in the country depends on the lower material and labor costs made possible by the construction of the bridge. The positions at Long Island Hospital for doctors and nurses and other help will be more attractive when the island is more accessible.

Respectfully yours,

JOHN R. MCGILLIVRAY, Commissioner.

Ordered, That in addition to appropriations made under the provisions of chapter 480 of the Acts of 1949, the sum of six hundred thousand dollars be, and the same hereby is, appropriated, under the provisions of clause (4) of section 7 of chapter 44 of the General Laws, to be expended under the direction of the Institutions Commissioner, for the construction of a viaduct to Long Island, and that the City Treasurer be authorized, with the approval of the Mayor, to issue bonds or certificates of indebtedness of the city to said amount.

Ordered, That under the provisions of section 7 of chapter 44 of the General Laws, the sum of one hundred sixty thousand five hundred dollars be, and hereby is, appropriated, to be expended by the Institutions Commissioner, for the construction of a viaduct to Long Island, said amount to be raised by taxation on the polls and estates in the City of Boston.

The rules were suspended and the foregoing order for appropriation of \$160,500 for construction of viaduct to Long Island was passed, yeas 21, nays 0:

Dear Mr. Shannon:
In response to the City Council order passed on April 24, 1950, please be advised that this Board feels that the utilization of that area as a playground for children is good, and, should the Harriet Tubman Settlement House officials apply for a lease, this department will execute one in accordance with the Council order, it having been determined by this department that the land is not otherwise readily salable or rentable.

Re: City Council Order of April 24, 1950, Requesting the Cleaning up of All Vacant Land Taken Under Tax Title Proceedings Throughout the City and Erecting Signs Reading "No Dumping—Police Take Notice" on Each Lot.

Dear Mr. Shannon:
Please be advised that this department at the present time is in the process of having cleaned all lots under its jurisdiction which have been reported to this department in need of cleaning, and on each such lot a sign is being posted reading:

"No Dumping."
"No Trespassing."
"Police Take Notice."
"Keep Boston Clean."

With over 3,000 lots of land to take care of, the expense of cleaning all 3,000 at this time would make such cleaning impossible.

Very truly yours,

MASTER KEY AT WEST BROADWAY DEVELOPMENT.

The following was received:

City of Boston,
Office of the Mayor, May 1, 1950.
To the City Council.
Gentlemen:

I transmit herewith communication from the Chairman of the Boston Housing Authority relative to your order of March 27, 1950, concerning a master key at the West Broadway development, South Boston.

Respectfully,
J. B. HYNES, Mayor.

Boston Housing Authority,
April 18, 1950.

Hon. John B. Hynes,
Mayor of Boston.
Subject: City Council Order of March 27, 1950, Concerning Master Key at the West Broadway Development, South Boston.

Dear Mayor Hynes:

Under date of March 27, 1950, the City Council requested through you that the Authority place the master key of the above-referenced project exclusively in the hands of the housing manager so that it could not be used indiscriminately.

The Authority is pleased to inform you that there is no such thing as a grand master key at this development which will open all doors.

The keying at this development has been arranged so that each building is keyed separately, and no one key will open all apartments.

Very truly yours,
CORNELIUS T. KILEY, Chairman.

ELIMINATION OF CIRCLE AT ANDREW SQUARE, ETC.

City of Boston,
Office of the Mayor, May 1, 1950.
To the City Council.
Gentlemen:

I transmit herewith communication from the Chairman of the Board of Street Commissioners relative to your order of March 20, 1950, concerning the elimination of the circle at Andrew square, together with the installation of other proposed changes recommended, to do away with traffic tie-ups, and also to install pedestrian traffic lights in front of the entrance to the Andrew Square MTA Station.

Respectfully,
J. B. HYNES, Mayor.

City of Boston,
Street Laying-Out Department,

April 21, 1950.

Thomas G. J. Shannon,
Chief Clerk, Mayor's Office.

Dear Sir:

I have your communication of March 22, enclosing Council order introduced by Councilor Linehan requesting that the Traffic Commission and this Board eliminate the circle at Andrew square, together with the installation of other proposed changes recommended, to do away with traffic tie-ups, and also to install pedestrian traffic lights in front of the entrance to the Andrew square MTA Station on Dorchester avenue and directly across the street on the other side of Dorchester avenue and that the Department of Public Works of Massachusetts be requested to cooperate with the City of Boston relative to contributing 50 per cent of the cost of said traffic improvements at Andrew square.

Andrew square, South Boston, is one of the most congested intersections in the City of Boston. To completely relieve this congestion would require construction similar to that now planned for Sullivan square, Charlestown, at costs estimated as high as \$8,000,000. The so-called "Master

"Highway Plan" provides new roads in the vicinity of Andrew square which will, when constructed, greatly reduce the volume of traffic at that intersection. I believe these new roads will be built within the next ten years. Therefore, I feel that alterations to Andrew square should be planned on the assumption that traffic volume there will be considerably reduced by other highway improvements.

In cooperation with the Traffic Commission, Public Works Department and Metropolitan Transit Authority, a survey has been made of Andrew square. Plans for alterations, giving full consideration to the proposals contained in the subject Council order, are now being prepared. Upon completion of these plans, a detailed report will be submitted.

Very truly yours,
GERALD F. SCALLY, Chairman.

AMENDMENT OF OLD AGE ASSISTANCE REQUIREMENTS.

The following was received:

City of Boston,
Office of the Mayor, May 1, 1950.
To the City Council.

Gentlemen:
I transmit herewith communication from the Chairman of the Overseers of the Public Welfare relative to your order of March 13, 1950, concerning the feasibility of amending the requirements for the distribution of Old Age Assistance in the City of Boston, and that such study be held in conjunction with state officials.

Respectfully,
J. B. HYNES, Mayor.

City of Boston,
Overseers of Public Welfare,
April 26, 1950.

Hon. John B. Hynes,
Mayor of Boston.
Attention of Mr. Thomas G. J. Shannon.

Dear Sir:
The Overseers of the Public Welfare in the City of Boston have received notification of the following order of the City Council, which was passed March 15, 1950:

"Ordered, That the Overseers of Public Welfare be requested, through his Honor the Mayor, to study the feasibility of amending the requirements for the distribution of Old Age Assistance in the City of Boston and that such study be held in conjunction with state officials. The present plan for the distribution of Old Age Assistance has worked undue hardship and has provided much discomfort and distress to those in need of such assistance."

In connection with the above-quoted order, the Overseers wish to advise you that a special commission established pursuant to resolution of the General Court and known as the Special Commission to Study and Revise the Laws Relating to Public Welfare has been considering the matter of desirable amendments to the laws relative to Old Age Assistance and, further, that the Overseers have been and are cooperating with that commission to the end that appropriate amendments to such laws will be proposed and ultimately enacted.

Very truly yours,
HENRY E. FOLEY, Chairman.

LEGAL OPINION ON OPEN-AIR PARKING SPACES.

The following was received:

City of Boston,
Office of the Mayor, May 1, 1950.
To the City Council.

Gentlemen:
I transmit herewith communication from the Corporation Counsel relative to your order of January 30, 1950, concerning a legal opinion and interpretation of chapter 148, section 56, of the General Laws.

Respectfully,
J. B. HYNES, Mayor.

City of Boston,
Law Department, April 21, 1950.
Hon. John B. Hynes,
Mayor of Boston.

Dear Mr. Mayor:
On February 3, 1950, your Honor transmitted to me the following order passed by the City Council on January 30, 1950:

"Ordered, That the Corporation Counsel of the City of Boston be requested, through his Honor the Mayor, to band down a legal opinion and interpretation of chapter 148, section 56, of the General Laws 'the Board of Street Commissioners grants licenses for open-air parking spaces,' regarding the proposed open-air theaters at 1213 Veterans of Foreign Wars Parkway, West Roxbury, and 775 Gallivan Boulevard, Dorchester."

The statute referred to in the above-quoted order, namely, General Laws (Ter. Ed.) c. 148, s. 56, provides as follows:

"In any city or town which accepts the provisions of this section no person shall engage in the business of conducting or maintaining

an open-air parking space without a license therefor granted by the licensing authority, approved in all cases by the head of the fire department. The license shall specify all the premises to be occupied by the licensee for the purpose of conducting the licensed business. The fee for each such license shall be such amount as may be established by the authority granting the license, and said authority may reasonably classify said licenses and fees. Licenses granted hereunder shall expire on April thirtieth following the date of issue, or on such date as may be specified therein, and may be suspended or revoked by such authority and by the head of the fire department. Whoever, not being licensed, engages in a business required by this section to be licensed, or is concerned therein, or, being licensed, engages in such business, or, being concerned therein, in any other place than that designated in his license or after notice to him that his license has been suspended or revoked, shall be punished by a fine of not more than one hundred dollars."

For acceptance by the City of Boston, see vote of the City Council passed December 29, 1930, and approved by the Mayor December 30, 1930.

The statute just quoted, providing, as it does, for punishment by fine, is indisputably a penal statute. Penal statutes are to be construed strictly. Libby v. New York, New Haven & Hartford Railroad Company, 273 Mass. 522, 525, and cases cited. That is to say, they are "not to be extended by construction beyond the ordinary meaning of the words used." Commonwealth v. Worcester & Nashua Railroad Company, 124 Mass. 561, 563. In common understanding, an open-air parking space means a parcel of land, devoid of structures, where motor vehicles are left standing while their occupants go elsewhere on foot. To put it another way, the dominant feature of the parking lot business lies in providing, for the accommodation of the public, a place where unattended motor vehicles may be left. Compare 61 C. J. S. Motor Vehicles, s. 715; also 24 Am. Jur., Garages, Parking Stations, and Liveryies, s. 3. The maintenance of an open-air parking space is thus clearly distinguishable from the conduct of a drive-in theater, the primary purpose of which is to exhibit motion pictures to persons while seated in their cars. In my opinion, therefore, the above-quoted statute has no application to a drive-in theater, because the business of conducting such a theater is beyond the ordinary meaning of the words used in the statute.

It may not be inappropriate to add that the conclusion I have reached is consistent with the history of the statute, which was originally enacted in 1930 as the result of the report of a Special Commission. See 1930 House Document No. 1060 and St. 1930, c. 399. The commission's report makes no mention of anything other than the ordinary parking lot. In fact, so far as I am aware, drive-in theaters were unknown in 1930. Hence, the Legislature could hardly have had them in mind in enacting the statute. Commonwealth v. Tilley, 306 Mass. 412, 415. When such is the case, the statute is not construed to apply to the new conditions unless its object is so general and its language so broad that the new conditions are fairly within the sweep and the meaning of the words and fall within their obvious scope and purpose. Commonwealth v. Welosky, 276 Mass. 398, 403. Commonwealth v. Goldman, 205 Mass. 400. G. L. (Ter. Ed.) c. 148, s. 56, cannot be said to have either an object so general or language so broad. Accordingly, I reiterate that, in my opinion, that statute has no application to a drive-in theater.

Respectfully,
WILLIAM L. BAXTER,
Corporation Counsel.

PAYMENT OF PENSION CHECKS EVERY TWO WEEKS.

The following was received:

City of Boston,
Office of the Mayor, May 1, 1950.
To the City Council.

Gentlemen:
I transmit herewith communication from the Secretary and Executive Officer of the Boston Retirement Board relative to your order of April 17, 1950, concerning the advisability of having the personnel of the city and county employees receive their pension checks every two weeks rather than on a monthly basis.

Respectfully,
J. B. HYNES, Mayor.

City of Boston,
Retirement Board, April 24, 1950.

Hon. John B. Hynes,
Mayor of Boston.

Dear Sir:

The Retirement Board is in receipt of an order of the City Council requesting a study of the advisability of paying pension checks every two weeks instead of monthly. Due to the fact that in the contributory systems and some of the free pension systems it is obligatory by statute to pay the pensions monthly, no consideration

has been given to the matter of payments every two weeks and the Board has no information that the present system is not satisfactory.

Yours very truly,
W. D. KENNEY,
Secretary and Executive Officer.

SLUM CLEARANCE PROJECT, GROVE STREET SECTION.

The following was received:

City of Boston,
Office of the Mayor, May 1, 1950.
To the City Council.

Gentlemen:
I transmit herewith communication from the Chairman of the City Planning Board relative to your order of April 10, 1950, concerning the Grove Street section of Ward 20, bounded by Washington, Stimson, Centre, and Grove streets, being considered under Title I of the Housing Act of 1949, as a Slum Clearance and Redevelopment Project.

Respectfully,
J. B. HYNES, Mayor.

City of Boston,
Planning Board, April 27, 1950.

Hon. John B. Hynes,
Mayor of Boston.

Dear Mr. Mayor:

The City Planning Board submits herewith a report on the following Council order of April 10, 1950:

"Ordered, That the Planning Board of the City of Boston be requested, through his Honor the Mayor, to have the Grove Street section of Ward 20, bounded by Washington, Stimson, Centre, and Grove streets, be considered under Title I of the Housing Act of 1949, as a Slum Clearance and Redevelopment Project."

Under Federal Public Law 171 (the 1949 Housing Law) section 110, paragraph "C," it is provided in the definition of "projects" under Title I—that a redevelopment project may include land which is predominantly open and which becomes of obsolete platting, diversity of ownership, deterioration of structure or of site improvements, or otherwise, substantially impairs or arrests the sound growth of the community.

It is our opinion that the Grove Street section of Ward 20 as set forth in the Council order is in the above-mentioned project category and could properly be designated as a redevelopment area.

Such redevelopment areas as have been unofficially designated as "redevelopment areas" have been so designated as the result of compiled statistical information on a census tract basis. This information indicated the extent of tax deficit and low-rent accommodations with correlative factors showing lack of central heating, lack of toilet facilities, etc. Because the Grove Street area is an unusual case and is in a very large census tract which contains some of the best housing in the city, it did not show up in the census tract information. However, the Board for some years has been fully aware of the condition of that area and had recognized its need of redevelopment.

The Board expects in the immediate future to redefine its redevelopment areas and will give serious consideration to this section at that time.

Very truly yours,
THOMAS F. McDONOUGH, Chairman.

APPROPRIATION FOR BOSTON JUBILEE CELEBRATION.

The following was received:

City of Boston,
Office of the Mayor, May 1, 1950.

To the City Council.

Gentlemen:
In conjunction with the Boston Jubilee celebration of the Boston Chamber of Commerce, May 18-22, the city will stage a spring music festival which will compare favorably with the great peace festival of 1869, when 12,000 musicians took part. The festival program will start on Saturday, May 13, five days before the Chamber's Jubilee, and will continue up to and throughout the period of the latter program. There will be a total of more than 50 concerts and numerous other features. In connection with the Jubilee celebration, the city will conduct a monster fireworks display on the evening of May 22. Provisions will also be made to properly observe National Defense Week, which will occur during the period of the over-all celebration.

The purpose of the festival and jubilee is to advertise the resources and facilities of the city throughout the nation. It is anticipated that thousands of persons from all parts of the country will visit the city during the ten-day period.

In order to provide funds to meet expenses which will arise in connection with the city's participation in the over-all celebration, I submit herewith an order providing for the transfer of \$10,000 from the Reserve Fund. I respectfully recommend adoption of this order by your Honorable Body.

Respectfully,
J. B. HYNES, Mayor.

Ordered, That in accordance with the provisions of section 3B of chapter 486 of the Acts of 1909, as amended by chapter 604 of the Acts of 1911, the City Auditor be, and hereby is, authorized to transfer:

From the appropriation for Reserve Fund, \$10,000, to the appropriation for Public Celebrations, \$10,000.

Referred to the Executive Committee.

RETIREMENT OF CERTAIN SUMNER TRAFFIC TUNNEL BONDS.

The following was received:

City of Boston,
Office of the Mayor, May 1, 1950.
To the City Council.
Gentlemen:

On September 1, 1930, the City of Boston issued under St. 1929, c. 297, in connection with the construction of the Sumner Traffic Tunnel, bonds aggregating \$4,000,000 and bearing interest at the rate of 4 per cent per annum. These bonds were 50-year bonds; but, fortunately, they contain an express provision for call, retirement, and cancellation by the city on September 1, 1950. Funds for the retirement and cancellation of these bonds on September 1, 1950, have been provided for by a bond issue under St. 1945, c. 361, at a much lower interest rate. Those funds are now in the hands of the Board of Commissioners of Sinking Funds.

St. 1945, c. 361, under which the refunding bonds were issued, expressly prescribes that the earlier bonds be called for cancellation at the earliest date permitted, to wit, September 1, 1950. Transmitted herewith is the draft of an order to carry out the mandate of the statute. I recommend its immediate adoption.

Respectfully,

J. B. HYNES, Mayor.

Whereas, Under date of September 1, 1930, the City of Boston issued, under St. 1929, c. 297, registered Traffic Tunnel Bonds, City of Boston, Act of 1929, in the aggregate principal amount of \$4,000,000, bearing interest at the rate of 4 per cent per annum, payable semiannually on March 1 and September 1 of each year, which bonds are due September 1, 1980, with an express provision for call, retirement, and cancellation by the city on any interest date after 20 years from the date of issue; and

Whereas, St. 1945, c. 361, a. 3, provides that, if Traffic Tunnel Retirement Bonds, City of Boston, Act of 1945, are issued under said chapter 361, the city shall call, retire, and cancel, at the earliest date permitted, Traffic Tunnel Bonds, City of Boston, Act of 1929, in accordance with their terms; and

Whereas, Traffic Tunnel Retirement Bonds, City of Boston, Act of 1945, were issued under said chapter 361; now, therefore, it is hereby

Ordered, That the aforesaid issue of 4 per cent Traffic Tunnel Bonds, City of Boston, Act of 1929, dated September 1, 1930, and due September 1, 1980, be, and hereby is, called for retirement and cancellation on September 1, 1950; and it is hereby further

Ordered, That the City Treasurer of the City of Boston be, and he hereby is, authorized and directed to give notice of said call during the month of July, 1950, in both of the following ways: (a) by causing a notice of call to be printed once in a newspaper of general circulation published in the City of Boston, once in a newspaper of general circulation published in the City of New York, and once in two financial publications of national circulation, and (b) by mailing such a notice by registered mail, return receipt requested, to the registered holders of said bonds of record at the time of such mailing, at their then most recent addresses on file with said treasurer; and it is hereby further

Ordered, That the aforesaid notice of call shall be in substantially the following form:

CITY OF BOSTON
in the
COMMONWEALTH OF MASSACHUSETTS.
NOTICE OF CALL OF BONDS FOR
RETIREMENT AND CANCELLATION.

To Holders of 4 per cent Traffic Tunnel Bonds, City of Boston, Act of 1929, dated September 1, 1930, and Others Concerned.

Public notice is hereby given that all outstanding 4 per cent Traffic Tunnel Bonds, City of Boston, Act of 1929, dated September 1, 1930, and due September 1, 1980, have been called for retirement and cancellation on September 1, 1950, on which date interest on such bonds will cease.

Payment of the face amount of each of said bonds, with any accumulated unpaid interest to September 1, 1950, will be made by the City of Boston on and after September 1, 1950, upon surrender of the bond for payment at the office of the City Treasurer, City Hall, Boston, Massachusetts.

City Treasurer of the City of Boston.

FIRE DEPARTMENT ORDERS.*General Order No. 24.***I. JOSEPH C. MORGAN.**

It is with deep regret that the Fire Commissioner announces the death, on May 4, 1950, of Hoseman Joseph C. Morgan of Engine Company 49, who died from injuries received in a fall from Ladder Truck 28 while in response to Box 2658.

The funeral was held from the Edward D. Fitzgibbon Funeral Home, 1428

Dorchester avenue, Dorchester, at 9.15 A.M., Monday, May 8, 1950, followed by services at St. Ambrose's Church at 10 A.M.

The Chief of Department made the customary detail to act as funeral escort, and members of Engine Company 49 were excused from duty to attend the services.

II. RETIREMENT.

The following retirement, which became effective as of 8 A.M., Wednesday, May 3, 1950, is hereby announced:

Hoseman John E. Fleming, Engine Company 28.

Hoseman Fleming was appointed to the department September 5, 1903, and he leaves the department with the best wishes of his associates.

III. TRANSFER.

The following transfer will become effective at 8 A.M., Wednesday, May 10, 1950:

Hoseman Ralph J. DiCarolus, from Engine 10 to Ladder 18.

IV. INSTALLATION OF NEW FIRE ALARM BOX.

In the near future a new fire alarm box will be established as follows:

Box 4174, Rutherford avenue, opposite Thorndike street.

The assignment of apparatus for Box 4174 will be the same as for Box 4175.

The circuit in which this box will be connected will be announced at the time the box is installed and assignment cards for Box 4174 will be distributed at a later date.

V. RELOCATION OF FIRE ALARM BOXES.

In connection with the proposed Sullivan Square project, Fire Alarm Box

4156, located at Rutherford avenue, Middlesex and Essex streets, will soon be relocated on the opposite side of Rutherford avenue.

The designation of this fire alarm box will be changed to read as follows:

Box 4156, Rutherford avenue, opposite Middlesex street.

Fire Alarm Box 4175, located at Rutherford avenue and Mishawum street, will soon be relocated on the opposite side of Rutherford avenue and about 250 feet toward Sullivan square.

The designation of this fire alarm box will be changed to read as follows:

Box 4175, Rutherford avenue, near Sullivan square.

Company commanders shall make the above changes on assignment cards for Boxes 4156 and 4175.

VI. BOSTON AUTOMATIC ASSIGNMENT.

The following signal number shall be added to the running cards of the Boston Automatic Fire Alarm Company in this department:

Signal 216, building, 84 Pearl street. Apparatus to respond: Engine 25, Ladder 8, District Chief 5. Nearest box is 1284.

CONGRESS VOTES COMPREHENSIVE HOUSING PROGRAM.

Under the new federal housing law signed by the President on July 15 federal funds for slum clearance and public housing are now available to cities that demonstrate a need for low-rent housing. Cities generally must supply proof of blight, a master rede-velopment plan for the blighted area, and temporary housing for displaced slum dwellers. The new law provides advance money to help cities map plans. Many cities, especially those that have housing authorities, already have the necessary information and are among the first to qualify for federal aid. Among the cities that are making studies to determine their housing needs are Chicago, Louisville, Miami, Mil-waukee, Philadelphia, and Boston. Legis-latures of 42 states have authorized local governments to establish low-rent housing authorities, and at least 25 states have laws authorizing local par-ticipation in federally supported slum clearance projects. Iowa, Kansas, Okla-homa, South Dakota, Utah, and Wy-oming do not as yet have housing-enabling laws that will qualify their cities for federal funds for public low-rent housing.

ASSESSED VALUATIONS CONTINUE TO RISE.

A survey of 43 assessing jurisdictions over 100,000 population, recently completed by the National Association of Assessing Officers, discloses that the latest totals of assessed valuations average 4.3 per cent higher than those for last year. Last year's survey of 46 jurisdictions showed an increase for the preceding period of 6.35 per cent. Duval County (Jacksonville), Florida, reported a 19.7 per cent increase, the highest of any jurisdiction. Other jurisdictions reporting high percentage increases in valuations were Dade County (Miami), Florida, 13.3 per cent; Providence, Rhode Island, 10.5 per cent; King County (Seattle), 10.4 per cent; Grand Rapids, Michigan, 9.3 per cent; Richmond, Virginia, 8.8 per cent; Los Angeles County, 8.5 per cent; Minneapolis and San Antonio, 6.9 per cent; and Erie, Pennsylvania, 6.7 per cent.

POPULATION DISTRIBUTION.

Another important population change has been the geographic redistribution of the American people. According to Census Bureau estimates for July 1, 1948, seven states had lost population since 1940, and 41 states and the District of Columbia had gained population. The most impressive population gains were in the West; the losses were concentrated in a few states in the upper Missouri River Basin and in the South.

MORE CITIES ADOPT RETIREMENT PLANS.

Retirement systems now are in effect for some or all municipal employees in 981 of the 1,072 cities over 10,000 population. During the past five years the number of cities covering all their employees has increased from 341 to 649, according to *The 1949 Municipal Year Book*. Of the cities over 10,000 with no retirement plans, 97 per cent have less than 25,000 population. The survey in the *Year Book* reveals a marked shift away from retirement plans for special groups such as policemen or firemen towards general plans for all city employees.

HOSPITALS COST \$13,000 PER BED.

Average construction costs for general hospitals built under the hospital survey and construction program of the United States Public Health Service range from \$15.61 per square foot for 17 hospitals with from 26 to 35 beds to \$19.43 for two hospitals with from 126 to 150 beds. The general floor area per bed ranges from 604 square feet to 639 square feet, respectively. These figures include the cost of construction of the building and fixed equipment. The total cost of these hospitals, including all equipment and professional fees, but not including the site, brings the corresponding figures per square foot up to \$18.56 and \$21.36, respectively, and the cost per bed, including all costs, from \$11,256 to \$14,475, respectively. The average cost per bed for 105 general hospitals, including all costs except sites, is \$12,910.

PARKING METERS PROFITABLE FOR CITIES.

A survey of parking meter usage in 62 cities over 100,000, recently made by the city purchasing agent of Chicago in cooperation with the National Institute of Governmental Purchasing, indicated an annual income per meter of \$74.31, or \$6.19 per month. Cities reporting an average annual income per meter in excess of \$100 included Minneapolis, St. Paul, Providence, Dayton, Long Beach, Chattanooga, Canton (Ohio), and South Bend (Indiana). Cities which reported an income of \$90 to \$100 per meter per year were Seattle, Columbus (Ohio), Richmond, Miami, Flint, Norfolk, Tulsa, Wichita, Sacramento, and Charlotte. Maintenance costs reported by 33 cities, including labor, repairs, and collections, averaged \$6.99 per meter per year, or nearly 10 per cent of the revenue.

RECREATION EXPENDITURES GROW.

Expenditures for community recreation facilities and service in 1,917 communities in 1948 totaled \$93,800,000, double the amount reported in any previous year, according to the National Recreation Association. Nearly one-third of this amount was for land, buildings, and improvements, indicating that many cities are carrying out war-delayed plans to provide needed recreation areas and facilities. More than 84 per cent of the expenditures were met by local, county, or state sources in the forms of appropriations, tax levies, or bond issues. Only 4 per cent of the funds came from community funds or other private sources. The remaining 12 per cent was derived from fees and charges.

RECENT FEDERAL ACTIONS AFFECTING CITIES.

The Housing Act of 1949, approved on July 15, authorized a uniform 10 per cent payment to cities in lieu of taxes on housing projects, but the independent offices appropriation bill passed on August 15 contains a provision that for the fiscal year ending June 30, 1950, only payments provided for in the original contract between the housing authority and the city are authorized for federal reimbursement.

Federal aid for hospital construction has been approved for nearly 800 projects; more than 600 are general hospitals and the great majority are in towns of under 10,000 population.

LEGISLATION FOR CITIES.

At least 30 of the 44 state legislatures that convened in regular sessions this year enacted important bills directly affecting municipal government. A few new laws—on loyalty, for example—reflect comparatively new problems, but most are the extension of trends that became pronounced a decade or more ago. Legislation for increased state aid is predominant. Some states gave cities limited new taxing powers. Chronic housing needs brought legislation in nearly a dozen states. Several governors signed measures giving cities more power to cope with parking problems.

MAYOR HYNES PAYS GLOWING TRIBUTE TO LATE GREAT LEADER OF ORGANIZED LABOR, SAMUEL GOMPERS.

At the Samuel Gompers Dinner Mayor Hynes spoke as follows:

The pages of American history are replete with the names of men—and women, too—whose contributions to the growth and greatness of our nation are written in letters of gold.

Soldiers, statesmen, explorers, builders, inventors, scientists—in every field of human endeavor America has spawned a galaxy of men of exceptional attainments, whose memories we honor and revere. When we are called upon to point to our greatest President, our greatest military leader, our greatest scientist—or even the greatest ballplayer in our history—there is room for contention and argument. But when we speak of leadership in the field of human relations, when we speak of the long and bitter struggle of the man and woman who labors to obtain a living wage, to work in decent surroundings, and for periods of time befitting human beings rather than as beasts of burden, then we speak of one man—Samuel Gompers—and there can be no argument, no dispute, no contention over

MAYOR GETS COMMITTEE'S REPORT ON PLANS FOR REVAMPING SUPPLY SYSTEM FOR CITY OF BOSTON AND SUFFOLK COUNTY—RECOMMENDATIONS FOLLOW, IN MAIN, THE SUGGESTIONS OF FINANCE COMMISSION RELATIVE TO ACHIEVING EFFICIENCY AND ECONOMY—FIVE MAJOR PROPOSALS MADE AFTER STUDY.

The following is the report of the Mayor's committee on study of plans for reorganizing the purchasing and supply system of City of Boston as presented to Mayor John B. Hynes:

May 4, 1950.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR SIR:

The committee appointed by you to review and analyze the recommendations contained in the survey reports of the Boston Finance Commission submits for your consideration the following com-

(Continued on page 452.)

BOSTON, THROUGH MAYOR JOHN B. HYNES, THROWS WIDE THE CITY'S GATES IN WELCOME TO HON. JOHN J. HEARNE, IRISH AMBASSADOR TO THE UNITED STATES—GREETES DISTINGUISHED GUEST WITH LUNCHEON AT THE COPLEY PLAZA HOTEL—EXPRESSES DEEP AND SINCERE HOPE THAT MISSION TO THIS COUNTRY WILL BE ABUNDANTLY SUCCESSFUL AND THAT EIRE WILL SOON AGAIN, AS IN THE PAST, BE ABLE TO GIVE FULL EFFORT TO IDEALS OF TRULY DEMOCRATIC GOVERNMENT.

The following were the remarks of Mayor John B. Hynes at the civic luncheon to Hon. John J. Hearne, Irish Ambassador to the United States, held at the Copley Plaza Hotel, Monday, May 15:

It is traditional, as we know, to offer "a hundred thousand welcomes" to one who comes among us as a representative of Ireland. But if I, as the Mayor of the City of Boston, were to offer merely "a hundred thousand welcomes" to our guest of honor, I should find myself in the embarrassing position of trying to explain why I left out the welcomes that should be extended in behalf of the rest of the half-million, or more, of our Bostonians who claim Ireland as their birthplace or their ancestral home. So let me revise the old familiar greeting by offering to His Excellency, Ambassador Hearne, 500,000 welcomes to our historic city.

Nowhere in America is there a greater feeling of satisfaction over Ireland's new diplomatic status than we of Boston feel. Nowhere in America have the sons and daughters of the "old sod" made a more substantial contribution to a community than they have right here. They have strengthened and enriched the civic, industrial, educational, cultural, and spiritual life of this city to a degree that no other community in this nation can boast.

Look back on the records of the past three centuries and you will find evidence of the Irish influence in this vicinity. Of course the earliest records contain relatively few notations about men and women of Celtic background, but those who made their way to the colonies made their presence felt in many beneficial ways. And although comparatively few of us can claim that our people came to these shores in the wake of the "Mayflower," we are not unmindful of the comment made by the witty Boston Jesuit who observed that when our folks crossed the Atlantic, the immigration laws were very much stricter.

Irish Contribution to Early History.

Speaking of the early days of the colonies, may I observe that our honored guest, Ambassador Hearne, belongs to a clan that must have sent some rather enterprising representatives to America in those long-ago days, because the records of the American Irish Historical Society reveal that one *Philip Hearn*, a settler in the old colony of Virginia, prospered so notably that he was one of the first Irishmen in America to acquire enough property to warrant his making a *will*. That was in 1697—and I submit that if an Irishman named Hearn could do that well in America in the seventeenth century, it is an omen that another Irishman named Hearne is going to get along very well in America in this twentieth century.

"O Boston, fair City enthroned like a radiant queen,
From thy hills looking down on the ship-teeming plain of the ocean,
May thy future be bright, thy skies beam with light all serene,
Ensured by thy sons' and thy daughters' unselfish devotion!"

From Boston Centennial Poem by
NATHAN HASKELL DOLE

MAYOR IN TRIBUTE TO SAMUEL GOMPERS.

(Continued from page 449.)

his rightful place of pre-eminence as the foremost labor leader in the history of this or any other nation.

Out of a conglomerate, squabbling, indecisive force, he fashioned and moulded what is today the virile, cohesive, nation-wide organization known as the American Federation of Labor. He was at once both a dreamer and a leader. He was a lover of democracy and democratic institutions. He was a builder who scorned and defied and conquered the false philosophies of those who had brought nothing but chaos or stagnation to the labor movement prior to the founding of the A. F. of L.

As truly as we can say that Washington, Jefferson, and Lincoln were great men, just as truly can we say that Samuel Gompers was a great man. Poor in the world's goods even to the time of his death, yet he was a wealthy man, for he compiled riches beyond all avarice—the riches of a life well spent, a life of noble, self-sacrificing deeds, the benefits of which endure to this day and are shared by each of you who is a member of the A. F. of L. The life of Samuel Gompers is in itself the story of America—a vivid example of why this nation has become the greatest nation of modern civilization. I know of no better lesson in democracy than the life and accomplishments of Samuel Gompers, and especially that period of his life given over to the labor movement, in the turbulent and sometimes violent years of our rapid growth and expansion as a nation.

I recommend, if I may, that his life and his works be required reading for every class in civic government and, more particularly, for every man who holds any position of leadership in the great American Federation of Labor, which will always stand as an unforgettable, living monument to the memory of the man we honor tonight—Samuel Gompers.

MAYOR'S CHARITY FIELD DAY COMMITTEE GETS UNDER WAY FOR 1950.

Mayor John B. Hynes on Wednesday, May 17, presided at a "kickoff" ticket meeting for the Mayor's Charity Field Day in the City Council Chamber, at which department heads and representatives of Boston business were in attendance. The Mayor pointed out the increasing needs of the poor and indigent who are without the necessities of glass eyes, artificial limbs, and other items, and who look to the fund raised through the Mayor's Field Day for help. This year's event will be on Tuesday night, July 11, under Fenway Park lights.

General Chairman Fire Commissioner Michael T. Kelleher announced that the main Field Day attraction would be Satchel Paige, legendary Negro pitcher recently with the Cleveland Indians, who will pitch for the Black Yankees against a club composed of major leaguers.

This year's main prize will be a Cadillac sedan. Chance books for the Cadillac and also for a Ford sedan have been placed on sale at City Hall. Field Day tickets will be priced at one dollar for general admission, two and three dollars for reserved and box seats.

MAYOR HYNES IN WELCOME TO IRISH AMBASSADOR TO CITY—GREET'S DISTINGUISHED GUEST AT LUNCHEON.

(Continued from page 449.)

I can assure His Excellency, the Ambassador, that his work will be watched with interest and appreciation by all of us who are devoted to the stirring traditions of our ancestral land. We are proud of the rapid progress that Ireland has been making in recent decades. We are happy to note the respect that has been earned by the ability and the integrity of Ireland's representatives in the field of international diplomacy. We rejoice that our nation has granted ambassadorial status to the emissary of the Irish Republic. We are confident that the influence of Ireland among other nations will be heightened by this development—and because we know that Ireland's influence will always be exerted in support of what is right and what is just, we can see, in the appointment of Ambassador Hearne, a symbol of the strengthening of those principles to which America and Ireland are alike devoted.

Those of us who have heard the Ambassador speak are convinced that he will be forceful and eloquent in safeguarding Ireland's national interests, as well as in furthering the cause of international peace. Indeed, after listening to His Excellency last Saturday evening at the Eire Society dinner, I am wondering how there can be room for any opposing argument on the question of Irish "partition" or any other issue upon which the scholarly and fluent Mr. Hearne chooses to take a stand.

So, we who are deeply concerned with the success of his mission, can feel assured that Ambassador Hearne will acquit himself with distinction in his new and important duties at our national capital. In turn, His Excellency may feel assured that he has the cordial best wishes—yes, the enthusiastic approval—of all American citizens who value Ireland's devotion to the ideals of truly democratic government; and among those citizens none will more deeply appreciate the efforts of our guest of honor than will the people of the great and historic city of Boston, in whose name I am now privileged to present the first Ambassador of Ireland, His Excellency, John J. Hearne.

MAYOR HYNES URGES CARE IN HOMES TO PREVENT ACCIDENTS.

The following statement of caution has been issued by Mayor John B. Hynes:

It is alarming to find that the American home has become the most hazardous place in the country today. Many home accidents have serious results merely because of the lack of first-aid essentials.

Therefore I heartily endorse the campaign to set aside the week of May 14-20 as "Safety Zone in Every Home Week" and urge the people of Boston to give serious thought to first aid in the home and the prevention of more serious consequences of what may appear to be minor injuries.

BOSTON AWARDED PALM FOR SAFETY FROM AUTOMOBILE ACCIDENTS—MAYOR HYNES NOTIFIED BY AMERICAN AUTOMOBILE ASSOCIATION.

The following communication has been received at this office:

"AMERICAN AUTOMOBILE ASSOCIATION,
WASHINGTON, D.C.,
OFFICE OF THE PRESIDENT.

May 9, 1950.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MAYOR HYNES:

It is a real pleasure to inform you, on behalf of the Board of Judges, that the City of Boston received Special Citation for the excellence of Pedestrian Accident Record among cities of 500,000 to 1,000,000 population, in the 1949 National Pedestrian Protection Contest sponsored by the American Automobile Association. As the attached sheet shows, the Board of Judges is composed of national leaders in the fields of highway transportation and traffic safety. Our congratulations to you!

Many of your citizens may not realize the improvement in pedestrian experience is one of the bright spots in the national traffic accident picture. For the last three years the number of pedestrian fatalities has decreased while the number of non-pedestrian fatalities has increased. Moreover, since 1937 pedestrian deaths have decreased 42 per cent while non-pedestrian deaths have declined only about 7 per cent. These are, we think, clear nation-wide indications that improving pedestrian programs are accomplishing valuable results.

The winning of this national citation reflects great credit on your administration as well as on cooperating safety organizations and the citizenry. Deserving of special recognition is Theodore J. Hoppe who prepared the Boston report and was designated by you to serve as Contest Representative during 1949.

An attractive, framed certificate will be presented to you in the near future through our affiliate, the Boston Automobile Club. An official of the Boston Automobile Club will contact your office to make arrangements for presentation of this certificate.

May we offer our best wishes for continuing leadership in this life-saving activity.

Sincerely yours,

LOU E. HOLLAND,
President."

CIRCULAR LETTER NO. 12.

CITY OF BOSTON,
MAYOR'S OFFICE, May 8, 1950.

To All Department Heads.

GENTLEMEN:

You are hereby directed to grant leave of absence, without loss of pay, to employees of your department who are members of the Army Reserve Corps, the Naval Reserve Force, the National Guard, the Marine Reserve Corps, and the Coast Guard Reserve and Auxiliary, to attend the annual tour of duty.

Respectfully,

JOHN B. HYNES, Mayor.

ARMED FORCES DAY PROCLAMATION BY THE MAYOR.

Whereas, The President of the United States has invited our citizens to render appropriate honor to the armed forces of our country, the Army, Air Force, Navy, and Marine Corps, in all their component parts teamed together in a unity of purposes for our national defense, as well as all veterans of the service now honorably returned to civilian life; and

Whereas, It is eminently fitting and proper that our gratitude and appreciation for devotion and zeal of our armed forces be given concrete personal expression during Armed Forces Week, May 14-20, 1950; now, therefore

I, John B. Hynes, Mayor of the City of Boston, do hereby announce May 19, 1950, as Armed Forces Day, and call upon our people to join their countrymen in common dedication of this day to the armed forces of the United States of America and to those men and women who have with high honor followed our flag in peace and war.

Given at the office of the Mayor, City Hall, Boston, Massachusetts, this eighteenth day of May, in the year of our Lord one thousand nine hundred and fifty.

By his Honor the Mayor.

CIRCULAR LETTER NO. 11.

CITY OF BOSTON,
MAYOR'S OFFICE, May 5, 1950.

To All Department Officials.

GENTLEMEN:

The United States Treasury Department has announced the sale of United States Savings Bonds, Series E, to open May 15 and terminate July 4.

I heartily recommend the purchase of this series of bonds through the established channels already in effect in the city government.

The purchase of savings bonds accomplishes two objectives, first the provision for individual security, and second contributing to the welfare of our nation.

I urge all department officials to inform all employees of the impending sale during the period referred to.

Respectfully,

JOHN B. HYNES, Mayor.

COMMITTEE REPORTS PLANS FOR REVAMPING SUPPLY SYSTEM.

(Continued from page 449.)

ments on the report bearing the title "A Supply System for the City of Boston and the County of Suffolk."

In the main, this report covers the activities of the Supply Department of the city, and its findings and recommendations embrace close to 200 typewritten pages. Because of the size of the report, it is manifestly impossible to comment on the entire range of suggestions and recommendations set forth. The committee, therefore, has selected the five recommendations which are deemed to constitute the principal or main functions which should be performed by the Supply Department. They are as follows:

PROPOSALS MADE.

1. To buy all supplies, materials, and equipment and those contractual services which are common to the needs of several or most city and county departments, boards, or officials.

2. To operate a central warehouse for the storage and disposition of office and plant maintenance supplies and any other common-use items on which the Supply Department can effect economies through central storage.

3. To formulate, revise, and enforce rules and regulations prescribing (a) the procedure for inspecting, sampling, and testing of deliveries by using departments, (b) the methods for storage and disposition of commodities in its central warehouse and in departmental store-rooms, (c) the procedure for transfers of surplus property between departments and for the maintenance of proper records for the control of property in use, (d) the procedure for its own internal purchasing activities as well as that to be followed by using agencies in submitting requisitions and estimates and other related purchasing operations.

4. To make spot checks on, and test samples of, deliveries and to make periodic examinations of stocks on hand and inventory records in departmental storehouses and stockrooms.

5. To be represented on the Board of Standardization, which should be given authority to develop, adopt, keep up to date, and enforce the use of standard specifications, and should also simplify and standardize the types, varieties, and sizes of commodities commonly bought and used, including printed forms and stationery.

The following comments are submitted for your information in connection with the foregoing recommendations:

CENTRALIZED PURCHASING.

Boston has had a system of centralized purchasing since 1908, when the present Supply Department was established by ordinance. In actual practice, however, purchasing responsibility in the city is widely scattered. According to statistics contained in the survey report, in 1948, 63 per cent of the total expenditures by the city for supplies, materials, and equipment was covered by contracts and purchase orders issued by the Supply Department. As the report points out, the Printing Department buys stationery and office supplies independently; the Public Buildings Department secures the furniture and furnishings required for the 32 public buildings under its management; the School Department, the Police Department, the Public Library, and the many county offices and departments also purchase their requirements independently. The report concludes: "As a result of this situation, the tax dollar spent for supplies, materials, and equipment has less mileage than is justified because the inherent benefits of lower prices through bulk buying for the combined requirements of all agencies is, in many cases, lost." It therefore concludes that the Supply Department should become, in fact, the central purchasing agency of the city.

Action on two fronts would be necessary to accomplish this recommendation. To accomplish full centralization, legislative authorization would be necessary. This authorization could be based on

the provisions of sections 22 to 26 of chapter 7 of the General Laws, as well as sections 51 and 52 of chapter 30. These sections cover the centralized purchasing system of the state itself. While opposition might naturally be expected from the departments who now purchase independently, it would seem that the Legislature would be inclined to look with favor on a proposal which merely emulates the policies and procedures now followed by the state itself.

The purchasing activities of the Public Buildings and Printing Departments are carried on under existing provisions of the City Ordinances. It would be possible, therefore, to make a start on the centralization movement by requesting the City Council to amend the ordinances in question. Such a step would involve changes in chapters 24, 25, and 34 of the City Ordinances. If such a step meets with your approval, the committee will be pleased to draft the necessary changes.

CENTRAL STOREHOUSE.

The report proposes that the Supply Department operate a central storehouse for those common-use items of house-keeping, cleaning, maintenance, stationery, office, and comparable supplies used in large quantities and which the Supply Department can procure at sufficiently lower prices through bulk buying to more than offset the costs of warehouse overhead. The principal problem involved in the consideration of this recommendation is the availability of a structure or building which could be used for the purpose suggested. The erection of a new building for this purpose is undoubtedly out of the question, since it would create excessive overhead charges to be absorbed in the prices fixed for the various articles furnished through the central storehouse. The most desirable approach, therefore, to the establishment of this facility would be to secure an existing structure which is no longer required for the purpose for which it was originally constructed. In this respect mention has been made of the Fire Headquarters Building on Bristol street, which it is anticipated will be given up late this year when the new Headquarters Building on Massachusetts avenue near Southamptown street will be completed. This building is centrally located and appears to have all the facilities required for the receiving, storing, and shipping of materials, supplies, and equipment. On May 25 the committee will consider with the Fire Commissioner the survey report on the Fire Department. At that time it is our intention to discuss with the Commissioner the possibility of subsequent utilization of the present Fire Headquarters Building as a central supply warehouse.

STANDARDIZATION AND SPECIFICATIONS.

According to the survey report, most departmental purchases are made without detailed description of specifications. The Supply Department has established standards on a comparatively small group of commodities purchased in large volume, such as coal, fuel oil, fresh food and groceries, and canned products. Also, in the Public Works Department, construction materials, such as ready-mix concrete, structural steel, cast-iron pipe, iron castings, and lumber are covered by

technical specifications based on national standards. In the absence of standard specifications, departments are allowed wide latitude in designating on their specifications the type, size, or standard of commodities to be purchased. The report recommends that a Board of Standardization be established, to be composed of the Superintendent of Supplies as chairman, the City Auditor as secretary, and three other members to be designated from departmental staffs by the Commissioner of Public Works, the head of the Hospital Department, and the Park Commissioner. This Board would be authorized to simplify and standardize the types, varieties, and sizes of commodities commonly bought and used, and develop and enforce the use of standard specifications for such commodities.

In the opinion of the committee, this is an excellent recommendation and should be put into effect regardless of whether any other changes are made in the supply function of the city. With regard to the organization, however, of the committee, it is felt that the members of the committee should be designated or named by the Mayor and that with such action an executive order should be issued, to the effect that departments will be required to conform strictly to the specifications and standards established by the committee. In the absence of definite executive direction of this sort the work of the Standardization Committee would undoubtedly, in the long run, prove of little avail.

The three recommendations already discussed pertain to primary phases of the supply function, namely, ordering, purchasing, and storing. In the ordinary sense, these activities are considered to be the ultimate in the workings of a Supply Department. The surveyor, however, advances the claim that supply, as a staff function, should cover all phases of personal property management, from the initiation of a purchase requisition until the property bought on such requisition has outlived its usefulness. The two remaining recommendations to be discussed, therefore, would, if adopted, expand the responsibilities of the Supply Department and would establish it as the central control agency on all matters concerning nonexpendable property of the city. Under the heading of Receipt and Inspection the report sets forth that under existing procedure the receipt and inspection of supplies, materials, and equipment is solely the responsibility of the individual using department. While certain commodities are subject to test and sampling, for the most part the inspection process is informal and casual. It is recommended that the Superintendent of Supplies should establish and prescribe a standard and uniform procedure for receipt, inspection, sampling, and testing of all deliveries of supplies, materials, and equipment to determine conformance with specifications in the order or contract supporting delivery. It would be the responsibility of the using agencies to comply with the procedural rules and regulations issued by the Superintendent, and from time to time "spot checks" would be made by Supply Department representatives to determine compliance with specifications

COMMITTEE REPORTS PLANS FOR REVAMPING SUPPLY SYSTEM.

(Continued from page 453.)

as well as departmental conformance to the standard receipt and inspection procedure. Under the heading of Property Control the survey report sets forth that the city lacks any system for effective property management. While a few departments maintain records of varying descriptions, purporting to be property control devices, others have no records or controls of any kind. A few departments periodically inventory property in their custody, but the majority of departments have not inventoried their personal property in years. The report sets forth that to accurately forecast property needs in budgeting and purchasing, the organization must know what it already has on hand, where the property is physically located, and whether it is being fully utilized. In the absence of adequate property records, one department may be in the market to purchase certain commodities while at the same time another department has surpluses of this same commodity lying idle. In line with its conclusion that supply is a uniform function of personal property management, the report recommends that property control be centralized in the Supply Department and that rules and regulations be drafted by the Superintendent of Supplies for the control of nonexpendable property and that periodic inspections be made by Supply Department representatives to make certain that the procedure established is being maintained and followed.

In the event all supply activities of the city were centralized in the Supply Department, it would appear logical and proper that the procedure outlined in these last two recommendations should be followed. For the time being, however, it would seem desirable to postpone complete compliance with these recommendations until action is taken on the first three recommendations relating to the primary phases of supply activities. There is such a thing as having "too many irons in the fire," and very often such a condition results in little if any progress. Without prejudice, therefore, the committee feels that action on the

two recommendations under consideration should be deferred.

In addition to the five principal recommendations discussed at length, the report contains many suggestions and recommendations on specific phases of the supply function. One such recommendation which merits serious consideration relates to contract procedure. It must be agreed that under existing procedure considerable time elapses between the receipt of departmental requisitions and the ultimate deposit with the Auditing Department of a formal contract signed by the Mayor, the contractor, and the surety. To expedite contract procedure the report suggests that the present form of written contracts for supplies, materials, and equipment be dispensed with and that a combination invitation bid and acceptance form similar to United States Government Standard Form No. 33 be adopted. It is further suggested that the bid offer of the successful bidder, when signed by the Superintendent of Supplies, be deposited with and be accepted by the City Auditor as the official contract. Performance bonds would be dispensed with under this practice, and the bidder's responsibility would be determined, if necessary, by investigation of his financial standing and service reputation. In order to limit the submission of bid proposals to reputable and financially sound concerns, it is suggested that the original bids be accompanied by a certified check for 10 per cent of the estimated value of the contract. This suggestion would appear to have considerable merit, but naturally it involves a complete change in present practice, which is based on Charter provisions. In short, this is a matter which would require legislation.

The survey report has been discussed by the committee with the Superintendent of Supplies, and this official is in agreement with the thoughts of the committee expressed in this communication. Beyond a doubt, this report is one of the most valuable reports of its kind, and merits, therefore, serious consideration and attention.

Respectfully,

CHARLES J. FOX,
JOHN A. SULLIVAN,
JOHN DE MEULENAER.

IN BOARD OF STREET COMMISSIONERS OF
THE CITY OF BOSTON.

April 28, 1950.

Whereas, The Board of Street Commissioners has passed the aforesaid order of notice and has caused a copy of said order to be published April 8, 1950, in the *City Record*, and has given the public hearing, notice of which was given in said order; and

Whereas, The Park Department, Cemetery Division, of the City of Boston, with the approval of the Mayor, has selected, designated and requested the Board of Street Commissioners of said city to take for said city for cemetery purposes the land hereinafter described, in that part of Boston formerly Hyde Park; it is

Voted, That the Board of Street Commissioners of said City of Boston, acting under the provisions of chapter 486 of the Acts of the Legislature of 1909 and chapter 79 of the General Laws and all other authority thereto enabling, hereby takes in fee for said city, for cemetery purposes, the following described parcels of land, including the trees, buildings and other structures standing upon or affixed thereto:

LAND-TAKING IN ROXBURY.

The Mayor has approved the order of the Board of Street Commissioners for the taking of land for sewerage works to be constructed as follows:

The right and easement is taken to lay and maintain sewerage works in the following described lands, exclusive of any interest in trees, buildings or other structures standing thereon, reserving to the owners thereof the right to use the lands for any purpose except such as may injure or obstruct said works, and except for placing or maintaining any structure on said lands not authorized in writing by the Mayor of said city: trees, buildings or other structures standing upon or affixed to the land in which an easement is hereby taken are to be removed therefrom within sixty days following a notice of the city's intention to enter upon said taking for the purpose of constructing said sewerage works. Said lands are in that part of Boston formerly Roxbury and are bounded as follows:

A parcel of land, owned by the City of Boston, being part of the Jefferson Playground, bounded:

Easterly by Day street, by two measurements, twelve and 85-100 feet and 51-100 feet; northerly by land of the City of Boston (Jefferson Playground), by three measurements, two hundred six and 34-100 feet, two hundred eighty-seven and 40-100 feet, and eighty-nine and 9-100 feet; westerly by land of the United States of America, fifteen feet; southerly by land of the City of Boston (Jefferson Playground), by four measurements, twenty feet, seventy-one and 55-100 feet, two hundred eighty-nine and 52-100 feet, and one hundred ninety-seven and 78-100 feet, containing five thousand eight hundred and fifty-four square feet, more or less.

The sewerage works to be constructed are as follows: 635 linear feet of 15-inch pipe sanitary sewer and 606 linear feet of 24-inch pipe surface drain, in the above-described premises.

No betterments are to be assessed for the making of the aforesaid improvement.

Voted, That this Board determines that no person sustains damages in his estate by the taking of an easement for sewerage purposes and the construction of sewerage works in land of the City of Boston (Jefferson Playground), under the order of the Board of May 4, 1950, and awards no damages therefor.

City of Boston (Jefferson Playground), 5,854 square feet, nothing.

TRAFFIC COMMISSION RULINGS.

Voted, That as urgently required by considerations of public safety and convenience, during the period of roadway resurfacing, vehicles are excluded from the following streets, from 6 p.m. Friday, May 12, 1950, to 6 a.m. Monday, May 15, 1950:

Referred to Committee on Confirmations.

LAND IN WARD 20 FOR PUBLIC HOUSING PURPOSES.

The following was received:

City of Boston,
Office of the Mayor, May 8, 1950.
To the City Council.
Gentlemen:

I transmit herewith communication from the Chairman of the Boston Housing Authority, relative to your order of April 24, 1950, concerning land in Ward 20 for public housing purposes.

Respectfully,

J. B. HYNES, Mayor.

Boston Housing Authority,
May 1, 1950.

Hon. John B. Hynes,
Mayor of Boston.

Subject: City Council Order of April 24, 1950, Concerning Land in Ward 20 for Public Housing Purposes.

Dear Mayor Hynes:

This will acknowledge your letter of April 26, 1950, in which you forwarded the order of the City Council dated April 24, 1950, on the above subject.

In that order this Authority was requested to consider the advisability of acquiring land on Stimson, Vogel and Salman streets and Upland road in Ward 20 for the construction of one- and two-family houses.

This letter is to advise you that the Authority will cause a study to be made of the area involved so that a decision can be made on this request.

Very truly yours,

CORNELIUS T. KILEY, Chairman.

SALE OF LAND ON WEEKS AVENUE, WEST ROXBURY.

The following was received:

City of Boston,
Office of the Mayor, May 8, 1950.
To the City Council.
Gentlemen:

I submit herewith a communication from the Boston Housing Authority recommending the sale to Mary S. Kirkland for \$350 of land on Weeks avenue, West Roxbury, taken for housing purposes in excess of the actual amount of land required, and recommend the passage of the accompanying order.

Respectfully,

J. B. HYNES, Mayor.

Boston Housing Authority,
May 8, 1950.

Hon. John B. Hynes,

Mayor of Boston.

Re: Lot 106, Captain John's Hill.

Dear Mayor Hynes:

The City of Boston Law Department has prepared an order to the Boston City Council for approval of the sale of one half the above-captioned lot. This lot was originally owned by Mary S. Kirkland, as well as the adjoining lot 105, upon which stands the house in which Mrs. Kirkland lives.

Said lot 106 was taken by the Boston Housing Authority in 1947 by eminent domain proceedings. Subsequent to the taking Mrs. Kirkland brought a petition for assessment of damages in the Suffolk Superior Court and after trial was awarded \$1,087.43, which included costs, and the same was paid to her in December, 1948.

As is the custom of this Authority, an appraisal was made by experts in behalf of said Authority, which appraisal set a figure of \$700 on the land alone and an additional \$500 for decreased salability of Mrs. Kirkland's adjoining land, making a total of \$1,200 on said appraisal.

Subsequently, Mrs. Kirkland offered \$350 to purchase back one half of lot 106, which had been taken from her as described above. The figure of \$350 for one-half said lot is exactly one half the figure set by our appraisers for the value of the land alone.

Therefore, at a meeting of this Authority on April 5, 1950, it was voted to sell the property in question to Mrs. Kirkland for \$350, as excess land no longer needed by this Authority for the purpose for which it was acquired.

On April 24, 1950, the action of this Authority at its meeting of April 5, 1950, was unanimously

approved by the State Housing Board. In pursuance of said approval the order described in paragraph one of this letter was prepared by the Law Department, and your favoring of the same is respectfully requested.

Very truly yours,

CORNELIUS T. KILEY, Chairman.

Whereas, The City of Boston, acting by and through the Boston Housing Authority, by virtue of the provisions of St. 1946, c. 372, as amended, took by eminent domain for veterans' housing purposes a certain parcel of land belonging to Mary S. Kirkland, being parcel 106 on a plan marked "Rosindale Terrace, West Roxbury, Boston, Suffolk County, Mass., owned by J. W. Wilbur Company Inc., formerly owned by Wigglesworth Real Estate Company, July 9, 1924, Ernest W. Branch, Civil Engineer"; and

Whereas, At a regular meeting of the Boston Housing Authority held on April 5, 1950, it was voted to sell back one half of lot 106, Captain John's Hill, to Mary S. Kirkland, former owner, for \$350; and

Whereas, At a meeting of the State Housing Board held on April 24, 1950, it was voted: "That the request of the Boston Housing Authority dated April 7, 1950, for the sale of excess land in the Captain John's Hill Veterans' Housing Project, be approved in the sum of \$350"; now, therefore, it is

Ordered, That the Boston Housing Authority be, and it hereby is, authorized to sell at private sale to Mary S. Kirkland for the sum of three hundred and fifty dollars (\$350) a certain parcel of land hereinafter described and to execute and deliver to Mary S. Kirkland, in the name and behalf of the City of Boston, a written instrument satisfactory in form to the Corporation Counsel of the City of Boston, conveying all the City of Boston's right, title, and interest in and to a certain parcel of land situated on the westerly side of Weeks avenue, West Roxbury district of the City of Boston, being the northerly half of lot 106 on said plan above referred to, bounded and described as follows:

Easterly by Weeks avenue, twenty-five (25) feet; southerly by other land of the grantor, being the southerly half of said lot 106, eighty-five (85) feet; westerly by lot 96 on said plan, twenty-five (25) feet; northerly by lot 105 on said plan, eighty-five (85) feet; containing approximately two thousand one hundred twenty-five (2,125) square feet of land.

On motion of Councilor Cantwell, the rule was suspended, and the order was given its first reading, yeas 18, nays 0:

Yeas—Councilors Ansel, Beades, Bryan, Cantwell, Chase, Coffey, Cook, Farin, Hurley, Kinsella, Lane, Langan, Linehan, McCormack, Ramsey, F. P. Tracey, Wenzler, Yerxa—18.

Nays—0.

Voting Present—Councilor Hannon.

The order was assigned for 14 days for final action.

PROHIBITION OF PARKING, ONE SIDE OF ROGERS PARK AVENUE.

The following was received:

City of Boston,
Office of the Mayor, May 8, 1950.
To the City Council.
Gentlemen:

I transmit herewith communication from the Traffic Commissioner relative to your order of March 6, 1950, concerning parking being prohibited in one side of Rogers Park Avenue.

Respectfully,

J. B. HYNES, Mayor.

Boston Traffic Commission,
May 2, 1950.

Hon. John B. Hynes,

Mayor of Boston.

Re: Council Order Dated March 6, 1950, Requesting That Parking Be Prohibited in One Side of Rogers Park Avenue.

Dear Sir:

In further reply to the above Council order, please be advised that at a meeting of the Boston Traffic Commission held on April 27, 1950, it was voted to prohibit parking in Rogers Park avenue, Brighton, north side, from Lake street to Foster street, 24 hours.

Respectfully submitted,

WM. ARTHUR REILLY, Commissioner.

INVESTIGATION OF FIRES AT BOSTON STATE HOSPITAL.

The following was received:

City of Boston,
Office of the Mayor, May 8, 1950.
To the City Council.
Gentlemen:

I transmit herewith communication from the Fire Commissioner relative to your order of April 24, 1950, concerning a complete investigation of recent fires at the Boston State Hospital.

Respectfully,

J. B. HYNES, Mayor.

City of Boston,
Fire Department, May 3, 1950.

Hon. John B. Hynes,

Mayor of Boston.

Your Honor:

With reference to the City Council order asking this department to make an investigation of the fires at the Boston State Hospital at Mattapan, we wish to advise the Honorable City Council, through you, that the persons responsible for the fires at the Boston State Hospital have been apprehended.

Five inmates were involved, and these patients have been transferred to other state institutions. It is believed that these transfers will prevent recurrence of the fires at the Boston State Hospital.

Respectfully yours,

MICHAEL T. KELLEHER,
Fire Commissioner.

NOTICE RE CERTAIN EXEMPTIONS FROM POLL TAX.

The following was received:

City of Boston,
Office of the Mayor, May 8, 1950.
To the City Council.
Gentlemen:

I transmit herewith communication from the City Collector relative to your order of May 1, 1950, concerning a notice being inserted in the current poll tax stating that those who have reached the age of sixty-five on January 1, 1950, are exempt from paying poll tax, thus eliminating the confusion which now exists.

Respectfully,

J. B. HYNES, Mayor.

City of Boston,
Collecting Department, May 5, 1950.
Mr. Thomas G. J. Shannon,
Chief Clerk, Mayor's Office.

Dear Sir:

Report on the following City Council order:

"Ordered, That the City Collector be instructed, through his Honor the Mayor, to insert a notice in the current poll tax stating that those who have reached the age of sixty-five on January 1, 1950, are exempt from paying poll tax, thus eliminating the confusion which now exists."

Taxpayers who, according to the assessors' list, have reached sixty-five years of age are receiving, with a poll tax bill, a post card addressed to the Board of Assessors, containing all the information necessary to grant the exemption mentioned in the order of the City Council, dated May 1, 1950.

To date, these cards have been sent to approximately 15,000 taxpayers.

Poll tax bills have been mailed to all under sixty-five years of age in all but one ward.

Respectfully,

JAMES E. GILDEA, City Collector.

Placed on file.

NAMING OF INTERSECTIONS IN HONOR OF DECEASED VETERANS.

The following was received:

City of Boston,
Office of the Mayor, May 8, 1950.
To the City Council.
Gentlemen:

I submit herewith two orders for the naming of certain intersections in the city in honor of two veterans who gave their lives in the service of our country.

These orders are the result of requests made by members of your Honorable Body, and the Committee to Memorialize Veterans, after due consideration, has recommended the naming of the two sites as set forth in the accompanying orders.

I recommend that your Honorable Body give approval to the two orders.

Respectfully,

J. B. HYNES, Mayor.

Ordered, That the space at the junction of Sheafe and Salem streets, Ward 3, be named Ernest J. Natale Square, in honor of Ernest J. Natale, late veteran of World War II.

Ordered, That the space at the junction of Arlington, Chandler, and Tremont streets, Ward 5, be named Shamir M. Shamirian Square, in honor of Shamir M. Shamirian, late veteran of World War II.

On motion of Councilor Sullivan, the rule was suspended, and the orders were passed.

PROPOSED CHANGES IN ORGANIZATION OF HEALTH DEPARTMENT.

The following was received:

City of Boston,
Office of the Mayor, May 8, 1950.
To the City Council.
Gentlemen:

I submit herewith two proposed changes in the ordinances relating to the organization of the Health Department. I take this action on the recommendation of the committee recently appointed to review and analyze the recommenda-

tions contained in the survey reports of the Boston Finance Commission. In submitting this recommendation, the committee comments as follows:

The survey report points out that the Health Department at present consists of some twelve divisions or administrative units all largely independent of each other. The only method of coordination is through the Health Commissioner. In the opinion of the surveyor this is a weak and ineffective method of administration since "an executive cannot be expected to administer effectively the work of more than five or six other executives if those executives are conducting work of real scope."

In order to simplify and clarify the internal organization of the department, it is recommended that the position of Assistant Commissioner be created and that four major administrative units designated as sections be established. These sections are to bear the following designations:

General Services.
Preventive Medical Services.
Environmental Sanitation.
Local Health Services.

The activities within these sections would be subdivided into divisions. Administrative authority would move from the Commissioner through the Assistant Commissioner to the heads of the four sections, who in turn would delegate authority to the chiefs of the divisions within the respective sections. The Assistant Commissioner would relieve the Commissioner of a substantial amount of routine and detail work, and the administrative responsibilities of the Commissioner would be centralized under four units or sections rather than decentralized as at present under twelve independent units.

The advantages claimed for this plan of organization are:

1. It enables the Commissioner to administer his entire department through a small number of executive officers.
2. It avoids a large number of independent administrative units and enables the Commissioner to correlate the work of the department more effectively.
3. It defines clearly the chain of responsibility of the directors of the several sections and divisions of the department.
4. It centralizes the direction of divisions having close interrelationships by placing administrative responsibility in the office of a single section director, who in turn interprets the programs and needs of these divisions to the Commissioner.

As pointed out by the committee, the proposed ordinance changes are merely to simplify and clarify the internal organization of the Health Department. The divisional organization under the four major administrative units is left to the discretion of the Health Commissioner. I am informed by the committee that, in their discussion of the subject matter with the Commissioner, he indicated that in all probability the present divisional setup of the department will be retained. In other words, the adoption of the proposed changes will mean no radical changes insofar as the rank and file of departmental personnel is concerned. I respectfully recommend adoption of the accompanying amendments to existing ordinances.

Respectfully,
J. B. HYNES, Mayor.

In the Year Nineteen Hundred and Fifty.
An Ordinance Concerning the Organization of the Health Department.

Be it ordained by the City Council of Boston, as follows:

SECTION 1. Section 1 of chapter 17 of the Revised Ordinances of 1947 is hereby amended by adding at the end thereof the following new sentences: The health commissioner may appoint, subject to the approval of the mayor, an assistant health commissioner who shall be sworn to the faithful discharge of his duties and shall hold office until his successor is appointed and qualified. The assistant health commissioner shall perform such duties as may be assigned to him from time to time by the health commissioner.

SECT. 2. Said chapter 17 is hereby further amended by striking out section 2 and inserting in place thereof the following section: Section 2. The Health Commissioner shall establish the following sections of the Health Department: section of General Services, section of Medical Services, section of Environmental Sanitation, and section of Local Health Service. Each section shall be in charge of a director, who shall be appointed by the Health Commissioner. The Commissioner may, from time to time, determine the divisions, if any, within each of said sections, and shall appoint the heads of such divisions. In appointing a section or division head, the Commissioner shall certify that, in his opinion, the person appointed is an expert in the work which will devolve upon him, that he is a person especially fitted by education, training, or experience to perform the duties of the position, and that the appointment is made solely in the interest of the city.

SECT. 3. This Ordinance shall take effect on July 5, 1950.

REQUESTED REMOVAL OF JOHN J. COLEMAN.

On motion of Councilor Bryan, the Council voted to take from the table No. 1 in the Calendar, viz.:

Order requesting the removal of John J. Coleman as a member of the Boston Housing Authority.

Coun. SHANLEY in the chair.

Councilor Chase moved that the order be amended so that it would read that the Boston Finance Commission be requested to investigate the charges made this day on the open floor of the Council by Councilor Bryan, with a view to determining whether or not the Boston Housing Authority has been acting in the best interest of the city, and that the order be further amended so that, if the Finance Commission finds the charges are correct, then his Honor the Mayor be requested to remove the full board of the Boston Housing Authority.

The Chair ruled that the amendment should be introduced as a separate order.

Councilor Chase moved that the order be laid on the table, and the motion was lost.

Councilor Coffey moved that the order be referred to the Committee on Public Housing. The motion was lost.

Councilor Cook moved to amend the order so that it would read: "Ordered, That his Honor the Mayor be requested to look into the charges submitted against John J. Coleman and any others involved in such charges for such findings and recommendations as he sees fit to submit to the City Council."

Councilor Chase moved that the order be laid on the table. The motion was lost.

THE NEXT MEETING.

Councilor Wenzler moved that when the Council adjourn it be to meet on Monday, May 22, at 2 p.m., out of respect to the proposed visit of the new Ambassador of Ireland on Monday, May 15.

The motion was lost.

PROPOSED TAKING OVER OF OLD COLONY HOUSING PROJECT.

Coun. LINEHAN offered the following:

Whereas, The Old Colony Housing Development was originally constructed for the purpose of housing low-income people but, due to the need for inducing war workers during World War II to come to Boston to produce war materials, it was used for the purpose of housing said war workers under the authority of the War Housing Act; and

Whereas, The cost of building said development was very low as compared with present-day construction costs, and therefore it would be possible to house low-income families at a much lower rental; therefore, be it

Ordered, That the Boston Housing Authority be requested, through his Honor the Mayor, to consider the advisability of taking over the Old Colony Housing Project as a low-income project rather than permit the sale of same to private interests. In the event that said project is sold or transferred to the Boston Housing Authority for the said purpose, then the present tenants whose income would be excessive should be given a long period of time to find other housing quarters. People in the low-income bracket who originally lost their homes because of the taking of said site for public housing will be permitted to become tenants in said project.

Passed under suspension of the rule.

SOUTH BOSTON STADIUM AND COLUMBUS PARK IMPROVEMENTS.

Coun. LINEHAN offered the following:

Ordered, That the Park Commission, through his Honor the Mayor, be requested to repair the wooden seats of the South Boston Stadium and to cover the run-down cinder track with loam so that baseball players will not be sustaining injuries by reason of twisting their ankles on said cinders; and be it further

Coun. LANE offered the following:

Ordered, That the custody and control of the city-owned land on Wallingford road and Chestnut Hill avenue, Ward 21, formerly used as a city paving yard, be transferred to the Park Department for playground purposes.

Referred to the Committee on Parks and Playgrounds.

LEGAL AID TO CERTAIN WELFARE RECIPIENTS.

Coun. KINSELLA offered the following:

Ordered, That his Honor the Mayor be requested to cause to be established in the Law Department of the City of Boston a unit of at least two assistant corporation counsels to advise and aid recipients of welfare of all kinds in matters pertaining to increases in the rent of recipients.

Passed under suspension of the rule.

SIDEWALK ON POPLAR STREET.

Coun. CANTWELL offered the following:

Ordered, That the Commissioner of Public Works make a sidewalk along Poplar street, from Beech street to 395 West street (both sides), Ward 18, in front of the estates bordering thereon; said sidewalk to be from three to ten inches above the gutter adjoining, to be from five to twelve feet in width, and to be built of artificial stone, with granite edgestones.

Under the provisions of chapter 203 of the Acts of 1943.

Passed under suspension of the rule.

Coun. BEADES offered the following:

Ordered, That the Fire Commissioner be requested, through his Honor the Mayor, to install another fire alarm box at Minot street, between Hallet street and Neponset avenue. There have been several serious fires in this neighborhood, and the residents have had to go quite a way to pull an alarm.

Passed under suspension of the rule.

CHECK OF GRADINGS BY ALLIED ENGINEERING CORPORATION.

Coun. BRYAN offered the following:

Ordered, That his Honor the Mayor be requested to demand that the Allied Engineering Corporation check the gradings on all construction work done by them in connection with the Baker Street Housing Project, particularly in regard to water running into the cellars of adjoining properties.

Passed under suspension of the rule.

INQUIRY INTO CERTAIN EXPENDITURES OF HOUSING AUTHORITY.

Coun. CHASE offered the following:

Ordered, That the Boston Finance Commission is hereby requested by the Boston City Council to inquire into all expenditures made by the Boston Housing Authority under former Chairman John J. Coleman, and especially into the charges made by Councilors Bryan and Ansel on the floor of the City Council on May 8, 1950, with a view to determining whether or not the Boston Housing Authority at that time had been acting in the best interests of the public.

The Chair referred the order to the Committee on Public Housing. Councilor Linehan questioned whether the order belonged in that committee, and the Chair then referred the order to the Committee on Rules.

On motion of Councilor Sullivan, the Council voted to adjourn at 5.40 P.M., to meet on Monday, May 15, 1950, at 2 P.M.

OPEN CONFERENCE

At the request of Mr. Muchnick, the following discussion at the School Committee conference, relative to open conferences, is set forth below:

Chairman: The conference will be in order.

Mr. Muchnick: Mr. Chairman, before the Superintendent is recognized, if I may, I would like to say that I made a pretty careful examination of the rules and find nothing in the rules and regulations that provide for our having conferences, or provides for our

having anything other than public meetings, with an executive session callable on the vote of four-fifths of the members.

Under those circumstances, I do not think we ought to go on with conferences, but just have a public meeting.

Chairman: The conference is in order.

Mr. Muchnick: Mr. Chairman, I ask you to rule that the conference is not in order, in accordance with our rules.

Chairman: The Chair just ruled that the conference is in order.

Mr. Muchnick: Well, our rules do not provide for conferences, Mr. Chairman.

Mr. Ward: The conference can be used as an executive session, can't it?

Mr. Muchnick: Only on the vote of four-fifths of the members.

Chairman: Read the rules, Miss Kane.

Well, we are not going to determine the rules tonight, anyway. Put it on the calendar for the next meeting. We have a calendar, and the conference is in order. The Chairman is calling a conference right now.

The Chair recognizes the Superintendent.

The Committee adjourned.

Attest:

LOUISE KANE,
Secretary.

RECREATION EXPENDITURES GROW.

Expenditures for community recreation facilities and service in 1,917 communities in 1948 totaled \$93,800,000, double the amount reported in any previous year, according to the National Recreation Association. Nearly one-third of this amount was for land, buildings, and improvements, indicating that many cities are carrying out war-delayed plans to provide needed recreation areas and facilities. More than 84 per cent of the expenditures were met by local, county, or state sources in the forms of appropriations, tax levies, or bond issues. Only 4 per cent of the funds came from community funds or other private sources. The remaining 12 per cent was derived from fees and charges.

PARKING METERS PROFITABLE FOR CITIES.

A survey of parking meter usage in 62 cities over 100,000, recently made by the city purchasing agent of Chicago in cooperation with the National Institute of Governmental Purchasing, indicated an annual income per meter of \$74.31, or \$6.19 per month. Cities reporting an average annual income per meter in excess of \$100 included Minneapolis, St. Paul, Providence, Dayton, Long Beach, Chattanooga, Canton (Ohio), and South Bend (Indiana). Cities which reported an income of \$90 to \$100 per meter per year were Seattle, Columbus (Ohio), Richmond, Miami, Flint, Norfolk, Tulsa, Wichita, Sacramento, and Charlotte. Maintenance costs reported by 33 cities, including labor, repairs, and collections, averaged \$6.99 per meter per year, or nearly 10 per cent of the revenue.

POLICE DEPARTMENT ORDERS.

General Order No. 1317.

The following promotions and assignments are hereby ordered, to take effect Wednesday, May 10, 1950, at 7.45 o'clock A.M.:

To the Grade of Sergeant.

Detective Michael J. McDonough, from Bureau of Criminal Investigation to Division 11.

Patrolman John R. Nee, from Division 1 to Division 16.

Patrolman James A. Haynes, from Division 2 to Division 18.

Patrolman John J. Ney, from Traffic Division to Division 11.

Patrolman James T. Barrett, Jr., from Division 16 to Division 17.

Patrolman Edward F. Gibbons, Division 8.

Patrolman Fred W. Whittaker, from Division 16 to Division 11.

The Superintendent of Police will promulgate this order.

THOMAS F. SULLIVAN,
Police Commissioner.

General Order No. 1318.

Patrolmen Daniel B. Keating and Harry R. Blake of Division 9 are commended and each is granted three days' additional vacation for meritorious duty performed on May 4, 1950.

In response to a radio message that an armed robbery had been committed in a market on Warren street, Roxbury, giving the probable registration of the car used in the getaway, these officers observed a car approaching them which agreed with the radio announcement. The officers turned their car around and gave chase and eventually forced the fleeing car to the curb where two men were taken into custody at gun-point. One of these men was identified at the station as the armed holdup man.

The commissioner is pleased to recognize and commend these officers for their prompt action as well as their vigilance and devotion to duty which resulted in solving five recent armed holdups in the Roxbury and Dorchester sections, also one in an outlying community.

The Superintendent of Police will promulgate this order.

THOMAS F. SULLIVAN,
Police Commissioner.

General Order No. 1319.

Acting under provisions of chapter 658, Acts of 1915 (State-Boston Retirement System), the Boston Retirement Board has approved for retirement, on account of ordinary disability, the following-named police officer, effective at the close of business as of Tuesday, May 2, 1950.

In view of this operation of law, after May 2, 1950, the said police officer shall no longer be an active member of this department, and it is hereby ordered that its records be so amended.

Patrolman Paul W. Davis, Division 6.

The Superintendent of Police will promulgate this order.

THOMAS F. SULLIVAN,
Police Commissioner.

DEPARTMENT OF SCHOOL BUILDINGS.

TO ELECTRICAL CONTRACTORS.

INVITATION FOR PROPOSALS FOR INSTALLING
EMERGENCY LIGHTING WITH GENERATOR IN
CHARLESTOWN HIGH SCHOOL, MONUMENT
SQUARE, CHARLESTOWN, MASS.

The Superintendent of Construction of the Department of School Buildings, Boston, Mass., hereinafter referred to as the Awarding Authority, invites sealed proposals for installing emergency lighting with generator in the Charlestown High School, Monument square, Charlestown, Mass.

Proposals will be received until 12 o'clock noon, Friday, June 2, 1950, at the office of the Awarding Authority, fourth floor, 26 Norman street, Boston, Mass., at which time and place they will be publicly opened and read aloud.

Proposals shall be submitted in duplicate on forms obtained from the Awarding Authority. Each copy of the proposal shall be properly filled out, signed and inclosed in a sealed envelope, plainly marked with the name of the bidder and the description of the work bid upon. One copy shall be filed at the office of the Awarding Authority, designated above, and the other copy shall be filed at the office of the City Auditor, City Hall, Boston, Mass. Both copies shall be filed before the time stated above for the opening of proposals.

A bid deposit in the form of cash or a certified check on, or a certificate of deposit issued by, a responsible bank or trust company, payable to the City of Boston, in the sum of \$300, shall be submitted with the copy of the proposal filed with the Awarding Authority. The bid deposit shall be in a separate envelope, properly marked. Bid bonds will not be accepted.

No bidder may withdraw his bid within thirty days after the actual date of the opening thereof.

The rate per hour of the wages to be paid to mechanics, teamsters, chauffeurs and laborers in the work to be performed shall not be less than the rate of wages determined for this work by the Commissioner of Labor and Industries of the Commonwealth of Massachusetts under the provisions of General Laws (Ter. Ed.), chapter 149, section 26, a schedule of which appears in the specifications.

The successful bidder will be required to provide by insurance for the payment of compensation and the furnishing of other benefits under the Workmen's Compensation Law, General Laws (Ter. Ed.), chapter 152, to all persons to be employed under the contract, and sufficient proof of compliance with the foregoing stipulation will be required before commencing performance of this contract.

Plans and specifications may be obtained at the office of the Awarding Authority on or after May 22, 1950.

Subbidders bidding on the work of subcontractors shall use the proposal form prepared by and obtainable from the Awarding Authority.

All subbidders' proposals must be in the possession of the Awarding Authority and delivered or mailed to the general bidder no later than 12 o'clock noon, Monday, May 29, 1950.

A bid deposit in the form of cash or a certificate of deposit issued by a responsible bank or trust company, payable to the City of Boston, in a sum not less than 5 per cent of the amount of his bid, shall be submitted by each subbidder with the copy of his proposal filed with the Awarding Authority. The bid deposit shall be in a separate envelope, properly marked. Bid bonds will not be accepted.

A deposit of a certified check in the sum of \$25, payable to the City of Boston, will be required in order to procure a complete set of plans and specifications. This deposit shall be returned, providing that all plans and specifications are returned in satisfactory condition within ten days after opening of bids.

A performance bond, issued by a surety company satisfactory to the Awarding Authority, in the full amount of the contract will be required of the successful electrical contractor.

Information relating to the performance bonds of subcontractors is set forth in the notice to subbidders.

The Awarding Authority reserves the right to waive any informalities and to reject any and all bids. The Awarding Authority also reserves the right to reject all subbids or any item or items in accordance with the provisions of chapter 480 of the Acts of 1939.

PUBLIC WORKS DEPARTMENT.

PROPOSALS FOR SEWERAGE WORKS IN SHAW
STREET, ADDINGTON ROAD, AND GOULD
STREET, WEST ROXBURY.

The Commissioner of Public Works of the City of Boston, office 508 City Hall Annex, invites proposals from citizens of the United States and corporations or other legal associations wherein the controlling interest to the extent of at least over one half thereof is owned by a citizen or citizens of the United States, for sewerage works in Shaw street, Addington road, and Gould street, West Roxbury. A bond will be required for doing the work of a surety company approved by the Commissioner in the sum of 100 per cent of the amount of the contract, to secure the due performance of the contract and the full protection of the city. Forms of proposals may be obtained at Room 508, City Hall Annex. Each proposal should be enclosed in an envelope, sealed, marked "Proposal for Sewerage Works in Shaw Street, Addington Road, and Gould Street, West Roxbury," and left at Room 508, fifth floor, City Hall Annex, before 12 M. of WEDNESDAY, JUNE 7, 1950, with a certified check for THREE HUNDRED AND FIFTY (\$350) DOLLARS, payable to and to become the property of the city if the proposal after acceptance is not carried out. The proposals will then be publicly opened and read in the hearing room of the Street Commissioners, Room 401, City Hall Annex.

Proposals must be made in duplicate, the sealed duplicate, without check, to be deposited by the bidder with the City Auditor previous to the time named for opening the bids. All proposals must be from bidders of record on file at Room 508, City Hall Annex. There will be a charge of two dollars (\$2) for each set of plans and specifications taken out. If the price of any item appears to the Commissioner to be abnormally high or low, or the bidder neglects to bid on each and every item, it may lead to the rejection of the proposal containing such price. The rate per hour of the wages to be paid to mechanics, teamsters, chauffeurs and laborers in the work to be performed under the contract shall not be less than the rate of wages in the schedule determined by the Commissioner of Labor and Industries of the Commonwealth, a copy of which schedule is annexed to the form of contract referred to herein. Copies of said schedule may be obtained, without cost, upon application therefor at the office of the Commissioner of Public Works. Before commencing performance of this contract, the Contractor shall provide by insurance for the payment of compensation and the furnishing of other benefits under chapter 152 of the General Laws (the Workmen's Compensation Law so called) to all persons to be employed under this contract, and shall continue such insurance in full force and effect during the term of this contract. The undersigned reserves the right to reject any or all proposals or to award the contract as he deems best.

GEORGE G. HYLAND,
(May 20.) Commissioner of Public Works.
